Independent Auditor's Report

To the Plan Administrator
Sutherland Lumber Company Employee Savings Plan
Kansas City, Missouri 64111

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Sutherland Lumber Company Employee Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for Plan benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for Plan benefits for the years then ended and the related summary of significant accounting policies and notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Sutherland Lumber Company Employee Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sutherland Lumber Company Employee Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sutherland Lumber Company Employee Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditor's Report

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sutherland Lumber Company Employee Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sutherland Lumber Company Employee Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Independent Auditor's Report

Supplemental Schedule Required by ERISA (continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The accompanying summary of significant accounting policies and notes are an integral part of these statements.

SUTHERLAND LUMBER COMPANY EMPLOYEE SAVINGS PLAN

Summary of Significant Accounting Policies **Years Ended December 31, 2022 and 2021**

Basis of Presentation

The Plan presents its financial statements on the accrual basis of accounting.

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of net assets available for Plan benefits and changes therein, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Plan's trustee. See Note 6 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are deducted when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by Cimarron Lumber and Supply Company and affiliated companies (the Company) and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and payment of benefits are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net (depreciation) appreciation in fair value of investments.

SUTHERLAND LUMBER COMPANY EMPLOYEE SAVINGS PLAN

Notes to the Financial Statements Years Ended December 31, 2022 and 2021

1. Description of Plan

The Plan was established effective August 1, 1998. The following provides only general information of the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan sponsored by Cimarron Lumber and Supply Company. There are several related entities that are participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2019, each employee may elect to become a participant in the Plan for deferral purposes on the first day of each calendar month following the date of hire and attainment of age 20. The employee must work at least 1,000 hours during his initial anniversary year to be credited with a year of service. If he does not, future eligibility computation periods will be based on the Plan year rather than the anniversary year. A participant specifies a percentage of his eligible compensation, not less than 1%, to be contributed to the Plan (salary deferral contributions), subject to certain limitations. The Plan allows Roth deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contribution). Rollover contributions are not subject to contribution limits.

Effective January 1, 2017, the Company began making safe harbor matching contributions in an amount equal to 100% of participant deferrals not in excess of 5% of eligible compensation. Prior to January 1, 2017, the employer match was nonsafe harbor. A participant is eligible for the safe harbor matching contributions on the first day of each calendar month following the completion of one year of service and attainment of age 20. The Company could also contribute a discretionary amount to be allocated among eligible participants based on eligible compensation. There was no discretionary contribution for the years ended December 31, 2022 and 2021.

A participant may direct contributions to any of the available investment options. Each participant's directed account is credited (charged) with an allocation of the directed investments' earnings (losses) and credited with the following contributions:

- Participant's salary deferral contributions
- Participant's rollover contributions
- Employers' discretionary contributions
- Employers' safe harbor matching contributions

The Plan may loan funds to a participant. A participant's loan balance may not exceed the lesser of \$50,000 or 50% of the total of his participant salary deferral contribution. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions.

Upon becoming a participant in the Plan, an individual is fully vested in the portions of his account attributable to salary deferral contributions, rollover contributions, safe harbor matching contributions and any earnings (losses) on those contributions.

Nonsafe harbor employer matching and discretionary contributions are subject to the following vesting schedule:

<u>Years of Vesting Service</u>	<u>Percentage Vested</u>
Less than 3	0%
3 or more	100%

SUTHERLAND LUMBER COMPANY EMPLOYEE SAVINGS PLAN

Notes to the Financial Statements Years Ended December 31, 2022 and 2021

1. **Description of Plan** (continued)

On termination of service, a participant is entitled to a distribution of his vested interest in his account balance in the form of a lump-sum payment. However, certain participants that participated in a plan of the Company that merged with the Plan in 2001, have the right to receive the portion of their account which is attributable to the former plan in the form of an annuity contract. Effective November 18, 2022, upon termination of service, the Plan allows for partial distributions of vested amounts. Under terms of the Plan, normal retirement is at age 65 (or 50 for participants who have attained that age and commenced participation in the Plan on or before December 31, 2000). If a participant's benefits are \$1,000 or less, his benefits will be paid in a lump sum automatically unless otherwise requested by the participant. If a participant's benefits are over \$1,000 and less than \$5,000, his benefits will be rolled over into an individual retirement account for the participant unless otherwise requested by the participant.

Forfeited nonvested employer contributions shall be used to reduce employer contributions to the Plan. For the years ended December 31, 2022 and 2021, forfeitures of \$0 and \$8,102, respectively, were used to offset employer contributions. As of December 31, 2022 and 2021, forfeited nonvested amounts totaled \$13,704 and \$381, respectively.

On December 29, 2022, the Consolidated Appropriations Act of 2023 was signed into law, which includes the package of retirement provisions referred to as "SECURE Act 2.0." These provisions continue the themes and reforms that began with the 2019 SECURE Act, focusing on getting more participants into the retirement system, finding ways for them to accumulate more assets, and then ensuring they get connected with those assets when retirement comes. Plan management is monitoring the SECURE Act 2.0 provisions, which begin to go into effect during the Plan year 2024 and beyond.

2. **Plan Termination**

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all accounts.

3. **Tax Status**

The Plan has adopted a prototype plan with Fidelity Management Trust Company (Fidelity), the trustee of the Plan. The prototype plan has received an opinion letter dated June 30, 2020 from the Internal Revenue Service (IRS) indicating that the prototype plan, as then designed, was qualified for tax-exempt status under the appropriate sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan is qualified and tax-exempt as of the financial statement date and no provision for income taxes has been recorded in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

SUTHERLAND LUMBER COMPANY EMPLOYEE SAVINGS PLAN

Notes to the Financial Statements Years Ended December 31, 2022 and 2021

4. Related Party Transactions and Party-in-Interest Transactions

The Plan's contributions are held and managed by Fidelity, the trustee of the Plan and, therefore, a party-in-interest. The trustee invests cash received, interest, and dividend income, and makes distributions to participants. The trustee also administers the payments of interest and principal on the notes receivable from participants, which are considered party-in-interest transactions and are reimbursed to the trustee through payroll deductions.

Certain administrative services are provided to the Plan by the trustee. The trustee receives revenue from mutual fund service providers for services the trustee provides to the funds. This revenue is used to offset certain amounts owed to the trustee for its administrative services to the Plan. If the revenue received by the trustee from such mutual fund service providers exceeds the amount owed, the trustee will remit the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. There were excess amounts during 2022 and 2021. At December 31, 2022 and 2021, the balance of the excess amounts was \$10,501 and \$9,101, respectively.

Fidelity Investments Institutional Operations Company LLC (FIIOC) is the Plan's recordkeeper and is considered a party-in-interest. Administrative expenses paid to FIIOC were \$12,364 and \$10,593 for the years ended December 31, 2022 and 2021, respectively.

Certain administrative and personnel services are provided by the Company without charge to the Plan.

5. Certified Information

Certain information related to the investments disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity, the trustee of the Plan.

The following table includes the values of the Plan's investments and notes receivable from participants at December 31, 2022 and 2021, as certified by Fidelity, the Plan's trustee:

	<u>2022</u>	<u>2021</u>
Investments (participant directed):		
Mutual funds at fair value	\$ 65,013,048	\$ 77,911,345

6. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs other than quoted market prices that are observable. These include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used to determine the fair value of investments. There have been no changes in the methodology used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2022 and 2021, there were no transfers into or out of levels 1, 2 or, 3.

6. **Fair Value Measurement** (continued)

The following tables sets forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31:

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 65,013,048	\$ -	\$ -	\$ 65,013,048
Total assets in the fair value hierarchy	\$ 65,013,048	\$ -	\$ -	\$ 65,013,048
	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 77,911,345	\$ -	\$ -	\$ 77,911,345
Total assets in the fair value hierarchy	\$ 77,911,345	\$ -	\$ -	\$ 77,911,345

7. **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for Plan benefits and the statements of changes in net assets available for Plan benefits.

8. **Subsequent Events**

Management of the Plan has evaluated subsequent events through October 9, 2023, the date the financial statements were available to be issued.
