Independent Auditor's Report

The Plan Administrator
The Delta Pathology Group, LLC 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Delta Pathology Group, LLC 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for as of December 31, 2022 and 2021, the related statement of changes in net assets available for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet[s] the requirements of ERISA Section 103(a)(3)(C).

THE DELTA PATHOLOGY GROUP, LLC 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

1. Description of Plan

The following description of the Delta Pathology Group, LLC (the "Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is a defined contribution plan covering all employees of The Delta Pathology Group, LLC, Omega Diagnostics, LLC, Louisiana Pathology Services, LLC, G. Kenneth Harrison, MD, PMC, Laboratory Management Services, LLC, Pathology Associates of Mid-Louisiana, Michael W. Miguez, APMC, Pathology Resource Network, LLC, Jordan W. Eggers, M.D. APMC, Alexandria Pathology Laboratory, LLC, Consultant Pathology Services, Inc., Pathology, LLC, Audubon Pathology, LLC, St. Francis Cabrini, W. Paul Long, M.D., Kenneth B. Harris, M.D., William Luer, M.D., Pamela Bartholomew, M.D., Outreach Clinical Laboratory Business, West Jefferson Medical Center, C. Gregory Bowling, M.D., and Clinical Laboratory of Touro, who are twenty-one or older and have completed at least one year of service (consisting of 1,000 hours), as defined in the plan document. Some of the employers did not become adopting employers of the Plan until January 1, 2009 and later. Refer to the Plan document for more information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

- (a) *Participant accounts.* Each participant's account is credited with the participant's voluntary contribution, the Company's matching contribution and Plan earnings, which are allocated proportionately among all participants based on their investment in each fund.
- (b) *Employee contributions.* Participants are permitted to contribute up to 75% of their annual compensation, as defined in the plan document, to the Plan on a pre-tax or after-tax (Roth) basis, so long as the total deferrals do not exceed the federal limit for the year. Transfers from qualified plans are allowed under the provisions of the Plan.
- (c) *Employer contributions.* The Company may contribute annually an amount equal to a specified percentage of the participant's base salary. The Company elected to add a safe harbor feature to the Plan effective January 1, 2007. As a result, the match formula is 100% of applicable contributions up to 3%, plus 50% of applicable contributions from 3% to 5%. The Company also may make a discretionary profit sharing contribution based on the Company's profits. Profit sharing contributions were made in 2022 and 2021.
- (d) *Vesting.* Participants are fully vested in their employee contributions plus actual earnings thereon. Participants are also fully vested in safe harbor contributions made on their behalf. Vesting in nonelective and matching contributions and earnings thereon, other than safe harbor contributions, is based on years of service and is determined as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

- (e) *Forfeitures.* Forfeitures of non-vested Company contributions are used first to reduce Company contributions. If there are no Company contributions to apply forfeitures toward, they are then allocated to participants as if they were profit sharing contributions. As of December 31, 2021 and 2021, the balance in the forfeitures account was \$71,556 and \$60,179, respectively.

THE DELTA PATHOLOGY GROUP, LLC 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

- (f) *Payment of benefits.* On termination of service due to death, disability, retirement, or upon reaching normal retirement age, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than his or her life expectancy or the life expectancy of the last survivor in a joint and survivor election.

2. Summary of Significant Accounting Policies

- (a) *Basis of accounting.* The financial statements of the Plan are prepared under the accrual method of accounting, except for the cash basis recording of benefits paid.

- (b) *Investment valuation and income recognition.* Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

- (c) *Use of estimates.* The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

- (d) *Administrative expenses.* Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financials. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

- (e) *Excess contributions payable.* Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants prior to April 15, 2023.

3. Information Certified by the Plan's Trustees

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2022 and 2021, and investment income for the year ended December 31, 2022, that is disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by American United Life Insurance Company (AUL), the Trustee of the plan.

4. Fair Value Measurements

FASB ASC #820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority

THE DELTA PATHOLOGY GROUP, LLC 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC #820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate account: Valued at the net asset value (NAV) provided by the administrators of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, divided by the number of units outstanding.

Self directed brokerage accounts: The TD Ameritrade SDBA funds were comprised of interest-bearing cash, non-interest-bearing cash, common stock, mutual funds, limited partnership interests, U.S. governmental securities and exchange trade funds at year end. With the exception of the interest-bearing cash and non-interest-bearing cash, the prices for the underlying assets were valued at NAV at year end, obtained from open markets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments valued at net asset value*	-	-	-	60,840,498
Investments at fair value	\$ 7,737,293	-	-	\$ 68,577,791

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Fair Value of Investments in Entities that Use NAV per Share as a Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share as a practical expedient as of December 31, 2022 and 2021, respectively.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has reserved the right to terminate the Plan or reduce or cease contributions at the discretion of the Board of Directors, or to amend the Plan at any time and in any respect. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

6. Plan's Tax Status

The Company adopted a Prototype Non-Standardized Profit Sharing Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service on November 30, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the favorable opinion letter, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax.

7. Related Party Transaction

Certain Plan investments are shares of funds managed by American United Life Insurance Company (AUL). AUL is the trustee as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions.

8. Subsequent Events

In preparing the financial statements, management of the Plan has evaluated events and transactions for potential recognition or disclosure through October 10, 2023, the date the financial statements were available to be issued and noted no significant subsequent events as of this date.
