Part I	Asset and Liability Statement		
1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
The South Tahoe Group Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of The South Tahoe Group Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of The South Tahoe Group Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the

information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The South Tahoe Group Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The South Tahoe Group Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The South Tahoe Group Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The South Tahoe Group Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment at year ended December 31, 2022 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental

schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following description of South Tahoe Group Pension Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

South Tahoe Refuse Co., Inc. and certain affiliated companies (the "Companies") adopted a money purchase plan effective July 19, 1972, covering all employees of the Companies who have one year of service providing they worked at least 1,000 hours during that year and have attained age nineteen. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective January 1, 2008, the Companies converted the existing money purchase plan into a profit sharing plan. The fixed contribution obligation under the money purchase plan was changed to a discretionary profit sharing contribution formula. Furthermore, the Companies merged the South Tahoe Group 401(k) Plan into the Plan, effective December 31, 2012. As a result, all the 401(k) Plan assets were transferred into the Plan in 2012.

John Hancock Life Insurance Company (U.S.A) ("John Hancock") is the custodian and record-keeper of the Plan and Plan Design Consultants, Inc. administers the Plan.

Pension Plan Contributions

Each year, the Companies determine the employer's amount to contribute to the Plan. Effective January 1, 2008, the employer's contribution is discretionary. The Companies elected to contribute 8.5% of the compensation of each eligible employee for the year ended December 31, 2022.

401(k) Plan Contributions

Each year, participants may contribute up to the maximum allowed, as defined in the Plan. Participant contributions are subject to limits specified under the Internal Revenue Code ("IRC"). Under the IRC, participants may elect to defer up to \$22,500 during calendar year 2022 (\$30,000 for participants who are age 50 or over by the end of the plan year). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Companies may determine a discretionary matching contribution equal to a uniform percentage of the amount of deferred salary reduction. Through 2022, the Companies had elected not to make a matching contribution.

Participant Accounts

Each participant's individual account is credited with the participant's contributions, rollovers, the Companies' discretionary matching contributions, if any, nonelective Companies' contributions, and investment earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN – continued

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Companies' discretionary contribution plus actual earnings thereon is based on years of continuous service. A participant vests at a rate of 20% after two years of service, with an additional 20% for each additional year of service completed thereafter. A participant is 100% vested after six years of credited service.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments over a period of not more than assumed life expectancy. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts shall be applied to restore accounts of terminated participants who subsequently resume employment with the Companies and whose accounts are restored pursuant to the terms of the Plan. Any remaining forfeitures will be used to reduce future employer contributions or to pay administrative expenses as directed by the Companies. At December 31, 2022 and 2021, forfeited nonvested amounts were \$3,955 and \$17,705 respectively. In 2022, employer contributions were reduced by \$3,955 from forfeited nonvested accounts.

Investment Options

Upon enrollment in the Plan, a participant may direct his/her account and may select from mutual funds and other investment options available under the investments contract with John Hancock. Participants may change their investment options daily.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Generally, the term of the loan may not exceed five years. However, if the loan is for the purchase of a principal residence, the administrator may permit a longer repayment period. The loans are secured by the balance in the participant's account and bear interest at a rate of 2% over the prime rate which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through weekly payroll deductions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements and supplemental schedule. The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's concentration of credit risk and market risk is dictated by the Plan's provisions as well as those of ERISA and the participant's investment preferences.

Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Employer's Contribution Receivables

Receivables represent Companies' nonelective contributions which have not been remitted to the Plan by the Companies at December 31, 2022 and 2021.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for disclosures about fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

As of December 31, 2022 and 2021, the Plan's investments are accounted for and held by John Hancock, the current custodian. Those investments and subsequent contributions to the Plan are allocated by each participant to John Hancock Series and Venture Series Funds available under the contract issued to the Plan by John Hancock. John Hancock maintains the Companies' and participants' contributions in pooled separate accounts for each participant. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants direct their separate Plan assets to funds or in shares of funds managed by John Hancock.

NOTE 4 – CASH WITH INSURANCE COMPANY

The cash amounts shown on the statements of net assets available for benefits include forfeited nonvested amounts and periodic interim nonelective employer contribution amounts deposited by the Companies with John Hancock which have not been invested in pooled separate accounts until after year end.

NOTE 5 – INFORMATION CERTIFIED BY CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accounting financial statements and ERISA-required supplemental schedule, including investments and note receivable from participants held at December 31, 2022 and 2021, net appreciation or depreciation in fair value of investment, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock (the custodian of the Plan).

NOTE 6 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

**SOUTH TAHOE GROUP PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021
(See Independent Auditor's Report)**

NOTE 6 – FAIR VALUE MEASUREMENTS - continued

The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for Plan assets measured at fair value:

Pooled separate accounts: Valued at an accumulated unit value for the underlying assets held by the Plan at year end, which is measured using observable market data by correlation or other means.

Guaranteed interest accounts: Valued at fair value, which approximates cost plus interest credited on a daily basis less any withdrawals, charges or expenses.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6 – FAIR VALUE MEASUREMENTS – continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Fair Value Measurements at the End of the Reporting Period Using:

Total assets at fair value	\$ 624,545	\$ 21,364,924	\$ -	\$ 21,989,469

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are funds managed by John Hancock. John Hancock is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions and are exempt from the prohibited transactions rules of ERISA. Fees paid by the Plan for John Hancock contract administration fees amounted to \$41,792 for the year ended December 31, 2022.

**SOUTH TAHOE GROUP PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021
(See Independent Auditor's Report)**

NOTE 8 – ADMINISTRATION OF PLAN ASSETS

The Companies' contributions as well as the participants' contributions are held and managed by the Plan's custodian, who invests cash received, principal, and interest collected as directed by participants, and makes benefit distributions and loans to participants. A Trustee or Plan Administrator must approve all distributions and loans. Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan. Administrative expenses for legal and accounting services are paid directly by the Companies.

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 10 – INCOME TAX STATUS

The volume submitter plan has obtained an opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the volume submitter plan, adopted by the Plan, was following applicable requirements of the IRC. The Plan has not received a determination letter specific to the Plan itself. Although the Plan has been amended since the Companies adopted the volume submitter plan, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 11 – EXCESS CONTRIBUTIONS

Contributions in excess of amounts allowed by the IRS are recorded as a liability and refunded the next plan year plus interest. There were no excess contributions due for the December 31, 2022 plan year.
