**To the Plan Administrator
Fieldstack, LLC 401(k) Plan
Portland, Maine**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Fieldstack, LLC 401(k) Plan (formerly the Fieldstack, LLC 401(k) Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Fieldstack, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Fieldstack, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fieldstack, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fieldstack, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fieldstack, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Fieldstack, LLC 401(k) Plan

Note A - Description of Plan

The following description of the Fieldstack, LLC 401(k) Plan (the “Plan”; formerly the Fieldstack, LLC 401(k) Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a prototype non-standardized defined contribution profit sharing plan sponsored by FieldStack, LLC and covering employees of Fieldstack and Bull Moose Music (the “Company” or the “Employer”) through September 31, 2022 and employees of Fieldstack from October 1, 2022 through December 31, 2022. The Plan was established by Crickery Wood effective January 1, 2012, with a restated effective date of February 1, 2016. Crickery Wood was liquidated in 2015 and its employees and activities were transferred to Fieldstack. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (“ERISA”).

On December 27, 2021 Bull Moose Music agreed to adopt the Bull Moose Employee Stock Ownership 401(k) Plan and Trust (the “Company ESOP”). The execution of the Company ESOP was effective on January 1, 2021.

The Plan was amended and restated by Fieldstack, LLC as the Fieldstack, LLC 401(k) Plan effective June 30, 2022.

Effective October 1, 2022, Bull Moose Music is no longer a participating employer of the Fieldstack, LLC 401(k) Plan (formerly known as the Fieldstack, LLC 401(k) Plan). See Note I for further detail.

Eligibility

All other than excluded employees of the Company are eligible to participate in the Plan upon attaining the age of 21 and the completion of 1,000 service hours. The entry date is semi-annually on the first day of the Plan year and the first day of the seventh month of the Plan year. Excluded employees include union employees covered by a collective bargaining unit, nonresident aliens and leased employees.

Contributions

Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan, and in addition, participants may make Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various mutual fund investment options offered by the Plan.

Fieldstack, LLC 401(k) Plan

Note A - Description of Plan - Continued

Contributions - Continued

The Company contributes a safe harbor match equal to 100% of each participant's deferral, subject to a maximum contribution of 4% of eligible compensation. Participants must complete one year of service to be eligible for a safe harbor match. Employee deferrals are funded on a payroll basis; employer safe harbor matching contributions are funded on an annual basis. All contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company contributions, Plan earnings, and is charged with an allocation of administrative expenses. The allocation of administrative expenses is based upon specific participant transactions and account balances. The benefit to which a participant is entitled is the benefit that can be provided from each participant's vested account.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting and Withdrawals

Participants are vested immediately in their contributions plus actual earnings thereon. The Companies' safe harbor contributions are fully vested when made.

Withdrawals are permitted from a participant's account prior to termination of employment in the case of death, disability, or financial hardship (as defined by the IRC). Participants who have reached age 59 ½ may receive an in-service distribution of all or part of their elective account, including Roth deferrals.

Notes Receivable from Participants

Participants may borrow from their account balances a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. The maximum number of loans a participant may have outstanding at any time is two. The maximum loan period is five years unless used to acquire a principal residence, in which case the repayment period may be extended. Loans generally become due and payable in full immediately upon termination. The loans are secured by the balance in the participant's account and bear interest at the Wall Street Journal Prime Rate plus 1% when the loans were originated. Principal and interest is paid weekly through a payroll deduction. There were no outstanding loans as of December 31, 2022.

Note A - Description of Plan – Continued

Payment of Benefits

Upon termination of employment, non-forfeitable account balances that do not exceed \$1,000 will be subject to an automatic cashout. Terminated participants with account balances exceeding the cashout level may request a distribution of their individual account. An individual may request an in-service distribution of their individual account attributable to elective deferrals upon reaching normal retirement age or the age of 59 ½. Employees are entitled to request a hardship distribution of their individual account attributable to elective deferrals. A participant incurring a disability may request a distribution of their individual account. Distributions upon termination are to be paid in a lump sum distribution a non-recurring partial payment, or in installments subject to minimum required distributions.

Forfeited Accounts

When termination of participation in the Plan occurs, the nonvested portion of the participant's account, as defined by the Plan, represents forfeitures. Forfeitures are utilized to pay administrative expenses or to reduce future discretionary employer matching contributions. The forfeited balance was \$0 at December 31, 2022 and 2021.

SECURE Act

The Setting Every Community Up for Retirement Enhancement (“SECURE”) Act was signed into law in December of 2019 and enacted on January 1, 2020. The Act makes a variety of changes to qualified retirement plan rules to encourage retirement savings and lessen certain burdens on plan sponsors. The Act includes optional as well as required changes; many of which are effective immediately with others having effective dates over a number of years. A significant change for 401(k) plans is a requirement for employers to allow employees who have not worked 1,000 hours in a year but have completed at least 500 hours of service each year for three consecutive years, who are age 21 or older and not collectively bargained or otherwise excluded to contribute to a 401(k) plan starting in 2024. Other changes include an increase in the required minimum distribution age for retirement accounts and an exception to the early withdrawal penalty for qualifying birth and adoption expenses. As of December 31, 2022, the Fieldstack, LLC 401(k) Plan has adopted all relevant provisions of the Act.

CARES Act

The Coronavirus Aid, Relief, and Economic Security (“CARES”) Act was signed into law on March 27, 2020. The provisions of the bill relating to retirement plans were designed to provide immediate financial relief in the midst of the global COVID-19 pandemic to participants experiencing financial difficulty, primarily by allowing broader access to eligible retirement plan funds. Key optional provisions include distribution and loan relief, a waiver of Required Minimum Distributions for calendar year 2020, and expanded DOL authority to postpone filing deadlines. As of December 31, 2022, the Fieldstack, LLC 401(k) Plan has elected to adopt any all relevant provisions of the Act.

Fieldstack, LLC 401(k) Plan

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded when it is earned on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the outstanding loan balance will be included in participants' gross income for federal income tax purposes as if it were distributed to him or her.

Administrative Expenses

Professional and administrative expenses of the Plan, at the Company's election, may be paid out of the Plan or directly by the Company. Certain fees are assessed by the Trustee for the processing of participant loans and participant withdrawals, and are charged directly to the participant's account. In addition, personnel and facilities of the Company are used by the Plan for its accounting and other activities at no charge to the Plan.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Note C - Information Certified by the Plan's Trustee (Unaudited)

The Plan Administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform, and they did not perform any auditing procedures with respect to information certified by Ascensus Trust Company, as trustee of the Plan, except for comparing information certified by the trustee to information included in the Plan's financial statements and supplemental schedule. The Plan Administrator has obtained certification from the trustee for 2022 that such information is complete and accurate.

The financial information certified by the Plan's trustee is as follows:

	As of December 31,	
	2022	2021
Investments at Fair Value:		
Mutual funds	\$ 1,608,330	\$ 2,618,508

Note D - Fair Value Measurements (Unaudited)

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 defines fair value and establishes a framework for measuring fair value through a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Fieldstack, LLC 401(k) Plan

Note D - Fair Value Measurements (Unaudited) - Continued

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

- The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.
- **Mutual Funds:** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methodology may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methodology is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note D - Fair Value Measurements (Unaudited) - Continued

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value at December 31, 2022 and 2021:

Assets at Fair Value at December 31, 2022				
Type	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 1,608,330</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,608,330</u>
Investments at Fair Value				<u>\$ 1,608,330</u>

Assets at Fair Value at December 31, 2021				
Type	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 2,618,508</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,618,508</u>
Investments at Fair Value				<u>\$ 2,618,508</u>

Note E - Distribution Payable

Distributions payable represent ineligible plan contributions from a single plan participant. The December 31, 2022 balance includes ineligible contributions for the plan year ended December 31, 2022. The December 31, 2021 balance included ineligible contributions for the plan year ended December 31, 2021, as well as ineligible contributions for the plan year ended December 31, 2020 that had not yet been distributed. Subsequent to year end, the December 31, 2022 balance was returned to the participant.

Note F - Related Party and Party-in-Interest Transactions

Participant notes receivable transactions are considered to be party-in-interest transactions because they are transacted with Plan participants.

The Plan sponsor has elected to pay the cost for administrative services provided to the Plan. For the year ended December 31, 2022, the Plan paid certain administrative fees of \$75 to the Vanguard Group. Certain fees are charged directly to individual accounts, including participant managed account services as well as loan and distribution activity.

The aforementioned activities qualify as party-in-interest transactions.

Note G - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would be 100% percent vested in their employer contributions.

Note H - Tax Status

The Company, as the Plan's sponsor, has adopted a Prototype Non-standardized Profit Sharing Plan with CODA, which received an Internal Revenue Service (IRS) opinion letter dated March 31, 2014 stating that the approved plan satisfies the applicable sections of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. The Plan has subsequently been amended; Plan management and the Plan's tax counsel believe that the Plan, other than the issue described in the below Note J, is currently designed and is being operated in compliance with the applicable requirements of the IRC, and that the Plan continues to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2022, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note I – Plan Transfer

Effective October 1, 2022, or as soon as administratively feasible after that date, the assets held in the Trust maintained pursuant to the Fieldstack 401(k) Plan attributable to the accounts of the Plan participants who are nonunion employees of Bull Moose Music were to be transferred, by means of a plan-to-plan transfer, to such participants' accounts under the Bull Moose Music Employee Stock Ownership 401(k) and Trust. All such qualifying balances, totaling \$725,623, were transferred as of December 31, 2022.

Note J - Contingency

Due to a delay in completion of the Plan's financial statement audit for the year ended December 31, 2021, the Plan filed an incomplete 2021 Form 5500. The financial statement audit has subsequently been completed and Plan management anticipates submission of an amended Form 5500 as soon as practical. Any potential penalties for late filing are the responsibility of the Plan sponsor and thus are judged by management to be insignificant to these financial statements.

Note K - Risks and Uncertainties

The Plan provides for various investment options which in turn invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and statement of changes in net assets available for benefits.

Note M - Subsequent Events

Management has made an evaluation of subsequent events up to and including October 11, 2023, which was the date the financial statements were available to be issued and determined that any subsequent events that would require recognition or disclosure have been considered in the preparation of the financial statements.

Effective January 1 of 2023, the name of the Fieldstack, LLC 401(k) Plan was changed to the Fieldstack Inc. 401(k) Plan. All relevant optional provisions of the SECURE Act and the CARES Act were also adopted as part of the amendment.
