FINANCIAL STATEMENTS

DECEMBER 31, 2022 and 2021

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrators and Trustees of

Kenshoo, Inc. 401(k) Plan

New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Kenshoo, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Kenshoo, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Kenshoo, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kenshoo, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kenshoo, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kenshoo, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KENSHOO, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

1. Description of the Plan

The following description of the Kenshoo, Inc. 401(k) Plan (Plan) provides only general information. Skai (the “Company”) is the Plan sponsor. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Internal Revenue Code of 1986, as amended.

Eligibility

The provisions of the Plan provide that, in general, any person employed by the Company will be automatically enrolled as a participant in the Plan unless they specifically decline to enroll in the Plan. Eligible employees may begin participation in the Plan the first day of the month following date of hire.

Contributions

Employee Contributions:

Participants are able to make Pre-tax Elective Deferrals or Roth Elective Deferrals. Participants are permitted to contribute up to \$20,500 and \$19,500 for the years ended December 31, 2022 and 2021, respectively, limited to 90% of their eligible earnings.

The Plan includes an auto-enrollment provision whereby all eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at five (5%) percent of eligible compensation and their contributions invested in a designated fund until changed by the participant.

Participants who have attained age 50 by the end of the Plan year may make additional “catch-up” contributions, of up to \$6,500 in 2022 and 2021, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Employer Contributions:

Plan provides for an employer match of 100% of a participant’s salary deferrals up to four (4%) percent of the participant’s eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting

Participants are immediately 100% vested in their elective deferral contributions plus any actual earnings thereon. Employer matching contributions vested according to the schedule below:

<u>Years of Service</u>	<u>Vested %</u>
Less than 1 year	33%
At least 1 year, but less than 2	66%
2 years or more	100%

Forfeitures

Forfeited non-vested accounts are used to offset employer contributions. At December 31, 2022 and 2021, the unused portion of forfeited non-vested accounts totaled \$11 and \$10, respectively. During 2022 and 2021, \$32,938 and \$40,239, respectively were used to reduce employer's matching contributions, in accordance with the plan documents.

Investment Options

Upon enrolling in the Plan, participants are offered a variety of investment options in a selection of mutual funds.

The selection of mutual funds offered range from fixed-income, equity, money market and a blend of fixed-income and equity portfolios. The selection of investment options are made at the direction of the participant.

Notes Receivable from Participants and In-Service Withdrawals

Participants may borrow, in certain situations, from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$100,000 of their vested account balance. There can be a maximum of two active loans at a time. The loans are secured by the balance in the participant's account. The loan interest rate is set at two (2%) percent above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions. Loans must be fully repaid within 5 years unless the loan is used for the purchase of a primary residence, in which case the loan must be repaid within 30 years.

Employees may withdraw all or part of their fund balance once they reach age 59½.

Benefit Payments

On termination of service due to death, disability, termination or retirement, a participant may elect to receive the value of their accumulated plan benefits as a lump-sum distribution if the value of their account is \$5,000 or less. If the account balance is greater than \$5,000 employees have the option of a direct rollover into an IRA or Roth IRA, as allowed by law, or defer receiving payment until attaining the age of 70 ½.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants automatically become 100 percent vested in the balances of their individual accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowances for credit losses has been recorded as of December 31, 2022 or 2021.

Investment Valuation and Income Recognition

The investments of the Plan are stated at fair value as of the end of the year. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note 3 for information related to the Plan's valuation methodologies. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

For detailed information on each fund's investment and concentrations of credit risk, the Prospectus and the Annual Report are available from Reliance Trust Company.

Payment of Benefits

Benefits are recorded when paid.

Risk and Uncertainties

The Plan invests in various investment securities. The Plan's investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2023, the date the financial statements were available to be issued. No events have occurred which would have a material effect on these financial statements as of that date.

3. Fair Value Measurements

The Plan's investments are stated at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels.

- Level 1 inputs consist of quoted prices for identical assets or liabilities for active markets that the Plan has the ability to access and have the highest priority.
- Level 2 inputs consist of quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 inputs are unobservable and significant and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments

Following is a description of the valuation methodologies used for assets or liability's measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are actively traded.

The following table sets forth by level the Plan's assets at fair value as of December 31, 2022 and 2021.

<u>December 31, 2022</u>	<u>Fair Value Measurements at the End of the Reporting Period Using:</u>		
	<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>
Mutual funds	\$18,640,281	\$ -	\$ -
Total investments at fair value	\$18,640,281	\$ -	\$ -

<u>December 31, 2021</u>	<u>Fair Value Measurements at the End of the Reporting Period Using:</u>		
	<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>
Mutual funds	\$19,400,491	\$ -	\$ -
Total investments at fair value	\$19,400,491	\$ -	\$ -

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2022 are reported in net depreciation in fair value of investments.

4. **Related Party Transactions and Party in Interest Transactions**

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, and employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

Plan investments in the self-directed brokerage fund are managed by the Trustee; therefore, these transactions qualify as party-in-interest transactions. Transactions with parties-in-interest also include fees paid during the year for trustee, accounting, and other services, as well as contributions paid to the Plan by the Company and loans made to participants. All of these transactions are exempted from prohibited transaction rules under ERISA.

Reliance Trust Company is the trustee as defined by the Plan is responsible for the safekeeping of the Plan's trust fund. The Company is the plan administrator and is responsible for the management and administrative duties of the Plan. Plan investments are managed by Sequoia Investment Management Company. ADP Retirement Services is the record-keeper. Fees paid by the Plan for the investment management services amounted to \$36,559 for the year ended December 31, 2022.

5. Investments-Financial Information Certified by Trustee (Unaudited)

Information Certified By the Plan Trustee

The Plan administrator elected the method of compliance as permitted by 29 CFR 252.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator limited auditing procedures with respect to the investment information certified by the Trustee, which included total investments as of December 31, 2022 and 2021, the total investment income for the year ended December 31, 2022, and all information included in the supplemental schedule H, line 4i-schedule of assets (held at end of year)..

	<u>2022</u>	<u>2021</u>
Investments	<u>\$18,640,281</u>	<u>\$19,400,491</u>
Notes receivable from participants	<u>\$ 150,437</u>	<u>\$ 136,514</u>

During 2022, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$4,948,244.

During 2022, the Plan's interest and dividends were \$1,142,862.

6. Income Tax Status

The IRS has determined and informed the Company by a letter dated July 8, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021 to Form 5500.
