INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
The Principal Manufacturing Corporation 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Principal Manufacturing Corporation 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Principal Manufacturing Corporation 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Principal Manufacturing Corporation 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Principal Manufacturing Corporation 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Principal Manufacturing Corporation 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Principal Manufacturing Corporation 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial

statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PRINCIPAL MANUFACTURING CORPORATION 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF THE PLAN:

The following description of Principal Manufacturing Corporation 401(k) Profit Sharing Plan (the “Plan”) provides only general information. The Plan was amended and restated effective September 20, 2021 to adopt volume submitter plan documents sponsored by Fidelity Management & Research Company. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General –

The Plan is a defined contribution plan covering substantially all full-time employees of Principal Manufacturing Corporation (the “Company”) who have completed two months of service, have reached the age of 18 and who are not covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan. The Plan’s Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Plan’s Board of Trustees.

Contributions –

Each year, participants may contribute up to 96% of pretax annual compensation, as defined in the plan, subject to certain IRS limitations. Participants who have attained age 50 before the end of the Plan year may make catch-up contributions in addition to their regular deferral contributions. All pre-tax deferral contributions are made out of pretax earnings through salary reductions. These contributions are not subject to federal income tax until withdrawn. Taxes are the responsibility of the individual participants and not the Plan. All Roth deferral contributions are subject to federal income tax in the year of deferral and, in most cases, are not subject to federal income taxes when distributed. Participants may also contribute, with the consent of the Plan administrator, amounts representing distributions from other qualified retirement plans.

The amended and restated Plan effective September 20, 2021, included an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default rate set at 3% of eligible compensation. During 2022 and 2021, the Company may elect, for each payroll period, to make a discretionary matching contribution at a set rate of 50% of the amount that a participant contributes to the Plan up to a maximum deferral of 5% of compensation for each pay period.

The Company made discretionary contributions to the Plan amounted to \$142,013 and \$125,548 for the years ended December 31, 2022 and 2021, respectively.

The Company may also make a discretionary profit-sharing contribution (no profit-sharing contributions were made for the years ended December 31, 2022, and 2021). Participants are eligible for an allocation of the profit-sharing contribution after they have completed one year of service, are employed as of the last day of the Plan year and they worked at least 1,000 hours during the Plan year. Participants are also eligible for an allocation of the profit-sharing contribution regardless of the amount of service you complete during the Plan year in the year of your death, disability or retirement.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF THE PLAN: (Continued)

Participant Accounts –

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, when applicable, and (b) Plan earnings (losses), as well as an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting –

Participants are always 100% vested in their contributions plus earnings thereon. Participants become fully vested in employer profit sharing contributions after completing three years of service. Participants vest in their employer matching contributions in accordance with the following table:

Completed Years of Service	Percentage Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants also become fully vested in their employer contributions if they are employed with the Company upon reaching normal retirement age or upon death or permanent disability.

Forfeitures –

As of December 31, 2022, and 2021, forfeited nonvested accounts totaled \$46,279 and \$34,309, respectively. Effective January 18, 2017, the plan was amended to allow the Company to use the forfeited nonvested accounts to reduce employer contributions in addition to reducing administrative expenses. No forfeitures were used to reduce administrative expenses during the years ended December 31, 2022, and 2021. No forfeitures were used to reduce employer contributions during the years ended December 31, 2022, and 2021.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF THE PLAN: (Continued)

Notes Receivable from Participants –

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances from their accounts. Repayment of loans shall be determined by mutual agreement, but in no event will the term exceed five years unless the loan is used to purchase a principal residence, and then the term shall be limited to a period consistent with commercial home loan practices. The loans are secured by the vested balance in the participant account and bear interest at the Prime Rate plus 1%. Principal and interest are paid ratably through payroll deductions. Participants may have a maximum of one loan outstanding at any given time.

Payments of Benefits –

A participant may elect to receive payment of benefits upon termination, retirement, disability, reaching age 59 1/2 or death. The plan does not allow hardship withdrawals.

Benefits may be paid in a lump-sum distribution or the participant may select from various periodic installment options as soon as practicable after employment with the Company has ended. Participants may elect to defer commencement of distributions until April 1 of the calendar year after they attain age 70 1/2 at which time minimum distributions must be made in accordance with applicable regulations. Until such time as the funds are distributed, the participant is entitled to receive a pro rata share of fund earnings. Benefits may also be paid to an eligible participant as an eligible rollover distribution.

Effective January 1, 2020, the new IRS hardship distribution regulations were implemented for participants to have access to earnings on the deferral portion of their account, to include federal disasters as a hardship category, to eliminate the suspension period subsequent to receiving a hardship distribution, and to eliminate the requirement to exhaust plan notes. With effect from January 1, 2020, written amendments to the Plan to reflect these operational changes will also be adopted in accordance with applicable law and IRS guidance.

Investment Options –

Participants direct the investment of their account balances into various investment options offered by the Plan. The Plan currently offers various investments in registered investment companies and a common collective trust as investment options for participants. The participants are able to change their investment options on a daily basis.

Administration of the Plan and Administrative Expenses –

Principal Manufacturing Corporation is the Plan's sponsor and administrator. Fidelity Workplace Services, LLC ("Fidelity") acts as a record keeper for the Plan. Fidelity Management Trust Company is the Plan's trustee and custodian. All administrative costs, charges and expenses are paid by the Plan to the extent not paid by the Company.

PRINCIPAL MANUFACTURING CORPORATION 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF THE PLAN: (Continued)

Coronavirus Aid, Relief, and Economic Security Act –

The Plan has adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") that was signed into law on March 27, 2020, related to coronavirus-related distributions, suspended participant loan payments and increased loan limits, and waiver of required minimum distributions that were due during 2020. The Plan intends to formally execute the required plan amendments for these provisions by the last day of the plan year beginning on or after January 1, 2025.

2. SUMMARY OF ACCOUNTING POLICIES:

Basis of Accounting –

The financial statements of the Plan are prepared under the accrual method of accounting. Accordingly, investment income is recognized when earned and expenses are recognized when incurred.

Use of Estimates –

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (USGAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amount of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition –

Investments are reported at fair value in accordance with accounting principles generally accepted in the United States of America. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan's investments are exposed to risks such as interest rate, credit and overall market volatility. Due to these risk factors, it is reasonably possible that changes in the value of investments will occur in the near term and could materially affect the amounts reported in the financial statements.

PRINCIPAL MANUFACTURING CORPORATION 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

2. SUMMARY OF ACCOUNTING POLICIES: (Continued)

Net Realized and Unrealized Appreciation (Depreciation) in Fair Value Investments –

Net realized gain (loss) on the sales of investments is calculated as the difference between the net proceeds and the cost of the investments on a specific identification basis.

Net unrealized gain (loss) in the fair value of investments is calculated as the difference between fair value of assets held at the beginning of the year or acquired during the year and the fair value of assets at the end of the year.

Contributions Receivable –

Historically, the plan may have contribution receivables from the Company and employees relating to contributions not yet funded as plan year end. No such contributions receivables existed as of December 31, 2022 and 2021.

Notes Receivable from Participants –

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payments of Benefits –

Benefits are recorded when paid.

Operating Expenses –

Certain expenses of maintaining the Plan are paid by the Company and therefore excluded from the financial statements. Fees for the administration of note receivable from participants are included in administrative expenses and charged directly to the participant's account. Record keeping, administrative and investment advisory fees are paid by the Plan and included in administrative expenses and allocated to all participant's accounts.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

2. SUMMARY OF ACCOUNTING POLICIES: (Continued)

Uncertain Tax Positions –

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or a disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to tax examinations for the years prior to 2019. If applicable, the Plan would record penalties and interest or uncertain tax positions as a deduction from net assets.

3. INVESTMENTS:

Fair Value Measurements –

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price).

The accounting guidance includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of fair value hierarchy are as follows:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the entity has the ability to access.
- Level 2 - Valuations based on quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable data for substantially the full term of the assets or liabilities.
- Level 3 - Valuations based on inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of assets and liabilities and their placement within the fair value hierarchy levels.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

3. INVESTMENTS: (Continued)

Fair Value Measurements – (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value-

- Registered Investment Companies: Valued at the net asset value (“NAV”) of shares held by the Plan at year end.
- Common Collective Trusts: This investment is valued using the NAV provided by the Plan’s third party administrator. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The inputs used in the valuing the underlying investments in the common collective trust included quoted prices from similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities and inputs that are derived principally from or corroborated by observable market data.

The methods described above might produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the different methodologies or assumptions used to determine fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

Investments are administered and maintained by Fidelity Management Trust Company (the “Trustee”). The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as to complete and accurate by the Trustee.
