Independent Auditor's Report

To the Plan Administrator
STC Employee Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of STC Employee Retirement Plan (formerly Swift Train Employee Retirement Savings Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a) for the year ended December 31, 2022 and Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

STC Employee Retirement Plan

Notes to Financial Statements December 31, 2022

Note 1 - Description of Plan

The following description of STC Employee Retirement Plan (formerly Swift Train Employee Retirement Savings Plan) (the "Plan") provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering all eligible employees of ST Acquisition, LLC (formerly Swift Train Company, LLC) (the "Company") who have completed two months of service and are age 21 or older. Eligible employees may begin to participate in the Plan on the first day of the month following the satisfaction of the eligibility requirements. Reclassified employees, as defined, and residents of Puerto Rico are excluded from participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company's Board of Directors is responsible for oversight of the Plan. The Administrative Services Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors.

Contributions

Each year, participants may make salary deferral contributions to the Plan equal to a percentage of their pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may designate all or a portion of their salary deferral contributions as Roth deferral contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds, a collective trust fund and self-directed brokerage accounts as investment options for participants.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their pre-tax deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. This automatic deferral will increase by 1% each year up to a maximum of 10% of eligible compensation.

The Plan includes a safe harbor provision whereby the Company will make matching contributions to the Plan equal to 100% of a participant's elective deferrals up to 3% of eligible compensation plus an additional 50% of elective deferrals greater than 3% up to a maximum of 5% of eligible compensation. The Company may, at its discretion, also make additional discretionary matching contributions and nonelective contributions to the Plan. For the year ended December 31, 2022, the Company elected not to make any additional discretionary matching contributions or nonelective contributions to the Plan. Participants also direct the investment of the Company contributions. All contributions are subject to certain Internal Revenue Code (the "IRC") limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, Company safe harbor matching contributions and any additional discretionary matching contributions, as well as allocations of any discretionary Company nonelective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

STC Employee Retirement Plan

Notes to Financial Statements December 31, 2022

Vesting

Participants are vested immediately in their salary deferral contributions, rollover contributions and the Company's safe harbor matching contributions, plus actual earnings thereon. In the event of termination due to death, total and permanent disability or normal retirement (defined by the Plan as age 65), participants shall become 100% vested in the Company's nonelective and additional discretionary matching contribution portion of their account. For all other participants, vesting in the Company's nonelective and additional discretionary matching contribution portion of their account is based on credited years of service, as defined by the Plan, according to the following schedule:

<u>Years of service</u>	<u>Vested percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account. The loan interest rate is set at the prime rate plus 1% on the first business day of the month prior to the date of the loan, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service for any reason, participants will receive benefits in a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants with a vested account balance less than \$1,000 will receive a mandatory distribution. For terminated participants with a vested account balance greater than \$1,000, but less than \$5,000, the Plan administrator will make a direct rollover of the participant's account to an individual retirement account designed by the Plan administrator. Participants with a vested account balance greater than \$5,000 may defer payment of benefits until a later date.

Withdrawals from a participant's vested account balance, excluding safe harbor matching contributions, may also be made in the event of a financial hardship, in accordance with the provisions specified in the Plan. Prior to termination of employment, participants who have attained age 59½ are eligible to make in-service withdrawals, in accordance with the provisions of the Plan.

Forfeited accounts

At December 31, 2022 and 2021, there were \$3,944 and \$3,781 of forfeited nonvested accounts, respectively. Any forfeited nonvested accounts may be used to pay Plan expenses or to reduce employer contributions. There were no forfeited nonvested accounts utilized during the year ended December 31, 2022.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

STC Employee Retirement Plan

Notes to Financial Statements December 31, 2022

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrative Services Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to notes receivable from participants, administration of self-directed brokerage accounts, certain distributions and certain quarterly investment management fees are charged directly to the participant's account and are included in administrative expenses. Other indirect investment related expenses are included in the net depreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through September 28, 2023, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board issued Accounting Standards Codification 820, *Fair Value Measurement*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

STC Employee Retirement Plan

Notes to Financial Statements December 31, 2022

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of common stocks, exchange traded funds, and interest-bearing cash. The common stocks and exchange traded funds are valued at the closing price reported on the active market on which the individual securities are traded. Interest-bearing cash is valued at amortized cost, which approximates fair value.

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 30 days notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

STC Employee Retirement Plan

Notes to Financial Statements December 31, 2022

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Assets at fair value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Investments in fair value hierarchy				
Mutual funds	\$ 10,453,077	\$ -	\$ -	\$ 10,453,077
Self-directed brokerage accounts	46,851	-	-	46,851
	\$ 10,499,928	\$ -	\$ -	10,499,928
Investments measured at net asset value (a)				507,164
Total investments at fair value				\$ 11,007,092
Assets at fair value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Investments in fair value hierarchy				
Mutual funds	\$ 13,914,050	\$ -	\$ -	\$ 13,914,050
Self-directed brokerage accounts	103,164	-	-	103,164
	\$ 14,017,214	\$ -	\$ -	14,017,214
Investments measured at net asset value (a)				660,561
Total investments at fair value				\$ 14,677,775

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

For the year ended December 31, 2022, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

STC Employee Retirement Plan

Notes to Financial Statements December 31, 2022

Fair value of investments in entities that use NAV

The following tables summarize investments for which fair value is measured using NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2022			
	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency (if currently eligible)</u>	<u>Redemption notice period</u>
Collective trust fund	<u>\$ 507,164</u>	None	Daily	30-days

	December 31, 2021			
	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency (if currently eligible)</u>	<u>Redemption notice period</u>
Collective trust fund	<u>\$ 660,561</u>	None	Daily	30-days

Note 4 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2022 and 2021, and investment income (loss) and interest income on notes receivable from participants for the year ended December 31, 2022, that are disclosed in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i), were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan.

Note 5 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the employer nonelective contribution and additional discretionary matching contribution portions of their account.

Note 6 - Tax status

The pre-approved defined contribution plan document, which the Plan has adopted via a nonstandardized adoption agreement, obtained its latest opinion letter dated June 30, 2020 in which the IRS stated that the pre-approved defined contribution plan document, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan itself has not received a determination letter from the IRS, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

STC Employee Retirement Plan

Notes to Financial Statements December 31, 2022

Note 7 - Related party transactions and party-in-interest transactions

The Plan's investments are managed by J.P. Morgan Asset Management and J.P. Morgan Retirement Plan Services LLC provides recordkeeping and administrative services to the Plan (collectively referred to as "JPMorgan"); therefore, these transactions qualify as party-in-interest transactions. The Plan's self-directed brokerage accounts are offered through Charles Schwab Trust Bank, also a party-in-interest. JPMorgan also provides recordkeeping services for the self-directed brokerage accounts. Indirect fees incurred by the Plan for investment management services are included in the net depreciation in fair value of the investments. Direct fees paid by the Plan to JPMorgan and Charles Schwab Trust Bank amounted to \$10,182 for the year ended December 31, 2022. The Plan allows participants to take loans against their account balances, which are also considered party-in-interest transactions.

The Plan entered into a revenue sharing agreement with JPMorgan to establish an expense budget account for purposes of paying certain Plan expenses. The expense budget account totaled \$16,379 and \$18,996 as of December 31, 2022 and 2021, respectively. There were no contributions into the expense budget account during the year ended December 31, 2022. Pursuant to the agreement, the expense budget is treated as a Plan asset and must be used only for appropriate Plan expenses. The Plan utilized \$2,932 from the expense budget account to pay expenses for the year ended December 31, 2022.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Nonexempt transactions

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), certain Plan contributions were not remitted to the Plan within the time frame specified by the Department of Labor's Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2022. The Company worked with the Plan's third-party administrator to calculate lost earnings on the late deposits. The calculation of lost earnings was based upon each participant's actual investment rate of return during the period, excluding any investment losses.

Note 10 - Subsequent events

Effective January 1, 2023, the Plan was amended to 1) remove the safe harbor matching contribution provision, 2) add an employer matching contribution equal to 50% of the first 5% of eligible compensation a participant contributes to the Plan, and 3) add a three-year vesting schedule related to the new employer matching contribution.

In 2022, the Company was purchased by The Belknap White Group. Subsequently in June 2023, all assets of the Plan were transferred to the Rhode Island Distributing Company 401(k) Profit Sharing Plan.
