INDEPENDENT AUDITORS' REPORT

To the Participants of
Ziehl-Abegg, Inc. 401(k) Profit Sharing Plan and Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Ziehl-Abegg, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certification from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditors' Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements conform with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance. Therefore, it is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule as of December 31, 2022, is presented for purposes of additional analysis and is a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ZIEHL-ABEGG, INC. 401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF THE PLAN

The following description of the Ziehl-Abegg, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a profit-sharing plan with a 401(k) savings option, established on January 1, 2007, to provide retirement benefits for substantially all the employees of Ziehl-Abegg, Inc. (the "Sponsor"). Employees of the Sponsor become eligible to participate in the Plan on the first day of the month following 30 days after their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the Internal Revenue Code (the "IRC").

Contributions

Each participant may contribute, on a pre-tax or post-tax (Roth) basis, a portion of his or her compensation, as defined by the Plan, subject to IRC limitations, in the form of a salary deferral. For any calendar year, elective deferrals may not exceed a specific dollar amount prescribed by the IRC, which is adjusted annually by the Internal Revenue Service ("IRS"). The Plan also allows participant rollover contributions from other qualified plans.

After six months of service, a participant is eligible for Sponsor matching contributions of 50% of their salary deferral contributions, up to 6% of annual compensation.

The Sponsor may also make discretionary non-elective contributions on behalf of employees. To be eligible for non-elective contributions the employee must have 1,000 hours of service and be employed on the last day of the year. Non-elective contributions are allocated amongst participants based upon the ratio that the participant's compensation for the Plan year bears to the total compensation for the Plan year of all participants. No discretionary non-elective contribution was made for the year ended December 31, 2022.

Investment options

The Plan's investment assets were held by Ascensus Trust Company as of December 31, 2021, and for the period from January 1, 2022 through February 7, 2022, and by Transamerica Financial Life Insurance Company Inc. for the period beginning February 7, 2022 through December 31, 2022 (collectively the "Custodians"), the custodians of the Plan's assets. Under an arrangement with the Custodians and upon enrollment in the Plan, participants direct all contributions in any whole percentage increments to any of the available funds. Participants may change their allocation among the various investment options at any time.

Participant accounts

Each participant's account is credited with (a) the participant's contributions, (b) the Sponsor's contributions on behalf of the participant, and (c) the earnings and losses of the participant's investments and is charged with any expenses incurred as a result of transactions initiated by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Each participant is immediately fully vested in the portion of his or her account attributable to his or her contributions and Sponsor matching contributions, and earnings thereon. Vesting in the Sponsor's non-elective contributions and the earnings thereon was based on years of continuous service with the Sponsor as follows:

<u>Years of Service</u>	<u>Vesting</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes receivable from participants

Participants may borrow, from their fund accounts, amounts ranging from \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance, excluding the Roth Elective Deferral balance. The maximum term of repayment for a loan is five years. Participants are allowed to have no more than one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at the Wall Street Journal's published prime rate plus 1%. Principal and interest are paid ratably through payroll deductions. The interest rate on loans outstanding was 4.25% at both December 31, 2022 and 2021.

Payment of benefits

Upon termination of employment, attainment of retirement age or for reasons of death or disability, participants may withdraw the vested portion of their account in the form of a lump sum or partial installment. Participants still employed with the Sponsor may withdraw all or a portion of their vested account balance and actual earnings thereon upon attainment of age 59 ½. Participants may also withdraw from their elective deferrals and earnings thereon for reasons of financial hardship as permitted by IRC. A terminated participant whose vested account balance does not exceed \$1,000 will receive a lump sum distribution of their vested account balance as soon as administratively feasible following termination. A terminated participant whose vested account balance exceeds \$1,000 but does not exceed \$5,000 will have their vested account balance rolled over into an individual retirement account outside of the Plan in their name as soon as administratively feasible following termination of employment.

Administrative expenses

Administrative fees associated with participant loans, distributions, and recordkeeping fees are paid by the Plan and charged to the participant accounts of those participants who initiated the transaction.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Payment of benefits

Benefits are recorded when paid.

Investment valuation and income recognition

Investments, except for fully benefit-responsive investment contracts, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements. Interest is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

For fully-benefit responsive investment contracts, contract value, is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributed to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent events

The Sponsor has evaluated subsequent events through October 4, 2023, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS (UNAUDITED)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the Custodians, except for comparing such information to the related information included in the Plan's financial statements and supplemental schedule.

The following information included in the Plan's financial statement and supplemental schedule was prepared and certified to be complete and accurate by the Custodians as of December 31, 2022 and 2021, and for the year ended December 31, 2022.

	2022	2021
Investments at fair value:		
Pooled separate accounts	\$ 1,606,349	\$ -
Mutual funds	-	1,341,750
Money market fund	-	77,190
Total investments at fair value	<u>\$ 1,606,349</u>	<u>\$ 1,418,940</u>
Investments in fully benefit-responsive investment contracts, at contract-value.	<u>\$ 135,504</u>	<u>\$ -</u>
Investment income (loss):		
Net depreciation in fair value of investments	\$ (212,400)	
Interest and dividends	<u>65</u>	
Total investment loss	<u>\$ (212,335)</u>	

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a guaranteed investment contract (the "Contract") with Transamerica Financial Life Insurance Company Inc. ("Transamerica"), which is a fully benefit-responsive investment contract. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the Contract is fully benefit-responsive, contract value is the relevant measurement attribute for net assets available for benefits attributable to the Contract. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include but may not be limited to the following: 1) the complete or partial termination of the Plan, 2) the establishment of, or material change in, any plan investment fund, or 3) an amendment to the Plan or a change in the administration or operation of the Plan. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The Contract may be terminated by Transamerica upon the Plan's establishment, activation, or material change to any plan investment fund that Transamerica determines will prevent its ability to continue to operate the contract under the current terms. Termination of the Contract with Transamerica may result in the settlement of the outstanding balance at an amount that differs from contract value.

The Contract has a guaranteed minimum interest rate of 0.75% per annum at December 31, 2022. Interest rates are adjusted quarterly. During 2022, the interest rates ranged between 0.75 and 0.90%.

5. RELATED PARTY TRANSACTIONS

The Sponsor pays certain costs on behalf of the Plan for insurance, administration, and professional services. Recordkeeping and administrative services are also provided by the Sponsor at no cost to the Plan.

The Plan offers, as investment options, certain funds managed by the Custodians. Accordingly, transactions in these investments qualify as party-in-interest transactions as defined by ERISA.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. INCOME TAX STATUS

The Plan utilizes a prototype plan document sponsored by Benefit Plans Services Inc., who received a letter from the Internal Revenue Service ("IRS"), dated June 30, 2020, in which the IRS opined that the prototype plan, as amended, is designed in accordance with the applicable sections of the IRC. The Plan has not obtained a determination from the IRS on its adoption of the non-standardized prototype plan. In accordance with Revenue Procedure 2002-6, the Sponsor has chosen to rely on the opinion letter of the prototype plan.

Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Sponsor believes the Plan is being operated in compliance with the applicable requirements of the IRC, and therefore, is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress, and the plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2019.

8. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used during the year ended December 31, 2022.

- Mutual funds and money market fund: Valued at the net asset value ("NAV") of shares held by the Plan at year end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Pooled separate accounts: Valued at the NAV of shares held by the Plan at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At December 31, 2022, all assets valued at fair market value were valued using NAV as a practical expedient and not required to be leveled in the fair value hierarchy.

The following table set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	Investments at fair value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,341,750	\$ -	\$ -	\$ 1,341,750
Money market fund	77,190	-	-	77,190
	<u>1,418,940</u>	<u>-</u>	<u>-</u>	<u>\$ 1,418,940</u>

9. PLAN AMENDMENTS

Effective January 1, 2022, the Plan Sponsor terminated its custodial agreement with Ascensus Trust Company and entered into a new agreement with Transamerica Financial Life Insurance Company Inc. All funds were transferred to the new custodian on February 7, 2022.

At the same time, the Plan document was restated to include the following amendments:

- Participants are only able to change elective deferral percentages for pre-tax and Roth contributions quarterly.
- Partial distributions are no longer permitted except in the case of required minimum distributions.
- In-service withdraws at age 59 ½ are now permitted from all vested sources.
- Discretionary Sponsor non-elective contributions were added. Participants are eligible upon completion of six months of service. Vesting is over a six-year graded vesting schedule.

10. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants would become 100% vested in their accounts.
