INDEPENDENT AUDITORS' REPORT

**To the Trustees and Plan Administrator
Valco 401(k) Plan
Retirement Savings Plan
New Holland, Pennsylvania**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Valco 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Valco 401(k) Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits, and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Valco 401(k) Plan Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Valco 401(k) Plan Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance, and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Auditors' Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Valco 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about Valco 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Part IV Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Part IV Line 4j - Schedule of Reportable Transactions as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Valco 401(k) Plan

Notes to Financial Statements

Years Ended December 31, 2022 and 2021

NOTE A - DESCRIPTION OF PLAN

The following description of the Valco 401(k) Plan (the Plan) provides only general information. The Plan was established January 1, 1984, and was amended, and restated thereafter. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and Eligibility Requirements

The Plan is a defined contribution plan covering substantially all full-time employees of Vallorbs Jewel Company and the participating employer Val Products, Inc. (collectively, the Company), who have attained age 21 and completed 30 days of service. Participants may enter the Plan on the first day of the month following the date on which the eligibility requirements are satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Plan Amendment

Effective January 1, 2022, the Plan changed trustees of the Plan from Fulton Financial Advisors to Charles Schwab Trust Bank. The majority of the Plan funds were reflected as cash as of December 31, 2021 and transferred to the new trustee on January 2, 2022. The required blackout communication was distributed to all participants in a timely manner.

In connection with the change of trustees, the Plan was restated onto an adoption agreement of the prototype plan document sponsored by Conrad M. Siegel, Inc. as of January 1, 2022. The new adoption agreement and Plan document was updated to be in accordance with regulatory changes and changes to current Plan provisions which are identified below.

Employer matching contributions were changed to become safe harbor contributions which have a vesting schedule of two years of service. Auto-enrollment and auto-escalation features became effective for the Plan. Any existing participant not deferring as of December 31, 2021, or a newly eligible participant thereafter is automatically enrolled into the Plan with 3% employee deferral of eligible compensation unless the participant elects a different deferral. Auto-escalation is active for any auto-enrolled participant whose deferral will increase by 1% as of January 1 of each Plan year until reaching 6% deferral or participant changes their deferral percentage. Any changes made to deferral percentages made will go into effect the next pay period.

Contributions

Each year, participants may contribute up to 100% of annual pre-tax compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

NOTE A - DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

Effective January 1, 2022, the Plan implemented an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Additionally, the Plan implemented, as of January 1, 2022, all existing, active participants who do not have an affirmative salary reduction election in place will be auto-enrolled. The deferral rate for those that are automatically enrolled into the Plan is 3% of eligible compensation. Auto-escalation for any auto-enrolled participant will increase by 1% as of January 1 of each Plan year until reaching 6% deferral or participant changes their deferral percentage.

Beginning January 1, 2022, the Company will make a safe harbor matching contribution to the Plan. The amount of safe harbor matching contribution will be equal to 100 percent of employee contributions equal to two percent of compensation and 50 percent of employee contributions that exceed two percent of compensation. Employee contributions in excess of six percent of compensation will not be matched. In 2021, the Company could elect to make a matching contribution to all qualifying participants. From January 1, 2021, through June 30, 2021, the amount of the match was equal to 50 percent of all employee contributions up to the first four percent of eligible compensation. The amount of the match after July 1, 2021, is equal to 100 percent of the first two percent and 50 percent of the next four percent of all employee's eligible compensation. The matching Company contribution is invested as directed by the participant. The Company's Board of Directors determines the matching contribution each year. Matching contributions made by the Company amounted to \$367,676 and \$267,130 for the years ended December 31, 2022 and 2021, respectively.

The Company may also make profit sharing contributions. Participants must meet certain requirements to receive an allocation of the profit-sharing contribution. The Company did not elect to make any profit-sharing contributions for the years ended December 31, 2022 or 2021.

Contributions are subject to certain Internal Revenue Service limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company's contributions made on his or her behalf, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings on the contributions. Beginning in 2022, vesting in the Company's safe harbor matching and discretionary profit-sharing contribution portion of their accounts is based on years of continuous service following a vesting schedule as follows:

Employer Safe Harbor Matching	
<u>Years</u>	<u>Percent</u>
<u>of Service</u>	<u>Vested</u>
0 - 2.....	0%
2 or more.....	100%

<u>Years of Service</u>	<u>Percent Vested</u>
1.....	20%
2.....	40%
3.....	60%
4.....	80%
5.....	100%

In 2021, vesting in the Company's discretionary employer matching and non-elective profit-sharing contribution portion of their accounts is based on years of continuous service following a five-year vesting schedule as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
1.....	20%
2.....	40%
3.....	60%
4.....	80%
5.....	100%

A participant becomes fully vested upon attainment of normal retirement age, upon disability, upon death, or upon termination of the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account. The loan interest rates are commensurate with prevailing rates. Principal and interest are paid ratably through weekly and bi-weekly payroll deductions. Terms can range from one to five years; however, they can be for greater than five years for the purchase of a primary residence. Participants are only allowed to have one outstanding loan at a time.

Payments of Benefits

On termination of service due to retirement, disability, death, or termination of employment, a participant may elect to receive a lump sum amount or eligible rollover distribution equal to the value of the participant's vested interest in his or her account. The portion of the participant's account to which they are not vested is a "forfeiture" and allocated as a reduction of operational and administrative expenses or employer contributions.

In-service withdrawals of a participant's elective deferrals and vested employer contributions are permitted after the participant has obtained age 59½.

Immediate lump-sum distributions may be made to terminated participants if the participant's vested account balance is \$1,000 or less. For terminated participants with vested balances greater than \$1,000, but less than \$5,000, their vested balance may be automatically rolled into an IRA unless otherwise elected.

NOTE A - DESCRIPTION OF PLAN (Continued)

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$-0- and \$8,675, respectively. These accounts will be used to restore participant's forfeitures, if applicable, then to reduce Plan expenses or employer contributions. In 2022 and 2021, employer matching contributions were reduced by \$13,817 and \$-0-, respectively, from forfeited non-vested accounts.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. Contributions from employees are recorded in the period in which the Company makes authorized payroll deductions from Plan participants.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Plan trustee. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Employer Contributions

Employer contributions to the Plan are recognized in the period for when the Plan sponsor has made a formal commitment to fund such amounts for the period. Contribution receivables include legal or contractual requirements for the employer to make contributions applicable to past periods.

Years Ended December 31, 2022 and 2021

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants is charged directly to the participant's account and is included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

The Plan received miscellaneous receipts, including but not limited to, payments from mutual funds, rebates of 12b-1 fees, service fees, sub-transfer agent fees, commission recaptures, and similar payments from third parties. Such amounts were held in a suspense account and used to pay certain Plan operating expenses. During 2022 and 2021, administrative and custodian fee expense paid from the miscellaneous receipts amounted to \$5,985 and \$22,246, respectively. The amounts are included in net appreciation in fair value of investments.

NOTE C - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets - in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets.
- Quoted prices for identical or similar assets in inactive markets.
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of relevant unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 or 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE C - FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

<i>Mutual Funds</i>	\$ <u>11,218,698</u>	\$ <u>11,218,698</u>

Total Fair Value of Investments	\$ <u>681,912</u>	\$ <u>681,912</u>

NOTE D - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Administrative maintenance charges are paid to the trustee based on the closing market value of the Funds in the mutual fund accounts. Fees related to the administration of notes receivable from participants and payments of benefits to participants are paid to the trustee and charged directly to the participant's account based on amounts outlined in the service provider agreement. Fees paid to the trustee amounted to \$47,451 and \$75,726 for the years ended December 31, 2022 and 2021, respectively. These are considered related party and party-in-interest transactions under ERISA.

The Plan can issue loans to participants, which are secured by the vested balances in the participants' accounts.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

All of these party-in-interest transactions are exempt from the prohibited rules of ERISA.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE F - TAX STATUS

The Plan is operating under an adoption agreement of the prototype defined contribution plan document prepared by Conrad Siegel. The Internal Revenue Service has issued an opinion letter dated June 30, 2020, that the prototype plan document was designed in accordance with the applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

Valco 401(k) Plan

Notes to Financial Statements

Years Ended December 31, 2022 and 2021

NOTE F - TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - INFORMATION CERTIFIED TO BY TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank a qualified institution for the year ended December 31, 2022 and Fulton Financial Advisors, a qualified institution for the year ended December 31, 2021.

NOTE I - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 2, 2023, the date the financial statements were available to be issued. There were no material subsequent events that require recognition or additional disclosure in these financial statements.
