Independent Auditor's Report

To the Trustees and Plan Administrator of
Planet Aid 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Planet Aid 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2022, and the related notes to the financial statements – modified cash basis.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Planet Aid 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from the qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the accompanying financial statements related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Planet Aid 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Mater - Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Planet Aid 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Planet Aid 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Planet Aid 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Form 5500, Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions - Modified Cash Basis and Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year - Modified Cash Basis as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

PLANET AID 401(K) PLAN

Notes to Financial Statements - Modified Cash Basis
December 31, 2022 and 2021

1. DESCRIPTION OF PLAN

The following description of Planet Aid 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan covering substantially all employees of Planet Aid, Inc. (the Plan Sponsor), excluding nonresident aliens and employees earning income subject to the Puerto Rican Tax Code. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Sponsor's Trustees and Plan Administrator are responsible for oversight of the Plan.

b. Contributions

Each year, participants may contribute up to 85% of pretax annual compensation, subject to Internal Revenue Code (IRC) limitations. Participants are eligible to make contributions into the Plan and become eligible for the Plan Sponsor's discretionary safe harbor matching and non-elective contributions upon completing one year of service and being at least 21 years of age. Participants may change their percent of pretax annual compensation at any time during the year. Participants may also contribute funds from other qualified retirement plans (rollover contributions), subject to certain requirements. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor may elect to make an annual discretionary safe harbor matching contribution or a non-elective contribution. For the year ended December 31, 2022, the Plan Sponsor did not make discretionary safe harbor matching or non-elective contributions to the Plan.

c. Participant Accounts

Each participant's account is credited with the participant's contribution, the Plan Sponsor's discretionary matching or non-elective contributions, an allocation of Plan earnings or losses and net appreciation or depreciation of investments and is charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Participants are immediately vested in their contributions and discretionary safe harbor matching contributions plus actual earnings thereon. Upon death, disability or retirement, a participant becomes 100% vested in Plan Sponsor discretionary non-elective contributions, if any. If the participant leaves the Plan for any other reason, they will be vested in their discretionary non-elective contributions according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2 years	0%
At least 2 years, but less than 3	20%
At least 3 years, but less than 4	40%
At least 4 years, but less than 5	60%
At least 5 years, but less than 6	80%
6 years or more	100%

1. DESCRIPTION OF PLAN (Continued)

e. Notes Receivable from Participants

Participants may borrow from their account an aggregate amount up to the lesser of \$50,000 or 50% of the participant's vested account balance. The minimum loan allowed is \$1,000. Loans bear interest at the prime rate as published in the *Wall Street Journal* on the fourteenth of each month plus 2%. Loans are secured by the participant's non-forfeitable interest in the Plan and are supported by a promissory note. Loans must be repaid over a period not to exceed five years, unless the loan proceeds are used for the purchase of a primary residence, in which case a repayment period is no more than thirty years. Participants may only have one outstanding loan at a time.

f. Payment of Benefits

The Plan provides for a normal lump-sum retirement benefit to be paid to participants who have reached the age of 65. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death, or separation from service. If a participant voluntarily terminates employment, the participant receives a distribution of 100% of their vested benefits. Separated participants who have a vested account balance of less than \$1,000 will receive a lump-sum distribution of 100% of their vested benefits. Distributions to participants with vested account balances greater than \$1,000, but not in excess of \$5,000, with terminated employment and failure to make a timely distribution election, will be paid to an individual retirement account designated by the Plan Administrator. Participants who have a vested account balance in excess of \$5,000 may defer distribution of their account balance until their normal retirement date or as otherwise provided for in the Plan. The Plan allows for participants to rollover their vested benefits into another qualified retirement plan.

The Plan allows in-service withdrawals upon attainment of age 59 ½. A participant may also request a withdrawal upon demonstration by the participant to the Plan Administrator that the participant is suffering a "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the IRC or standards established by the Secretary of the Treasury or their delegate.

g. Forfeited Accounts

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account represents forfeitures, as defined by the Plan. If a forfeiting participant is re-employed and fulfills certain requirements as set forth in the Plan, the participant's account will be restored. Forfeited balances are available to pay for Plan expenses or reduce future Plan Sponsor contributions. There were no unallocated forfeitures at December 31, 2022 and 2021.

h. Secure Act 2.0

On December 29, 2022, the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0 was executed. SECURE Act 2.0 contains over ninety new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect and amend the plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the modified cash basis of accounting, which differs from accounting principles generally accepted in the United States of America (U.S. GAAP). This basis differs from U.S. GAAP in that contributions to the Plan are recorded as an addition to net assets available for benefits when received and disbursements from the Plan are recorded as a deduction to net assets available for benefits when paid. Modifications to the cash basis of accounting in the accompanying financial statements include recognition of dividend and interest income as earned rather than when received, notes receivable from participants and interest income from notes receivable from participants, and fair value measurement. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in accordance with U.S. GAAP.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Shares of registered mutual funds are stated at quoted market prices on public exchanges, which represent the net asset value (NAV) of shares held by the Plan at year-end. See Note 4 for discussion of fair value measurements.

Fixed annuity contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. At December 31, 2022, there were \$2,430 of defaulted loans that have been deemed distributed and included in benefits paid to participants in the accompanying statement of changes in net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Asset management and fees related to the administration of participant loans and processing of distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of investments.

Subsequent Events

Subsequent events have been evaluated through September 25, 2023, which is the date the financial statements were available to be issued. There were no events that met the criteria for recognition for disclosure in the financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S QUALIFIED INSTITUTIONS

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide Trust Company, FSB and Nationwide Life Insurance Company, the qualified institutions, have certified to the completeness and accuracy of all investments reported in the accompanying statements of net assets available for benefits - modified cash basis as of December 31, 2022 and 2021, and the supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year - modified cash basis as of December 31, 2022, and the related investment transactions and investment income reported in the accompanying statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2022.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to certified investment information, except for comparing such certified investment information included in the accompanying financial statements and supplemental schedule, Form 5500, Schedule H Part IV, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2022.

4. FAIR VALUE MEASUREMENT

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. *Fair Value Measurement* establishes a hierarchy of the valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use, based upon market data obtained from independent sources (also referred to as observable inputs). The fair value hierarchy is as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

PLANET AID 401(K) PLAN

Notes to Financial Statements - Modified Cash Basis
December 31, 2022 and 2021

4. FAIR VALUE MEASUREMENT (Continued)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are valued using observable inputs.

There have been no changes in the methodology used at December 31, 2022 and 2021.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

<u>Description</u>	<u>2022</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

5. FIXED ANNUITY CONTRACT

The Plan has a fixed annuity contract with Nationwide Life Insurance Company. Nationwide Life Insurance Company maintains the contributions in a general account. The account is credited with participant contributions and investment income and charged for participant withdrawals and administrative expenses. The fixed annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Daily liquidity is available for participant contributions and withdrawals at contract value regardless of market conditions.

Because the fixed annuity contract is fully benefit-responsive, contract value is the relevant measure attribute for that portion of the net assets available for benefits attributable to the fixed annuity contract. Contract value, as reported by Nationwide Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal of all or a portion of their investment at contract value. The contract limits the percentage of the investment for periodic elective transfers to variable investments within the Plan during any twelve-month period.

The contract is guaranteed against loss of principal, minus all withdrawals, including charges and adjustments. The guarantee is based on the ability of Nationwide Life Insurance Company to meet its financial obligations from the general assets of the qualified institutions. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include: (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA.

The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The fixed annuity contract does permit Nationwide Life Insurance Company to terminate the agreement with thirty days advance written notice for reasonable cause as defined within the contract.

6. TAX STATUS

The Plan Sponsor has obtained an opinion letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the restated prototype plan document was in compliance with applicable requirements of the IRC. The Plan Administrator timely adopted the restated prototype Plan. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is currently being operated in accordance with the IRC.

Modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. GAAP, requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

7. PLAN TERMINATION

Although they have not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in any Plan Sponsor contributions and all benefits shall be paid to participants in accordance with the provisions of the Plan.

8. PARTY-IN-INTEREST TRANSACTIONS

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, notes receivable from participants are considered party-in-interest transactions. The Plan paid administrative expenses of \$10,107 to the qualified institutions during the year ended December 31, 2022. The Plan Sponsor pays directly any other fees related to the Plan's operations.

9. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant balances and the amounts reported in the accompanying statements of net assets available for benefits - modified cash basis.

10. PROHIBITED TRANSACTION

During the Plan year ended December 31, 2022, the Plan Sponsor failed to segregate and remit in a timely manner, certain participant contributions (salary reduction amounts) within the required time period as specified by the United States Department of Labor Reg. 2520.3012. Failure to segregate and remit contributions within the specified time period is a prohibited transaction. Management will be taking corrective action during the 2023 plan year.
