INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
MRCI 403(b) Plan
Mankato, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of MRCI 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MRCI 403(b) Plan
Notes to the Financial Statements
December 31, 2022 and 2021

Note 1: Description of Plan

The following description of the MRCI 403(b) Plan (hereinafter referred to as the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Mankato Rehabilitation Center, Inc. (the Employer). Employees of the Employer are eligible to participate in the salary deferral portion of the plan immediately coinciding with or following their date of hire. The Plan excludes non-resident aliens, independent contractors, and on-call substitutes expected to work less than 20 hours per week. Prior to October 1, 2021, participants were eligible for the Employer discretionary matching and non-elective contributions after completion of two years of service and attainment of age 18. Beginning October 1, 2021, participants were eligible for the Employer contributions immediately coinciding with or following their date of hire. The Plan excludes collective bargaining employees, highly compensated employees, and personal care assistants from employer contributions.

The Plan year is the twelve-month period ending December 31. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to contribute a percentage of eligible compensation, as defined by the Plan and subject to various regulatory limitations. These contributions may be made on either a pre-tax or after-tax basis (through Roth contributions). The Plan allows participants aged 50 and older to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, also known as rollover contributions. Participants direct the investment of all contributions through various investment options offered by the Plan.

The Employer may make a discretionary matching contribution up to a maximum of 6% of eligible compensation. During the year ended December 31, 2022, the Employer made the maximum matching contribution. The Employer may also make discretionary non-elective contributions. There were no discretionary non-elective contributions for the year ended December 31, 2022. A participant must be employed on the last day of the Plan year and complete at least 1,000 hours of service during the year to receive an allocation of the Employer non-elective contribution.

Other employer contributions of \$53,088 consist of a qualified non-elective contribution (QNEC) made by the Employer during the year ended December 31, 2022, to correct plan errors that took place during plan years spanning from 2020 to 2022. See Note 10 for additional information.

All contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Employer's contributions, investment earnings (and losses), changes in market values, and certain plan expenses. Allocations are based on account balances or compensation as defined by the Plan. Investment earnings and changes in market values are allocated daily based on the number of units in the participant's account. Plan expenses are allocated either directly to a participant's account for certain transactions affecting only the participant or proportionally to all participants for certain administrative expenses charged to the Plan. The benefit to which a participant is entitled is the benefit that can be provided from his/her vested account.

Investment Options

Eligible participants may direct the investments of 100% of their employee and employer contributions, choosing from several available investment options.

MRCI 403(b) Plan
Notes to the Financial Statements
December 31, 2022 and 2021

Note 1: Description of Plan (Continued)

Retirement

A participant's normal retirement date is at age 65. A participant who retires will be entitled to the full value of his/her account, calculated as of the trust valuation date coinciding with or following the retirement date and will also be entitled to an allocation of the Company's contribution for that year.

Vesting and Forfeitures

Participants are immediately vested in their salary deferrals, including pretax and Roth contributions, catch-up contributions, and rollover contributions, plus earnings thereon. Vesting in the Employer discretionary matching, plus actual earnings, is based on years of continuous service, as defined by the Plan, and according to the following schedule:

Employer Discretionary Matching Contributions	
Years of Service	Percentage Vested
1	0 %
2	0
3	100

Forfeited non-vested amounts are used to reduce Employer contributions into the Plan or to pay reasonable Plan expenses. As of December 31, 2022 and 2021, forfeited non-vested accounts totaled \$3,686 and \$3,207, respectively. During the year ended December 31, 2022, forfeited non-vested accounts of \$4,648 were used to fund employer matching contributions.

Benefit Payments

Upon termination of employment, death, disability, or retirement, the participant will receive the value of the vested interest in his or her account in the form of a lump sum distribution or installments if the participant is subject to lifetime required minimum distributions. The Plan also permits distributions in the event of a financial hardship, as defined in the Plan. If the participant terminates employment and the participant's vested account balance does not exceed \$5,000, the plan administrator will authorize the benefit payment without the participant's consent. For forced payouts of account balances that exceed \$1,000, the Plan will automatically roll the balance into a qualified individual retirement account if no other election is made.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. Loans are treated as a directed investment and are available upon request. Loan terms are five years or less, or ten years or less for a loan on a primary residence. The loans are secured by the balance in the participant's account. The annual interest rate on participant loans is equal to the prime rate plus 2 percent as published in the Wall Street Journal. Loans currently outstanding bear interest at rates ranging from 5.25-8.25 percent and have various maturities through August 2027.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Certain fees related to the administration of the Plan are charged directly to the participants' accounts and are included in administrative expenses.

New Accounting Pronouncements

New accounting standards issued by, but not effective until after December 31, 2022, are not expected to have a significant impact on the Plan's financial statements.

Subsequent Events

Subsequent events were evaluated through October 11, 2023, which is the date the financial statements were available to be issued.

MRCI 403(b) Plan
Notes to the Financial Statements
December 31, 2022 and 2021

Note 3: Fair Value Measurements

The established framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the plan's fair value measurements:

	Level 1	Level 2	Level 3	Total
December 31, 2022				
Mutual Funds	\$ 9,730,886	\$ -	\$ -	\$ 9,730,886

Note 4: Tax Status

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a significant uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The plan administrator and the plan's tax counsel believe that terms of the Plan have been prepared to conform with the written plan requirements of Regulation 1.403(b)-3 of the Code. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

Note 5: Risks and Uncertainties

The Plan invests in various investments securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, and accordingly, account balances of participants in the Plan.

Note 6: Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Capital Bank and Trust Company, the trustee of the Plan.

Note 7: Concentrations

Four and five investment balances accounted for 59 and 71 percent of total investments as of December 31, 2022 and 2021, respectively.

Note 8: Party-in-Interest Transactions

Transactions resulting in the Plan assets being transferred to or used by a related party are considered prohibited transactions under ERISA, unless a specific exemption exists. Capital Bank and Trust, the trustee of the Plan, manages certain Plan investments; therefore, these transactions qualify as party-in-interest transactions and are indicated as such on the Schedule of Assets (Held at End of Year). However, the transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.

Note 9: Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would automatically become 100% vested in their account balances.

Note 10: Plan Errors

From 2020 to 2022, certain employees received bonuses that were incorrectly excluded from compensation in the calculation of employee elective deferrals and employer matching contributions. This constitutes an operational failure within the Plan. During 2022, the Employer made corrective contributions to the Plan, including lost earnings. Those amounts were allocated to participant accounts. All correction amounts, including any excise tax payments, were made from the Employer's assets and not from the assets of the Plan. In addition, participant accounts were credited with the amount of investment income which would have been earned had the appropriate withholding been made on these deferrals.

Certain employees hired during 2022 were not allowed to enter the Plan and begin participation on a timely basis, in accordance with the terms of the Plan. Management has evaluated the effect of this plan error and determined it is not material to the overall financial statements, and thus no receivable has been recorded by the Plan. The Employer will make corrections to the Plan as soon as administratively feasible, will contribute any required lost earnings, and will pay any applicable excise tax. These corrections will be made from the Employer's assets, not the assets of the Plan.

Note 11: SECURE Act 2.0

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 CARES Act. The effective date of the provisions of SECURE 2.0 vary from becoming effective immediately through 2028. Those provisions include both required and optional elements. Management has evaluated those provisions and determined there is no current impact on the Plan. Plan management will determine the optional provisions to elect in the future.
