INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor of
Texas Oncology, P.A. Cash Balance Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Texas Oncology, P.A. Cash Balance Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

6002 Rogerdale, Ste. 200 Houston, Texas 77072 Tel 281-759-1120 Fax 281-759-5500

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022 and schedule H, line 4j – schedule of reportable transactions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TEXAS ONCOLOGY, P.A. CASH BALANCE PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Texas Oncology, P.A. Cash Balance Pension Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a cash balance defined-benefit pension plan established January 1, 2019 for the purpose of providing retirement benefits for certain employees of Texas Oncology, P.A. (the "Company"). Employees listed in the Appendix of Eligible Employees as amended per the Plan document are eligible to participate in the Plan.

Eligible employees shall become a participant as of the first entry date coinciding with or next following the attainment of age 21 and completion of one year of service. Plan entry dates are January 1 or July 1 coinciding with or next following the completion of meeting the eligibility requirements. The Plan is subject to the provisions of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Assets of the Plan are held in a trust account (the "Trust") by Vanguard Fiduciary Trust Company, the trustee of the Plan.

Funding

Participants are not allowed to make contributions to the Plan. The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. Annual contributions by the Company are based on actuarial computations of funding requirements. The annual contribution is computed by FuturePlan, the Plan's actuary, pursuant to the traditional unit credit cost method. The Plan has met the minimum funding requirements of ERISA for the year ended December 31, 2022.

Participant Accounts

Under the Plan provisions, a cash balance account shall be established and maintained for each participant. A participant's cash balance account shall be credited with contribution credits and interest credits. A participant's cash balance account shall be a hypothetical account and shall not be construed as an allocation of assets of the Plan or a segregation of such assets.

Participant Credits

For each Plan year, contribution credits shall be allocated at the end of each Plan year. Contribution credits for a Plan year shall be the contribution credit amount determined based on subsections defined in the Plan document. The maximum cash balance credit for any participant for any Plan year is limited based on actuarial computations as defined in the Plan document.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Each cash balance account will be credited with an interest credit by applying the net rate of return (positive or negative) earned by the Plan assets in the Trust, after adjustment for Plan expenses paid from the Trust, but will not be greater than 5.0%. The interest credit is credited annually as of the last day of the Plan year and is based on the value of each participant's cash balance account as of the beginning of the Plan year, weighted for contribution credits and distributions made during the Plan year. The interest credit rate for 2022 was (14.30)%.

Vesting

A participant's account becomes 100% vested upon completion of three years of service.

Pension Benefits

Normal retirement age is the later of age 62 or the third anniversary of the first day of the Plan year in which the employee commenced participation in the Plan. Participants who retire upon attaining normal retirement age are entitled to commence benefits as of any day following retirement. Participants who terminate service prior to attaining normal retirement age and have a vested cash balance account will be entitled to commence receiving benefits following the last day of the Plan year which the participant terminates employment. Benefits are determined based on the participant's cash balance account. Plan participants are eligible for their plan benefit after terminating employment with vested rights. Upon termination of employment, the automatic form of payment is a straight life annuity for an unmarried participant or a 100% joint and survivor annuity for a married participant. A participant also has the option to select a single lump sum payment. If a participant terminates service and their cash balance account is $5,000 or less, a lump sum payment will be made as soon as administratively feasible following the last day of the Plan year which the participant terminates employment. In-service distributions are available to participants who remain in service after age 62, subject to provisions of the Plan. Direct rollovers from the Plan to other qualified retirement accounts are allowed for eligible rollover distributions, subject to conditions established in the Plan document. Participants are subject to required beginning distribution dates.

Death Benefits

If a participant dies prior to the annuity starting date, the beneficiary shall be entitled to a death benefit based on the participant's cash balance account. If the beneficiary is not the participant's surviving spouse, the death benefit shall be a lump sum payment equal to the participant's cash balance account which must be paid within the 5-year period following the participant's death. If the beneficiary is the participant's surviving spouse, such beneficiary shall receive an annuity for their life (straight life annuity) commencing on the first day of the month following the participant's date of death, or at the election of the spouse, a lump sum payment equal to the participant's cash balance account. If the participant's death occurs prior to normal retirement date, the surviving spouse may elect in writing to defer the commencement of the benefit payable in the form of a straight line annuity, or in the form of a lump sum, until the participant's normal retirement date. If the participant's cash balance account is $5,000 or less, an immediate lump sum payment of the account will be made as soon as practicable following such participant's death.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Plan Termination

While the Company has not expressed an intent to discontinue its contributions, it is free to do so at any time. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

a. Benefits attributable to employee contributions, if any, taking into account those paid out before termination.

b. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding termination.

c. Other vested benefits insured by the Pension Benefit Guaranty Corporation (the "PBGC") up to the applicable limitations (discussed below).

d. All other vested benefits (that is, vested benefits not insured by the PBGC).

e. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. There is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Should the Plan terminate in the future, all participants will receive their benefits dependent on (a) the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations, (b) the financial condition of the plan sponsor, and (c) the level of benefits guaranteed by the PBGC.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements. Accordingly, actual results may differ from those estimates.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes gains and losses on investments bought and sold, as well as held during the year.

Payments of Benefits

Benefit payments to participants or beneficiaries are recorded upon distribution.

Expenses of the Plan

All reasonable expenses of administering the Plan will be paid out of the Plan assets unless paid for by the Company. Expenses that are paid directly by the Company are excluded from these financial statements.

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to the service employees have rendered to the date of the actuarial valuation. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries; (b) beneficiaries of employees who have died; and (c) present employees or their beneficiaries. The accumulated plan benefits for active employees are based on their compensation multiplied by a retirement credit factor on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined using the unit credit rate by the Plan's independent enrolled actuary, FuturePlan, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation were (a) life expectancy of participants (in 2022, the Plan used the RP-2014 combined mortality tables for males and females using Scale MP-2023 and in 2021 the Plan used the RP-2014 combined mortality tables for males and females using Scale MP-2022) (b) retirement age (weighted average retirement age was 62 for 2022 and 2021) and (c) accumulation rate (in 2022 and 2021 this was 3% per annum, compounded annually, for current and all future periods). The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (CONTINUED)

The calculations of the actuarial present value of accumulated plan benefits, changes in the actuarial present value of accumulated plan benefits, and the minimum annual contribution requirements were made by the Plan's independent enrolled actuary as of January 1, 2023 and 2022. Had the valuations been performed as of December 31, there would be no differences.

The actuarial present value of accumulated plan benefits as of December 31, 2022 and 2021 is as follows:

	2022	2021
Vested benefits:		
Active participants	$41,011,515	$33,638,052
Terminated participants	887,964	255,926
Total vested benefits	41,899,479	33,893,978
Nonvested benefits	-	50,000
Total actuarial present value of accumulated plan benefits	$41,899,479	$33,943,978

The changes in the actuarial present value of the Plan's accumulated plan benefits for the year ended December 31, 2022 are:

Actuarial present value of accumulated plan benefits at beginning of year	$ 33,943,978
Increase (decrease) during the year attributable to:	
Additional benefits accumulated	12,848,340
Interest	(4,847,700)
Benefits paid	(45,139)
Net increase	7,955,501
Actuarial present value of accumulated plan benefits at end of year	$ 41,899,479

NOTE 4 - FAIR VALUE MEASUREMENTS

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used for valuing securities at December 31, 2022 or 2021.

The following tables sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	December 31, 2022			
Description	Level 1	Level 2	Level 3	Total
Mutual Funds	$40,212,142			$40,212,142

	December 31, 2021			
Description	Level 1	Level 2	Level 3	Total
Mutual Funds	$36,028,590			$36,028,590

NOTE 5 - INFORMATION CERTIFIED

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, has certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for benefits as of December

NOTE 5 - INFORMATION CERTIFIED (CONTINUED)

31, 2022 and 2021, and the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022, as well as the related investment activity reflected in the statement of changes in net assets available for benefits and the schedule H, line 4j - schedule of reportable transactions for the year ended December 31, 2022.

NOTE 6 - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated September 28, 2020 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan to determine if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are determined and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is reasonably possible that changes in estimates and assumptions would be material to the financial statements.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

The Plan’s investments include mutual funds managed by entities related to the trustee. Transactions in such investments qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

NOTE 9 - SUBSEQUENT EVENTS

Effective January 1, 2023, the Plan was amended to reduce the age requirement for in-service distributions to age 59 ½.

NOTE 9 - SUBSEQUENT EVENTS (CONTINUED)

Management has evaluated subsequent events through September 13, 2023, the date the financial statements were available to be issued.

Schedule SB, Part V -- Statement of Actuarial Assumptions/Methods

Valuation Date — First day of the plan year.
Current valuation date is January 1, 2022.

Actuarial Method — Unit credit.

Actuarial Assumptions

- Interest Rates per annum, compounded annually
  (use the rate for each participant based upon the date of payment being valued)

	95% of 25-Year averages (minimum funding)	24-month averages (maximum)	Spot rates (PBGC)
-- First 5 Years after valuation date	4.75%	0.88%	1.16%
Next 15 Years	5.18%	2.61%	2.72%
More than 20 years after val date	5.92%	3.27%	3.10%

First column, based on 25-year averages, is used to determine AFTAP and minimum contributions.
Second column, based on 24-month averages, is used to determine maximum deductible contributions.
Third column, based on spot interest rates, is used to determine PBGC standard target liabilities.

The interest rates above are from the set of interest rates prescribed in the Pension Protection Act of 2006, and the American Rescue Plan Act of 2021.

-- Interest Crediting Rate (for account earnings) — 3% per annum compounded annually, for current and all future years.

-- Actuarial Equivalent (for converting balances to annuities) — 4% interest and Applicable Mortality table are used to convert balances to annuities.

- Experience - Active Employees

  -- Retirement — Normal Retirement Age.

  -- Death — None.

  -- Other Separation — None.

  -- Earnings Progression — None.
  Compensation is based on expected Pay for the current year.

- Retired Mortality

  -- Conversion to Annuities — Applicable Mortality table.

  -- Funding — RP-2014 combined Mortality tables for males and females, projected to 2022.

  The mortality rates for Funding are from the mortality tables prescribed in federal regulations and notices, as authorized by the Pension Protection Act of 2006.

- Form of Payment — Lump Sum.

- Expense Loading — None.

- Asset Valuation Basis — Market Value, including discounted contributions receivable.

Notice to Plan Sponsor about the selection of Interest Rate assumptions and Asset valuation:

The Pension Protection Act of 2006 prescribes that the above segment interest rates will be used as a default unless the Plan Sponsor notifies the actuary that he elects to use different assumptions:

a. The above segment interest rates represent the rates for the month prior to the valuation date. The Plan Sponsor may elect to use rates applicable to 1 to 4 months prior to the latest month.

b. Assets are valued at fair market value, without any averaging. The Plan Sponsor may ask the actuary to use an average asset value over up to 24 months.

The Plan Sponsor should notify us immediately if any of these alternative elections are desired.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V -- Summary of Plan Provisions

Effective Date	January 1, 2019 as amended through February 22, 2022.
Definitions	
- Plan Year	January 1 through December 31.
- Compensation	Total compensation paid during Plan Year.
- Years of Service	Service for eligibility, benefits and vesting based upon entire period of service. The 1000 hours of service method is used in measuring this service.
- Accrued Pension	Actuarial equivalent of the balance of the Participant's Cash Balance Account as of Valuation Date projected to his Normal Retirement Date.
- Actuarial Equivalence	Based on the interest rate of 4% and mortality in accordance with the Applicable Mortality table.
- Cash Balance Account	Hypothetical account established for each participant. Each plan year, the account is credited with participant's Contribution Credit in accordance with the plan. Account accumulates earnings based on actual rate of return (net of expenses) on aggregate Plan assets for such period, including both positive and negative rates of return, not exceeding 5% annually.
- Contribution Credit	Contribution formula varies by participant. Contribution amounts this year range from 2.30% to 32.79% of expected compensation.

Eligibility	Employees become eligible upon attainment of age 21 and completion of 1 year of service, and enter the plan on the January 1 or July 1 following completion of the eligibility requirements. However, employees not listed in the Appendix of Eligible Employees are excluded from the Plan.
Normal Retirement	
- Age	The later of age 62 and the third anniversary of the Participant's entry date.
- Annual Pension	The participant's Accrued Benefit determined as of his Normal Retirement Date based on the actuarial equivalent value of the Cash Balance Account.
- Payment of Pensions	Straight life annuity for single employees. Reduced Joint and 50% Survivor annuity for married employees. Optional forms of benefits include single sum and annuities.
Early Retirement Benefit	Same as Severance Benefit.
Late Retirement Benefit	Actuarial equivalent of the Cash Balance Account as of the participant's late retirement date.
Disability Benefit	Actuarial equivalent value of vested accrued pension.
Severance Benefit	Accrued Benefit times Vested Percentage. The Vested Percentage is based on Years of Service as follows:

Years of Service	Vested Percentage
0 years	0%
1 years	0%
2 years	0%
3 years or more	100%

Death Benefit Before Retirement	
- Active Participants	Actuarial equivalent value of vested accrued pension.
- Former Participants	100% of the value of the vested deferred pension.
Top-Heavy Provisions	
- Minimum Benefit	For employees also participating in the Texas Oncology, P.A. 401(k) Plan, contribution of 5% of total compensation to be provided under that plan.
- Minimum Vesting	100% after 3 years of service.
Voluntary Contributions	Not Permitted.
Rollover Contributions	Not Permitted.
Loans to Participants	Not Permitted.
