SCHEDULE H (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Financial Information This schedule is required to be filed under section 104 of the Employee Retirement Income Security Act of 1974 (ERISA), and section 6058(a) of the Internal Revenue Code (the Code). ► File as an attachment to Form 5500.	OMB No. 1210-0110 2022 This Form is Open to Public Inspection
For calendar plan year 2022 or fiscal plan year beginning <u>01/01/2022</u> and ending <u>12/31/2022</u>		
A Name of plan <u>ORSCHL N INDUSTRIES RETIREMENT PROGRAM</u>	B Three-digit plan number (PN) ►	<u>001</u>
C Plan sponsor's name as shown on line 2a of Form 5500 <u>ORSCHL N MANAGEMENT CO</u>	D Employer Identification Number (EIN) <u>43-1465246</u>	

Part I	Asset and Liability Statement	
1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.		
	Assets	
		(a) Beginning of Year (b) End of Year
a Total noninterest-bearing cash.....	1a	
b Receivables (less allowance for doubtful accounts):		
(1) Employer contributions.....	1b(1)	771325 433109
(2) Participant contributions.....	1b(2)	
(3) Other.....	1b(3)	
c General investments:		
(1) Interest-bearing cash (include money market accounts & certificates of deposit).....	1c(1)	
(2) U.S. Government securities	1c(2)	
(3) Corporate debt instruments (other than employer securities):		
(A) Preferred	1c(3)(A)	
(B) All other	1c(3)(B)	
(4) Corporate stocks (other than employer securities):		
(A) Preferred	1c(4)(A)	
(B) Common.....	1c(4)(B)	
(5) Partnership/joint venture interests.....	1c(5)	
(6) Real estate (other than employer real property)	1c(6)	
(7) Loans (other than to participants).....	1c(7)	
(8) Participant loans.....	1c(8)	
(9) Value of interest in common/collective trusts.....	1c(9)	
(10) Value of interest in pooled separate accounts	1c(10)	27739254 21106333
(11) Value of interest in master trust investment accounts.....	1c(11)	
(12) Value of interest in 103-12 investment entities	1c(12)	
(13) Value of interest in registered investment companies (e.g., mutual funds).....	1c(13)	84086570 68735874
(14) Value of funds held in insurance company general account (unallocated contracts).....	1c(14)	23739207 23749604
(15) Other	1c(15)	

1d Employer-related investments:		(a) Beginning of Year	(b) End of Year
(1) Employer securities	1d(1)		
(2) Employer real property	1d(2)		
e Buildings and other property used in plan operation	1e		
f Total assets (add all amounts in lines 1a through 1e)	1f	136336356	114024920

Liabilities

g Benefit claims payable	1g		
h Operating payables	1h		
i Acquisition indebtedness	1i		
j Other liabilities	1j		
k Total liabilities (add all amounts in lines 1g through 1j)	1k	0	0

Net Assets

l Net assets (subtract line 1k from line 1f)	1l	136336356	114024920
---	-----------	-----------	-----------

Part II Income and Expense Statement

2 Plan income, expenses, and changes in net assets for the year. Include all income and expenses of the plan, including any trust(s) or separately maintained fund(s) and any payments/receipts to/from insurance carriers. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 2a, 2b(1)(E), 2e, 2f, and 2g.

Income

		(a) Amount	(b) Total
a Contributions:			
(1) Received or receivable in cash from: (A) Employers	2a(1)(A)	2949027	
(B) Participants	2a(1)(B)	5954193	
(C) Others (including rollovers)	2a(1)(C)	53869	
(2) Noncash contributions	2a(2)		
(3) Total contributions. Add lines 2a(1)(A) , (B) , (C) , and line 2a(2)	2a(3)		8957089
b Earnings on investments:			
(1) Interest:			
(A) Interest-bearing cash (including money market accounts and certificates of deposit)	2b(1)(A)		
(B) U.S. Government securities	2b(1)(B)		
(C) Corporate debt instruments	2b(1)(C)		
(D) Loans (other than to participants)	2b(1)(D)		
(E) Participant loans	2b(1)(E)		
(F) Other	2b(1)(F)	400097	
(G) Total interest. Add lines 2b(1)(A) through (F)	2b(1)(G)		400097
(2) Dividends: (A) Preferred stock	2b(2)(A)		
(B) Common stock	2b(2)(B)		
(C) Registered investment company shares (e.g. mutual funds)	2b(2)(C)	1644481	
(D) Total dividends. Add lines 2b(2)(A) , (B) , and (C)	2b(2)(D)		1644481
(3) Rents	2b(3)		
(4) Net gain (loss) on sale of assets: (A) Aggregate proceeds	2b(4)(A)		
(B) Aggregate carrying amount (see instructions)	2b(4)(B)		
(C) Subtract line 2b(4)(B) from line 2b(4)(A) and enter result	2b(4)(C)		0
(5) Unrealized appreciation (depreciation) of assets: (A) Real estate	2b(5)(A)		
(B) Other	2b(5)(B)		
(C) Total unrealized appreciation of assets. Add lines 2b(5)(A) and (B)	2b(5)(C)		0

		(a) Amount	(b) Total
(6) Net investment gain (loss) from common/collective trusts	2b(6)		
(7) Net investment gain (loss) from pooled separate accounts	2b(7)		-5865302
(8) Net investment gain (loss) from master trust investment accounts	2b(8)		
(9) Net investment gain (loss) from 103-12 investment entities.....	2b(9)		
(10) Net investment gain (loss) from registered investment companies (e.g., mutual funds)	2b(10)		-17023082
c Other income	2c		60870
d Total income. Add all income amounts in column (b) and enter total	2d		-11825847
Expenses			
e Benefit payment and payments to provide benefits:			
(1) Directly to participants or beneficiaries, including direct rollovers	2e(1)	10125717	
(2) To insurance carriers for the provision of benefits	2e(2)		
(3) Other	2e(3)		
(4) Total benefit payments. Add lines 2e(1) through (3)	2e(4)		10125717
f Corrective distributions (see instructions)	2f		
g Certain deemed distributions of participant loans (see instructions)	2g		
h Interest expense	2h		
i Administrative expenses: (1) Professional fees	2i(1)	13500	
(2) Contract administrator fees	2i(2)	264447	
(3) Investment advisory and management fees	2i(3)	80000	
(4) Other	2i(4)	1925	
(5) Total administrative expenses. Add lines 2i(1) through (4)	2i(5)		359872
j Total expenses. Add all expense amounts in column (b) and enter total	2j		10485589
Net Income and Reconciliation			
k Net income (loss). Subtract line 2j from line 2d	2k		-22311436
l Transfers of assets:			
(1) To this plan	2l(1)		
(2) From this plan	2l(2)		

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: WILLIAMS-KEEPERS LLC

(2) EIN: 43-1126847

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)

	Yes	No	Amount
4a		X	

	Yes	No	Amount
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)			
4b		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)			
4c		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)			
4d		X	
e Was this plan covered by a fidelity bond?	X		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
4f		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4g		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4h		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
4i	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)			
4j		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?			
4k		X	
l Has the plan failed to provide any benefit when due under the plan?			
4l		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
4m		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			
4n			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☐ Yes ☐ No ☐ Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.

SCHEDULE R (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Retirement Plan Information This schedule is required to be filed under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6058(a) of the Internal Revenue Code (the Code). ► File as an attachment to Form 5500.	OMB No. 1210-0110 2022 This Form is Open to Public Inspection.
For calendar plan year 2022 or fiscal plan year beginning 01/01/2022 and ending 12/31/2022		
A Name of plan ORSCHELN INDUSTRIES RETIREMENT PROGRAM		B Three-digit plan number (PN) ► 001
C Plan sponsor's name as shown on line 2a of Form 5500 ORSCHELN MANAGEMENT CO		D Employer Identification Number (EIN) 43-1465246
Part I Distributions		
All references to distributions relate only to payments of benefits during the plan year.		
1 Total value of distributions paid in property other than in cash or the forms of property specified in the instructions.....		1 0
2 Enter the EIN(s) of payor(s) who paid benefits on behalf of the plan to participants or beneficiaries during the year (if more than two, enter EINs of the two payors who paid the greatest dollar amounts of benefits): EIN(s): 22-1211670		
Profit-sharing plans, ESOPs, and stock bonus plans, skip line 3.		
3 Number of participants (living or deceased) whose benefits were distributed in a single sum, during the plan year.....		3
Part II Funding Information (If the plan is not subject to the minimum funding requirements of section 412 of the Internal Revenue Code or ERISA section 302, skip this Part.)		
4 Is the plan administrator making an election under Code section 412(d)(2) or ERISA section 302(d)(2)? ☐ Yes ☐ No ☐ N/A If the plan is a defined benefit plan, go to line 8.		
5 If a waiver of the minimum funding standard for a prior year is being amortized in this plan year, see instructions and enter the date of the ruling letter granting the waiver. Date: Month _____ Day _____ Year _____ If you completed line 5, complete lines 3, 9, and 10 of Schedule MB and do not complete the remainder of this schedule.		
6 a Enter the minimum required contribution for this plan year (include any prior year accumulated funding deficiency not waived).....		6a
b Enter the amount contributed by the employer to the plan for this plan year.....		6b
c Subtract the amount in line 6b from the amount in line 6a. Enter the result (enter a minus sign to the left of a negative amount).....		6c
If you completed line 6c, skip lines 8 and 9.		
7 Will the minimum funding amount reported on line 6c be met by the funding deadline? ☐ Yes ☐ No ☐ N/A		
8 If a change in actuarial cost method was made for this plan year pursuant to a revenue procedure or other authority providing automatic approval for the change or a class ruling letter, does the plan sponsor or plan administrator agree with the change? ☐ Yes ☐ No ☐ N/A		
Part III Amendments		
9 If this is a defined benefit pension plan, were any amendments adopted during this plan year that increased or decreased the value of benefits? If yes, check the appropriate box. If no, check the "No" box..... ☐ Increase ☐ Decrease ☐ Both ☐ No		
Part IV ESOPs (see instructions). If this is not a plan described under section 409(a) or 4975(e)(7) of the Internal Revenue Code, skip this Part.		
10 Were unallocated employer securities or proceeds from the sale of unallocated securities used to repay any exempt loan?.....		☐ Yes ☐ No
11 a Does the ESOP hold any preferred stock?.....		☐ Yes ☐ No
b If the ESOP has an outstanding exempt loan with the employer as lender, is such loan part of a "back-to-back" loan? (See instructions for definition of "back-to-back" loan.).....		☐ Yes ☐ No
12 Does the ESOP hold any stock that is not readily tradable on an established securities market?.....		☐ Yes ☐ No
For Paperwork Reduction Act Notice, see the Instructions for Form 5500.		Schedule R (Form 5500) 2022 v. 220413

Part V Additional Information for Multiemployer Defined Benefit Pension Plans

13 Enter the following information for each employer that (1) contributed more than 5% of total contributions to the plan during the plan year or (2) was one of the top-ten highest contributors (measured in dollars). See instructions. *Complete as many entries as needed to report all applicable employers.*

a Name of contributing employer

b EIN

c Dollar amount contributed by employer

d Date collective bargaining agreement expires (If employer contributes under more than one collective bargaining agreement, check box ☐ and see instructions regarding required attachment. Otherwise, enter the applicable date.) Month _____ Day _____ Year _____

e Contribution rate information (If more than one rate applies, check this box ☐ and see instructions regarding required attachment. Otherwise, complete lines 13e(1) and 13e(2).)

(1) Contribution rate (in dollars and cents) _____

(2) Base unit measure: ☐ Hourly ☐ Weekly ☐ Unit of production ☐ Other (specify): _____

REPORT OF
ORSCHELN INDUSTRIES
RETIREMENT PROGRAM
December 31, 2022 and 2021

INDEPENDENT AUDITORS' REPORT

To the Trustees of the
Orscheln Industries Retirement Program
Moberly, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Orscheln Industries Retirement Program (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at year end as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The notes to financial statements are an integral part of these statements.

ORSCHELN INDUSTRIES RETIREMENT PROGRAM

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Orscheln Industries Retirement Program (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General: The Plan is a defined contribution plan covering employees of Orscheln Management Co. and certain affiliated companies (the Company). The Plan was established September 1, 1986, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees who have completed one year of service are eligible to participate in the Plan. A year of service is defined as a year in which a salaried employee or an hourly paid employee has worked or been compensated for more than 1,000 hours.

Contributions: Participants may contribute up to 50% of pretax annual compensation, as defined in the Plan, not to exceed maximum amounts specified by the Internal Revenue Service ("IRS"), in accordance with a participant deferral agreement. Participants who are at least 50 years of age may make an additional contribution to the Plan not to exceed \$6,500 in 2022 and 2021, under certain conditions. Participants may also contribute amounts representing rollover distributions from other qualified plans and make voluntary nondeductible contributions. The Company must make matching contributions of 50% of participant salary deferrals, not to exceed 2% of eligible participant compensation. The Company is required to contribute 3% of eligible participant compensation for participants as a safe harbor contribution. The Company met the required funding minimums. Participants direct the investment of contributions into various investment options offered by the Plan.

If, at the time a participant becomes eligible, the participant does not make an affirmative deferral election, the Company will automatically defer 3% from the participant's compensation. Unless participants with a deferral election for less than 10% of compensation affirmatively elect otherwise, the participants' deferral percentage will increase by 1% each April 1 until a deferral rate of 10% is reached.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, and (b) Plan earnings, and charged with an allocation of Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are automatically 100% vested in the portion of their accounts resulting from participant salary deferrals and earnings thereon. Participants become 100% vested in the Company's safe harbor contributions after two years of vesting service, and become 100% vested in the Company's matching contributions after three years of vesting service.

Participants become automatically 100% vested in employer matching and safe harbor contributions upon retirement, total disability, or death.

Forfeitures: Forfeitures of Company matching contributions are used to pay Plan expenses or reduce employer matching contributions. At December 31, 2022 and 2021, forfeited nonvested amounts available to pay future Plan expenses or reduce future employer matching contributions totaled \$42,256 and \$56,001 respectively. During 2022 and 2021, forfeitures totaling \$13,190 and \$11,166, respectively, were used to pay

Plan expenses. During 2022 and 2021, forfeitures totaling \$75,000 and \$50,000, respectively, were used to reduce employer matching contributions.

Revenue holding account: The Plan has a separate account established in the name of the Plan for the purpose of collecting revenue from Plan investment options to be used to pay Plan expenses. This account is considered a Plan asset and is included in the investment balance. During the years ended December 31, 2022 and 2021, the Plan received revenue sharing of \$60,870 and \$73,921, respectively, and paid Plan expenses of \$60,870 and \$73,921, respectively. The ending balance available to pay future Plan expenses totaled \$1,943 and \$27,656 as of December 31, 2022 and 2021, respectively.

Distribution of benefits: Upon termination of service, a participant or his/her beneficiary may receive benefit distributions in one of the following forms:

- 1) A single lump sum payment (required for vested balances less than \$1,000), which may be in the form of a cash payout or rolled over into another qualified pension plan.
- 2) A partial payment, which may be in the form of a cash payout or rolled over into another qualified pension plan.

Administration: Previously, the Plan contracted with Prudential Retirement Insurance and Annuity Company (PRIAC), to provide professional and administrative services. Empower Annuity Insurance Company acquired Prudential's full-service retirement business on April 1, 2022. On October 3, 2022, PRIAC was renamed Empower Annuity Insurance Company (Empower). Prudential Bank & Trust, F.S.B. (PB&T) and Empower hold the Plan's assets, administer investment activity, and invest contributions into funds designated by each participant. Empower also maintains the individual participant accounts, including cash transactions, and provides records of balances and transactions to the Plan administrator and participants. A portion of the administrative and recordkeeping costs are paid by the Company to the extent not paid from participants' forfeitures and the revenue holding account. The Company's Board of Directors is responsible for oversight of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Company's Board of Directors.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Valuation of investments: Investments are reported at fair value, except for fully benefit-responsive contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the declaration date. Interest is recorded when earned. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities of the Plan are exposed to various risks, such as interest rates, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services. Investment related expenses are included in net (depreciation) appreciation in fair value of investments.

Estimates: The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent events: Events that have occurred subsequent to December 31, 2022, have been evaluated through October 6, 2023, which represents the date the Plan's financial statements were approved by management and, therefore, available to be issued.

3. TERMINATED PARTICIPANTS

Net assets available for benefits at December 31, 2022 and 2021 include \$17,129,534 and \$18,183,167, respectively, allocated to the accounts of individuals who, as of or prior to that date, had withdrawn from actively participating in the operations of the Plan, generally as a result of terminating employment. These amounts may be paid within the next year, at the request of the participants. These participants receive no further contributions but do receive allocations of investment income and Plan expenses.

4. TAX STATUS

The Plan obtained a favorable determination letter dated December 2, 2016, in which the IRS stated that the Plan, as amended through September 22, 2015, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Effective January 1, 2020, the Plan was amended to modify the provisions for related employers. Effective April 1, 2020, the Plan was amended to raise the automatic escalation of employee deferral elections from a maximum of 8% to 9% of compensation each April 1. Effective January 1, 2021, the Plan was amended and restated to incorporate all previous amendments to the Plan. There were no significant changes as a result of this amendment and restatement. Effective April 1, 2021, the Plan was amended to raise the automatic escalation of employee deferral elections from a maximum of 9% to 10% of compensation each April 1.

Effective October 3, 2022, the Plan was amended to add Qualico Precision Products LLC as a participating adopting employer. Effective October 12, 2022, the Plan was amended to remove Orscheln Farm and Home LLC as an participating employer (see Note 10).

Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently operated in compliance with the applicable requirements of the IRC, and the Plan administrator believes that the Plan is qualified as of the financial statement date.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, PB&T and Empower (PRIAC for the year ended December 31, 2021), the Plan's custodians, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

- Investments at fair value as shown in the statements of net assets available for benefits.
- Investments at contract value as shown in the statements of net assets available for benefits.
- Investment income as shown in the statements of changes in net assets available for benefits.
- Schedule of assets held at year end.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

7. FAIR VALUE OF INVESTMENTS

Plan investments are held in custodial accounts managed by PB&T and Empower, the Plan's custodians, and are unsecured. Investments are participant-directed and held by parties-in-interest.

A fair value hierarchy is used that prioritizes the inputs to valuation techniques used to measure fair value of financial instruments that are required or permitted to be measured at fair value for reporting in financial statements. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to the unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Valuation is based upon unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.
Level 2	Valuation is based upon quoted prices for similar assets or liabilities in active markets, quoted market prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. Observable inputs may include interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals.
Level 3	Valuation is based on methodologies that are unobservable and significant to the fair value measure. These may be generated from model-based techniques that use at least one significant assumption based on unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of valuation methodologies used for assets recorded at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund on an active market which is based on the underlying net asset value (NAV) of shares held by the Plan at year-end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the NAV of shares held by the Plan at year-end. The NAV is used as a practical expedient to estimate fair value. The pooled separate accounts are not publicly traded. Individual participant accounts invested in the pooled separate accounts are maintained on a unit value basis. The pooled separate accounts held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. There are no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the Plan's assets measured at fair value on a recurring basis as of December 31, aggregated by the level in the fair value hierarchy within which those measurements fall:

	Level 1	Level 2	Level 3	Total
2022				
Mutual funds	\$ 68,735,874	\$ -	\$ -	\$ 68,735,874
Total investments in fair value heirarchy	<u>\$ 68,735,874</u>	<u>\$ -</u>	<u>\$ -</u>	68,735,874
Investments measured at net asset value				21,106,333
Total investments at fair value				<u>\$ 89,842,207</u>
2021				
Mutual funds	\$ 84,086,570	\$ -	\$ -	\$ 84,086,570
Total investments in fair value heirarchy	<u>\$ 84,086,570</u>	<u>\$ -</u>	<u>\$ -</u>	84,086,570
Investments measured at net asset value				27,739,254
Total investments at fair value				<u>\$111,825,824</u>

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31:

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Pooled separate accounts	\$ 21,106,333	n/a	Daily	None

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Pooled separate accounts	\$ 27,739,254	n/a	Daily	None

8. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a traditional investment contract with Empower. Empower maintains the contributions in a guaranteed income fund. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following: the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code; premature termination of the contracts; Plan termination or merger; changes to the Plan's prohibition on competing investment options; and bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following: an uncured violation of the Plan's investment guidelines; a breach of material obligation under the contract; a material misrepresentation; and a material amendment to the agreement without the consent of the issuer.

9. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include transactions with fiduciaries or employees of the Plan, any person providing services to the Plan, an employer whose employees are covered by the Plan, a person who owns 50% or more of such an employer, and relatives of parties-in-interest. The Plan has various parties-in-interest. Investments are held with parties-in-interest and certain fees are paid to parties-in-interest.

10. PLAN SPIN-OFF

Effective October 12, 2022, Orscheln Farm and Home LLC was acquired by Tractor Supply Company. Effective as of that same date, the Plan was amended to remove Orscheln Farm and Home LLC as a participating employer in the Plan. Since the employees of Orscheln Farm and Home LLC became participants in the Tractor Supply Company 401(k) Retirement Savings Plan in connection with the acquisition transaction, the Plan engaged in a trustee-to-trustee transfer of assets and liabilities to the Tractor Supply Company 401(k) Retirement Savings Plan (a "Spin-Off"). As a result of the Spin-Off, plan assets and liabilities of approximately \$50,480,000 were transferred out of the Plan to the Tractor Supply Company 401(k) Retirement Savings Plan (in conformity with Section 414(l) of the Internal Revenue Code) on January 30, 2023.

REPORT OF
ORSCHELN INDUSTRIES
RETIREMENT PROGRAM
December 31, 2022 and 2021

INDEPENDENT AUDITORS' REPORT

To the Trustees of the
Orscheln Industries Retirement Program
Moberly, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Orscheln Industries Retirement Program (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at year end as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The notes to financial statements are an integral part of these statements.

ORSCHELN INDUSTRIES RETIREMENT PROGRAM

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Orscheln Industries Retirement Program (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General: The Plan is a defined contribution plan covering employees of Orscheln Management Co. and certain affiliated companies (the Company). The Plan was established September 1, 1986, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees who have completed one year of service are eligible to participate in the Plan. A year of service is defined as a year in which a salaried employee or an hourly paid employee has worked or been compensated for more than 1,000 hours.

Contributions: Participants may contribute up to 50% of pretax annual compensation, as defined in the Plan, not to exceed maximum amounts specified by the Internal Revenue Service ("IRS"), in accordance with a participant deferral agreement. Participants who are at least 50 years of age may make an additional contribution to the Plan not to exceed \$6,500 in 2022 and 2021, under certain conditions. Participants may also contribute amounts representing rollover distributions from other qualified plans and make voluntary nondeductible contributions. The Company must make matching contributions of 50% of participant salary deferrals, not to exceed 2% of eligible participant compensation. The Company is required to contribute 3% of eligible participant compensation for participants as a safe harbor contribution. The Company met the required funding minimums. Participants direct the investment of contributions into various investment options offered by the Plan.

If, at the time a participant becomes eligible, the participant does not make an affirmative deferral election, the Company will automatically defer 3% from the participant's compensation. Unless participants with a deferral election for less than 10% of compensation affirmatively elect otherwise, the participants' deferral percentage will increase by 1% each April 1 until a deferral rate of 10% is reached.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, and (b) Plan earnings, and charged with an allocation of Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are automatically 100% vested in the portion of their accounts resulting from participant salary deferrals and earnings thereon. Participants become 100% vested in the Company's safe harbor contributions after two years of vesting service, and become 100% vested in the Company's matching contributions after three years of vesting service.

Participants become automatically 100% vested in employer matching and safe harbor contributions upon retirement, total disability, or death.

Forfeitures: Forfeitures of Company matching contributions are used to pay Plan expenses or reduce employer matching contributions. At December 31, 2022 and 2021, forfeited nonvested amounts available to pay future Plan expenses or reduce future employer matching contributions totaled \$42,256 and \$56,001 respectively. During 2022 and 2021, forfeitures totaling \$13,190 and \$11,166, respectively, were used to pay

Plan expenses. During 2022 and 2021, forfeitures totaling \$75,000 and \$50,000, respectively, were used to reduce employer matching contributions.

Revenue holding account: The Plan has a separate account established in the name of the Plan for the purpose of collecting revenue from Plan investment options to be used to pay Plan expenses. This account is considered a Plan asset and is included in the investment balance. During the years ended December 31, 2022 and 2021, the Plan received revenue sharing of \$60,870 and \$73,921, respectively, and paid Plan expenses of \$60,870 and \$73,921, respectively. The ending balance available to pay future Plan expenses totaled \$1,943 and \$27,656 as of December 31, 2022 and 2021, respectively.

Distribution of benefits: Upon termination of service, a participant or his/her beneficiary may receive benefit distributions in one of the following forms:

- 1) A single lump sum payment (required for vested balances less than \$1,000), which may be in the form of a cash payout or rolled over into another qualified pension plan.
- 2) A partial payment, which may be in the form of a cash payout or rolled over into another qualified pension plan.

Administration: Previously, the Plan contracted with Prudential Retirement Insurance and Annuity Company (PRIAC), to provide professional and administrative services. Empower Annuity Insurance Company acquired Prudential's full-service retirement business on April 1, 2022. On October 3, 2022, PRIAC was renamed Empower Annuity Insurance Company (Empower). Prudential Bank & Trust, F.S.B. (PB&T) and Empower hold the Plan's assets, administer investment activity, and invest contributions into funds designated by each participant. Empower also maintains the individual participant accounts, including cash transactions, and provides records of balances and transactions to the Plan administrator and participants. A portion of the administrative and recordkeeping costs are paid by the Company to the extent not paid from participants' forfeitures and the revenue holding account. The Company's Board of Directors is responsible for oversight of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Company's Board of Directors.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Valuation of investments: Investments are reported at fair value, except for fully benefit-responsive contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the declaration date. Interest is recorded when earned. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities of the Plan are exposed to various risks, such as interest rates, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services. Investment related expenses are included in net (depreciation) appreciation in fair value of investments.

Estimates: The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent events: Events that have occurred subsequent to December 31, 2022, have been evaluated through October 6, 2023, which represents the date the Plan's financial statements were approved by management and, therefore, available to be issued.

3. TERMINATED PARTICIPANTS

Net assets available for benefits at December 31, 2022 and 2021 include \$17,129,534 and \$18,183,167, respectively, allocated to the accounts of individuals who, as of or prior to that date, had withdrawn from actively participating in the operations of the Plan, generally as a result of terminating employment. These amounts may be paid within the next year, at the request of the participants. These participants receive no further contributions but do receive allocations of investment income and Plan expenses.

4. TAX STATUS

The Plan obtained a favorable determination letter dated December 2, 2016, in which the IRS stated that the Plan, as amended through September 22, 2015, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Effective January 1, 2020, the Plan was amended to modify the provisions for related employers. Effective April 1, 2020, the Plan was amended to raise the automatic escalation of employee deferral elections from a maximum of 8% to 9% of compensation each April 1. Effective January 1, 2021, the Plan was amended and restated to incorporate all previous amendments to the Plan. There were no significant changes as a result of this amendment and restatement. Effective April 1, 2021, the Plan was amended to raise the automatic escalation of employee deferral elections from a maximum of 9% to 10% of compensation each April 1.

Effective October 3, 2022, the Plan was amended to add Qualico Precision Products LLC as a participating adopting employer. Effective October 12, 2022, the Plan was amended to remove Orscheln Farm and Home LLC as an participating employer (see Note 10).

Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently operated in compliance with the applicable requirements of the IRC, and the Plan administrator believes that the Plan is qualified as of the financial statement date.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, PB&T and Empower (PRIAC for the year ended December 31, 2021), the Plan's custodians, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

- Investments at fair value as shown in the statements of net assets available for benefits.
- Investments at contract value as shown in the statements of net assets available for benefits.
- Investment income as shown in the statements of changes in net assets available for benefits.
- Schedule of assets held at year end.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

7. FAIR VALUE OF INVESTMENTS

Plan investments are held in custodial accounts managed by PB&T and Empower, the Plan's custodians, and are unsecured. Investments are participant-directed and held by parties-in-interest.

A fair value hierarchy is used that prioritizes the inputs to valuation techniques used to measure fair value of financial instruments that are required or permitted to be measured at fair value for reporting in financial statements. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to the unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Valuation is based upon unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.
Level 2	Valuation is based upon quoted prices for similar assets or liabilities in active markets, quoted market prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. Observable inputs may include interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals.
Level 3	Valuation is based on methodologies that are unobservable and significant to the fair value measure. These may be generated from model-based techniques that use at least one significant assumption based on unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of valuation methodologies used for assets recorded at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund on an active market which is based on the underlying net asset value (NAV) of shares held by the Plan at year-end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the NAV of shares held by the Plan at year-end. The NAV is used as a practical expedient to estimate fair value. The pooled separate accounts are not publicly traded. Individual participant accounts invested in the pooled separate accounts are maintained on a unit value basis. The pooled separate accounts held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. There are no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the Plan's assets measured at fair value on a recurring basis as of December 31, aggregated by the level in the fair value hierarchy within which those measurements fall:

	Level 1	Level 2	Level 3	Total
2022				
Mutual funds	\$ 68,735,874	\$ -	\$ -	\$ 68,735,874
Total investments in fair value heirarchy	<u>\$ 68,735,874</u>	<u>\$ -</u>	<u>\$ -</u>	68,735,874
Investments measured at net asset value				21,106,333
Total investments at fair value				<u>\$ 89,842,207</u>
2021				
Mutual funds	\$ 84,086,570	\$ -	\$ -	\$ 84,086,570
Total investments in fair value heirarchy	<u>\$ 84,086,570</u>	<u>\$ -</u>	<u>\$ -</u>	84,086,570
Investments measured at net asset value				27,739,254
Total investments at fair value				<u>\$111,825,824</u>

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31:

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Pooled separate accounts	\$ 21,106,333	n/a	Daily	None

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Pooled separate accounts	\$ 27,739,254	n/a	Daily	None

8. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a traditional investment contract with Empower. Empower maintains the contributions in a guaranteed income fund. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following: the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code; premature termination of the contracts; Plan termination or merger; changes to the Plan's prohibition on competing investment options; and bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following: an uncured violation of the Plan's investment guidelines; a breach of material obligation under the contract; a material misrepresentation; and a material amendment to the agreement without the consent of the issuer.

9. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include transactions with fiduciaries or employees of the Plan, any person providing services to the Plan, an employer whose employees are covered by the Plan, a person who owns 50% or more of such an employer, and relatives of parties-in-interest. The Plan has various parties-in-interest. Investments are held with parties-in-interest and certain fees are paid to parties-in-interest.

10. PLAN SPIN-OFF

Effective October 12, 2022, Orscheln Farm and Home LLC was acquired by Tractor Supply Company. Effective as of that same date, the Plan was amended to remove Orscheln Farm and Home LLC as a participating employer in the Plan. Since the employees of Orscheln Farm and Home LLC became participants in the Tractor Supply Company 401(k) Retirement Savings Plan in connection with the acquisition transaction, the Plan engaged in a trustee-to-trustee transfer of assets and liabilities to the Tractor Supply Company 401(k) Retirement Savings Plan (a "Spin-Off"). As a result of the Spin-Off, plan assets and liabilities of approximately \$50,480,000 were transferred out of the Plan to the Tractor Supply Company 401(k) Retirement Savings Plan (in conformity with Section 414(l) of the Internal Revenue Code) on January 30, 2023.

ORSCHELN INDUSTRIES RETIREMENT PROGRAM

REPORT OF
ORSCHELN INDUSTRIES
RETIREMENT PROGRAM
December 31, 2022 and 2021

INDEPENDENT AUDITORS' REPORT

To the Trustees of the
Orscheln Industries Retirement Program
Moberly, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Orscheln Industries Retirement Program (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at year end as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ORSCHELN INDUSTRIES RETIREMENT PROGRAM

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Orscheln Industries Retirement Program (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General: The Plan is a defined contribution plan covering employees of Orscheln Management Co. and certain affiliated companies (the Company). The Plan was established September 1, 1986, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees who have completed one year of service are eligible to participate in the Plan. A year of service is defined as a year in which a salaried employee or an hourly paid employee has worked or been compensated for more than 1,000 hours.

Contributions: Participants may contribute up to 50% of pretax annual compensation, as defined in the Plan, not to exceed maximum amounts specified by the Internal Revenue Service ("IRS"), in accordance with a participant deferral agreement. Participants who are at least 50 years of age may make an additional contribution to the Plan not to exceed \$6,500 in 2022 and 2021, under certain conditions. Participants may also contribute amounts representing rollover distributions from other qualified plans and make voluntary nondeductible contributions. The Company must make matching contributions of 50% of participant salary deferrals, not to exceed 2% of eligible participant compensation. The Company is required to contribute 3% of eligible participant compensation for participants as a safe harbor contribution. The Company met the required funding minimums. Participants direct the investment of contributions into various investment options offered by the Plan.

If, at the time a participant becomes eligible, the participant does not make an affirmative deferral election, the Company will automatically defer 3% from the participant's compensation. Unless participants with a deferral election for less than 10% of compensation affirmatively elect otherwise, the participants' deferral percentage will increase by 1% each April 1 until a deferral rate of 10% is reached.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, and (b) Plan earnings, and charged with an allocation of Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are automatically 100% vested in the portion of their accounts resulting from participant salary deferrals and earnings thereon. Participants become 100% vested in the Company's safe harbor contributions after two years of vesting service, and become 100% vested in the Company's matching contributions after three years of vesting service.

Participants become automatically 100% vested in employer matching and safe harbor contributions upon retirement, total disability, or death.

Forfeitures: Forfeitures of Company matching contributions are used to pay Plan expenses or reduce employer matching contributions. At December 31, 2022 and 2021, forfeited nonvested amounts available to pay future Plan expenses or reduce future employer matching contributions totaled \$42,256 and \$56,001 respectively. During 2022 and 2021, forfeitures totaling \$13,190 and \$11,166, respectively, were used to pay

Plan expenses. During 2022 and 2021, forfeitures totaling \$75,000 and \$50,000, respectively, were used to reduce employer matching contributions.

Revenue holding account: The Plan has a separate account established in the name of the Plan for the purpose of collecting revenue from Plan investment options to be used to pay Plan expenses. This account is considered a Plan asset and is included in the investment balance. During the years ended December 31, 2022 and 2021, the Plan received revenue sharing of \$60,870 and \$73,921, respectively, and paid Plan expenses of \$60,870 and \$73,921, respectively. The ending balance available to pay future Plan expenses totaled \$1,943 and \$27,656 as of December 31, 2022 and 2021, respectively.

Distribution of benefits: Upon termination of service, a participant or his/her beneficiary may receive benefit distributions in one of the following forms:

- 1) A single lump sum payment (required for vested balances less than \$1,000), which may be in the form of a cash payout or rolled over into another qualified pension plan.
- 2) A partial payment, which may be in the form of a cash payout or rolled over into another qualified pension plan.

Administration: Previously, the Plan contracted with Prudential Retirement Insurance and Annuity Company (PRIAC), to provide professional and administrative services. Empower Annuity Insurance Company acquired Prudential's full-service retirement business on April 1, 2022. On October 3, 2022, PRIAC was renamed Empower Annuity Insurance Company (Empower). Prudential Bank & Trust, F.S.B. (PB&T) and Empower hold the Plan's assets, administer investment activity, and invest contributions into funds designated by each participant. Empower also maintains the individual participant accounts, including cash transactions, and provides records of balances and transactions to the Plan administrator and participants. A portion of the administrative and recordkeeping costs are paid by the Company to the extent not paid from participants' forfeitures and the revenue holding account. The Company's Board of Directors is responsible for oversight of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Company's Board of Directors.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Valuation of investments: Investments are reported at fair value, except for fully benefit-responsive contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the declaration date. Interest is recorded when earned. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities of the Plan are exposed to various risks, such as interest rates, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services. Investment related expenses are included in net (depreciation) appreciation in fair value of investments.

Estimates: The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent events: Events that have occurred subsequent to December 31, 2022, have been evaluated through October 6, 2023, which represents the date the Plan's financial statements were approved by management and, therefore, available to be issued.

3. TERMINATED PARTICIPANTS

Net assets available for benefits at December 31, 2022 and 2021 include \$17,129,534 and \$18,183,167, respectively, allocated to the accounts of individuals who, as of or prior to that date, had withdrawn from actively participating in the operations of the Plan, generally as a result of terminating employment. These amounts may be paid within the next year, at the request of the participants. These participants receive no further contributions but do receive allocations of investment income and Plan expenses.

4. TAX STATUS

The Plan obtained a favorable determination letter dated December 2, 2016, in which the IRS stated that the Plan, as amended through September 22, 2015, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Effective January 1, 2020, the Plan was amended to modify the provisions for related employers. Effective April 1, 2020, the Plan was amended to raise the automatic escalation of employee deferral elections from a maximum of 8% to 9% of compensation each April 1. Effective January 1, 2021, the Plan was amended and restated to incorporate all previous amendments to the Plan. There were no significant changes as a result of this amendment and restatement. Effective April 1, 2021, the Plan was amended to raise the automatic escalation of employee deferral elections from a maximum of 9% to 10% of compensation each April 1.

Effective October 3, 2022, the Plan was amended to add Qualico Precision Products LLC as a participating adopting employer. Effective October 12, 2022, the Plan was amended to remove Orscheln Farm and Home LLC as an participating employer (see Note 10).

Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently operated in compliance with the applicable requirements of the IRC, and the Plan administrator believes that the Plan is qualified as of the financial statement date.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, PB&T and Empower (PRIAC for the year ended December 31, 2021), the Plan's custodians, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

- Investments at fair value as shown in the statements of net assets available for benefits.
- Investments at contract value as shown in the statements of net assets available for benefits.
- Investment income as shown in the statements of changes in net assets available for benefits.
- Schedule of assets held at year end.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

7. FAIR VALUE OF INVESTMENTS

Plan investments are held in custodial accounts managed by PB&T and Empower, the Plan's custodians, and are unsecured. Investments are participant-directed and held by parties-in-interest.

A fair value hierarchy is used that prioritizes the inputs to valuation techniques used to measure fair value of financial instruments that are required or permitted to be measured at fair value for reporting in financial statements. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to the unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Valuation is based upon unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.
Level 2	Valuation is based upon quoted prices for similar assets or liabilities in active markets, quoted market prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. Observable inputs may include interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals.
Level 3	Valuation is based on methodologies that are unobservable and significant to the fair value measure. These may be generated from model-based techniques that use at least one significant assumption based on unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of valuation methodologies used for assets recorded at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund on an active market which is based on the underlying net asset value (NAV) of shares held by the Plan at year-end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the NAV of shares held by the Plan at year-end. The NAV is used as a practical expedient to estimate fair value. The pooled separate accounts are not publicly traded. Individual participant accounts invested in the pooled separate accounts are maintained on a unit value basis. The pooled separate accounts held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. There are no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the Plan's assets measured at fair value on a recurring basis as of December 31, aggregated by the level in the fair value hierarchy within which those measurements fall:

	Level 1	Level 2	Level 3	Total
2022				
Mutual funds	\$ 68,735,874	\$ -	\$ -	\$ 68,735,874
Total investments in fair value heirarchy	<u>\$ 68,735,874</u>	<u>\$ -</u>	<u>\$ -</u>	68,735,874
Investments measured at net asset value				21,106,333
Total investments at fair value				<u>\$ 89,842,207</u>
2021				
Mutual funds	\$ 84,086,570	\$ -	\$ -	\$ 84,086,570
Total investments in fair value heirarchy	<u>\$ 84,086,570</u>	<u>\$ -</u>	<u>\$ -</u>	84,086,570
Investments measured at net asset value				27,739,254
Total investments at fair value				<u>\$111,825,824</u>

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31:

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Pooled separate accounts	\$ 21,106,333	n/a	Daily	None

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Pooled separate accounts	\$ 27,739,254	n/a	Daily	None

8. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a traditional investment contract with Empower. Empower maintains the contributions in a guaranteed income fund. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following: the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code; premature termination of the contracts; Plan termination or merger; changes to the Plan's prohibition on competing investment options; and bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following: an uncured violation of the Plan's investment guidelines; a breach of material obligation under the contract; a material misrepresentation; and a material amendment to the agreement without the consent of the issuer.

9. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include transactions with fiduciaries or employees of the Plan, any person providing services to the Plan, an employer whose employees are covered by the Plan, a person who owns 50% or more of such an employer, and relatives of parties-in-interest. The Plan has various parties-in-interest. Investments are held with parties-in-interest and certain fees are paid to parties-in-interest.

10. PLAN SPIN-OFF

Effective October 12, 2022, Orscheln Farm and Home LLC was acquired by Tractor Supply Company. Effective as of that same date, the Plan was amended to remove Orscheln Farm and Home LLC as a participating employer in the Plan. Since the employees of Orscheln Farm and Home LLC became participants in the Tractor Supply Company 401(k) Retirement Savings Plan in connection with the acquisition transaction, the Plan engaged in a trustee-to-trustee transfer of assets and liabilities to the Tractor Supply Company 401(k) Retirement Savings Plan (a "Spin-Off"). As a result of the Spin-Off, plan assets and liabilities of approximately \$50,480,000 were transferred out of the Plan to the Tractor Supply Company 401(k) Retirement Savings Plan (in conformity with Section 414(l) of the Internal Revenue Code) on January 30, 2023.

ORSCHELN INDUSTRIES RETIREMENT PROGRAM

EIN: 43-1465246, PLAN NUMBER 001
