INDEPENDENT AUDITOR'S REPORT

To Plan Administrator
New England Finish Systems, LLC Profit Sharing & 401(k) Plan
Salem, New Hampshire 03079

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of New England Finish Systems, LLC Profit Sharing & 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits - modified cash basis as of December 31, 2022 and 2021, and the related statement of changes in net assets available for plan benefits - modified cash basis for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date of the financial report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, on the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (held at year end) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by Fidelity Management Trust Company (the "Custodian"), agrees to, or is derived from, in all material respects, the information prepared and certified by the Custodian that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NEW ENGLAND FINISH SYSTEMS, LLC PROFIT SHARING & 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Significant Accounting Policies

Valuation of investments: New England Finish Systems, LLC Profit Sharing & 401(k) Plan's (the "Plan") investments are stated at fair value. The shares of registered investment companies are valued at quoted market prices, which represent the net asset values ("NAVs") of shares held by the Plan at year end. See Note 3 for discussion on fair value measurements.

The changes in the difference between current value and the cost of investments and realized gains and losses are reflected in the statement of changes in net assets available for plan benefits - modified cash basis as an increase or decrease in realized and unrealized appreciation or depreciation in the value of investments.

Accounting method: The Plan prepares its financial statements on the modified cash basis of accounting. Under this method, contributions, interest and dividends and other amounts are recognized only when actually received by the Plan. Investments are stated at fair value. The modified cash basis of accounting is a basis of accounting other than generally accepted accounting principles.

Estimates and assumptions: Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Accordingly, actual results may differ from these expectations.

Payment of benefits: Benefits are recorded when paid.

Note 2. Description of the Plan

The following description of the Plan is provided for general information purposes only. Further information about the Plan Document and benefit provisions is available from the Plan Administrator.

General: The Plan is a defined contribution plan covering all non-union employees of Marquis Management, Select Spray Systems, New England Glass and Finishing LLC, Paint Systems of New England LLC, Eaton Door & Frame LLC, Allan Construction, Specialty Services of New England, New England Finish Systems LLC, K-Town Disposal, Select Demo Services LLC, Select Tile, Marble, and Flooring, LLC, Finish Installation of New England, LLC, Select Paint & Finish Systems and Prime Concrete (the "Companies"). Effective March 21, 2022, the Plan was amended to include the employees of Advanced Exteriors and Glazing. Employees are eligible to make deferral contributions immediately if they are at least 21 years old. Effective April of 2023, the Plan was amended to change the eligibility period from immediately to 30 days of service. Employees who are at least 21 years old and have completed one year of service are eligible to receive employer contributions beginning on their anniversary date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was last restated April of 2023.

Contributions: Under the Plan, participants may elect to make pre-tax contributions ("deferrals") to their employee accounts as well as after tax Roth contributions; these deferrals can range from 1% to the maximum subject to certain limitations under Sections 415(c), 402(g) and 401(k) of the Internal Revenue Code (IRC).

NEW ENGLAND FINISH SYSTEMS, LLC PROFIT SHARING & 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Contributions made by "highly compensated" employees may be restricted to satisfy the IRC nondiscrimination rules. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan also accepts rollover contributions.

The Company provides a 100% matching contribution on employee deferrals for all eligible participants up to the maximum allowable deduction permitted under the IRC at the time of contribution. The Company also has the option to provide a discretionary match contribution. The eligibility period for the match and discretionary match is one year of service.

Taxes: Participants are not taxed on their pre-tax deferrals, on the employer contributions allocated to their accounts, or on earnings thereon until these amounts are distributed. Roth contributions are made with after tax amounts. Roth contributions and earnings thereon are withdrawn tax-free provided all requirements of IRC Section 402A are met.

Vesting: Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Participants are also immediately vested in any rollover contributions into the Plan. Vesting on employer contributions is based on three-year cliff schedule. A participant is 100% vested after three years of credited service provided.

Investment options: Upon enrollment in the Plan a participant may choose to direct contributions to any combination of various registered investments and a money market account. Participants may change their investment options and transfer funds between investment options daily.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Note terms range from one to five years or up to ten years for the purchase of a primary residence. The notes are collateralized by the balance in the participant's account. All loans bear a reasonable rate of interest as determined by the Plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate shall remain fixed throughout the duration of the loan. Interest rates range from 4.25% to 8.00%. Principal and interest are paid ratably through payroll deductions. A participant may only have one note outstanding at any time.

Payment of benefits: The Plan provides for withdrawals in the event of death, disability, termination, hardship, and retirement. Benefit payments can be in the form of installment payments, partial withdrawals, annuities, and lump-sum amount equal to the value of the participant's vested interest in his or her account or a rollover to an eligible retirement account. The Company also allows for In-service withdrawals once participants reach age 59 and 1/2 for employee contribution balance.

Forfeitures: Non-vested accounts for participants who terminate service and are fully paid out are allocated to participants on the same basis as employer contributions. Forfeitures can be used to reduce administrative expenses first and any remaining amounts will be used to reduce future employer contributions. Unallocated forfeitures amounted to \$88,385 and \$28,675 as of December 31, 2022 and 2021, respectively.

NOTES TO FINANCIAL STATEMENTS

Funding policy: Weekly deferrals are withheld from eligible participants' wages. These deferrals are remitted weekly to the Plan Custodian and are invested based on the instructions provided by the participant. Employer contributions are made on a weekly basis and are invested based on the instructions provided by the participant.

Income tax status: The Internal Revenue Service (IRS) has determined and informed the Plan Administrator by a letter dated March 31, 2020, that the Plan is designed in accordance with the applicable section of the IRC and therefore not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its exempt status. The Plan has been amended since the determination letter was received, however the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan adopted the provisions of FASB ASC 740, Accounting for Uncertainty in Income Taxes. Accordingly, management has evaluated the Plan's tax positions and concluded the Plan had maintained its tax-exempt status, does not have any significant unrelated business income and had taken no uncertain tax positions that require adjustment or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. Federal or State tax authorities for years before 2019.

Note 3. Investments

The Fair-Value Measurements topic of the FASB Accounting Standards Codification (FASB ASC 820-10) defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair-value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs are other than quoted prices that are observable for the asset or liability. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies and money market funds: The fair value is based on quoted net asset values (NAV) of the shares held by the Plan at year end. At December 31, 2022 and 2021, all investments in registered investment companies and money market funds were valued using level 1 inputs and amounted to \$18,664,887 and \$19,935,177, respectively.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Terminated Participants

At December 31, 2022, net assets available for plan benefits allocated to those employees who have terminated from service approximated \$2,000,000.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants become 100% vested in employer contributions.

Note 6. Transactions with Parties in Interest

The Companies provide to the Plan certain accounting and administrative services for which no fees are charged. These transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions. However, under the provisions of ERISA these transactions meet the criteria for exemption, are not considered prohibited transactions, and do not need to be reported in the supplementary schedules of Form 5500.

The Plan invests in shares of registered investment companies managed by an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company acts as custodian for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

NEW ENGLAND FINISH SYSTEMS, LLC PROFIT SHARING & 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 7. Information Certified by the Plan's Custodian

The Plan Administrator has elected the methods of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

December 31,	2022	2021
Investments:		
Registered investment company	\$ 18,428,132	\$ 19,517,968
Money market	236,755	417,209
Total	<u>\$ 18,664,887</u>	<u>\$ 19,935,177</u>
Year ended December 31,		2022
Investment income (loss):		
Net depreciation in value	\$	(5,280,113)
Interest and dividends		1,246,486
Total		<u>\$ (4,033,627)</u>

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

Note 8. Risk and Uncertainties

The Plan provides various registered investments and an interest-bearing cash account. Investments are exposed to various risks such as interest rate, credit and market. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amount reported in the statements of net assets available for plan benefits - modified cash basis and the statement of changes in net assets available for plan benefits - modified cash basis.

Note 9. Subsequent Events

The Plan has evaluated subsequent events through October 6, 2023, the date which the financial statements were available to be issued, and the following subsequent events have been noted. As mentioned in Note 2, the Plan has been restated in April 2023. No other subsequent events were identified that would require disclosure in the financial statements for the year ended December 31, 2022.
