To the Board of Trustees and Participants
Magna Machine Co. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Magna Machine Co. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Magna Machine Co. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022 stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Magna Machine Co. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Magna Machine Co. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Magna Machine Co. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Magna Machine Co. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Magna Machine Co. 401(k) Plan (the "Plan") is provided for general information purposes only. The Plan is a defined contribution plan and is subject to the provisions of Employee Retirement Income Security Act of 1974 ("ERISA"). Participants should refer to the Plan document for more complete information.

General

The Plan was established March 1, 1963, and restated March 17, 2022. All full-time employees of Magna Machine Company ("Company") who have reached age 18 and have at least three months of service are eligible to participate in the Plan. Normal retirement age is 65 years.

Contributions

A participant may authorize contributions up to the annual maximum amount permitted by the Internal Revenue Code ("IRC") through payroll deductions, but not more than 85% of their total compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. A profit sharing contribution can be made at the discretion of the Company. The profit sharing contribution is determined based on a points system and participants must be employed at the end of the year and must have worked at least 1,000 hours throughout the year to be eligible. A matching contribution can also be made at the discretion of the Company. The Company has historically made a matching contribution that was equal to 50% of participant's deferral up to 4% of the participant's eligible wages. Participants may allocate contributions made to their account in any of the investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contributed portion of their accounts is based on years of service. A participant is 100% vested after six years of service. Participants whose employment is terminated because of death or disability or have reached 65 years of age are 100% vested in the Company's contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate being charged on similar commercial loans by persons in the business of lending money as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

MAGNA MACHINE CO. 401(K) PLAN**NOTES TO FINANCIAL STATEMENTS (Continued)**December 31, 2022 and December 31, 2021

NOTE 1 - DESCRIPTION OF PLAN (Continued)**Payment of Benefits**

Participants may receive a single lump-sum payment or substantially equal installments upon retirement. In the event of a participant's death, any remaining balance will be paid to designated beneficiaries.

Forfeitures

Forfeited nonvested accounts totaled \$59,850 at December 31, 2022 and \$54,746 at December 31, 2021. These accounts will be used to reduce future employer contributions. In 2022, no forfeitures were used for plan expenses or to reduce employer contributions.

Plan Operations

In December 2019, the Setting Every Community Up for Retirement Enhancement ("SECURE") Act of 2019 was signed into law. The SECURE Act had provisions that were effective for years beginning after December 31, 2019 and for years beginning after December 31, 2020. The Plan implemented the SECURE Act provision that changed the age of initiation for required minimum distributions ("RMDs") from 70.5 to age 72 for all retirement accounts subject to RMDs. This change for taking a participant's first RMD from age 70.5 to age 72 affects participants who had not attained age 70 ½ by December 31, 2019.

In March 2020, the World Health Organization declared the novel coronavirus ("COVID-19") outbreak a global pandemic. In response to COVID-19 pandemic, on March 27, 2020, the Coronavirus Aid, Relief and Economic Security ("CARES") Act was signed into law. The CARES Act provides temporary relief for retirement plan sponsors and their participants. The provisions of the CARES Act were available to be implemented immediately, prior to formally amending the Plan document.

In March 2022 the Plan formally adopted all provisions of the SECURE and CARES acts.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES**Basis of Accounting**

The accompanying financial statements of the Plan are presented on the modified cash basis of accounting and conform to the accounting requirements of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under that basis, certain revenues and the related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligation is incurred. That basis differs from accounting principles generally accepted in the United States of America ("GAAP") primarily because the Plan has not recognized accounts receivable for employer contributions, accounts payable to vendors, and their related effects on earnings in the accompanying financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Investments Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. See Note 6 for discussions of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to participants' contributions. Accounts payable to participants for contributions in excess of amounts allowed by the IRS were \$0 at December 31, 2022 and \$1,454 at December 31, 2021. The Plan distributed the excess contributions to the applicable participants prior to March 15, 2022.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses for administering the Plan are paid by the Company and are therefore excluded from these financial statements. Fees for investment management and plan administration services are included in administrative expenses and allocated to participants' accounts by the Plan's recordkeeper. Fees for the administration of notes receivable from participants and participant distributions are included in administrative expenses and are charged directly to the participant's account.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 4 - INCOME TAX STATUS

The Company adopted a non-standardized pre-approved profit sharing plan which has received an opinion letter dated June 30, 2020 from the Internal Revenue Service ("IRS") stating that the non-standardized pre-approved profit sharing plan document, in form only, meets the requirements under the applicable sections of the IRC and is therefore qualified. The Plan has not obtained a determination letter from the IRS, nor is it required to do so. The Company and the plan administrator believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC as of December 31, 2022. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan administrator believes it is no longer subject to income tax examinations for the years prior to 2019. There are currently no audits for any tax periods in progress.

NOTE 5 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Fidelity Management Trust Company, the trustee:

	December 31, 2022	December 31, 2021
Investments:		
Mutual funds at fair value	\$ 6,855,897	\$ 7,492,375
Investment income (loss)	\$ (1,348,584)	
Notes receivable from participants	\$ 120,915	\$ 120,774
Interest income on notes receivable from participants	\$ 5,308	

NOTE 6 - FAIR VALUE MEASUREMENT

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or Level 3 inputs were available to the Plan.

MAGNA MACHINE CO. 401(K) PLAN**NOTES TO FINANCIAL STATEMENTS (Continued)**December 31, 2022 and December 31, 2021

NOTE 6 - FAIR VALUE MEASUREMENT (Continued)*Level 1 Fair Value Measurements*

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and December 31, 2021:

<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>
Mutual Funds	\$ <u>6,855,897</u>	\$ <u>6,855,897</u>
Total assets at fair value	\$ <u>6,855,897</u>	\$ <u>6,855,897</u>

<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>
Mutual Funds	\$ <u>7,492,375</u>	\$ <u>7,492,375</u>
Total assets at fair value	\$ <u>7,492,375</u>	\$ <u>7,492,375</u>

Gains and losses (realized and unrealized) included in changes of net assets available for benefits for the year ended December 31, 2022 are reported in net appreciation (depreciation) in fair value of investments.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company, the trustee and affiliated entities. As the trustee, these transactions qualify as exempt party-in-interest transactions.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees and Participants
Magna Machine Co. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Magna Machine Co. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Magna Machine Co. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022 stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Magna Machine Co. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Magna Machine Co. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Magna Machine Co. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Magna Machine Co. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Magna Machine Co. 401(k) Plan (the "Plan") is provided for general information purposes only. The Plan is a defined contribution plan and is subject to the provisions of Employee Retirement Income Security Act of 1974 ("ERISA"). Participants should refer to the Plan document for more complete information.

General

The Plan was established March 1, 1963, and restated March 17, 2022. All full-time employees of Magna Machine Company ("Company") who have reached age 18 and have at least three months of service are eligible to participate in the Plan. Normal retirement age is 65 years.

Contributions

A participant may authorize contributions up to the annual maximum amount permitted by the Internal Revenue Code ("IRC") through payroll deductions, but not more than 85% of their total compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. A profit sharing contribution can be made at the discretion of the Company. The profit sharing contribution is determined based on a points system and participants must be employed at the end of the year and must have worked at least 1,000 hours throughout the year to be eligible. A matching contribution can also be made at the discretion of the Company. The Company has historically made a matching contribution that was equal to 50% of participant's deferral up to 4% of the participant's eligible wages. Participants may allocate contributions made to their account in any of the investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contributed portion of their accounts is based on years of service. A participant is 100% vested after six years of service. Participants whose employment is terminated because of death or disability or have reached 65 years of age are 100% vested in the Company's contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate being charged on similar commercial loans by persons in the business of lending money as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

MAGNA MACHINE CO. 401(K) PLAN**NOTES TO FINANCIAL STATEMENTS (Continued)**December 31, 2022 and December 31, 2021

NOTE 1 - DESCRIPTION OF PLAN (Continued)**Payment of Benefits**

Participants may receive a single lump-sum payment or substantially equal installments upon retirement. In the event of a participant's death, any remaining balance will be paid to designated beneficiaries.

Forfeitures

Forfeited nonvested accounts totaled \$59,850 at December 31, 2022 and \$54,746 at December 31, 2021. These accounts will be used to reduce future employer contributions. In 2022, no forfeitures were used for plan expenses or to reduce employer contributions.

Plan Operations

In December 2019, the Setting Every Community Up for Retirement Enhancement ("SECURE") Act of 2019 was signed into law. The SECURE Act had provisions that were effective for years beginning after December 31, 2019 and for years beginning after December 31, 2020. The Plan implemented the SECURE Act provision that changed the age of initiation for required minimum distributions ("RMDs") from 70.5 to age 72 for all retirement accounts subject to RMDs. This change for taking a participant's first RMD from age 70.5 to age 72 affects participants who had not attained age 70 ½ by December 31, 2019.

In March 2020, the World Health Organization declared the novel coronavirus ("COVID-19") outbreak a global pandemic. In response to COVID-19 pandemic, on March 27, 2020, the Coronavirus Aid, Relief and Economic Security ("CARES") Act was signed into law. The CARES Act provides temporary relief for retirement plan sponsors and their participants. The provisions of the CARES Act were available to be implemented immediately, prior to formally amending the Plan document.

In March 2022 the Plan formally adopted all provisions of the SECURE and CARES acts.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES**Basis of Accounting**

The accompanying financial statements of the Plan are presented on the modified cash basis of accounting and conform to the accounting requirements of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under that basis, certain revenues and the related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligation is incurred. That basis differs from accounting principles generally accepted in the United States of America ("GAAP") primarily because the Plan has not recognized accounts receivable for employer contributions, accounts payable to vendors, and their related effects on earnings in the accompanying financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Investments Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. See Note 6 for discussions of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to participants' contributions. Accounts payable to participants for contributions in excess of amounts allowed by the IRS were \$0 at December 31, 2022 and \$1,454 at December 31, 2021. The Plan distributed the excess contributions to the applicable participants prior to March 15, 2022.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses for administering the Plan are paid by the Company and are therefore excluded from these financial statements. Fees for investment management and plan administration services are included in administrative expenses and allocated to participants' accounts by the Plan's recordkeeper. Fees for the administration of notes receivable from participants and participant distributions are included in administrative expenses and are charged directly to the participant's account.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 4 - INCOME TAX STATUS

The Company adopted a non-standardized pre-approved profit sharing plan which has received an opinion letter dated June 30, 2020 from the Internal Revenue Service ("IRS") stating that the non-standardized pre-approved profit sharing plan document, in form only, meets the requirements under the applicable sections of the IRC and is therefore qualified. The Plan has not obtained a determination letter from the IRS, nor is it required to do so. The Company and the plan administrator believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC as of December 31, 2022. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan administrator believes it is no longer subject to income tax examinations for the years prior to 2019. There are currently no audits for any tax periods in progress.

NOTE 5 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Fidelity Management Trust Company, the trustee:

	December 31, 2022	December 31, 2021
Investments:		
Mutual funds at fair value	\$ 6,855,897	\$ 7,492,375
Investment income (loss)	\$ (1,348,584)	
Notes receivable from participants	\$ 120,915	\$ 120,774
Interest income on notes receivable from participants	\$ 5,308	

NOTE 6 - FAIR VALUE MEASUREMENT

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or Level 3 inputs were available to the Plan.

MAGNA MACHINE CO. 401(K) PLAN**NOTES TO FINANCIAL STATEMENTS (Continued)**December 31, 2022 and December 31, 2021

NOTE 6 - FAIR VALUE MEASUREMENT (Continued)*Level 1 Fair Value Measurements*

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and December 31, 2021:

<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>
Mutual Funds	\$ <u>6,855,897</u>	\$ <u>6,855,897</u>
Total assets at fair value	\$ <u>6,855,897</u>	\$ <u>6,855,897</u>

<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>
Mutual Funds	\$ <u>7,492,375</u>	\$ <u>7,492,375</u>
Total assets at fair value	\$ <u>7,492,375</u>	\$ <u>7,492,375</u>

Gains and losses (realized and unrealized) included in changes of net assets available for benefits for the year ended December 31, 2022 are reported in net appreciation (depreciation) in fair value of investments.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company, the trustee and affiliated entities. As the trustee, these transactions qualify as exempt party-in-interest transactions.
