Independent Auditors' Report

The Plan Administrator and Participants Bonadio & Co., LLP 401(k) & Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Bonadio & Company, LLP 401(k) and Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Bonadio & Company, LLP 401(k) and Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

PKF O'Connor Davies, LLP is a member firm of the PKF International Limited network of legally independent firms and does not accept any responsibility or liability for the actions or inactions on the part of any other individual member firm or firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

The Plan Administrator and Participants
Bonadio & Co., LLP 401(k) and Profit Sharing Plan
Page 3

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

The Plan Administrator and Participants
Bonadio & Co., LLP 401(k) and Profit Sharing Plan
Page 4

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Bonadio & Co., LLP
401(k) & Profit Sharing Plan

Notes to Financial Statements
December 31, 2022 and 2021

1. Description of Plan

The following description of the Bonadio & Co., LLP 401(k) & Profit Sharing Plan (the “Plan”) is provided for general information purposes only. More complete information regarding the Plan’s provisions may be found in the plan document.

General

The Plan is a defined contribution plan covering all employees of Bonadio & Company, LLP, and certain other related entities (the “Employer”) who have attained age 20 ½ and have completed two months of service (the “Participants”). Interns, part-time, temporary, and seasonal employees who complete 1,000 hours of service in a twelve consecutive month period, as defined, will become eligible to participate in the Plan on the next regular entry date. Effective October 20, 2021, the Plan was amended to exclude residents of Puerto Rico from the Plan.

Reliance Trust Company (the “Trustee”) serves as the trustee of the Plan. The Plan Sponsor has contracted JP Morgan Asset Management (“JP Morgan”) to provide certain recordkeeping and administrative services to the Plan. JP Morgan has retained Empower Institutional as a subcontractor to provide services on behalf of JP Morgan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). All investments are Participant-directed.

Subsequent to year end, on March 1, 2023, the Employer acquired substantially all the assets of Webber CPA, PLLC (“Webber”). Employees of Webber became employees of Bonadio & Co. LLP and therefore can participate in the Plan once the eligibility requirements have been met.

Plan Administration

The Employer is the plan administrator and has the authority to appoint person(s) or entities to carry out the operation of the Plan. Individual participant accounts may be charged with an allocation of administrative expenses, if not paid by the Employer. Individual accounts are charged directly for loan recordkeeping, if applicable

Subsequent Events

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which is October 4, 2023.

1. Description of Plan (*continued*)

Participant Contributions

Participants may defer up to 100% of their eligible compensation for the Plan year, as defined, not to exceed a dollar limit established under the Internal Revenue Code (the "IRC"). Participants may make pre-tax or Roth contributions to their accounts. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions. In addition, Participants may also rollover amounts representing distributions from other qualified plans ("Participant Rollovers").

Employees, upon eligibility to participate in the Plan, will be automatically enrolled to defer 6% of their eligible compensation, as defined. A Participant may choose not to defer or may choose a different percentage once enrolled. Automatic enrollment deferrals are invested in the Vanguard Target Date funds based upon the Participant's expected retirement date unless otherwise elected. Each year on the first day of the Plan year, all Participants who are still automatically enrolled will have an automatic deferral escalation of 1%, not to exceed 15% of total increases.

Employer Contributions

Employer Non-Elective Contributions

The Employer, at its discretion, may make employer non-elective contributions to the Plan as determined by its retirement committee. Any discretionary employer non-elective contribution is allocated at the Employer's discretion to classifications of employees, as defined, based on a percentage of eligible compensation, within the classification. To be eligible, Participants must have completed at least 1,000 hours of service during the Plan year and be employed by the Employer on the last day of the Plan year. For the year ended December 31, 2022, the Employer made non-elective employer contributions of \$3,107,593, net of forfeitures of \$71,262.

Employer Matching Contributions

The Employer, at its discretion, may elect to contribute a matching contribution as determined by the retirement committee. To be eligible, Participants must have completed at least 1,000 hours of service during the Plan year, be employed by the Employer on the last day of the Plan year and have made elective contributions during the Plan year. For the year ended December 31, 2022, the Employer elected not to make matching contributions.

Participant Accounts

Each Participant's account is credited with the Participant's deferral contributions, the respective Employer contributions, an allocation of the Plan's investment earnings or losses, and is charged with an allocation of certain administrative expenses, if applicable. Allocations are based on Participant compensation, classification, or account balance, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

1. Description of Plan (*continued*)

Vesting

Participants are immediately vested in their participant and rollover contributions plus allocated earnings thereon. Upon termination due to death, disability, or attainment of retirement age, a Participant is fully vested in all of their accounts. Vesting in employer matching and employer non-elective contributions are as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six or more years	100%

Forfeitures

A Participant who leaves the employment of the Employer forfeits any non-vested balance. Forfeited balances of terminated Participants' accounts are used to pay administrative expenses and to reduce Employer contributions in the year of forfeiture. During 2022, \$122,170 of forfeitures were used to reduce Employer contributions and there were no forfeitures used to fund plan expenses. At December 31, 2022 and 2021, unused forfeiture balances amounted to \$58,956 and \$75,627, respectively. Subsequent to year end, \$71,262 was used to fund the 2022 employer contributions receivable.

Payment of Benefits

Upon termination of service due to death, disability, termination, or retirement, a Participant or beneficiary may elect to receive a lump-sum distribution, installment payments or partial distributions in an amount equal to the vested value of the Participant's account. The payment can either be a cash distribution to the Participant or beneficiary or a tax-free rollover to an Individual Retirement Account ("IRA") or another qualified plan. If a Participant's account balance is less than \$5,000, the plan administrator, after notification, may distribute the benefit into an IRA. If the Participant's account balance is less than \$1,000, the plan administrator, after notification, may distribute the benefit to the Participant as a lump-sum distribution.

In service withdrawals from a Participant's vested account balance are permitted upon reaching age 59 ½. In service withdrawals are also permitted due to financial hardship, as defined. Hardship withdrawals may be taken from the Participant's deferral contributions, rollover account or vested Employer contribution accounts.

1. Description of Plan (*continued*)

Notes Receivable from Participants

Subject to approval by the plan administrator, Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years (or longer for the purchase of a primary residence). Loans are secured by the balance in the Participant's account and bear interest at a rate equal to 1% over the prime rate on the first business day of the month before the loan originated. Principal and interest are paid ratably through payroll deductions or by check if the employee has terminated employment. If a Participant ceases to make loan payments and the plan administrator deems the loan to be in default, the Participant's loan balance is reduced, and a benefit payment is made in accordance with the Plan document.

Interest rates for outstanding loans range from 4.25% to 8.25% at December 31, 2022 and 2021 and loans mature through March 2047.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from the estimates that were used.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1 investments.

2. Summary of Significant Accounting Policies (*continued*)

Fair Value Measurements (continued)

Common collective trust fund: Valued at the NAV of units in the collective trust fund. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the collective trust in order to ensure that securities liquidation will be carried out in an orderly business manner. Pursuant to U.S. GAAP guidance, investments where fair value is measured using the NAV per share as a practical expedient are not categorized within the fair value hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments, Investment Valuation, and Income Recognition

Investments in mutual funds and the common collective trust fund are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded at the ex-dividend date.

Unit Values

Individual Participant accounts for the common collective trust fund are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units which are valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the Participants' accounts are charged or credited with the number of units properly attributable to each Participant.

2. Summary of Significant Accounting Policies *(continued)*

Notes Receivable from Participants

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative fees and expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payments of Benefits

Benefit payments to Participants are recorded during the period in which they are paid.

3. Information Prepared and Certified by the Plan's Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i, Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, dividend and interest income, other income, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee, a qualified institution.

4. Fair Value of Investments in Entities that Use NAV

The following table summarizes the investment measured at fair value based on NAV per share as of December 31, 2022.

Description	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
JMPCB Stable Value Asset Income Fund (a)	\$ 4,674,215	\$ -	Daily	None

4. Fair Value of Investments in Entities that Use NAV (continued)

The following table summarizes the investment measured at fair value based on NAV per share as of December 31, 2021.

Description	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
JMPCB Stable Value Asset Income Fund (a)	\$ 4,967,635	\$ -	Daily	None

(a) The fund's objective is to seek to provide capital preservation, liquidity, and current income at levels that are typically higher than those provided by money market funds. The interest credited to balances in the fund will reflect both current market conditions and performance of the underlying investments in the fund. The fund invests various types of fixed income instruments such as other stable value collective trusts, guaranteed investment contracts, bank investments contracts, group annuity contracts, separate account insurance contract and other contracts that the trustee determines may facilitate achievement of the investment objectives of the fund.

5. Risks and Uncertainties

The Plan invests in investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the Participants' account balances and the amounts reported in the statements of net assets available for benefits.

The global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2022 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.

6. Party-In-Interest Transactions

During 2022, \$100,788 of administrative fees were paid to JP Morgan. JP Morgan manages the Plan's investments, including shares of mutual funds and a common collective trust fund and This transaction qualifies as a party-in-interest transaction. Notes receivable from Participants qualify as exempt party-interest transactions as defined by ERISA.

Bonadio & Co., LLP
401(k) & Profit Sharing Plan

Notes to Financial Statements
December 31, 2022 and 2021

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan will be allocated to Participant accounts and distributed in such a manner as the Employer may determine.

8. Tax Status

The IRS has determined and informed the Trustee by a letter dated June 30, 2020, that the prototype plan and related Trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the accompanying financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. It is the Plan's policy to account for any uncertainties as described under the income tax laws. Under the income tax laws, the tax-exempt status of an entity is considered a tax position. No such uncertain tax positions have been recognized by the Plan.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations prior to 2019.
