INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
TPI Corporation Pension Plan
Johnson City, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of TPI Corporation Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

TPI Corporation Pension Plan
Independent Auditors' Report

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TPI CORPORATION PENSION PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF PLAN

TPI Corporation (the “Company”) established the TPI Corporation Pension Plan (the “Plan”) on May 16, 1983. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time production and maintenance employees of the Company covered by a collective bargaining agreement who have completed 1,000 hours of service in the twelve month period after their date of hire and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan, and in accordance with applicable sections of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several pooled separate accounts and a guaranteed interest account as investment options for participants.

The Company may, at its discretion, contribute a set amount per pay period as a fixed-rate contribution. The amount was \$.62 for each hour of service credited up to 40 hours per week during January 1, 2022 through May 29, 2022. From May 30, 2022 through December 31, 2022 the amount was \$.72 for each hour of service credited up to 40 hours per week. Contributions are subject to certain limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, an allocation of the Company’s contributions, and the Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company’s discretionary and matching contributions plus earnings thereon is based on years of continuous service. Participants become fully vested after three years of credited service.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021**

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Forfeitures

As of December 31, 2022 and 2021, forfeited nonvested accounts totaled \$5,973 and \$8,696, respectively. In accordance with the provisions of the Plan, these accounts will be used to reduce future employer contributions or pay plan expenses. During the years ended December 31, 2022 and 2021, \$3,000 and \$16,830, respectively, of forfeitures were used to reduce employer contributions or pay plan expenses.

Participant Withdrawals

Participants are entitled to withdraw all or a portion of their vested account balances upon attainment of age 70 ½ or any time thereafter. Upon retirement, participants may withdraw vested benefits prior to age 70 ½ subject to IRC penalties (unless meeting early retirement provisions under the Plan). In case of death, disability, or termination, the entire value of the participant's account may be withdrawn. The Plan also permits participants to withdraw from their accounts in the event of extreme economic hardship as prescribed by the IRC.

If a participant's vested balance is greater than \$1,000 but less than \$5,000, the vested account balance will be rolled over into an individual retirement account. For any vested balance of \$1,000 or less, the participant will receive a lump sum distribution as soon as administratively feasible.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loans are secured by the vested balance in the participant's account and bear interest at rates ranging from 4.25% to 8.00%, which is based on the prime interest rate at the beginning of each month +1.00%. Principal and interest are paid ratably through payroll deductions.

Termination of the Plan

The Company anticipates and believes that the Plan will continue without interruption, but reserves the right to discontinue the Plan. In the event that such discontinuance results in termination of the Plan, the Plan provides that the assets of the funds be allocated among the participants and beneficiaries in the amounts credited to each participant's respective account at the effective date of such termination.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

**TPI CORPORATION PENSION PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to a benefit-responsive investment contract because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Administrative Expenses

The Plan specifies that expenses of the Plan will be paid using the Plan's assets unless paid by the Company. All administrative expenses of the Plan paid during the periods ended December 31, 2022 and 2021 were paid by the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires estimates and assumptions to be made that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3 - FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC are described as follows:

**TPI CORPORATION PENSION PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021**

NOTE 3 - FAIR VALUE MEASUREMENT (CONTINUED)

Level 1

Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets.

Level 2

Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by the observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at the periods ended December 31, 2022 and 2021.

Pooled Separate Accounts: Valued at the net asset value (NAV) of units held by the Plan at year-end. The NAV is based on the value of the underlying assets owned by the fund, minus liabilities, and then divided by the number of shares outstanding. Fair value is considered readily determinable, and therefore, has been included in the fair value hierarchy below.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**TPI CORPORATION PENSION PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021**

NOTE 3 - FAIR VALUE MEASUREMENT (CONTINUED)

The following tables present the Plan's fair value hierarchy for those assets measured at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$ -	3,178,213	-	3,178,213
Total Investments at Fair Value	\$ -	3,178,213	-	3,178,213
Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$ -	4,547,399	-	4,547,399
Total Investments at Fair Value	\$ -	4,547,399	-	4,547,399

NOTE 4 - INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan offers a guaranteed interest account as an investment option. This account is a traditional fully benefit-responsive investment contract provided through a group annuity contract between the Plan and Empower Retirement. Empower Retirement maintains the contributions in a general account.

Because the guaranteed account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributed to the guaranteed account. Contract value, as reported to the Plan by Great West Trust Company, represents contributions made under the contract, plus credited interest, less participant withdrawals and administrative fees. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value.

Under this group annuity contract, a crediting rate is established for a specified period of time and contributions invested in the guaranteed account are credited with that rate. Great West Trust Company typically reestablishes the guaranteed rate semiannually.

Certain events may limit the ability for the Plan to transact at contract value with the contract issuers, such as premature termination of the contracts and Plan termination or merger. In addition, no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and participants. In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value, such as an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contracts, a material misrepresentation, and a material amendment to the agreements without the consent of the issuers.

TPI CORPORATION PENSION PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 5 - RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by the custodian, Empower Retirement; therefore, these transactions qualify as party-in-interest transactions. During the periods ended December 31, 2022 and 2021, fees paid by the Plan for administrative services were \$45,162 and \$49,493, respectively.

NOTE 6 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated April 7, 2021 that the Plan and related trust are designed in accordance with applicable sections of the IRC. The plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax exempt.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - CERTIFICATION

The following is a summary of the unaudited information included in the Plan's financial statements and supplemental schedule that were prepared or derived from information prepared by Great West Trust Company, the certifying entity of the Plan, and furnished to the plan administrator. The plan administrator has obtained a certification from the certifying entity that such information is complete and accurate.

Statements of Net Assets Available for Benefits – all items and amounts.

Statements of Changes in Net Assets Available for Benefits – all items and amounts except for contributions, benefits paid to participants, and administrative expenses.

Supplemental Schedule – all items and amounts.

NOTE 8 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events from the statements of net assets available for benefits date through October 11, 2023, the date at which the financial statements were available to be issued, and determined there are no other items to disclose.

**TPI CORPORATION PENSION PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021**

NOTE 9 - SECURING A STRONG RETIREMENT ACT (SECURE 2.0)

In December 2022 SECURE 2.0 was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 SECURE Act. Most of the provisions will become effective in 2024 and forward, therefore there is no current impact to the Plan. Since the provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect.
