INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Associates' Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We were engaged to perform an audit of the financial statements of **Associates' Savings Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the certified information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

ASSURANCE DIMENSIONS

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter –Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, are presented for purposes of additional analysis and are not a required part of the 2022 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the 2022 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Associates' Savings Plan

Notes to Financial Statements December 31, 2022 and 2021

Note A – Description of Plan

The following description of Associates' Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established April 1, 1984 that provides benefits to employees of Bankers Financial Corporation (the "Sponsor") and any subsidiary, related corporation, or entity that adopts the Plan with the consent of the Sponsor (collectively referred to herein as the "Employer"). Effective February 1, 2022, the Plan was restated to bring the Plan into compliance with the legislative and regulatory changes in IRS Notice 2017-37. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Employees are eligible to participate in the Plan upon completion of one month of consecutive service and attainment of age 18. Temporary employees will be eligible upon reaching age 18 and completion of one year of service. Plan entry dates will be the first day of each month. Any eligible participant will automatically be enrolled with a contribution rate of 4% and the rate shall increase 1% for each subsequent plan year until the contribution rate reaches 15%. All employees have the option to contribute more, less, or not participate in the Plan.

Administration

BlueStar Retirement Services, Inc. is the third party administrator of the Plan and is responsible for recordkeeping services, maintaining the investments of the Plan and reporting on the earnings and investments of the Plan. The Plan's assets are held and managed by Charles Schwab Trust Bank (the "Trustee"). Contributions are held by the Trustee, who invest cash received, interest and dividend income, as directed by the participant, and makes distributions to participants.

Contributions

Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to Internal Revenue Code ("IRC") limitations. The maximum participant deferral for the year ended December 31, 2022 was \$20,500. A participant who has attained the age of 50 may also make catch up contributions, subject to IRS limitations of \$6,500 for the year ended December 31, 2022. Participants may make post-tax Roth deferral contributions to the Plan and contribute amounts representing distributions from other qualified plans.

The Plan allows for discretionary Employer matching contributions. To be eligible for a discretionary Employer matching contribution, a participant must be contributing to the Plan. The participant must also be employed on the last day of each quarter to receive any Employer matching contribution for that quarter, except in the case of death, disability, or retirement. The Employer declared an Employer matching contribution of 50% up to 8% for each of the quarters during 2022.

In addition, the Employer, at the discretion of the board of directors, may make a profit sharing contribution to the Plan each year. There was no profit sharing contribution during 2022.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Employer's matching contribution and performance sharing amounts, if applicable. Each participant's account shall be allocated earnings, gains, expenses, and losses with respect to the investments of the participant's account. Allocations of plan earnings or losses are based on each participant's investment fund balance in proportion to the total investment fund balance.

Investment Options

Upon enrollment in the Plan, a participant may elect to have their participant and Employer contributions, and related earnings thereon, allocated to one or more of the 28 mutual funds, money market funds, or common collective trust investment options. The Plan allows for self-directed brokerage accounts. The self-directed brokerage accounts are invested in shares of registered investment companies.

Associates' Savings Plan

Notes to Financial Statements December 31, 2022 and 2021

Note A – Description of Plan (continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Employer contributions is based on years of continuous service. A participant is 100% vested upon death and permanent disability or after five years of credited service as follows.

<u>Years of Services</u>	<u>Vesting Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account, or other acceptable collateral, and bear an interest rate equal to 1% above the prime rate. Loans generally have initial terms of less than five years unless they are for the purchase of a participant's primary residence. Principal and interest are paid ratably through payroll deductions. Loans are secured by the balances in the participant accounts.

Notes receivable from participants are measured at their unpaid principal balances any accrued but unpaid interest. In the event of default, the unpaid portion of the participant's loan will be treated as a taxable distribution as of the first day of the second calendar quarter following the calendar quarter in which the participant failed to make a required installment payment.

Distribution of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum cash payment, in equal monthly, quarterly, semiannual, or annual cash installments, or, upon retirement, in installments based upon the participant's life expectancy at the time of retirement. However, if the participant's vested interests are less than \$5,000, they must take a lump-sum distribution. Hardship withdrawals are permitted under the Plan.

Forfeitures

Non-vested amounts, remaining after the distribution of a participant's vested account balance, are forfeited. Forfeitures are first used to pay Plan administrative expenses and any remaining amount is used to reduce future Employer contributions. At December 31, 2022 and 2021, forfeited non-vested accounts totaled approximately \$30,000 and \$32,000 respectively. During 2022, forfeitures of approximately \$64,000 were utilized by the Plan to pay Plan administrative expenses and reduce Employer contributions.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, each participant's account will become fully vested and non-forfeitable. All appropriate accounting provisions of the Plan will continue to apply until the accounts of all participants have been distributed.

Note B – Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Associates' Savings Plan

Notes to Financial Statements December 31, 2022 and 2021

Note B – Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the changes in net assets available for benefits and disclosure of contingent assets and liabilities during the reporting period. Actual results could differ from these estimates.

Valuation of Investments

The Plan's investments in money market accounts, mutual funds, common collective trusts, and self-directed brokerage account are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on an accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Fair Value Measurements

The FASB has established a framework for measuring fair value in ASC 820, *Fair Value Measurements*. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

<i>Level 1</i>	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
<i>Level 2</i>	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
<i>Level 3</i>	If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Associates' Savings Plan

Notes to Financial Statements December 31, 2022 and 2021

Note B – Summary of Significant Accounting Policies (continued)

Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money market funds: These are open-ended money market mutual funds valued at a \$1.00 stable net asset value ("NAV") for reporting purposes, and transact at \$1.00 for subscription and redemption activity. However, on a daily basis the funds NAV is calculated using the amortized cost (not market value) of the securities held in the fund.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage account: Valued at the closing price reported on the active market in which the funds' individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

<u>Fair Value Measurements at Reporting Date Using:</u>			
	Assets Measured at Fair Value at 12/31/2022	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)

Investments measured using the NAV as a practical expedient are exempt from being presented in the fair value hierarchy.

Associates' Savings Plan

Notes to Financial Statements December 31, 2022 and 2021

Note C – Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee, a qualified institution. For the year ended December 31, 2022, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the Trustee, except for comparing such information to the related information included in the financial statements, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note D – Master Trust Investment Information

Certain Plan investments are held in the Vanguard Retirement Savings Master Trust ("Master Trust"), which is a common collective trust for tax-qualified pension and profit sharing plans. Each participating plan has a specific interest in the Master Trust. Assets of the Master Trust are allocated to the participating plans according to the investment elections of participants within each plan. The Plan's interest in the net assets of the Master Trust was approximately 0.006% and 0.007% at December 31, 2022 and 2021, respectively. Investment income of the Master Trust for the year ended December 31, 2022 was allocated based upon each Plan's interest within each of the investment funds held by the Master Trust.

The Master Trust primarily invests in a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by bond trusts that are selected by the custodian of the Master Trust, Vanguard Fiduciary Trust Company. The issuers' ability to meet these obligations may be affected by economic developments in their respective companies and industries.

The following table represents the net assets of the Master Trust as of December 31:

	2022 (\$000)	2021 (\$000)

Total expense	36,364	37,670
Net investment income	\$ 470,490	\$ 412,262

Various inputs may be used to determine the value of the Master Trust's investments. These inputs are summarized in three broad levels for financial statement purposes. The inputs or methodologies used to value securities are not necessarily an indication of the risk associated with investing in those securities.

The following table summarizes the Master Trust's investments as of December 31, 2022 and 2021, based on the inputs used to value them:

Associates' Savings Plan

Notes to Financial Statements December 31, 2022 and 2021

Note E – Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated June 30, 2020 for its prototype plan stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Subsequent to the issuance of the determination letter, the Plan was amended and the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC.

The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements. The Plan is no longer subject to examination by taxing authorities for years prior to 2020.

Note F – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note G – Party-In-Interest Transactions

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or participants of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Certain Plan investments are mutual funds, money market fund, common collective trust, and self-directed brokerage account managed by the Trustee. Transactions related to these investments qualify as party-in-interest transactions. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants. Fees paid to parties-in-interest amounted to approximately \$87,000 in total during the year ended December 31, 2022.

Note H – Subsequent Events

Subsequent events have been evaluated through August 29, 2023, which is the date the financial statements were available to be issued.
