INDEPENDENT AUDITORS' REPORT

**TO THE TRUSTEES OF
HALEY AUTOMOTIVE GROUP
PROFIT SHARING PLAN**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Haley Automotive Group Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Haley Automotive Group Profit Sharing Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Haley Automotive Group Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Haley Automotive Group Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Haley Automotive Group Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Haley Automotive Group Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at year end) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Schedules Required by ERISA (Continued)

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**HALEY AUTOMOTIVE GROUP
PROFIT SHARING PLAN**
Notes to Financial Statements
December 31, 2022

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Haley Automotive Group Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

General - The Plan is a defined contribution plan covering substantially all employees of Haley Automotive (the Company). The Plan was established January 1, 1976 to provide certain retirement and other benefits for employees eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility - All employees who have completed 1,000 hours of service in a 12 month eligibility period, as defined by the Plan and have attained age 21 are eligible to participate in the Plan at the next entry date. New participants may enter the plan on January 1 and the same day of the month occurring in each successive 3-month period, coincident with or next following satisfaction of the eligibility requirements.

Contributions - Each pay period, the Company contributes to the Plan a salary deferral amount elected by each participant. Each participant may elect to contribute a portion of their salary up to \$20,500. Participants age 50 and over may contribute an additional \$6,500 in 2022. The Company makes a matching contribution of 10%, up to 6% of the employees' deferral. The Company's contributions are reduced by the forfeitures of participants who have terminated employment during the year and were not fully vested in their employer contribution portion of their account. The forfeitures balance as of the plan year end was \$3,269. Also, in Plan year 2022, contributions were reduced by \$0 from forfeited nonvested accounts.

Participant Accounts - Each participant's account is credited with the participant's salary reduction contributions, employer matching contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan. Participants select how to invest salary deferral and employer contributions in the plan.

Vesting - Participants are fully vested in their salary deferral contributions at all times. Vesting in the employer matching contributions is based on years during which the participant worked at least 1,000 hours. A participant becomes fully vested in the Plan after six years of service. Upon termination of employment due to death or disability, all amounts credited to the participant's account shall become fully vested.

Payment of Benefits - Upon termination of service, a participant, or his or her beneficiary, may elect to receive either a lump -sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a selected period.

Plan Administration - Employees of the Company perform substantial administrative services for the Plan at no cost to the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review - Subsequent events and transactions were evaluated for potential recognition or disclosure through September 28, 2023, which is the date the financial statements were available to be issued.

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value except for the annuity investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates - The preparation of financial statements in accordance with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Administrative Expenses - Certain administrative fees, including loan origination fees and statement delivery charges, are paid by the participants by a deduction from their accounts. Administrative expenses for the Plan years ending December 31, 2022 and 2021 were \$119,470 and \$120,325, respectively.

NOTE 3 -NOTES RECEIVABLE FROM PARTICIPANTS

All participants and beneficiaries may borrow up to the lesser of \$50,000 or 50% of his or her vested interest in the Plan, less any outstanding loans. The minimum loan that may be taken is \$1,000. All loans must be approved by the Plan administrator and the loan will bear a reasonable rate of interest. The rate option used by the Plan is prime plus one percent.

NOTE 4 - INVESTMENTS AND CUSTODIAN CERTIFICATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 C.F.R. 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity Insurance Company of America has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

NOTE 4 - INVESTMENTS AND CUSTODIAN CERTIFICATION (Continued)

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2022 and 2021;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022;
- Investment information included in the footnotes, supplemental schedule of delinquent participant contributions and supplemental schedule of assets (held at end of the year) as of December 31, 2022.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 - PLAN TAX STATUS

The plan obtained its latest determination letter on January 31, 1996, in which the Internal Revenue Service stated that the plan, as the designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator and the plan's other advisors believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the plan was qualified and tax-exempt for the year ended December 31, 2022.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 8 - PLAN AMENDMENT

An amendment to The Plan was adopted July 11, 2017, with effective date of December 1, 2017, allowing entry to the Plan quarterly when all other eligibility requirements are met. Prior to this amendment, eligible participants could enter the Plan semiannually.

NOTE 9 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in inactive markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimized the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 10 - RELATED PARTY AND PARTIES-IN-INTEREST TRANSCATIONS

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

Fee incurred by the Plan for administrative services are paid for through participant accounts. In 2022, administrative fees paid to Great-West Trust Company, LLC were \$119,470.

NOTE 11 - ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan entered into a fixed annuity contract with Great-West Life & Annuity Insurance Company. The group annuity contract states that assets are held within the Key Guaranteed Portfolio Fund, a fixed account that is part of the general account of Great-West Life & Annuity Insurance Company. Interest is credited daily on a portfolio basis. The credited interest rate may change or stay the same each quarter.
