Independent Auditors' Report

Plan Administrator
PGAV Savings & Investment Plan
St. Louis, Missouri

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of PGAV Savings & Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required By ERISA

The supplemental schedule of Assets Held at End of Year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PGAV SAVINGS & INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 And 2021

1. Description Of The Plan

The following description of PGAV Savings & Investment Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

Peckham Guyton Albers & Viets, Inc. (the Company) adopted the Plan to provide participants an opportunity to defer a portion of their earnings to provide supplementary retirement income and a measure of economic security. The Plan, which became effective September 1, 1985, is a defined contribution plan covering all employees of the Company and PGAV Planners, LLC without restriction to age or length of service.

Effective April 7, 2022, Fidelity Management Trust Company and Fidelity Investments International (collectively, Fidelity) replaced Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B. (collectively, Prudential) as the Plan's trustee and record keeper, respectively. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may defer, either pre-tax contributions, Roth contributions, after-tax contributions or a combination thereof from up to 90% of eligible compensation as specified in the Plan, not to exceed the maximum allowed by Internal Revenue Code (the IRC) limitations. Participants who have reached age 50 may make catch-up contributions, as defined in the IRC. Rollovers from qualified plans are allowed under the provision of the Plan.

Effective February 1, 2020, the Plan was amended to allow in-Plan Roth rollovers of non-distributable amounts. The participant may roll over any vested amount.

The Plan also provides for an Automatic Contribution Arrangement which enrolls employees upon hire at a default pre-tax deferral rate of 6% of eligible compensation unless the employee elects not to participate or elects a different deferral rate. The deferral rate is increased by one percentage point from the deferral rate effective as of the last day of the prior Plan year to a maximum of 10% of eligible compensation.

The Plan also provides for discretionary Company matching contributions, which are determined annually by the Board of Directors. In 2022 and 2021, the Board of Directors elected to match 50% of participants' contributions.

PGAV SAVINGS & INVESTMENT PLAN

Notes To Financial Statements *(Continued)*

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and allocations of the Plan's earnings and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting of Company contributions is based on years of service. A participant becomes 20% vested for any Plan year the participant works 1,000 hours, increasing 20% each year to 100% vested after five years of service, attainment of or upon normal retirement age (age 65), upon early retirement (age 55) or death.

Forfeitures

When certain terminations of participants in the Plan occur, the nonvested portion of the participant's account represents a forfeiture. Forfeitures may be used to pay administrative expenses or used to reduce Company contributions, with any remaining amounts reallocated to participants' accounts. Forfeitures available for future use were \$1,074 and \$14,524 as of December 31, 2022 and 2021, respectively. The Company used \$28,000 in forfeitures to reduce Company contributions during 2022 and \$5,500 in 2021. The Company used \$0 and \$58 in forfeitures to pay expenses during 2022 and 2021, respectively.

Notes Receivable From Participants

Participants may borrow from their account a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of the total value of the participant's vested account balance. Loans are for a period not exceeding five years, or not to exceed 15 years for the purchase of a principal residence. Loans bear interest at the Federal Reserve prime rate plus 1% (7.50% as of December 31, 2022). Loans are repaid through payroll withholdings, including principal and interest.

Benefit Payments

Upon termination of service, a participant (or the beneficiary) will receive a distribution of the account through a single lump-sum. Account balances of less than \$5,000 are distributed to participants in an immediate lump sum cash distribution upon termination of service.

PGAV SAVINGS & INVESTMENT PLAN

Notes To Financial Statements (*Continued*)

In-Service Withdrawals

Active participants may withdraw rollover contributions at any time. Active participants who reach age 59-1/2 may withdraw all or part of their vested accounts.

Active participants who experience a qualifying financial hardship may withdraw from the Plan a portion of their vested account resulting from elective deferral and Roth contributions. Hardship withdrawals will be approved only if they conform to Plan provisions and established safe harbors under the IRC.

Administrative Expenses

The Plan is administered by the Company. Under the terms of the Trust Agreement, Fidelity manages trust funds on behalf of the Plan and maintains individual participants' accounts. Administrative expenses may be paid by the Company or the Plan.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

Investments, other than the fully benefit-responsive investment contract and collective trust funds, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

PGAV SAVINGS & INVESTMENT PLAN

Notes To Financial Statements *(Continued)*

Investment contracts held by a defined contribution plan that are fully benefit-responsive are reported at contract value, rather than fair value because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's investment in the Guaranteed Income Fund is a fully benefit-responsive investment contract and is reported at contract value in the statement of net assets available for benefits.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded as earned on an accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based on the terms of the Plan.

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

Management has evaluated subsequent events through the date the financial statements were available for issue, which is the Independent Auditors' Report date.

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net change in fair value of investments, interest and dividends for the years ended December 31, 2022 and 2021, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Prudential and Fidelity.

All investments in the Plan are participant-directed. Prudential held the Plan's assets in a group annuity contract. Participants were permitted to periodically direct the investment in their account balances between Prudential's guaranteed income account, one or more pooled separate accounts, mutual funds or a self-directed brokerage account.

4. Fair Value Measurements

The Plan follows accounting standards which establish a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standards are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

PGAV SAVINGS & INVESTMENT PLAN

Notes To Financial Statements *(Continued)*

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts

Valued at the net asset value (NAV) of units held by the Plan at year end. The NAV is determined by dividing the net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. Pooled separate accounts are comprised, primarily, of shares of registered investment companies held through sub-accounts of a separate account of an insurance company. All pooled separate accounts file an annual report on Form 5500 as direct filing entities. The Plan has concluded that the NAV as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company is used as a practical expedient to measure the fair value.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts

Self-directed brokerage accounts are primarily comprised of common and preferred stocks and mutual funds. Common and preferred stocks are valued at the closing price reported on the active market on which the individual securities are traded.

Collective Trust Funds

Valued at the NAV of units of bank collective trusts. The NAV, as provided by trustees, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less liabilities. This practical expedient is not used when it is determined to be probable that a fund will sell the investment for an amount different than the reported NAV.

PGAV SAVINGS & INVESTMENT PLAN

Notes To Financial Statements (*Continued*)

Investment Contract

The Plan had entered into a fully benefit-responsive investment contract, Guaranteed Income Fund, with Prudential. Prudential maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Guaranteed Income Fund issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. The Guaranteed Income Fund is reflected in the financial statements at contract value.

As described in Note 2, because the Guaranteed Income Fund was fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed income account. Contract value, as reported to the Plan by Prudential, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants might ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value under all circumstances including the termination of the Plan. The plan no longer holds these investments at December 31, 2022.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	December 31, 2022			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 39,237,279	\$ —	\$ —	\$ 39,237,279

Total Assets In The Fair Value Hierarchy	\$ 42,050,818	\$ —	\$ —	42,050,818
Collective trust funds measured at net asset value (a)				<u>3,451,600</u>
Total Assets At Fair Value				<u>\$ 45,502,418</u>

PGAV SAVINGS & INVESTMENT PLAN

Notes To Financial Statements (Continued)

	December 31, 2021			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 16,279,937	\$ —	\$ —	\$ 16,279,937
Self-directed brokerage accounts	2,529,149	—	—	2,529,149
Total Assets In The Fair Value Hierarchy	\$ 18,809,086	\$ —	\$ —	18,809,086
Pooled separate accounts measured at net asset value (a)				<u>32,355,687</u>
Total Assets At Fair Value				<u>\$ 51,164,773</u>

- (a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Fair Value Of Investments In Entities That Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022 and 2021:

Investment Type	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2022	2021			
Pooled Separate Accounts	\$ —	\$ 32,355,687	None	Daily	None
Collective Trusts	3,451,600	—	None	Daily	None

There have been no changes in the valuation methodologies used at December 31, 2022 or 2021.

5. Income Tax Status

The Company has adopted the Fidelity Basic Plan Document No. 17. Fidelity has received an opinion letter dated June 30, 2020, in which the Internal Revenue Service (the IRS) stated that the standardized plan, as designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended subsequent to the latest opinion letter date. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan, as amended, is qualified and tax-exempt.

PGAV SAVINGS & INVESTMENT PLAN

Notes To Financial Statements (*Continued*)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Party In Interest Transactions

For the period of January 1, 2021 through April 6, 2022, The Plan held investments in pooled separate accounts and the guaranteed income account managed by Prudential. For the period of April 7, 2022 through December 31, 2022, The Plan held investments in mutual funds managed by Fidelity. In addition, certain employees have outstanding loans with the Plan as of December 31, 2022 and 2021. These constitute party in interest transactions that are allowable under ERISA regulations.

8. Risks And Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
