INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Arlington Properties, Inc. 401(k) Profit Sharing Plan
Birmingham, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Arlington Properties, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Arlington Properties, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Arlington Properties, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Arlington Properties, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Arlington Properties, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Arlington Properties, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ARLINGTON PROPERTIES, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1. DESCRIPTION OF PLAN

The following description of the Arlington Properties, Inc. (the Company) 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for eligible employees of the Company who have completed three months of service, as defined in the Plan document, and are age twenty-one or older. Employees covered by a collective bargaining agreement and certain nonresident aliens are not eligible to become Plan participants. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined by the Plan, not to exceed the annual limits imposed by the Internal Revenue Service. The Plan also allows participants to make Roth (after-tax) deferrals. The Roth deferrals are included in the employee's ordinary taxable income and are maintained in a separate account from pre-tax deferrals. Earnings accumulate on a tax deferred basis. The participant may elect to make all pre-tax, all Roth, or combination deferrals each pay period. The Plan has automatic enrollment for new employees at 2 percent of compensation, as defined by the Plan. Such automatic enrollment shall apply after three months of service. The automatic enrollment deferral increases by 2 percent per year until it reaches 6 percent, unless the participant makes an election to change contributions or opt out of the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 25 mutual funds and 1 guaranteed investment contract as investment options for participants. Effective December 1, 2018, the Company amended provisions of the plan to match participant contributions at 50 percent of the first 6 percent of base compensation that a participant contributes to the Plan, beginning after one year of service. Prior to the amendment, the Company matched participant contributions at 7 percent of the first 4 percent of base compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contribution, and allocations of investment earnings. The participant is entitled to the benefit from the vested account balance. Participants may direct the investment of their own account balances into various investment funds offered by the Plan.

Vesting

Participants are immediately vested in their contributions including actual earnings or losses thereon. Vesting in the Company's contribution portion of participant accounts, including actual earnings or losses thereon, is based on graduated vesting which begins after 2 years of service and reaches 100 percent after 6 years of credited service.

NOTE 1. DESCRIPTION OF PLAN - Continued

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding loan balance of loans during the one-year period ending on the day before the new loan is made or the greater of (1) 50 percent of their vested balance (without regard to any accumulated deductible employee contributions) reduced by any outstanding loan balance on the date the new loan is made, or (2) \$10,000 reduced by any outstanding loan balance on the date the new loan is made. The loans are secured by the vested balance in the participant's account bearing interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Interest rates were 6% at December 31, 2022 and 2021.

Payment of Benefits

Upon termination of service, a participant may receive an amount equal to the vested balance in his or her account in either a lump sum, fixed term annuity, periodic payments over a period of time not exceeding the life expectancy of the participant and participant beneficiary, if applicable, or a rollover of his or her account balance. Further, the Plan Administrator may permit a participant who experiences a qualified financial hardship, as defined, to receive a distribution of a portion of the participant's account balance. Distributions are subject to the applicable provisions of the Plan document.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$3,598 and \$307, respectively. These accounts will be used to first pay administrative expenses of the Plan and then used to offset employer contributions made to the Plan. During the years ended December 31, 2022 and 2021, employer contributions were offset through the use of forfeited non-vested accounts in the amount of \$45,558 and \$34,941, respectively.

Administrative Expenses

Non-investment costs and administrative expenses of the Plan are paid by the Company, which is a party-in-interest. These expenses, which are not reflected in the accompanying financial statements, constitute exempt party-in-interest transactions under ERISA. Investment expenses are offset against the related investment income.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

ARLINGTON PROPERTIES, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end.

Notes Receivable from Participants

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Any loss caused by nonpayment or other default on a participant's loan obligation is borne solely by the participant's loan account as a deemed distribution. The Plan estimates that all loans are fully collectible.

Payment of Benefits

Benefits paid to participants are recorded when paid.

Income Recognition

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Realized and unrealized appreciation in the fair value of investments is based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation, or on the last day of the year for unrealized appreciation.

Subsequent Events

The Plan evaluates events occurring subsequent to the date of the financial statements to determine if recognition in the financial statements or disclosure is appropriate. The Plan has evaluated subsequent events through October 6, 2023, the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 3. INFORMATION CERTIFIED AND PROVIDED BY TRUSTEE

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by Principal Trust Company, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31,	
	2022	2021
Investments at fair value:		
Mutual funds	\$ 8,859,669	\$ 9,240,382
Investment at contract value:		
Guaranteed investment contract	1,208,819	1,294,628
Notes receivable from participants	322,462	285,828

Principal Trust Company also certified to the completeness and accuracy of \$1,866,518 of net decrease in fair value of investments, \$79,890 of interest and dividends, and \$17,757 of interest income on notes receivable from participants related to the aforementioned Plan assets for the year ended December 31, 2022.

NOTE 4. FAIR VALUE MEASUREMENTS

Authoritative accounting literature establishes a framework for using fair value to measure assets and liabilities and defines fair value as a price that would be received to sell an asset or paid to transfer a liability (an exit price) as opposed to the price that would be paid to acquire the asset or received to assume the liability (an entry price).

A fair value measure should reflect the assumptions that market participants would use in pricing the asset or liability, including the assumptions about the risk inherent in a particular valuation technique, the effect of a restriction on the sale or use of an asset and the risk of nonperformance. Required disclosures include stratification of statement of net assets available for benefits amounts measured at fair value based on inputs the Plan uses to derive fair value measurements.

ARLINGTON PROPERTIES, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 4. FAIR VALUE MEASUREMENTS - Continued

These strata include:

Level 1 valuations, where the valuation is based on quoted market prices for identical assets or liabilities traded in active markets (which include exchanges and over-the-counter markets with sufficient volume),

Level 2 valuations, where the valuation is based on quoted market prices for similar instruments traded in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market, and

Level 3 valuations, where the valuation is generated from model-based techniques that use significant assumptions not observable in active markets, but observable based on Plan-specific data. These unobservable assumptions reflect the Plan's own estimates for assumptions that market participants would use in pricing the asset or liability. Valuation techniques typically include option pricing models, discounted cash flow models and similar techniques, but may also include the use of market prices of assets or liabilities that are not directly comparable to the subject asset or liability.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the closing price as reported by the fund – Level 1 valuation.

The following table sets forth financial assets measured at fair value on a recurring basis as of December 31, 2022 and 2021, by caption on the statements of net assets available for benefits and by the valuation hierarchy defined above, respectively:

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

For the years ended December 31, 2022 and 2021, there were no transfers in or out of Levels 1, 2, or 3.

NOTE 5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan offers the Principal Fixed Income Option (PFIO) as a stable value investment option available to Plan participants. PFIO is a benefit-responsive group annuity contract issued by Principal Life Insurance Company (PLIC). The methodology for calculating the interest-crediting rate is defined in the contract under the term "Composite Crediting Rate."

PLIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by PLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

ARLINGTON PROPERTIES, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 5. INVESTMENT CONTRACT WITH INSURANCE COMPANY - Continued

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletions of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The PFIO is a single group annuity contract with a fixed rate of interest. It is not a portfolio of contracts whose yields are based on changes in fair value of underlying assets. As a result, the average yield earned by the Plan is the yield earned (i.e. interest credited) on the group annuity contract. The interest rate history for the contract is as follows:

Time Period	Rate
January 2021 through June 2021	1.10%
July 2021 through December 2021	1.10%
January 2022 through June 2022	1.00%
July 2022 through December 2022	1.15%

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their account balances.

NOTE 7. EXCESS CONTRIBUTIONS PAYABLE

Participant contributions are limited to annual maximum thresholds, as established by IRS regulations. Any excess contributions and related earnings are recorded as a liability until refunded to the participants. No amounts of excess contributions were payable as of December 31, 2022 and 2021.

ARLINGTON PROPERTIES, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 8. TAX STATUS

The IRS has determined and informed the Company by a letter dated July 28, 2005, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended and restated since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for tax years before 2020.

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

There are no reconciling items between the accompanying financial statements and Schedule H of the 2022 Form 5500.

NOTE 10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11. RELATED PARTY TRANSACTIONS

Plan investments are shares of mutual funds managed by Principal. Principal is the trustee of the Plan's assets and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for services rendered by Principal amounted to \$15,538 and \$12,473 for the years ended December 31, 2022 and 2021, respectively.

NOTE 12. DELINQUENT PARTICIPANT CONTRIBUTIONS

During the Plan years ended December 31, 2021 and earlier, the Company had not remitted certain participant contributions and loan repayments to the Trustee in a timely manner based on when the participant contributions and loan repayments were withheld from participants as required under Department of Labor Regulation 2510.3-102. All delinquent participant contributions and loan repayments have been submitted to the Plan. Certain delinquent contributions were still pending correction for lost income as of December 31, 2022.
