Independent Auditor's Report

Plan Administrator
KWRI 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of KWRI 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Plan Merger

As discussed in Note 1 to the financial statements, the Board of Directors of the Keller Williams Realty, Inc., the Plan Sponsor, voted on November 2, 2021 to merge the Keller Mortgage Retirement Savings Plan into the KWRI 401(k) Plan effective January 1, 2022, when control of the assets transferred. Our opinion has not been modified with respect to this matter.

Emphasis of Matter—Partial Plan Termination

As discussed in Note 1 to the financial statements, the Plan downsized its operations which resulted in a partial plan termination. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KWRI 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of KWRI 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of Keller Williams Realty, Inc. (the Company, Plan Sponsor or Plan Administrator) who have completed 30 days of service and are not a member of an excluded class. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan merger: On January 1, 2022, Keller Mortgage Retirement Savings Plan merged into the Plan. As a result, net assets of \$12,701,342 were transferred to the control of the Plan effective January 1, 2022. Physical transfer of the assets into the Plan occurred in June 2022. The merger does not impact participants' benefits as the benefit provisions were incorporated in the KWRI 401(k) Plan.

Partial plan termination: In 2022, the Company downsized its operations which resulted in a partial plan termination. All participants affected by the partial plan termination became fully vested in their accounts.

Plan amendment: On January 1, 2022, the Plan was amended to change the vesting period. Participants are fully vested after one year of service.

Contributions: The Company funded a matching contribution of up to 6% of eligible participant compensation for the year ended December 31, 2022. The Company contributions are invested pro rata with the participant contributions. Contributions are subject to certain limitations.

Participants may elect to contribute up to 100% of eligible compensation, as defined by the Plan document, up to the maximum allowed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may designate some or all of their contributions as Roth deferrals. Once designated as a Roth deferral, this election is irrevocable and cannot be changed back to a pretax contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balance fund until changed by the participant.

Participant accounts: Participants direct the investment of their contributions into various investment options offered by the Plan.

Each participant's account is credited with the participant's contribution, allocations of the Company's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions. Participants become fully vested in employer matching contributions and any employer discretionary contributions, plus actual earnings thereon after one year of service.

KWRI 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Forfeitures: Participant forfeitures of nonvested balances are used first to pay expenses of the Plan and then to reduce employer contributions. During 2022, employer contributions were reduced by \$69,979 from forfeited nonvested accounts. On December 31, 2022 and 2021, unallocated forfeitures totaled \$21,592 and \$0, respectively.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to 50% of their total vested account balance or \$50,000, whichever is less. The notes are collateralized by the balance of the participant's account and bear interest at prime plus 1%. At December 31, 2022, the rate on all notes range from 4.25% to 8.50%, and mature through December 2027. All Plan notes must be repaid in five years, except those that are used for the purchase of a principal residence in which case a longer repayment term is permitted. In most cases, repayment of the note will be made through after-tax payroll deductions.

Distributions during employment: As a general rule, participant's contributions will remain in the Plan as long as the participant remains employed by the Company. The Plan does provide exceptions to this rule for withdrawals of the participant's contributions under certain circumstances (subject to the satisfaction of the Plan Administrator) that include the following:

- Medical expenses
- Purchase of a principal residence
- Post-secondary education for participant or their dependents
- To prevent eviction from or foreclosure on the participant's principal residence
- Payment of funeral expenses for a member of the participant's family
- Expenses for repair of damage to the participant's principal residence that would qualify for the casualty deduction under IRC section 165

Payment of benefits: Benefits become available to participants on the earliest of four events: (1) termination of employment, (2) death of the participant (benefits are payable to the participant's spouse or beneficiary), (3) disability of the participant or (4) the participant's retirement.

If the participant is terminated and the vested balance is less than \$1,000, the balance will be automatically paid out in a lump sum. If a participant is terminated and his/her vested balance is less than \$5,000, but greater than \$1,000, the balance will be rolled over to an individual retirement account designated by the Plan Administrator. If the participant's vested account balance exceeds \$5,000, the participant's benefits will not be distributed until the participant requests payment from the Plan Administrator. The benefits can be left in the Plan until the participant retires. However, the participant is required to begin taking minimum distributions the calendar year the participant turns 72 or terminates employment, whichever is later. In-service withdrawals are permitted after age 59½.

On termination of service due to death prior to retirement, the account balance is paid to the participant's spouse or beneficiary upon request. On termination of service due to retirement after age 65, the account balance is paid to the participant upon request.

KWRI 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Investment securities are exposed to various risks, such as interest rate and credit risk. Due to the level of risks associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Expenses: Certain expenses of maintaining the Plan have been paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account balance and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid balance plus any accrued, but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of benefits: Benefits are recorded when paid.

Note 3. Information Certified or Provided by Matrix Trust Company (Matrix)

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified Matrix Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2022	2021
Cash	\$ 21,592	\$ 43,432
Money market funds	2,967,435	2,665,213
Mutual funds	65,465,165	57,111,545
	<u>\$ 68,454,192</u>	<u>\$ 59,820,190</u>
Notes receivable from participants	<u>\$ 593,653</u>	<u>\$ 306,700</u>

The trustee also certified to the completeness and accuracy of \$12,780,343 of net depreciation in fair value of investments, \$1,992,497 of interest and dividends related to the aforementioned investments and \$34,104 of interest income on notes receivable from participants for the year ended December 31, 2022.

Note 4. Fair Value Measurements

The framework for measuring fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Note 4. Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money market funds: Valued at cost plus accrued earnings, which approximates fair value.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

		December 31, 2022			
		Level 1	Level 2	Level 3	Total
Assets:					
Money market funds	\$	2,967,435	\$ -	\$ -	\$ 2,967,435
Mutual funds		65,465,165	-	-	65,465,165
	\$	68,432,600	\$ -	\$ -	\$ 68,432,600
		December 31, 2021			
		Level 1	Level 2	Level 3	Total
Assets:					
Money market funds	\$	2,665,213	\$ -	\$ -	\$ 2,665,213
Mutual funds		57,111,545	-	-	57,111,545
	\$	59,776,758	\$ -	\$ -	\$ 59,776,758

Note 5. Party-in-Interest Transactions

Matrix is the trustee of the Plan, therefore, transactions with the trustee qualify as party-in-interest transactions. Fees paid by the Plan to the trustee totaled \$122,350 for the year ended December 31, 2022. The Plan Sponsor also paid certain administrative expenses of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7. Tax Status

The Plan adopted a non-standardized form of a prototype plan sponsored by CCH Incorporated (DBA FT William Com). The Plan has received a determination letter from the Internal Revenue Service (IRS) as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500:

	December 31	
	2022	2021
Net assets available for benefits per the financial statements	\$ 69,459,497	\$ 60,126,890
Less: current-year employee receivable	\$ (217,591)	\$ -
Less: current-year employer receivable	(194,061)	-
Net assets per Form 5500	<u>\$ 69,047,845</u>	<u>\$ 60,126,890</u>

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statements to net loss per the Form 5500:

Net decrease in net assets available for benefits per the financial statements	\$ (3,368,735)
Less: current-year employee receivable	\$ (217,591)
Less: current-year employer receivable	(194,061)
Net loss per Form 5500	<u>\$ (3,780,387)</u>

Note 9. Subsequent Events

The Plan changed the record keeper and third-party administrator to Reliance Trust Company as of January 1, 2023.

On January 1, 2023, the Plan was amended to change the discretionary employer match contribution from 6% to 4%.

The Plan has evaluated subsequent events through October 11, 2023, the date the financial statements were available to be issued.
