Independent Auditors' Report

To the Trustee and Plan Committee of
L.P.M. Holding Company, Inc. Employee Stock Ownership Plan
Bolton, Massachusetts

Opinion

We have audited the accompanying financial statements of L.P.M. Holding Company, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets in liquidation available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets in liquidation available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets in liquidation available for benefits of L.P.M. Holding Company, Inc. Employee Stock Ownership Plan as of December 31, 2022 and 2021, and the changes in its net assets in liquidation available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of L.P.M. Holding Company, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As discussed in Note A to the financial statements, the trustee of L.P.M. Holding Company, Inc. Employee Stock Ownership Plan approved a plan of liquidation on October 1, 2021, and final liquidation was completed by December 31, 2022. As a result, of L.P.M. Holding Company, Inc. Employee Stock Ownership Plan presented the financial statements for the years ended 2022 and 2021 on the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of L.P.M. Holding Company, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

LPM Holding Company, Inc Employee Stock Ownership Plan
Notes to Financial Statements
December 31, 2022
(in liquidation)

A. Plan Description

The following brief description of the L.P.M. Holding Company, Inc. Employee Stock Ownership Plan (the “Plan”) is provided for general information purposes only. A more complete description of the Plan’s provisions is in the Plan Document.

1. General - L.P.M. Holding Company, Inc. (the “Company”) established the Plan and the L.P.M. Holding Company, Inc. Employee Stock Ownership Trust (the “Trust”) effective January 1, 2016. The Plan covers all eligible employees (“participants”) of the Company. The Plan is designed to qualify as an Employee Stock Ownership Plan (“ESOP”) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (“IRC”), and is subject to the applicable provisions of the Employer Retirement Income Security Act of 1974 (“ERISA”).
2. Plan termination - The Company has resolved to terminate the Plan effective on October 1, 2021 (the “Plan Termination Effective Date”). In accordance with Subsection 19(c) of the Plan, the accounts of all affected participants became non-forfeitable as of Plan Termination Effective Date and were distributed to participants as soon as administratively feasible after the Plan Termination Effective Date. All plan assets were distributed by December 31, 2022.
3. Eligibility - Prior to the Plan Termination Effective Date, employees of the Company, as defined in the Plan, were generally eligible to participate in the Plan upon completing twelve months of service, provided they worked at least 1,000 hours during such Plan year. Participants who did not have at least 1,000 hours of service during such Plan year or were not employed on the last working day of a Plan year were generally not eligible for an allocation of Company contributions for such year. Effective as of the Plan Termination Effective Date, no new employees became eligible to participate in the Plan.
4. Contributions - Prior to the Plan Termination Effective Date, the Company could make contributions to the Plan in cash or in shares of Company stock, as determined by the Company’s board of directors. Such contributions could not exceed the maximum amount deductible under Section 404(a)(3) of the IRC. Shares of company stock were valued at their then fair market value. Employee contributions were not permitted. Beginning after the Plan Termination Effective Date, no further employer contributions were made to the Plan.
5. Participant accounts - Prior to the Plan Termination Effective Date, the Plan was a defined contribution plan under which a separate individual account was established for each participant. Each participant’s account was credited as of the last day of each Plan year with an allocation of shares of the Company’s common stock or cash contributions and forfeitures of terminated participants’ non-vested accounts. Only those participants who were eligible employees of the Company as of the last day of the Plan year would receive an allocation. Allocations were based on a participant’s covered compensation, relative to total covered compensation. Plan earnings were allocated to each participant’s account based on the ratio of the participant’s account balance.
6. Administrative expenses - Prior to the Plan Termination Effective Date, as provided in the Plan, administrative expenses of the Plan and Trust were to be paid by the Trust, unless paid by the Company.

A. Plan Description (continued)

7. Vesting - Prior to the Plan Termination Effective Date, if a participant's employment with the Company ended for any reason other than retirement, permanent disability, or death, he or she would vest in the balances in his or her account based on total years of service with the Company. Participants with less than three years of service were not vested in their accounts. Participants were 100% vested after three years of service. Effective as of the Plan Termination Effective Date, all participants who had not incurred a forfeiture as of January 1, 2021, became 100% vested.
8. Forfeitures - Prior to the Plan Termination Effective Date, contributions made by the Company, which were not vested at the time employees cease to be participants in the Plan, were allocated to each remaining participant's account based upon the relation of the participant's covered compensation to total covered compensation for the Plan year. There were no forfeitures for the year December 31, 2022.
9. Payment of benefits - Prior to the Plan Termination Effective Date, distributions on account of death, disability, or retirement were made in a lump sum in the Plan year following the event, for account balances less than \$5,000. Account balances in excess of \$5,000 were paid in substantially equal installments over five years beginning in the Plan year following the event. Distributions for other separations from service commence in the sixth Plan year following the separation from service and were made in five annual installments for account balances greater than \$5,000. Account balances less than \$5,000 were paid in a lump sum in the Plan year following the separation of service. The amount to be distributed was based upon the immediately preceding valuation date. Distributions were made in cash, employer securities, or a combination of each. Under the provisions of the Plan, the Company was obligated to immediately repurchase the participant shares at their appraised fair market value. Effective as of the Plan Termination Effective Date, all account balances were distributed in lump-sum as soon as administratively feasible. All distributions were made by December 31, 2022, in the form of cash.
10. Voting rights - Prior to the Plan Termination Effective Date, each participant was entitled to exercise voting rights attributable to shares allocated to his or her account and was notified by the Trustee prior to the time that such rights were to be exercised. The Trustee was permitted to vote any unallocated shares held by the Trust as well as any allocated shares for which a participant had failed to give timely voting instructions.
11. Put option - Prior to the Plan Termination Effective Date, under federal income tax regulations, the employer stock that was held by the Plan and its participants and was not readily tradable on an established market, or was subject to trading limitations, included a put option. The put option was a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price was representative of the current appraised value of the stock. The Company could pay for the purchase with interest over a period of five years. The purpose of the put option was to ensure that the participant had the ability to ultimately obtain cash.

A. Plan Description (continued)

12. Diversification - Prior to the Plan Termination Effective Date, diversification was offered to participants close to retirement age so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that were more diversified. Participants who were at least age fifty-five with at least ten years of participation in the Plan could elect to diversify a portion of their account. Diversification was offered to each eligible participant over a six-year period. In each of the first five years, a participant could diversify up to twenty-five percent of the shares allocated to his or her account, less any previously diversified shares. In the sixth year, the percentage changed to fifty percent. The election to diversify was made subsequent to year-end based upon the shares of employer stock in the participant's account at year-end.
13. Plan administration - The Company is the Plan administrator and has the authority to appoint persons or entities to carry out the operations of the Plan. The Menke Group provides plan administrative services to the Plan.

B. Summary of Significant Accounting Policies

1. Basis of accounting - The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP"). In connection with the termination of the Plan, the accounting basis was changed to liquidation basis in 2021. The 2022 and 2021 financial statements are presented on the liquidation basis of accounting. The liquidation basis of accounting presents assets at amounts expected to be realized in liquidation and liabilities at amounts expected to be paid to creditors. In 2021, the Plan accrued estimated administrative costs of \$68,940 which were paid in 2022. The Plan was fully liquidated by December 31, 2022.
2. Use of estimates - The preparation of financial statements in conformity with U.S. GAAP requires the use of estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein. Such estimates relate primarily to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.
3. Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, see Note D. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.
4. Allocations - The financial statements of the Plan present the assets and liabilities and changes therein pertaining to the accounts of employees with rights in allocated investments.
5. Benefits paid - Benefits are recorded when paid.

C. Related Party and Party-in-Interest Transactions

Certain employees and officers of the Company, who may also be participants in the Plan, perform administrative services to the Plan at no cost.

The Plan receives administrative services from the Menke Group, fees related to these services may be paid by the Plan, if not paid by the Company.

D. Income Tax Status

The IRS has determined and informed the Plan sponsor by a letter dated December 17, 2017, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the advisory opinion, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

E. Subsequent Events

The Plan has evaluated all subsequent events through October 10, 2023, the date the financial statements were available to be issued and determined that no additional subsequent events had occurred that would require recognition and disclosure in the financial statements.
