Independent Auditor's Report

October 3, 2023

To the Participants, Plan Administrator and Trustee of
The Employees' Profit Sharing & Retirement Plan of Haun Welding Supply, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Haun Welding Supply, Inc. Employees' Profit Sharing & Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the ***Auditor's Responsibilities for the Audits of the Financial Statements*** section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the ***Auditor's Responsibilities for the Audits of the Financial Statements*** section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*** section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at Year End) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE EMPLOYEES' PROFIT SHARING & RETIREMENT PLAN OF
HAUN WELDING SUPPLY, INC.

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of plan

The following description of the Employees' Profit Sharing & Retirement Plan of Haun Welding Supply, Inc. (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a qualified defined contribution profit sharing plan under Section 401(a) of the Internal Revenue Code with a Section 401(k) provision. Employees of Haun Welding Supply, Inc. and its affiliate Haun Specialty Gases, Inc. (collectively the "Company") are eligible to participate in the Plan after meeting certain eligibility requirements. All assets acquired under the Plan are the result of employee and employer contributions thereto and all income and other additions thereto are administered, distributed, forfeited or otherwise governed by the provisions of the Plan and the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan amendments - Effective January 1, 2022, the Plan was amended and restated to comply with current required Internal Revenue Service rules and regulations. The Plan implemented certain provisions of the Coronavirus Aid, Relief and Economic Security Act (the "CARES Act"), a law which allows immediate changes to the Plan, to among others, provide temporary tax relief for Coronavirus related distributions up to \$100,000 and suspends required minimum distributions. The Plan has also implemented certain required provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"), a law which, among others, extends the age for required minimum distributions to seventy-two. The amendments have been formally adopted effective January 1, 2022.

Eligibility - The Plan has separate entry dates for elective employee contributions and Company contributions. Employees are eligible to make elective contributions in the Plan upon reaching the age of eighteen. Once an employee meets the eligibility requirements, the Plan automatically enrolls them under its automatic enrollment feature. Under automatic enrollment, a participant is automatically enrolled to begin making elective contributions of 3% of their annual compensation to the Plan. This deferral percentage is increased automatically by 1% each year, up to a maximum of 10%, unless the participant elects a different percentage or expressly elects not to participate in the Plan. Employees are eligible to receive the Company matching contributions on the first day of the Plan year quarter after attaining one year of service.

Contributions - Participants are allowed to make elective 401(k) salary deferrals up to the maximum amount allowed by the Internal Revenue Code. Participants who meet certain age requirements are allowed to make catch-up elective deferrals. Rollover contributions from other qualified plans are permitted. The Company makes non-discretionary matching contributions equal to 25% of the first 8% of eligible compensation that a participant contributes to the Plan, up to a maximum of 4% of eligible compensation. The Company's non-discretionary matching contributions were \$225,248 for the year ended December 31, 2022. The Company's non-discretionary matching contributions were \$203,858 for the year ended December 31, 2021 of which the Company paid \$185,004 and recorded as employee contribution receivable of \$18,854

as of December 31, 2021, which was remitted in 2022. The Company may also make additional profit sharing discretionary contributions on an annual basis. There were no discretionary profit-sharing contributions for the years ended December 31, 2022 and 2021.

Vesting - Participants are vested immediately in their elective salary deferral and rollover contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on the years of credited service. Participants are 100% vested in Company matching and discretionary contributions after six years of credited service.

Forfeited accounts - Forfeited, non-vested accounts totaled \$31,852 and \$25,682 at December 31, 2022 and 2021, respectively. These accounts can be used to reduce future employer contributions or pay administrative expenses, which are at the discretion of the plan administrator. There were no forfeited, non-vested accounts used for the years ended December 31, 2022 and 2021.

Participant accounts - Each participant's account is credited with the participant's elective deferral contribution, the Company's contributions and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants can access their account information via Hand Benefits & Trust Company's website where they have ability to change their elective deferrals and investment options as well as apply for participant notes receivable and request distributions.

Investment options - Upon enrollment in the Plan, a participant may direct contributions in a variety of investment options offered by the Plan. Participants may change their investment options daily through online access, as explained above.

Notes receivable from participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is lower. The loans are secured by the balance in the participant's accounts and bear interest at a fixed rate of the prime rate plus 1%. Interest rates on outstanding loans range from 4.25% to 6.00% as of December 31, 2022. Principal and interest are paid ratably through payroll deductions. The plan administrator will consider a loan in default if any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment. Any notes that are in default as defined by the plan document are reported as either deemed distributions or benefit payments.

Deemed distributions - Deemed distributions represent the amount of unpaid principal on participant notes receivable who are active in the Plan or have terminated employment and have not continued to make payments on the outstanding note receivable as required under the plan document. There were no deemed distributions for the years ended December 31, 2022 and 2021.

Payment of benefits - Upon termination of service due to retirement, death, or disability, benefits are distributed to the participant or beneficiary in a lump sum payment or installment payments, at the request of the participant or beneficiary. If the value of a terminated participant's vested interest is \$1,000 or less, the participant's account value will be automatically distributed to the participant in a lump-sum amount.

Hardship withdrawals - A participant may apply for a hardship withdrawal to assist in the payment of several types of personal hardships as defined by the plan document. Any hardship distribution is limited to the participant's elective deferral amount.

Plan termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2 - Summary of significant accounting policies

Method of accounting - The Plan maintains its accounting records and financial statements on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of plan income and expenses during the reporting period. Actual results could differ from those estimates.

Risks and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and overall market risk. Market risks include domestic and global events which could impact the value of investment securities, such as economic concerns, i.e., inflation and international conflicts, respectively. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Investment valuation and income recognition - Investments are stated at fair market value (see Note 5) with the exception of the common collective trust, which are valued at net asset value ("NAV") as a practical expedient as reported by the sponsor of the trust, see below. All investment values have been determined and certified by Hand Benefits & Trust Company, the Trustee of the Plan (see Note 4). Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in the statements of changes in net assets, the net appreciation (depreciation) in investments, which consists of the realized gains or losses and the unrealized gains or losses on those investments, including interest and dividends on investment funds.

The Plan's investment in the Morley Stable Value Fund is included in the statements of net assets available for benefits at NAV. NAV represents contributions made to the Morley Stable Value Fund, plus earnings, less participant withdrawals and administrative expenses. NAV is reported to the Plan by Hand Benefits & Trust Company, through an independent pricing service approved by the Trustee. The Morley Stable Asset Fund is a collective investment trust whose objective is to provide preservation of capital, relatively stable returns consistent with its

comparatively low risk profile and liquidity for benefit responsive payments. The Morley Stable Value Fund invests primarily in a variety of high-quality stable value investment contracts as well as cash and cash equivalents. Unit holders may ordinarily direct the withdrawal or transfer of all or a portion of their investment at net asset value daily. Withdrawals other than benefit payments and transfers require twelve-month advance written notice. Certain plan sponsor-directed action also requires advance written notices and may limit the ability of unit holders to transact at net asset value. Such events include but are not limited to (i) Trustee or plan sponsor-directed reallocation of investments; (ii) company-sponsored layoffs/termination of groups of employees; (iii) disposing of or selling a component of the business which involves the transfer or termination of employees; (iv) terminating the Morley Stable Value Fund as an investment option of the Plan; and (v) terminating the Plan. The Plan administrator does not believe any events which would limit unit holders to transact at net asset value are probable of occurring. There were no redemption restrictions or unfunded commitments as of December 31, 2022 or 2021. Investments measured at NAV per share are not required to be classified in the fair value hierarchy.

The gross crediting interest rate for the Morley Stable Value Fund was 2.601% and 1.93% for the years ended December 31, 2022 and 2021, respectively.

Economic dependency and concentration of credit risk - Approximately 50%, 19% and 18% of the Plan's investments were held and administered by The Vanguard Group, T. Rowe Price and American Funds at December 31, 2022, respectively. Approximately 48%, 21% and 21% of the Plan's investments were held and administered by The Vanguard Group, T. Rowe Price and American Funds at December 31, 2021, respectively. Accordingly, the Plan is dependent upon the financial condition of these companies.

Administrative expenses - Costs of managing the investments are paid directly out of the plan assets, which are reported as part of net appreciation (depreciation) in investments, which qualify as party-in-interest transactions. Administrative costs, including legal and accounting costs, are the obligation of the Plan; however, the plan sponsor may pay for such expenses or reimburse the Plan for any payment of these expenses. Certain administrative costs for maintaining participant accounts for terminated participants are paid directly out of plan assets (see Note 6).

Notes receivable from participant - Participant notes receivable are measured at their unpaid principal balance plus accrued but unpaid interest. Management individually reviews all notes receivable balances that exceed forty-five days from the date of the most recent payment and, based on the assessment of credit worthiness, estimates the portion, if any, of the balance that will not be collected. Currently, there is no valuation allowance recorded; however, management will record an allowance, if and when potentially uncollectable participant notes receivable become material. If a participant defaults on a note receivable and distribution from the participant account has been made during the Plan year because the participant has left the Plan, the defaulted note receivable will be reported as benefits paid to participants on the statements of changes in net assets available for benefits and deducted from the receivable balance.

Payment of benefits - Benefits are recorded when paid.

Subsequent events - Management has evaluated subsequent events through October 3, 2023, the date that the financial statements were available for issue.

Note 3 - Income tax status

The Company has adopted a prototype non-standardized profit sharing plan sponsored by Benefit Plans Administrative Services, LLC. The Internal Revenue Service has ruled that the Plan is acceptable under Section 401(a) of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The management of the Company and the plan administrator are not aware of any matters that would disqualify the Plan.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and interest for the years ended December 31, 2022 or 2021. The Plan is no longer subject to regulatory examinations by tax authorities for the closed tax years before 2019.

Note 4 - Information certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held as of December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Hand Benefits & Trust Company, the Trustee of the Plan. Furthermore, the Plan's independent accountants did not perform auditing procedures with respect to the information except to compare such information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 5 - Fair value measurements

The Financial Accounting Standards Board has published authoritative guidance on Fair Value Measurements, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets; |

- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value.

Registered investment companies (i.e., mutual funds) - Valued at the daily closing price reported on the active market on which the individual security is traded (Level 1).

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes to valuation methodology used as of December 31, 2022 and 2021.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2022				
	Level 1	Level 2	Level 3	Total

Registered investment companies	<u>\$ 24,550,431</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 24,550,431</u>

Note 6 - Related party transactions

Certain plan investments are funds managed by Hand Benefits & Trust Company (“HB&T.”) the Trustee of the Plan. HB&T is owned by Benefit Plan Administrative Services, LLC (“BPAS”) the third-party administrator of the Plan, which qualify as party-in-interest transactions. The investment fees paid for HB&T’s services are included in the net appreciation (depreciation) in fair value of investments on the accompanying statements of changes in net assets available for benefits.

The Plan pays for certain expenses related to plan operations and investment advisory to various service providers, which are party-in-interest transactions under ERISA and are included in administrative expenses on the accompanying statements of changes in net assets available for benefits as follows: the Plan contracts with BPAS to provide recordkeeping and third-party administrative services. Fees paid for these services amounted to \$18,326 and \$21,236 for the years ended December 31, 2022 and 2021, respectively. The Plan contracts with Reagan Companies Asset Management, Inc. to provide investment management services. Fees paid for these services amounted to \$57,467 and \$60,998 for the years ended December 31, 2022 and 2021, respectively.
