INDEPENDENT AUDITORS' REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Synergy Business Innovation 401(k) P/S Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Synergy Business Innovation 401(k) P/S Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from John Hancock Trust Company as of December 31, 2022 and 2021, and for the period from August 1, 2021 to December 31, 2022, and Reliance Trust Company for the period from January 1, 2021 to July 31, 2021, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Synergy Business Innovation 401(k) P/S Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Synergy Business Innovation 401(k) P/S Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Synergy Business Innovation 401(k) P/S Plan
Page Three

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Synergy Business Innovation 401(k) P/S Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Synergy Business Innovation 401(k) P/S Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SYNERGY BUSINESS INNOVATION 401(k) P/S PLAN

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE A - DESCRIPTION OF PLAN

The following brief description of the Synergy Business Innovation 401(k) P/S Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 2011, covering substantially all employees of Synergy Business Innovations and Solutions, Inc. (the "Company") who have attained age eighteen and have completed three consecutive months of service with the Company. The Plan is a defined contribution plan under section 401(k) of the Internal Revenue Code (IRC) and subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During the year ended December 31, 2021, the Plan changed trustees. On August 1, 2021, the assets of the Plan were transferred from Reliance Trust Company to John Hancock Trust Company.

Contributions

Each year, participants may contribute up to 90% of their compensation on a pre-tax or after-tax basis, subject to the limits of the IRC. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

The Company will make a fully vested matching contribution to each participant's account in the Plan of 100% of each dollar of 401(k) contributions up to 6% of covered compensation. This contribution is intended to satisfy a safe harbor contribution formula permitted by the Internal Revenue Service (IRS). By making the safe harbor matching contribution, the Plan will automatically satisfy the nondiscrimination requirements that otherwise would apply to 401(k) contributions made to the Plan. The Plan also allows for a discretionary matching contribution and a discretionary profit-sharing contribution on an annual basis. All participants share in the allocation of the discretionary matching employer contribution regardless of the hours of service during the year or their employment status as of the last day of the Plan year. In order to be eligible for the profit-sharing contribution, the participant must be employed on the last day of the Plan year and must have completed at least 1,000 hours of service during the Plan year. Discretionary matching contributions are allocated based on a discretionary percentage multiplied by the participant's compensation during the year. The discretionary percentage is applied on a uniform basis for all participants. Discretionary profit-sharing contributions are allocated on a pro-rata basis to all eligible participants. There were no discretionary matching or profit-sharing contributions for 2022 or 2021. Participants direct the investment of their employer matching and discretionary profit-sharing contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

NOTES TO THE FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account.

Vesting

Participants are immediately vested in their contributions and employer contributions, including actual investment earnings thereon.

Payment of Benefits

Participants, or their beneficiaries, may receive the vested interest of their Plan account through a distribution of benefits upon death, disability, termination of employment, retirement, or a qualifying withdrawal. Hardship withdrawals from the participants' vested account balance are permitted by the Plan. A participant may request an in-service withdrawal equal to the vested interest in their account if the participant has attained age 59 ½. Benefit payments may be made in the form of a single lump sum, equal installments, or partial withdrawals. Participants who terminate employment with a balance of less than \$5,000 may receive an automatic rollover distribution of their balance into an individual retirement account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by an outstanding balance or by the highest outstanding balance in the past 12 months, or 50% of their account balance. Loan repayment periods may not exceed 60 months except for loans used to acquire a principal residence, in which case the repayment period may not exceed 30 years. The loans are secured by the balance in the participant's account and bear interest at the prime rate, as defined, plus 1% at the time of issuance. Principal and interest are paid ratably through bi-weekly payroll deductions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

SYNERGY BUSINESS INNOVATION 401(k) P/S PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses include amounts paid by the Plan for recordkeeping services, third party administration services and investment advisory services. Administrative expenses are allocated to participant accounts based on a pro rata formula. Fees related to the administration of benefit payments and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. To the extent expenses of administering the Plan are not paid by the Plan, the expenses are paid by the Company, and therefore, are not included in the accompanying financial statements.

NOTE C - FAIR VALUE MEASUREMENTS

The *Fair Value Measurements* topic of the Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

SYNERGY BUSINESS INNOVATION 401(k) P/S PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimizes the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust fund: Valued at the NAV of units of the collective investment trust fund as reported by the fund. The NAV is based on the fair value of the underlying investments held by the funds less its liabilities. The unit price of the investment is quoted on a private market that is not active; however, the unit price is based on underlying investments which are based on observable inputs. Participant transactions (purchases and sales) may occur daily. The Plan can redeem these investments daily. There are currently no redemption restrictions on these investments.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

NOTES TO THE FINANCIAL STATEMENTS

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED)

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under the Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain Plan investments are managed by John Hancock Trust Company as of December 31, 2022. John Hancock Trust Company is the trustee and recordkeeper for the Plan for the year ended December 31, 2022 and for the period from August 1, 2021 to December 31, 2021, therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Reliance Trust Company was the trustee for the Plan from January 1, 2021 through July 31, 2021. Fees paid to John Hancock Trust Company and Reliance Trust Company are included in administrative expenses. ADP was the recordkeeper for the period from January 1, 2021 through July 31, 2021.

SYNERGY BUSINESS INNOVATION 401(k) P/S PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (CONTINUED)

Edward Jones Retirement Plan Services is the investment advisor for the Plan. Fees paid to the trustees, recordkeepers and financial advisor all qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Notes receivable from participants are also considered party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE G - INTERNAL REVENUE SERVICE STATUS

The Plan has been organized as a prototype plan and is intended to satisfy the tax qualification requirements under Internal Revenue Code (IRC) 401(a) and is, therefore, not subject to tax under current income tax law. The Plan has elected not to request a separate determination letter with respect to the Plan's qualification under Section 401(k) of the IRC. The Plan is maintained to conform to the prototype and received a prototype opinion letter from the IRS dated June 30, 2020. The Plan has been amended since receiving the prototype opinion letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market rate, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

SYNERGY BUSINESS INNOVATION 401(k) P/S PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE I - RECONCILIATION TO FORM 5500

No reconciliation of net assets available for benefits per the financial statements to the Form 5500 is required for the years ended December 31, 2022 and 2021.

NOTE J - DELINQUENT PARTICIPANT CONTRIBUTIONS

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. During the year ended December 31, 2022, employee contributions totaling \$245,134 were not remitted to the Plan until after the required time period and are considered prohibited transactions. The Plan remitted lost earnings related to the delinquent participant contributions for the year ended December 31, 2022 in 2023.

NOTE K - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 10, 2023, the date the financial statements were available to be issued.

On December 29, 2022, the Setting Every Community Up for Retirement Enhancement Act ("SECURE 2.0 Act") was signed into law. The SECURE 2.0 Act includes optional and mandatory provisions related to eligibility and enrollment, required minimum distributions, catch-up contributions, and emergency withdrawals, some of which become effective in 2023. Plan management is currently evaluating the impact of this legislation on the Plan and applicable provisions will be adopted if elected and/or required.
