INDEPENDENT AUDITOR'S REPORT

To the Custodians of
Westminster Company Retirement Savings Plan
Greensboro, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Westminster Company Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Westminster Company Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022, and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Westminster Company Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Westminster Company Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Westminster Company Retirement Savings Plan’s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Westminster Company Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules listed in the accompanying table of contents as of or for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2022 AND 2021 AND
FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 1-DESCRIPTION OF PLAN

The following description of the Westminster Company (the Company) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. General. The Plan, established July 1, 1993, is a defined contribution plan and, as such, is subject to some, but not all, of the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Employees are eligible to participate upon the completion of six months of service. Plan entry dates are January 1, April 1, July 1, and October 1 of each year. The Plan Administrator and Plan Sponsor is Westminster Company. The Plan Custodian is Great-West Life & Annuity Insurance Company, which offers products and services in retirement markets under Empower Retirement (Empower).

B. Contributions. Employees may elect to contribute pre-tax or after-tax (Roth) dollars to the Plan, through payroll deductions, amounts from 1% to an annual limit of the lesser of 60% of eligible compensation or $20,500 and $19,500 for 2022 and 2021, respectively. Participants who reach age 50 during the calendar year may be eligible to make catch-up contributions up to $6,500 in addition to the IRS limit in 2022 and 2021. Participants can also elect a direct rollover of an existing balance from a tax-qualified retirement or savings plan into the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

   If a participant meets certain requirements related to employment date and service hours, the Company may contribute to the participant's account. The matching amount will be 50% of an employee's contribution up to a maximum of 6% of eligible earnings.

   Matching contributions, which began on April 1, 1996, are typically credited to participants' accounts at the same time as the related participant contributions are credited. Salary deferral changes can be made on each of the dates previously mentioned. The Company may also make other non-elective or discretionary contributions to the Plan as determined annually, although no such additional contributions were made to the Plan for 2022. Such additional contributions are allocated among all participants in the same ratio that each participant's compensation for the year bears to the total compensation paid to all participants for the year.

C. Participant Accounts. Each participant's account is credited with the participant's contribution and allocation of the Company's contribution, Plan earnings, and forfeitures of terminated participants' nonvested accounts. Company contributions are invested in the investment options in the same allocation percentages as each participant's contributions. The benefit for a participant is the benefit that can be provided from the participant's vested account.

D. Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of 50% of their vested account or $50,000 as defined in the Plan document. The loans are collateralized by the balance in the participant's account, and bear interest at a rate ranging from 3.25% to 8.00%, which are commensurate with the prime rate at the time the loan is made. Principal and interest are paid ratably through bi-weekly after-tax payroll deductions. All principal and interest payments are allocated to the Plan's investment funds based on the participant's investment elections at the time of payment. Loans which are granted and repaid in compliance with the Plan provisions will not be considered distributions to the participant for tax purposes. Loans outstanding as of December 31, 2022 and 2021 totaled $392,391 and $365,165, respectively.

E. Vesting. Participants are immediately vested in their elective deferral contributions and actual earnings thereon. Vesting in the employer contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service.

Vested	Years of Service
10%	1
30%	2
50%	3
75%	4
100%	5

F. Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may request a withdrawal of all or a portion of their elective contribution account balance if they can demonstrate financial hardship as defined by the Plan. Such amounts will be considered distributions to the participant for income tax purposes.

G. Forfeitures. Forfeited funds are used to reduce employer contributions for the current plan year. For the year ended December 31, 2022, forfeited nonvested accounts available to reduce future employer contributions totaled $23,296. All forfeitures accumulated within the Plan have been eliminated by the end of the plan year.

NOTE 2-SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment valuation and income recognition

The Key Guaranteed Portfolio Fund (Fund) is a Fixed Account that is part of the General Account of Empower Annuity Insurance Company of America and is valued at contract value. All or a portion of the participants' contributions and participants' annuity account may be allocated to the Fund. Contract value is the beginning balance plus any deposit and credited interest, less any withdrawals, charges or expenses at measurement that approximate fair value. The Plan offers investments in various registered investment companies (mutual funds) maintained by the Custodian which are valued at fair value. Fair value is the exchange price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. See Note 3. The Plan presents in the statement of changes in net assets available for benefits, the net gain (loss) in registered investment companies (mutual funds) which consists of the related appreciation (depreciation) in the fair value of its investments and the unrealized appreciation (depreciation) on those investments.

Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Realized gains and losses on investments are recognized upon the sale of the related investments and unrealized appreciation or depreciation is recognized at period end when the carrying values of the related investments are adjusted to their estimated fair market value. Purchase and sales of securities are reflected on a trade-date basis.

Earnings on investments are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances.

Notes receivable from participants

Notes receivable from participants are stated at the outstanding principal balance of the loan plus all accrued but unpaid interest, which approximates fair value. As of December 31, 2022 and 2021, the Plan does not have an allowance for credit losses, as repayments of principal and interest are generally received through payroll deductions, and the notes are collateralized by the participants' account balances.

The Plan is subject to the provisions of the Loans to Participants topic of the FASB issued Accounting Standards Update 2010-25, Reporting Loans to Participants by Defined Contribution Pension Plans (ASU 2010-25), which requires loans to participants in an entity's defined contribution plan be classified as notes receivable. These loans are to be reported separately from plan investments.

Plan administration costs

The Sponsor absorbs Plan administration costs related to legal, accounting, record keeping, and general administration. The Sponsor passes on the following Plan administration costs to participants: asset based fees, distribution fees, and loan fees.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Accounting for uncertainty in income taxes

The Plan is subject to the Income Taxes topic of the FASB Accounting Standards Codification (ASC) 740, which provides guidance for how uncertain income tax positions should be recognized, measured, presented and disclosed in the financial statements. The Plan is required to evaluate the income tax positions taken or expected to be taken to determine whether the positions are more likely than not to be sustained upon examination by the applicable tax authority. The Plan has determined that the application of the Income Taxes Standard does not impact the operations of the Plan and that no provision for income tax is required in the Plan's financial statements. There has been no interest or penalties recognized in the Plan's statements of net assets available for benefits as of December 31, 2022 and 2021 or its statement of changes in net assets available for benefits for the year ended December 31, 2022. Generally, federal and state returns are subject to examination for three years after the later of the original or extended due date or the date filed by the applicable tax authorities.

Subsequent events

The Plan Administrator performed an evaluation of the Plan's activity through September 27, 2023, the audit report date, and has concluded that there are no significant subsequent events that require disclosure through the date these financial statements were available to be issued.

NOTE 3-FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Accounting guidance establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

The fair value hierarchy input levels are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following provides a description of the valuation methodology used for assets measured at fair value. There have been no changes in valuation methodologies at December 31, 2022, compared to December 31, 2021. The Company's policy for determining the timing of significant transfers between levels is at the end of the reporting period, if applicable. There were no transfers between level 1, 2 or 3 assets or liabilities during the year ended December 31, 2022.

Mutual funds - These investments are public investment securities valued using the Net Asset Value (NAV) provided by Empower. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, if applicable, and then divided by the number of shares outstanding. The NAV is quoted in an active market.

Funds held in insurance company general account (annuity contract) - These investments are valued at fair value by discounting the related cash flows based upon current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets at Fair Value as of December 31, 2022:

	Level 1	Level 2	Total
Participant directed mutual funds	$ 6,595,870	$ -	$ 6,595,870
Funds held in insurance company general account (annuity contract)	-	1,999,390	1,999,390
Total assets at fair value	**$ 6,595,870**	**$ 1,999,390**	**$ 8,595,260**

Assets at Fair Value as of December 31, 2021:

	Level 1	Level 2	Total
Participant directed mutual funds	$ 8,235,593	$ -	$ 8,235,593
Funds held in insurance company general account (annuity contract)	-	1,549,406	1,549,406
Total assets at fair value	**$ 8,235,593**	**$ 1,549,406**	**$ 9,784,999**

NOTE 4-PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Empower. Great-West Life & Annuity Insurance Company is the investment Custodian, as defined by the Plan, and offers products and services in retirement markets under Empower. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan are incorporated in the return for the various mutual funds. The funds pay Empower a fee for their services, which include any fees Empower Retirement pay to the sub-advisors. There were no additional fees paid outside of the funds. Fees incurred by the Plan amounted to $5,298 for the year ended December 31, 2022. These fees are recorded as administrative expenses in the accompanying statement of changes in net assets available for benefits.

The Company's Executive Vice President, Vice President, and Treasurer are currently participants in the Plan and serve as Custodians. The three aforementioned Custodians, Human Resources Manager, President, Payroll Accountant, Tax Accountant, and a 3rd Party Administrator Manager serve as members of the 401(k) Advisory Committee. The Company's Treasurer and Human Resources Manager, who participate in the Plan, serve as Plan Administrators.

NOTE 5-PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

NOTE 6-INFORMATION PREPARED AND CERTIFIED BY PLAN CUSTODIAN

Certain information presented in the statements of net assets available for benefits, changes in net assets available for benefits, and supplemental schedules was certified as complete and accurate, to the best of their knowledge, by Great-West Life & Annuity Insurance Company. The information prepared and certified is as follows:

	2022	2021
Registered investment companies (mutual funds)	$ 6,595,870	$ 8,235,593
Funds held in insurance company general account (annuity contract)	1,999,390	1,549,406
Net appreciation (depreciation) from registered investment companies (mutual funds)	(1,661,877)	470,008
Interest on funds held in insurance company general account (annuity contract)	15,773	15,217
Dividends	378,014	566,646

NOTE 7-TAX STATUS

The Plan qualifies as a cash or deferred arrangement under Section 401(k) of the Internal Revenue Code (the Code), and therefore, is exempt from federal income taxes under Section 501(a) of the Code. A favorable tax determination letter dated in January of 1995 has been obtained from the Internal Revenue Service. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan sponsor believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore, believe the Plan is qualified as tax-exempt.

Under a plan qualified pursuant to Section 401(k) of the Code, participants generally will not be taxed on contributions or matching contributions, or earning thereon, until such amounts are distributed to participants or their beneficiaries under the Plan. Participants have the option of making contributions as Roth 401(k) contributions. Roth 401(k) contributions are not deducted from the participant's income and are therefore taxable when contributed. The tax-deferred contributions and matching contributions are deductible by the Company for tax purposes when those contributions are made, subject to certain limitations set forth in Section 404 of the Code.

Participants or their beneficiaries will be taxed, at ordinary income tax rates, on the amount they receive as a distribution from the Plan at the time they receive the distribution. However, if the participant or beneficiary receives a lump sum payment of the balance under the Plan in a single taxable year, and the distribution is made by reason of death, disability, or termination of employment of the participant, or after the participant has attained age 59 1/2, then certain special tax rules may be applicable.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or other taxing authorities.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

NOTE 8-RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across 25 participant directed fund elections for the year ended December 31, 2022. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.
