The Benefits Planning Committee and Plan Administrator
TruGreen Profit Sharing and Retirement Plan
Memphis, Tennessee

We have audited the financial statements of TruGreen Profit Sharing and Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2022, and we will issue our report thereon dated October 12, 2023. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Principal Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America (U.S. GAAP). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP. Professional standards require that we provide you with information about our responsibilities under auditing standards generally accepted in the United States of America, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated April 14, 2023. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2022. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. Management considers the fair value measurements of investments to be a significant estimate.

The methods and significant assumptions used to estimate fair value of financial instruments are as follows:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common trust funds: Valued at the NAV of units of a trust company common trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Management evaluated the key factors and assumptions used to develop the methodologies over fair value measurements in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was the disclosure over fair value measurements in Note 3 of the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no material misstatements, either individually or in the aggregate, to the financial statements taken as a whole, detected as a result of audit procedures performed.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 12, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

Department of Labor (DOL) regulations require employers to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. Determining when a contribution can be reasonably segregated depends on the facts and circumstances surrounding each individual plan and will most likely vary from plan to plan. Certain DOL officials suggest the timeliness of the employee contributions should at least mirror the employer's remittance of employee FICA or federal income tax withholdings to the appropriate sources. Once a pattern for remitting employee contributions has been established and substantiated, deviations from this practice may be considered delinquent contributions by the DOL that are required to be reported in Form 5500. Even a one-day delay in remitting employee contributions may be considered delinquent. We recommend that management consistently monitor its remittance of employee contributions to ensure its practice of timely remittance.

ERISA requires Plan fiduciaries, when selecting and monitoring service providers and Plan investments, to act prudently and solely in the interest of the Plan's participants and beneficiaries. Responsible plan fiduciaries also must ensure that arrangements with their service providers are "reasonable" and that only "reasonable" compensation is paid for services. Fundamental to the ability of fiduciaries to discharge these obligations is obtaining information sufficient to enable them to make informed decisions about an employee benefit plan's services, the costs of such services, and the service providers. We recommend that management continue to monitor these services on at least an annual basis.

Cybersecurity has become one of the biggest areas affecting businesses today. In a 2016 Advisory Council letter, the DOL stated: "the operation and administration of benefit plans require the sharing of data and assets among multiple parties, including third party administrators, actuaries, auditors, and trustees, to name a few. It is critical for plan sponsors and vendors to manage this data with the objective of minimizing exposure to the cyber threats that exist now and will develop in the future." This issue will continue to be a focus area for the DOL. Thus, we recommend that management continue to monitor cyber risks related to the dissemination of confidential information and incorporate cybersecurity risk management into the vendor selection and monitoring process.

Other Matters

During our testing of contributions to the Plan, we noted that in one of eighty-five samples tested for 2022 contribution testing, the participant elected to change deferral percentage but was not taken into effect until the next payroll period. We recommend that management perform a periodic review of employee deferrals to ensure changes are captured in the appropriate payroll.

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Benefits Planning Committee, the Plan Administrator, and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Reynolds, Bone & Grisebeck PLC
