INDEPENDENT AUDITORS' REPORT

To the Advisory Committee of the Jerry Seiner Dealerships 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Jerry Seiner Dealerships 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by a bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITORS' REPORT – CONTINUED

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITORS' REPORT – CONTINUED

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by (See Note 3) and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

JERRY SEINER DEALERSHIPS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of the Plan

The following description of the Jerry Seiner Dealerships 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the Plan administrator.

- A. **General** – The Plan, which commenced on January 1, 1985, is a defined contribution plan covering all eligible employees of Jerry Seiner Chevrolet, Inc. and related employers (the "Company" or "Plan sponsor"), as defined in the Plan document. The Plan is designed to qualify under Sections 401(a) and 401(k) of the Internal Revenue Code (the "IRC") as amended and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Advisory Committee is responsible for oversight of the Plan. The Advisory Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan has arranged for Fidelity Management Trust Company ("Fidelity" or "Trustee") to serve as trustee, and Fidelity Workplace Services, LLC (the "recordkeeper") to provide record keeping services for the Plan.

In September 2021, the Plan document was restated to utilize an updated pre-approved defined contribution plan which was designed in accordance with applicable sections of the IRC for which Fidelity was informed of such in a letter dated June 30, 2020. The restatement did not result in substantive changes to the Plan's provisions.

Effective March 2022, the Plan was amended to include employees of an additional participating employer in the Plan, due to the Plan sponsor's acquisition of a new location.

Effective May 2022, the Plan was amended to include a Roth contribution option in which employees may make deferrals on a post-tax basis.

- B. **Contributions** – Eligible employees may participate in the Plan upon reaching age 21 and completing one month of service, with no minimum hours of service. Entrance to the Plan occurs on the first day of each month after eligibility requirements have been met. Participants may elect to contribute up to 60% of their annual eligible earnings on a pre-tax basis, subject to the maximum amount allowable by the Internal Revenue Service ("IRS") (\$20,500 for participants to age 50 and \$27,000 for participants over 50 years of age for the year ended December 31, 2022). Effective May 2022, participants may make post tax (Roth) contributions. Participants may also contribute amounts representing distributions from other tax qualified retirement plans. Discretionary employer matching contributions are made annually by the Company based on eligible participant contributions during the year. During the year ended December 31, 2022, the employer matching contribution was based on a match of 50% of the participant's annual deferrals up to 4% of the participant's annual eligible earnings.
- C. **Participant accounts** – Each participant's account is credited with the participant's contributions, discretionary employer matching contributions, as applicable, and an allocation of the Plan's earnings and losses, which include administrative expenses. Allocations are based on participants' earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**JERRY SEINER DEALERSHIPS
401(k) PLAN**

NOTES TO FINANCIAL STATEMENTS

(1) Description of the Plan (continued)

- D. **Vesting** – Participants are immediately vested in their voluntary contributions, earnings thereon, and rollover contributions. Participants vest in the discretionary employer matching contributions as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Participants also become 100% vested when the participant reaches normal retirement age (65), incurs a disability as defined by the Plan, or upon death.

- E. **Investment options** – The Plan currently offers various registered investment companies, a common collective trust, and a money market account as investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.
- F. **Notes receivable from participants** – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance with terms from 1 year up to 5 years. Loans related to the purchase of a primary residence are allowed to have terms up to 10 years. The notes are secured by the balance in the participant's account and bear interest at fixed rates charged by commercial lenders at the time of the note, which was the prime rate, plus 2%. As of December 31, 2022, the interest rate for all outstanding notes receivable ranged from 5.25% to 9.00%. Principal and interest are paid ratably through semi-monthly payroll deductions and loan payoffs may be made directly by the participant without penalty.
- G. **Payment of benefits** – Participants may receive the vested interest of their Plan account through a distribution of benefits upon retirement, death, termination of employment, or a qualifying withdrawal. Benefit payments are made in a lump sum distribution, rollover contributions to another plan, or through a minimum required distribution. Participants who terminate with a balance of less than \$5,000 will automatically be required to remove their funds from the Plan; account balances of less than \$1,000 may be distributed as a lump sum and balances greater than this amount but less than \$5,000 may be rolled over into an Individual Retirement Account. Participants who terminate with a balance of greater than \$5,000 are not subject to these automatic distribution provisions.
- H. **Forfeited accounts** – As of December 31, 2022 and 2021, forfeited non-vested accounts totaled \$11,991 and \$13,182, respectively. Forfeited non-vested accounts are used to offset previously forfeited amounts reinstated to participants who terminate and rehire before five one-year consecutive breaks in service. Remaining amounts are used to offset future employer matching contributions. During the year ended December 31, 2022, \$0 forfeited non-vested accounts was used to offset previously forfeited amounts reinstated to participants and \$13,182 was used to offset employer matching contributions related to the December 31, 2021 plan year. Subsequent to December 31, 2022, \$11,991 was used to offset employer matching contributions related to the December 31, 2022 plan year.

(2) Summary of significant accounting policies

Basis of accounting – The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

**JERRY SEINER DEALERSHIPS
401(k) PLAN**

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Use of estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Advisory Committee determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged to each participant's account as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Excess contributions payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 and 2021 excess contributions to the applicable participants prior to March 15, 2023 and 2022, respectively. The amount accrued for excess contributions payable as of December 31, 2022 and 2021 was \$6,140 and \$25,271, respectively.

Payment of benefits – Benefits are recorded when paid.

Administrative expenses – Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Expenses related to investment advisory services, management fees, maintenance of participant accounts and Plan administration are paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

(3) Information prepared and certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) are complete and accurate with respect to investments and notes receivable from participants:

- Investments at fair value
- Notes receivable from participants
- Interest income from notes receivable from participants
- Interest and dividend income
- Net depreciation in fair value of investments
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

401(k) PLAN**

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements

The Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Registered investment companies: Valued at the daily closing price as reported by the registered investment companies. These funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (“NAV”) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Common/collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. Participant transactions (purchases and sales) may occur daily. In unusual market conditions, in accordance with the Declaration of Trust, the Trustee may in its sole discretion, impose restrictions on issues and redemption of units.

Money market account: Valued at the daily closing price as reported by the account. The money market account held by the Plan is an open-ended mutual fund that is registered with the Securities and Exchange Commission. This account is required to publish its daily NAV and to transact at that price. The money market account held by the Plan is deemed to be actively traded.

(4) Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 15,025,204	\$ -	\$ -	\$ 15,025,204

Investments measured at NAV practical expedient*				<u>1,745,073</u>
Total Investments at fair value				<u>\$ 18,232,794</u>

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 17,483,448	\$ -	\$ -	\$ 17,483,448
Money market account	1,793,885	-	-	1,793,885
Total investments in the fair value hierarchy	<u>\$ 19,277,333</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 19,277,333</u>
Investments measured at NAV practical expedient*				<u>1,440,768</u>
Total Investments at fair value				<u>\$ 20,718,101</u>

* In accordance with Subtopic 820-10, certain investments that were measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Investments measured using the NAV per share practical expedient – The following table summarizes investments for which fair value is based on NAV per share as of December 31, 2022 and 2021:

Investments	Fair Value December 31, 2022	Fair Value December 31, 2021
Common/collective investment trust**	\$ 1,745,073	\$ 1,440,768
Total	<u>\$ 1,745,073</u>	<u>\$ 1,440,768</u>

** The common/collective investment trust listed in the above table is generally redeemed on a daily basis. In unusual market conditions, in accordance with the Declaration of Trust, the Trustee may in its sole discretion, impose restrictions on issues and redemption of units. Additionally, there are no unfunded commitments.

**JERRY SEINER DEALERSHIPS
401(k) PLAN**

NOTES TO FINANCIAL STATEMENTS

(5) Related party and party-in-interest transactions

Certain investments of the Plan are managed by Fidelity Management Trust Company. Fidelity is the Plan's Trustee and recordkeeper, and therefore the transactions are considered exempt party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net depreciation in fair value of the investments, as they are paid through revenue sharing, rather than direct payment. As described in Note 2, certain other administrative expenses are paid from Plan assets directly to the recordkeeper qualify as party-in-interest transactions and totaled \$3,294 for the year ended December 31, 2022.

(6) Plan termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their discretionary employer matching contributions.

(7) Tax status

The IRS has determined that the pre-approved defined contribution plan document is designed in accordance with applicable sections of the IRC and informed the Trustee of such in a letter dated June 30, 2020. The Plan Administrative Committee has adopted the pre-approved defined contribution plan document and believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Risks, uncertainties, concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(9) Delinquent participant contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. During the year ended December 31, 2022, the Company did not timely remit employee contributions of \$1,571. In June 2022, the Company remitted \$1,497 and lost earnings associated with the \$1,497 in delinquent contributions. In October 2023, the Company remitted \$74 and lost earnings associated with the \$74 in delinquent contributions. During the year ended December 31, 2021, the Company did not timely remit employee contributions of \$337. In October 2022, the Company remitted the remaining \$94 of these contributions that had not previously been remitted and lost earnings associated with the total \$337 in delinquent contributions.

(9) Subsequent events

Effective March 2023, the Plan was amended to reduce the age at which participants are eligible to participate in the Plan from 21 to 18.

The Plan has evaluated subsequent events through October 11, 2023, which is the date the financial statements were available to be issued.
