INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the Texas Hydraulics Newco, Inc. 401K Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Texas Hydraulics Newco, Inc. 401K Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Texas Hydraulics Newco, Inc. 401K Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT (Continued)

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Texas Hydraulics Newco, Inc. 401K Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Texas Hydraulics Newco, Inc. 401K Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITOR'S REPORT (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Texas Hydraulics Newco, Inc. 401K Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Texas Hydraulics Newco, Inc. 401K Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions and the schedule of assets held at end of year for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TEXAS HYDRAULICS NEWCO, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Texas Hydraulics Newco, Inc. (the “Company”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have completed one month of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company was a subsidiary of Dover Corporation from 1988 to 2015 during which time the employees were able to participate in Dover’s employee benefit plan. During 2016, Texas Hydraulics established the Texas Hydraulics Newco, Inc. 401(k) Plan and the Texas Hydraulics employees were given the option to rollover their account balances to this Plan from Dover Corporation’s Plan. The Plan originated January 15, 2016 and is in compliance with the provisions of the Pension Protection Act of 2006. Effective January 1, 2019, the Plan excludes contractors. Interns and temporary employees must attain age 21 and reach 1,000 hours of service to be eligible to participate. The Plan was amended effective January 1, 2019 to incorporate provisions of the Bipartisan Budget Act of 2018 and the 2017 Tax Cuts and Jobs Act. The plan adopted the distribution provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act during Plan year 2020. Effective January 1, 2020, the Plan was amended to merge participants from the Oilgear Company Saving Plus Plan. The Plan adopted the Cycle 3 restatement effective May 4, 2022.

Contributions

Participants may elect to contribute up to 50% of their compensation to the Plan as either a pre-tax contribution or a Roth contribution. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The deferral rate increases annually by 1 percent up to 6 percent.

The Company contributes 100 percent of the first 1 percent of base compensation that a participant contributes to the Plan plus 50 percent of the amount of participant contributions that exceed 1 percent of base compensation but that do not exceed 6 percent of base compensation. Additional profit sharing amounts may be contributed at the option of the Company’s board of directors and are invested in a portfolio of investments as directed by the Participants. Additionally, the Company has the option of making a discretionary match up to a percentage of pay determined by the Company. Participants covered by the Freemont, Nebraska collective bargaining agreement are not eligible to receive Company matching contributions. Instead, those covered by the collective bargaining agreement received matching contributions of 50% of the first 2%. These employees also receive an additional 5% company contribution.

TEXAS HYDRAULICS NEWCO, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Contributions are subject to maximum annual dollar contribution restrictions of ERISA and the Internal Revenue Service. Participants direct the investment of the contributions into various investment options offered by the Plan. The Plan currently offers 27 mutual fund accounts and 1 common/collective trust accounts, as investment options for participants.

Participant Accounts

Each participant account is credited with the participant's contributions and allocations of (a) Company contributions, (b) Plan earnings, and (c) charged with an allocation of administrative expenses. Allocations of earnings are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account.

Vesting

Participants are immediately vested in their voluntary and Company contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$ 1,000 up to a maximum equal to the lesser of \$ 50,000 or 50 percent of their vested balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loans fund. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through weekly or biweekly payroll deductions.

Payments of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. Account balances of \$ 1,000 or less will be distributed to the participant in cash. Balances exceeding \$ 1,000 up to \$ 5,000 will be transferred to an IRA if the participant does not make a timely election. Participant consent is required for distributions in excess of \$ 5,000. The Plan also allows for in-service withdrawal of vested account balance at age 59.5 and withdrawal of elective deferrals for qualified hardship.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

TEXAS HYDRAULICS NEWCO, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Loans to participants are measured at their net unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Administrative expenses other than trustee fees of the Plan were absorbed by the company sponsor of the Plan. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other member requested services are charged directly to the participants account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Information Prepared and Certified by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA - required supplemental schedules, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

TEXAS HYDRAULICS NEWCO, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trusts: Valued at the net asset value ("NAV") of its underlying investments, which include mutual funds, stocks, bonds and securities in varying proportions. The majority of the underlying investments have observable level 1 or 2 pricing inputs, including quoted prices for similar assets in active or non-active markets.

TEXAS HYDRAULICS NEWCO, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021, all of which are participant directed:

	2022			Total Fair Value
	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	
Mutual funds	\$ 28,916,073	\$ -	\$ -	\$ 28,916,073
Common / Collective trust funds of Fidelity Investments	-	1,198,674	-	1,198,674
Total Investments by Fair Value Hierarchy	<u>\$ 28,916,073</u>	<u>\$ 1,198,674</u>	<u>\$ -</u>	<u>\$ 30,114,747</u>

	2021			Total Fair Value
	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	
Mutual funds	\$ 32,344,542	\$ -	\$ -	\$ 32,344,542
Common / Collective trust funds of Fidelity Investments	-	3,918,062	-	3,918,062
Total Investments by Fair Value Hierarchy	<u>\$ 32,344,542</u>	<u>\$ 3,918,062</u>	<u>\$ -</u>	<u>\$ 36,262,604</u>

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2022, are reported in net depreciation in fair value of investments.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

6. Tax Status

The Plan is using a prototype non-standardized profit sharing plan with CODA document. The Internal Revenue Service (IRS) has determined and informed the Company in a letter dated June 30, 2020 that the standardized form of the Plan is acceptable under Section 401 of the Internal Revenue Code. The IRS's opinion on the acceptability of the form of the Plan is not a ruling or determination as to whether the Plan qualifies under Code section 401(a). However, the Plan administrator believes the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

TEXAS HYDRAULICS NEWCO, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Party-in-Interest Transactions

The Plan has not considered company contributions to the plan or benefits paid by the plan to participants as party-in-interest transactions.

The Plan holds investments in common/collective trust funds of the trustee. The Plan incurred recordkeeping fees of \$ 59,130 paid to Fidelity Investments and advisor fees of \$ 53,981 paid to Willis Towers Watson for the year ended December 31, 2022.

9. Subsequent Events

Subsequent events were evaluated through October 4, 2023, which is the date of the financial statements were available to be issued.

The Plan will adopt additional provisions of the SECURE Act through the plan year ending December 31, 2025 as these provisions become effective.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2022 and 2021:
