INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the ASCO 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of ASCO 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of ASCO 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects,

the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ASCO 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ASCO 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ASCO 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ASCO 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H; Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ASCO 401(k) Plan

Notes to Financial Statements

December 31, 2022

1. Description of the Plan

The ASCO 401(k) Plan (the “Plan”) was established on January 1, 2013, for the benefit of the employees of ASCO Aerospace USA, LLC (the “Company”). The Plan is administered by a committee of employees appointed by the Company. The Company has entered into a Trust Agreement with Empower Retirement (“Empower”) whereby Empower acts as the Plan Trustee.

On March 31, 2022, Montana Aerospace AG (“Montana”) acquired 100% of the shares of the Parent of the Company’s holding company.

The following description of the Plan provides only general information. Participants should refer to the Plan document or summary plan description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan. Employees (who are not leased employees, certain union employees, certain nonresident aliens, or employees whose regular base compensation is paid from an affiliated company outside the United States) are eligible to participate in the elective deferral portion of the Plan on date of hire and attainment of age 21. These employees are eligible to receive safe harbor employer-matching contributions immediately and non-elective profit sharing contributions upon completing six months of service with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

The Plan allows participants to contribute up to IRS limitations, as defined in the Plan. Salary deferrals may be pre-tax 401(k) deferrals or Roth 401(k) deferrals. Participants may also contribute amounts representing rollover-eligible distributions from certain other qualified benefit plans, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan is a safe harbor 401(k) plan under which the Company matches 100 percent of participant contributions up to 4 percent of participant compensation, as defined in the Plan. The Company may also make discretionary profit sharing contributions each year to eligible employees as described in the Plan. All contributions are participant-directed.

Contributions (continued)

The Plan provides a true-up of employer matching contributions that ensures participants receive the full employer matching contributions based on the annual amount the participant contributed to the Plan. Employer contributions receivable at December 31, 2021, included the 2021 true-up contribution of \$1,009.

The 2022 true-up contribution of \$2,699 for the 2022 Plan year was accrued as receivable to the Plan at December 31, 2022.

Participant Accounts

Each participant's account is credited with the participant's contributions, safe harbor matching contributions, an allocation of Plan earnings, and Company discretionary contributions, if any, and is charged with any benefit payments. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own contributions and safe harbor matching contributions plus actual earnings or losses thereon. Participants begin vesting in Company discretionary contributions, if any, plus actual earnings or losses thereon ratably after two years of service and become fully vested after six years of service.

Notes Receivable from Participants

Participants may borrow from the Plan an amount limited to the lesser of 50% of their vested account or \$50,000, with a minimum loan amount of \$1,000. Participants may borrow for a term of up to five years (longer for the purchase of a personal residence) at a commercially reasonable rate of interest rate, as described by the Plan. Outstanding loans have interest rates that vary from 4.25% to 6.5%, depending on the interest rate at the time of the distributed loan. Such loans are treated as directed investments. One outstanding loan per participant was permitted during 2022 and 2021. At December 31, 2022 and 2021, outstanding loans to participants amounted to \$145,185 and \$134,779, respectively. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service, a participant may receive a lump-sum amount equal to the vested value of his or her account, or upon death, disability or retirement, elect to receive monthly, quarterly or annual installments over a certain period as defined in the Plan document. The preceding payments begin upon the participant reaching retirement age or meeting other criteria as defined in the Plan document. If the value of the participant's vested benefit is less than \$5,000 (excluding amounts attributable to rollovers), a lump-sum distribution will be made to the participant within a reasonable time after termination. Benefits are recorded when paid. There were no distributions that were requested in 2022, but not paid until 2023.

Forfeited Accounts

Under the terms of the Plan, participants forfeit their non-vested balances on the earlier of the IASCO day of the Plan year in which the former participant incurs 5 consecutive 1-year breaks in service, or the distribution of the entire vested portion of the participant's account. Forfeitures may be used to pay Plan expenses. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$0 and \$250, respectively.

Administrative Expenses

The Company pays the costs associated with administering the Plan. Such expenses paid by the Company are excluded from these financial statements. Total fees paid by the Company in 2022 amounted to \$3,850. Quarterly plan fees outstanding at December 31, 2022, amounted to \$725, which the Company paid in 2023. The Plan pays the other costs associated with maintaining the Plan which are not paid by the Company. Such costs are reflected in Administrative Expenses which totaled \$48,176 for the year ended December 31, 2022.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date, and interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Investment contracts held by a defined-contribution plan are reported at fair value. However, contract value is the relevant measure attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to a fully-benefit responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in the Key

Investment Valuation and Income Recognition (continued)

Guaranteed Portfolio Fund with Great-West Life & Annuity Insurance Company ("Great-West") (see Note 5), which is a fully benefit-responsive stable value collective fund ("SVF"). The Statement of Net Assets Available for Benefits presents the contract value of the SVF, which approximates fair value, as reported by Great-West.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

3. Investments

During 2022, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$772,426.

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted observable quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Basis of Fair Value Measurement

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities; |
| Level 2 | Inputs to the valuation methodology include observable inputs other than quoted active market prices, including quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, and inputs derived principally from or corroborated by observable market data by correlation or other means; |

4. Fair Value Measurements (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2022 and 2021. During the year ended December 31, 2022, there were no transfers of financial instruments into or out of Level 3.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table segregates all financial assets and liabilities as of December 31, 2022 and 2021, respectively, that are measured at fair value on a recurring basis (at leASCO annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date:

Fair Value Measurements at December 31, 2022, Using

Description	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	\$ 3,179,359	\$ -	\$ -
Total Investments at Fair Value	\$ 3,179,359	\$ -	\$ -

4. Fair Value Measurements (continued)

Fair Value Measurements at December 31, 2021, Using

Description	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	\$ 4,066,120	\$ -	\$ -
Total Investments at Fair Value	\$ 4,066,120	\$ -	\$ -

5. Group Annuity Contract with Great-West Life & Annuity Insurance Company

In 2013, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (Great-West). The contract values of this investment totaled \$202,051 and \$196,394 at December 31, 2022 and 2021, respectively. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The interest crediting rate is based on a formula established by the contract issuer but may not be less than 0 percent. The crediting rate is reviewed on a quarterly basis for resetting. Either party may terminate the annuity contract with 60 days advance written notice.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (4) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value.

5. Group Annuity Contract with Great-West Life & Annuity Insurance Company (continued)

with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

6. Tax Status

The Company adopted a Volume Submitter Profit Sharing Plan (VSPS Plan) with CODA sponsored by PASI, LLC. The Internal Revenue Service has determined and informed the VSPS Plan sponsor by a favorable opinion letter dated March 31, 2014, that the VSPS Plan is designed in accordance with the applicable sections of the Internal Revenue Code (the Code). The VSPS Plan's opinion letter is being relied on by the Plan. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Amendment and Termination

The Company may amend the Plan at any time, including amendments to conform to the Internal Revenue Code, Treasury Regulations and Rulings thereunder. Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

8. Information Certified by the Plan's Trustee

Empower Retirement (the "Trustee") is the trustee of the Plan for the years ending December 31, 2022 and 2021. The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2022 and 2021;

8. Information Certified by the Plan's Trustee (continued)

- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022;
- Investment information included in the footnotes and supplemental Schedule H; Line 4i – Schedule of Assets (Held at End of Year) and Schedule H; Line 4i – Schedule of Assets (Acquired and Disposed of Within Year).

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as presented in the financial statements to the Form 5500 for the year ended:

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at leASCO reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

The residual impact of the COVID-19 pandemic continues to affect financial markets and the global economy. The resulting market volatility impacts the valuation of the Plan's investments. The extent of the economic impact on the Plan's participant account balances and the net assets available for benefits cannot be reasonably estimated at this time.

11. Related-Party Transactions and Party in Interest Transactions

The Company provides to the Plan certain accounting and administrative services for which no fees are charged. No such officer or employee receives compensation from the Plan. Also, the Plan Administrator representatives and Plan Sponsor representatives are currently participants in the ASCO 401(k) Plan. The Plan invests in the Great-West contract discussed in Note 5 and in other funds issued or managed by the trustee or an affiliate thereof. Empower Retirement, the Plan's trustee, is a member of the Great-West family of companies.

12. Subsequent Events

The Company has evaluated all events subsequent to the balance sheet date of December 31, 2022, through the financial statement issuance date of October 9, 2023, and determined there were no subsequent events requiring additional disclosure.
