Independent Auditors' Report

To the Plan Administrator of
Virginia Tire & Auto 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Virginia Tire & Auto 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Virginia Tire & Auto 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

P 703.218.3600 | hello@mcb.cpa | 12500 Fair Lakes Circle, Suite 260, Fairfax, VA 22033

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Virginia Tire & Auto 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Virginia Tire & Auto 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Virginia Tire & Auto 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Virginia Tire & Auto 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter- Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan:

The following description of the Virginia Tire & Auto 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1996, as a defined contribution plan covering all full-time employees of M.S.S., Inc., d/b/a Virginia Tire & Auto (the Company or Plan Sponsor) and affiliated controlled group members, as defined in the Plan document, with the exception of any non-resident aliens and union employees. Eligible employees may enter the Plan on the date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan's review committee is responsible for oversight of the Plan. The review committee determines the appropriateness of the Plan's investment offerings and monitors investment and overall Plan performance.

Effective March 2020, M.S.S., Inc., converted to a Virginia limited liability company and changed its name to VTA, LLC. VTA, LLC includes all the locations of M.S.S., Inc. In addition, Virginia Tire & Auto of Cascades, LLC, Virginia Tire & Auto of Ashburn/Dulles, LLC, and Virginia Tire & Auto of South Riding LLC became wholly-owned subsidiaries of VTA. LLC.

As of March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act that included optional employee benefit plan provisions to assist plan sponsors and participants. The Plan elected to allow coronavirus-related distributions under the provisions of the CARES Act.

Effective as of January 1, 2021, the Plan changed its service provider to Fidelity Management Trust Company (Fidelity) and adopted a new volume submitter plan document designed by Fidelity. As a result of the change, Plan assets were transferred to Fidelity, as the new Plan trustee and recordkeeper.

Effective as of January 19, 2022, the Plan adopted a new Fidelity pre-approved defined contribution plan document and adoption agreement. There were no significant changes in the polices and provisions adopted. This change was made in compliance with IRS requirements for pre-approved plans.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the plan document, up to the maximum limit as allowed by the Internal Revenue Code (IRC) ($20,500 for 2022 and $19,500 for 2021). Participants may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who are age 50 or older may make additional catch-up contributions up to the maximum amount allowed ($6,500 for both 2022 and 2021). Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions).

Note 1. Description of the Plan (Continued):

Contributions (Concluded)

The Plan allows for the Company to make discretionary matching and profit-sharing contributions, to be determined by the Company for each plan year. Matching contributions, if any, are determined based on a discretionary percentage of participant elective deferrals. Profit sharing contributions, if any, are determined at the discretion of the Company. The profit-sharing portion attributed to each eligible profit-sharing participant would be calculated as the lump sum discretionary profit-sharing contribution made by the Company multiplied by the participant's percentage of eligible compensation relative to eligible compensation of all eligible employees for the plan year. There was no employer matching or profit-sharing contribution for the plan years ended December 31, 2022 or 2021, nor have there been any such contributions since inception of the Plan.

Participant Accounts

Each participant's account is credited with the participant's elective deferral contributions, discretionary employer contributions, if any, and credited or debited with investment earnings or losses (as applicable) and administrative expenses, if any. Participants direct the investment of all contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may receive a partial withdrawal, distribution in substantially equal installments, or a lump-sum distribution equal to the value of the participant's vested interest in his or her account. In-service distributions are permitted if the participant has attained age 59½. In addition, the Plan allows for hardship distributions if certain criteria are met. Terminated participants with less than $5,000 in their account may be subject to the automatic distribution provisions of the plan document.

Vesting

Participants are fully vested in their elective deferral accounts at all times. Employer matching and profit-sharing contributions, if any, vest according to the following schedule, based on the participant's years of service:

Years of Vesting Service	% Vested
Less than 2 years	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Note 1. Description of the Plan (Concluded):

Forfeitures

The Plan provides that forfeitures may be used to reduce employer contributions or to pay plan administrative expenses. The Plan does not have forfeitures as no employer matching or profit-sharing contributions have been made since the inception of the Plan.

Administrative Costs

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation/depreciation in fair value of investments.

Note 2. Summary of Significant Accounting Policies:

Basis of Accounting

The financial statements are presented on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for discussion of fair value measurements.

Net appreciation (depreciation) in fair value of investments included in the accompanying Statements of Changes in Net Assets Available for Benefits includes realized gains and losses from the sale of investments, and unrealized appreciation and depreciation in fair value of investments. Net unrealized appreciation and depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid. Amounts included in net assets available for benefits, which are allocated to accounts of terminated participants who have withdrawn from the Plan, were not significant at December 31, 2022 or 2021.

Note 3. Information Certified by Trustee/Custodian, Unaudited:

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan trustee, Fidelity Management Trust Company, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31, 2022 and 2021. Fidelity became the plan trustee as of January 1, 2021, but the funds did not fully transfer from predecessor trustee until mid-January 2021. The Plan also obtained certified information from predecessor trustee as of February 28, 2021, and for the period from January 1, 2021 to February 28, 2021.

	2022	2021
Investments	$ 6,906,156	$ 9,536,453
Interest and dividends	2,527	64,159
Net appreciation (depreciation) in fair value of investments	(1,728,734)	1,179,299

Note 4. Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Note 4. Fair Value Measurements (Concluded):

Following is a description of the valuation methodologies used for assets measured at fair value.

Common Collective Trusts (CCT)-: Valued at the Net Asset Value (NAV) of the underlying investments as determined by Fidelity or the CCT's vendor/pricing agent.

Mutual Funds- Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

The Plan Sponsor is responsible for the determination of fair value. Accordingly, the Plan Sponsor performs periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the Plan Sponsor has not historically adjusted the prices obtained from the pricing services. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's financial assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value			
	Total	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2022:				
Mutual Funds	$ 400,337	$ 400,337	$ -	$ -
Common Collective Trusts (1)	6,505,819			
Total Investments at Fair Value	$ 6,906,156			
December 31, 2021:				
Mutual Funds	$ 675,614	$ 675,614	$ -	$ -
Common Collective Trusts (1)	8,860,839			
Total Investments at Fair Value	$ 9,536,453			

(1) The Common Collective Trust assets are valued by Fidelity or the CCT's vendor/pricing agent at net asset value, and in accordance with Accounting Standards Update (ASU) 2015-07, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5. Related Party and Party-In-Interest Transactions:

Certain transactions that are considered party-in-interest transactions relate to normal management and administrative services, and the payment of expenses related thereto. Certain Plan investments are managed by Fidelity, the trustee of the Plan, and a party-in-interest to the Plan. Fees paid by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments, as such fees are deducted from investment earnings, rather than a direct payment from the Plan.

Note 6. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA.

Note 7. Tax Status:

Effective as of January 19, 2022, the Plan adopted a new Fidelity pre-approved defined contribution plan document and adoption agreement. The pre-approved plan received an opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

As of January 1, 2021, the Plan had adopted a volume submitter defined contribution plan designed by Fidelity Management & Research Company. The volume submitter plan received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the form of the Plan was acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. Therefore, the related trust was tax-exempt, and the Plan was required to operate in conformity with the IRC to maintain its qualification.

Prior to the change in January 2021, the Plan had adopted a volume submitter plan designed by OneAmerica Financial Partners, Inc. which received a favorable advisory letter from the IRS dated March 31, 2014, which states that the volume submitter plan was designed in accordance with applicable sections of the IRC and, therefore, was exempt from taxation.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan sponsor has analyzed the tax positions taken by the Plan and is not aware of any uncertain tax positions that would require an adjustment to taxable income or disclosure in the financial statements as of December 31, 2022 or 2021. The Plan is subject to routine audits by taxing jurisdictions, however, there is no audit in progress for any tax period.

Note 8. Risks and Uncertainties:

Investments

The Plan invests in investment securities which are exposed to various risks, including, but not limited to, interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits.

Note 9. Subsequent Events:

The Plan evaluated subsequent events through October 11, 2023, the date the financial statements were available to be issued.

Effective May 22, 2023, the Plan adopted an automatic enrollment feature for 2% pre-tax employee deferrals, with a 35-day notification period prior to automatic enrollment date. The notification period is the amount of time prior to the start of automatic enrollment that a participant can opt out of automatic enrollment or make a different deferral election.

The Plan is not aware of any other subsequent event which would require recognition or disclosure in the financial statements.
