REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees

Friends of the Israel Defense Forces Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We were engaged to perform audits of the financial statements of the Friends of the Israel Defense Forces Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for disclaimer of opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements may have been affected by these conditions.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Friends of the Israel Defense Forces Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan, established in accordance with Section 403(b) of the Internal Revenue Code of 1986 (the “Code”), covering all eligible employees of Friends of the Israel Defense Forces (“Plan Sponsor”), who are at least of 21 years of age and are hired to work more than 1,000 hours in a specified 12-month period. Eligible employees may participate in the Plan on the first day of the month following the commencement date of their employment. The Plan administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan’s investment offerings, and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Principal Trust Company is the Plan’s recordkeeper and custodian. The recordkeeper or its affiliates also provide investment management and issue or hold in trust the Plan’s investments. The Plan was restated effective September 7, 2017.

Contributions

Participants may contribute up to the maximum dollar amount, prescribed by law, of pre-tax and after-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, and in certain circumstances, may be eligible to make special Section 403(b) catch-up or the years-of-service catch-up regardless of age. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan was amended and restated effective July 1, 2022 such that the Plan Sponsor shall make discretionary matching contributions on behalf of each participant to the Plan. For the Plan year ended December 31, 2022, the Plan Sponsor made a matching contribution to the Plan on behalf of each participant in an amount equal to 100% of the first 4% of compensation that a participant contributed to the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and Plan Sponsor discretionary matching contributions and other discretionary contributions (if applicable), as well as plan earnings. Participants’ accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their elective salary deferral contributions. Vesting in the Plan Sponsor's discretionary matching contributions and other discretionary contributions, plus earnings thereon, is based on years of service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1 or more	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance (reduced by any outstanding loan balance). The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 2% above the prime rate, as defined. Principal and interest is paid ratably through monthly payroll deductions. The maximum number of loans a participant may have outstanding at any time is one. The loans bear interest ranging from 5.25% to 6.75% and maturing at various dates through September 2026.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant (or designated beneficiary) may elect to receive a distribution from the vested interest balance of their account. Distribution options include direct rollover, lump-sum payments, partial payments, annuities, or installments. Participants may also take a distribution from their account balances for payment of qualifying hardship expenses with certain restrictions. In addition, participants may elect in-service withdrawals of their account balances after reaching age 59½ once annually. Minimum required distributions for participants who have reached age 72 also apply per Internal Revenue Service ("IRS") regulations.

Forfeitures

At December 31, 2022 and 2021, there were \$1,457 and \$1,713 of forfeited non-vested accounts, respectively. Per the provisions of the Plan document, forfeited non-vested accounts can be used to reduce future employer contributions. During the year ended December 31, 2022, \$0 forfeitures were used to reduce employer contributions.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("US GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant's loan to be a distribution, the participant's loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distribution fees from withdrawals are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are deducted from the net appreciation of fair value of investments.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company has certified that the following information in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments, at fair value and contract value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

The Plan's independent accountants did not perform auditing procedures with respect to this information.

NOTE 4 - GROUP ANNUITY CONTRACT

The Principal Fixed Income Guaranteed Option is a guaranteed general-account backed group annuity contract that has been issued by Principal Life Insurance Company ("Principal Life") to Principal Trust Company as custodian. A rate of interest contractually guaranteed by Principal Life is credited to participants' account balances. As a guaranteed insurance contract, this is not an investment, but is a group annuity contract with a guarantee backed by the assets in the multi-billion dollar general account of Principal Life. The general account consists of over 6,000 investments, which include corporate bonds, asset-backed securities, commercial real estate mortgages, government bonds, and short-term cash equivalents.

The Principal Fixed Income Guaranteed Option is included in the financial statements at contract value, which approximates fair value. Contract value, as reported to the Plan by Principal Life, represents contributions made under the contract, plus earnings, less participants' withdrawals and administrative expenses. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount at which participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment.

The Principal Fixed Income Guaranteed Option offers three important characteristics: (1) stability of principal - the value does not fluctuate with the stock and bond markets; (2) a declared interest rate - you know in advance what interest will be earned; and (3) no transfer charges will apply to participants - no redemption fees, early withdrawal charges, or market value adjustments are charged on participant transfers of assets into or out of the Principal Fixed Income Guaranteed Option.

An employer-level liquidation or employer-initiated transfer of the Plan's interest in the Principal Fixed Income Guaranteed Option will be subject to either a 12-month advance notice or a 5% surrender charge. A 5% surrender charge will also apply if the cumulative percentage of participant transfers from the Principal Fixed Income Guaranteed Option exceeds 20% of the Plan's interest in the contract during the 12-month period immediately preceding the employer-level surrender of the Plan's interest in the contract. If this scenario occurs, the surrender charge will be billed to the employer.

As of December 31, 2022 and 2021, the Plan's investment in the group annuity contract totaled \$164,933 and \$27,342, respectively.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Under the terms of the existing contract, the crediting interest rate is based on a formula agreed upon with the issuer. The crediting rate is currently reset on a semi-annual basis and will not be less than the guaranteed minimum interest rate. In no case will the guaranteed minimum interest rate be less than 1% or greater than 3%.

Certain events limit the ability of the Plan to transact at contract value with Principal Life. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity cash provisions; (3) bankruptcy of the Plan Sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 5 - FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology included:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the overall fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Investments in mutual funds are valued at unadjusted quoted market prices, which represent the net asset value ("NAV") of shares owned by the Plan at year end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no transfers in and out of Level 1, 2 or 3 for the years ended December 31, 2022 and 2021.

NOTE 6 - RELATED-PARTY AND PARTIES-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Principal Trust Company, which is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan also permits notes receivable from participants.

NOTE 7 - PLAN AMENDMENTS AND TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

The Plan Sponsor may amend the Plan at any time. In no event, however, will any amendment authorize or permit any part of the Plan's assets to be used for purposes other than the exclusive benefit of participants or their beneficiaries. Additionally, no amendment will cause any reduction in the amount previously credited to the participant's account.

NOTE 8 - TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Code. The terms of the Plan have been prepared to conform to the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b). The Plan administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the Code and, therefore, believes that the Plan is qualified and the related accounts are tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to

Friends of the Israel Defense Forces Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The most recent investigation by the DOL was concluded with no adverse finding as per the closing letter dated December 12, 2019. There are currently no audits for any tax periods in progress.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - ACCOUNTING AND PAYROLL RECORDS

In November 2007, the DOL issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of ERISA, as amended. Prior to the amended regulations, the Plan was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan Sponsor.

Accordingly, various accounting and payroll records related to the Plan's 403(b) annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009 were not sufficiently maintained by the Plan. Consequently, the financial statements have been prepared based on available records analyzed by plan management. As certain records were not available from the inception of the Plan, the effect, if any, on the completeness or accuracy of the Plan's financial statements cannot be determined.

NOTE 11 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 5, 2023, the date that the financial statements were available to be issued.

There have been no subsequent events that required adjustment to or disclosure in the financial statements as of and for year ended December 31, 2022.
