To Kristi White, Regional Compensation & Systems Manager
Grundfos Pumps Corporation 401(k) Profit Sharing Plan

We have audited the financial statements of Grundfos Pumps Corporation 401(k) Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2022, and we will issue our report thereon dated September 29, 2023. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Prudential Bank & Trust, FSB and Fidelity Management Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America (U.S. GAAP).

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated April 5, 2023. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Grundfos Pumps Corporation 401(k) Profit Sharing Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2022. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

- The disclosure of related-party transactions involving the investments held by the trustee, Prudential Bank & Trust, FSB and Fidelity Management Trust Company, in Note 7 to the financial statements.
- The disclosure of risks and uncertainties in Note 10 to the financial statements indicates that investment securities are exposed to various risks that could impact valuations of securities which would affect participants' accounts.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. You have corrected all such misstatements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Matters

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared

and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of management of Grundfos Pumps Corporation 401(k) Profit Sharing Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Grundfos Pumps Corporation 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year end December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Grundfos Pumps Corporation 401(k) Profit Sharing Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Grundfos Pumps Corporation 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Grundfos Pumps Corporation 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Grundfos Pumps Corporation 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Grundfos Pumps Corporation 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including

comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 1899

NOTE 1: DESCRIPTION OF PLAN

The following description of the Grundfos Pumps Corporation 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General – The Plan was established effective January 1, 1987, by Grundfos Pumps Corporation (the “Company”). The company adopted the EGTRRA restatement plan document on April 9, 2010. The PPA document restatement was effective on January 1, 2016. The cycle 3 document restatement was effective June 10, 2022. In conjunction with the transition to Fidelity, the plan document was restated effective September 1, 2022. The Plan is a defined contribution plan whose purpose is to enable eligible employees to defer a portion of their salary to provide for their retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility – An employee becomes eligible to participate in the Plan when at least 18 years old and employed a minimum of 30 days. At such entry date, employees are eligible to participate in the 401(k) portion of the Plan. A participant may not make withdrawals from their account prior to attaining age 65 except in the event of death, total or permanent disability, retirement, termination of employment, or proven hardship. There were 1,708 participants in the Plan as of December 31, 2022 and 1,792 participants in the Plan as of .

Administration – The Plan is administered by the Company. The Company has appointed Prudential Bank & Trust, FSB to be the trustee of the Plan through August 31, 2022. The Company appointed Fidelity Management Trust Company to be the trustee of the Plan after the Plan’s assets were transitioned to Fidelity Workplace Services LLC on September 1, 2022.

Employee Contributions – An employee will be eligible to make a pre-tax salary deferral upon completion of the age and service requirements. Eligible employees may also elect to make Roth salary deferrals. Plan participants may contribute up to 60% of their pre-tax annual compensation subject to certain Internal Revenue Code limitations (\$20,500 and \$19,500 in 2022 and , respectively). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions (\$6,500 in 2022 and). Participants that do not make an affirmative deferral election are automatically enrolled and automatically increased annually. Participants may also contribute amounts representing distributions from other qualified plans or IRA’s.

Employer Contributions – The Company makes a fixed matching contribution equal to 100% of the amount of the participant’s contribution not to exceed 6% of the participant’s eligible annual compensation. In addition, the Company may contribute an additional discretionary contribution. The additional discretionary contribution for 2022 was 0% and for was 2.5% of each eligible participant’s eligible annual compensation.

GRUNDFOS PUMPS CORPORATION
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 1899

NOTE 1: DESCRIPTION OF PLAN (Continued)

Vesting – Each participant is 100% vested in his or her contribution plus earnings thereon. For employees who terminated prior to January 1, 2018, employer matching is on a five-year graded vesting schedule and the discretionary contributions by the Company are on a six-year graded vesting schedule. For employees employed as of or after January 1, 2018, the employer match contributions are 100% vested and the discretionary contributions are on a three-year graded vesting schedule.

Participant Accounts – Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contributions and (b) plan earnings. The Company's contributions are allocated among the plan participants in proportion to their compensation. Participants may direct the investment of their contributions, and any employer contributions, into a variety of mutual funds or a guaranteed income fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants – Participants may borrow a minimum of \$1,000 up to the lesser of \$50,000 or 50% of the participant's vested account balance. Participant loans are to be repaid with interest at least quarterly and in a time period not to exceed five years, unless the loan is for the purchase of the participant's principal residence, in which case the loan must be repaid with interest in a time period comparable to the repayment period permitted by commercial lenders for similar loans. Participant loans bear a reasonable interest rate as determined by the plan administrator. Interest rates on outstanding participant loans currently range from 4.25% to 9.5%.

Payment of Benefits – Upon retirement, death or disability, distributions may be made in the form of a lump-sum of the participant's vested account balance, a single lump-sum distribution of a portion of the participant's vested account balance, or installments for required minimum distribution only. Withdrawals for financial hardship and in-service distribution after age 59 ½ or qualified reservists are also permitted.

Expenses – Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statement of changes in net assets available for benefits. Certain plan administrative expenses may be paid from the plan's "Expense Reimbursement Account" or from forfeitures.

Forfeitures – If a participant receives a distribution of their vested account balance, forfeitures (participants' allocated interest in plan assets which are not vested because employment is terminated before the vesting period is complete) are disposed of during the plan year following the plan year in which the distribution occurs. If a participant does not receive a distribution of their vested account balance, the nonvested portion is forfeited at the end of the plan year during which the participant incurs their fifth consecutive one-year break in service. Forfeitures are used to offset employer contributions. Forfeited nonvested accounts totaled \$198,717 and \$120,662 during the years ended December 31, 2022, respectively.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 1899

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements are prepared using the accrual basis of accounting.

Use of Estimates – The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP), requires the plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's trustee, Prudential Bank & Trust, FSB and Fidelity Management Trust Company, certifies the contract value of the guaranteed investment contract and the fair market value of all other investments. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 1899.

Administrative Expenses – The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions from the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Payment of Benefits – Benefits are recorded when paid.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Registered investment companies (mutual funds). Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

NOTE 3: FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2022. Classification within the hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$167,696,706</u>	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$167,696,706</u>

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$215,443,591</u>	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$215,443,591</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Transfers between Levels – For years ended December 31, 2022, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

NOTE 4: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a portfolio that is a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The values of the contract held by the Plan was \$27,446,823 and \$25,462,292 as of December 31, 2022, respectively.

The Plan does not hold any synthetic investment contracts.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.5% percent. The crediting rate is reviewed on a semi-annual basis for resetting. For the 2022 plan year, the interest crediting rate was 1.65% through June 30, 2022, and 1.7% through the end of the year. The contract cannot be terminated before the scheduled maturity date.

NOTE 4: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contract
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without consent of the issuer

NOTE 5: INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Prudential Bank & Trust, FSB and Fidelity Management Trust Company, the trustees of significantly all assets, have certified to the completeness and accuracy of:

1. Investments and notes receivable from participants as of December 31, 2022, included on the accompanying statements of net assets available for benefits.
2. Net depreciation in fair value of investments, interest, dividends, and capital gain distributions, interest income on notes receivable from participants, rollovers, benefits paid to participants and administrative expenses, included on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
3. Investments reflected on the supplemental schedule of assets (held at end of year).

NOTE 6: FEDERAL INCOME TAX STATUS

The Plan obtained its latest determination letter on August 11, 1993, in which the Internal Revenue Service (“IRS”) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). The cycle 3 document restatement adopted on June 9, 2022, is a Prudential non-standardized pre-approved plan document that received an opinion letter from the IRS dated December 4, 2020, stating that the plan was acceptable under Section 401 of the IRC. In conjunction with the transition to Fidelity, the cycle 3 document adopted on August 25, 2022, is a Fidelity non-standardized pre-approved plan document that received an opinion letter from the IRS dated June 30, 2020, stating that the plan was acceptable under Section 401 of the IRC. The Plan itself has not received a determination letter from the IRS on the current plan document. However, the Plan’s management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America (U.S. GAAP) require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Federal jurisdiction. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 1899.

NOTE 7: RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by The Prudential Insurance Company of America and its subsidiaries (“Prudential”), including Prudential Bank & Trust, FSB. Prudential Bank & Trust, FSB is the trustee for the Plan through August 31, 2022, and therefore, these transactions qualify as party in interest transactions.

Effective April 1, 2022, Empower Annuity Insurance Company of America (EAICA), formerly known as Great-West Life & Annuity Insurance Company, the parent company of Empower Retirement, LLC (Empower) acquired the full-service retirement business of Prudential Financial, Inc. In connection with the transaction, EAICA acquired all shares of the following entities, which are no longer affiliated with Prudential Financial, Inc.: Prudential Retirement Insurance and Annuity Company; Prudential Bank & Trust, FSB; Global Portfolio Strategies, Inc.; TBG Insurance Services Corporation; MC Insurance Agency Services, LLC; and Mullin TBG Insurance Agency Services, LLC. On October 3, 2022, Prudential Retirement Insurance and Annuity Company was renamed Empower Annuity Insurance Company.

Effective September 1, 2022, the company transitioned all plan assets and recordkeeping to Fidelity Workplace Services LLC (“Fidelity”), for which Fidelity Management Trust Company serves as trustee, and therefore, these transactions qualify as party in interest transactions.

NOTE 7: RELATED PARTY TRANSACTIONS (Continued)

Prudential and Fidelity provide certain administrative and record keeping services to the Plan pursuant to a written service agreement with the Company. Prudential and Fidelity receive revenue from mutual fund service providers for services it provides to the funds. This revenue is used to offset certain amounts owed to Prudential and Fidelity for their administrative and recordkeeping services to the Plan.

Prudential and Fidelity remit a portion of the revenue sharing it receives from such mutual fund service providers to the Plan's "Expense Reimbursement Account" on a quarterly basis. Such funds can be requested by the Company to pay Plan administrative expenses of non-Prudential or non-Fidelity service providers.

The direct expenses for loan fees charged to participants' accounts and administrative expenses paid by the Plan to Prudential and Fidelity amounted to \$444,140 and \$188,441 for the years ended December 31, 2022, respectively.

NOTE 8: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2022, to Form 5500:

	2022	2021
Net assets available for benefits per the financial statements	\$ 198,109,373	\$ 246,262,851
Deemed distributions reported on prior years' Form 5500 that are still plan assets	<u>(37,103)</u>	<u>(33,707)</u>
Net assets available for benefits per the Form 5500	<u>\$ 198,072,270</u>	<u>\$ 246,229,144</u>

NOTE 8: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (Continued)

The following is a reconciliation of the change in net assets available for benefits reported in the financial statements and the net income (loss) reported on the Form 5500 for the plan year ended December 31, 2022:

Net decrease in assets available for benefits per the financial statements	\$ (48,153,478)
Deemed distributions previously reported on Form 5500, offset in 2022	4,702
Accrued interest on deemed distributions previously reported on Form 5500	<u>(8,098)</u>
Net income (loss) per the Form 5500	<u>\$ (48,156,874)</u>

For Form 5500 reporting purposes, a loan is a deemed distribution if the loan is treated as a directed investment of the participant's individual account and the participant has completely stopped making payments on the loan as of the end of the plan year. Loans reported as deemed distributions are not included on the Asset and Liability Statement of Form 5500, Schedule H but they remain an asset of the plan until such participant's benefits are distributed or has qualified for a distributable event.

NOTE 9: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 10: RISK AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11: SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 29, 2023 (date financial statements available to be issued) and determined no events have occurred subsequent to December 31, 2022, that would require adjustment to or disclosure in the financial statements.
