INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
Paytronix Systems, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Paytronix Systems, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PAYTRONIX SYSTEMS, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF THE PLAN

The following description of the Paytronix Systems, Inc. 401(k) Profit Sharing Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General – The Plan is a defined contribution plan established on January 1, 2004 covering all employees of Paytronix Systems, Inc. (the “Company”) who have at least two months of service and have reached the age of twenty. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan Administrator is responsible for the oversight of the Plan, determining the appropriateness of the Plan’s investment offerings and monitoring investment performance.

Contributions – Each year, participants may contribute up to 100% of compensation to the maximum allowed by the Internal Revenue Service (“IRS”). Participants may also contribute amounts representing distributions from other qualified retirement plans to the extent permitted by the Plan. The Plan allows participants, who are projected to be age fifty or older by the end of the Plan year and who are making deferral contributions to the Plan, to make catch-up contributions of up to \$6,500. The Company makes a non-discretionary 75% matching contribution of the participant’s elective deferral contribution for the Plan year, up to \$3,600. The Company may make additional contributions at the discretion of management. There were no additional discretionary contributions made to the Plan for the years ended December 31, 2022 and 2021. All contributions are subject to certain limitations imposed by the Plan and IRS.

Participant accounts – Each participant’s account is credited with the participant’s contribution, an allocation of the Company’s contributions and earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants are entitled to the benefit that can be provided from the participant’s vested account.

Investments – Participants may direct their contributions to a variety of options, including mutual funds held at Fidelity Management Trust Company (“Fidelity”). These options offer various objectives and degrees of financial risk.

Notes receivable from participants – Effective June 2022, the Plan permits loans. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or longer for the purchase of a primary residence. The loans are secured by the vested balance in the participant’s account and bear interest at a rate commensurate with local prevailing rates for similar types of loans, as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Vesting – Participants are immediately vested in their deferral contributions and rollovers, including the earnings on these amounts. Participants are also fully vested upon reaching their normal retirement date, death or total disability. Vesting in the remainder of their accounts is based on years of continuous service, as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1 year	0%
1 year or more, less than 2 years	50%
2 years or more	100%

1. DESCRIPTION OF THE PLAN (CONTINUED)

Payment of benefits – Upon retirement, disability, death or termination of employment, the participant shall become entitled to the total vested value of his or her account. The Plan also provides for in-service withdrawals for qualified participants. Distributions will be paid by lump sum or in installments over several years. Upon financial hardship, a participant may request an amount up to the value of any of his or her deferral accounts, but not the earnings thereon.

Forfeitures – Forfeitures are used to reduce the Company's administrative expenses or fund future employer contributions. Forfeited non-vested accounts totaled \$24,114 and \$19,812 as of December 31, 2022 and 2021, respectively. For the years ended December 31, 2022 and 2021, the Company used \$32,856 and \$15,787, respectively, of forfeited non-vested accounts to fund employer contributions.

Administrative expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are included in net (depreciation) appreciation in fair value of investments. Administrative expenses paid by the Plan to Fidelity or its affiliates totaled \$40,348 and \$38,858 for the years ended December 31, 2022 and 2021, respectively.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

Subsequent Events – The Plan has evaluated all subsequent events through October 9, 2023, the date the financial statements were available to be issued.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant notes are reclassified as distributions based upon terms of the plan document.

Payment of benefits – Benefit payments to participants are recorded when paid.

3. PARTY-IN-INTEREST TRANSACTIONS

The Plan assets are invested in shares of mutual funds managed by Fidelity Management Trust Company, the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, the transactions are exempt from the prohibited transactions rule under ERISA. Fees paid by the Plan for investment management services are included in the net (depreciation) appreciation in fair value of investments.

4. TAX STATUS OF THE PLAN

On June 30, 2020, the Internal Revenue Service stated that the non-standardized pre-approved profit-sharing plan adopted by the Plan, as then designed, qualifies under the Internal Revenue Code (IRC) under Section 401(a). The Plan has not received a determination letter specific to the plan itself, however, Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. INFORMATION CERTIFIED AND PROVIDED BY FIDELITY MANAGEMENT TRUST COMPANY

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net (depreciation) appreciation in fair value of investments, dividend income, and interest income on and notes receivable from participants for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

6. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation method include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation method are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Mutual funds – valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

6. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2022			Total
	Level 1	Level 2	Level 3	
Mutual funds	<u>\$ 15,228,104</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 15,228,104</u>

	2021			Total
	Level 1	Level 2	Level 3	
Mutual funds	<u>\$ 17,653,733</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 17,653,733</u>

7. COMPLIANCE MATTERS

During the 2018 and 2017 year audits, it was discovered that certain of the Plan's provisions were not properly applied in the operation of the Plan. The Company's practice of excluding bonuses and other forms of compensation in calculating contributions is inconsistent with the definition of compensation per the Plan document. Management consulted an ERISA attorney and filed a correction through the IRS's Voluntary Correction Program (VCP). The Company funded \$25,828 to the Plan to correct this error and received an IRS compliance statement dated February 11, 2021 agreeing with the corrective actions of the Company.

8. RISKS AND UNCERTAINTIES

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investments will occur in the near term, and those changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets available for benefits per Form 5500 as of December 31:

	2022	2021
Net assets available for benefits per financial statements	\$ 15,413,045	\$ 17,653,733

Less employer receivables	(14,219)	-
Net assets available for benefits per Form 5500	<u>\$ 15,310,362</u>	<u>\$ 17,653,733</u>

The following is a reconciliation of net (decrease) increase in net assets available for benefits per the financial statements to net (loss) income per Form 5500 for the year ended December 31:

	2022	2021
Net (decrease) increase in net assets available for benefits per financial statements	\$ (2,240,688)	\$ 3,264,128
Change in employee receivables	(88,464)	-
Change in employer receivables	(14,219)	-

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
Paytronix Systems, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Paytronix Systems, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PAYTRONIX SYSTEMS, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF THE PLAN

The following description of the Paytronix Systems, Inc. 401(k) Profit Sharing Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General – The Plan is a defined contribution plan established on January 1, 2004 covering all employees of Paytronix Systems, Inc. (the “Company”) who have at least two months of service and have reached the age of twenty. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan Administrator is responsible for the oversight of the Plan, determining the appropriateness of the Plan’s investment offerings and monitoring investment performance.

Contributions – Each year, participants may contribute up to 100% of compensation to the maximum allowed by the Internal Revenue Service (“IRS”). Participants may also contribute amounts representing distributions from other qualified retirement plans to the extent permitted by the Plan. The Plan allows participants, who are projected to be age fifty or older by the end of the Plan year and who are making deferral contributions to the Plan, to make catch-up contributions of up to \$6,500. The Company makes a non-discretionary 75% matching contribution of the participant’s elective deferral contribution for the Plan year, up to \$3,600. The Company may make additional contributions at the discretion of management. There were no additional discretionary contributions made to the Plan for the years ended December 31, 2022 and 2021. All contributions are subject to certain limitations imposed by the Plan and IRS.

Participant accounts – Each participant’s account is credited with the participant’s contribution, an allocation of the Company’s contributions and earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants are entitled to the benefit that can be provided from the participant’s vested account.

Investments – Participants may direct their contributions to a variety of options, including mutual funds held at Fidelity Management Trust Company (“Fidelity”). These options offer various objectives and degrees of financial risk.

Notes receivable from participants – Effective June 2022, the Plan permits loans. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or longer for the purchase of a primary residence. The loans are secured by the vested balance in the participant’s account and bear interest at a rate commensurate with local prevailing rates for similar types of loans, as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Vesting – Participants are immediately vested in their deferral contributions and rollovers, including the earnings on these amounts. Participants are also fully vested upon reaching their normal retirement date, death or total disability. Vesting in the remainder of their accounts is based on years of continuous service, as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1 year	0%
1 year or more, less than 2 years	50%
2 years or more	100%

1. DESCRIPTION OF THE PLAN (CONTINUED)

Payment of benefits – Upon retirement, disability, death or termination of employment, the participant shall become entitled to the total vested value of his or her account. The Plan also provides for in-service withdrawals for qualified participants. Distributions will be paid by lump sum or in installments over several years. Upon financial hardship, a participant may request an amount up to the value of any of his or her deferral accounts, but not the earnings thereon.

Forfeitures – Forfeitures are used to reduce the Company's administrative expenses or fund future employer contributions. Forfeited non-vested accounts totaled \$24,114 and \$19,812 as of December 31, 2022 and 2021, respectively. For the years ended December 31, 2022 and 2021, the Company used \$32,856 and \$15,787, respectively, of forfeited non-vested accounts to fund employer contributions.

Administrative expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are included in net (depreciation) appreciation in fair value of investments. Administrative expenses paid by the Plan to Fidelity or its affiliates totaled \$40,348 and \$38,858 for the years ended December 31, 2022 and 2021, respectively.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

Subsequent Events – The Plan has evaluated all subsequent events through October 9, 2023, the date the financial statements were available to be issued.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant notes are reclassified as distributions based upon terms of the plan document.

Payment of benefits – Benefit payments to participants are recorded when paid.

3. PARTY-IN-INTEREST TRANSACTIONS

The Plan assets are invested in shares of mutual funds managed by Fidelity Management Trust Company, the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, the transactions are exempt from the prohibited transactions rule under ERISA. Fees paid by the Plan for investment management services are included in the net (depreciation) appreciation in fair value of investments.

4. TAX STATUS OF THE PLAN

On June 30, 2020, the Internal Revenue Service stated that the non-standardized pre-approved profit-sharing plan adopted by the Plan, as then designed, qualifies under the Internal Revenue Code (IRC) under Section 401(a). The Plan has not received a determination letter specific to the plan itself, however, Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. INFORMATION CERTIFIED AND PROVIDED BY FIDELITY MANAGEMENT TRUST COMPANY

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net (depreciation) appreciation in fair value of investments, dividend income, and interest income on and notes receivable from participants for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

6. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation method include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation method are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Mutual funds – valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

6. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2022			Total
	Level 1	Level 2	Level 3	
Mutual funds	<u>\$ 15,228,104</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 15,228,104</u>

	2021			Total
	Level 1	Level 2	Level 3	
Mutual funds	<u>\$ 17,653,733</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 17,653,733</u>

7. COMPLIANCE MATTERS

During the 2018 and 2017 year audits, it was discovered that certain of the Plan's provisions were not properly applied in the operation of the Plan. The Company's practice of excluding bonuses and other forms of compensation in calculating contributions is inconsistent with the definition of compensation per the Plan document. Management consulted an ERISA attorney and filed a correction through the IRS's Voluntary Correction Program (VCP). The Company funded \$25,828 to the Plan to correct this error and received an IRS compliance statement dated February 11, 2021 agreeing with the corrective actions of the Company.

8. RISKS AND UNCERTAINTIES

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investments will occur in the near term, and those changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets available for benefits per Form 5500 as of December 31:

	2022	2021
Net assets available for benefits per financial statements	\$ 15,413,045	\$ 17,653,733
Less employee receivables	(88,464)	-
Less employer receivables	(14,219)	-
Net assets available for benefits per Form 5500	<u>\$ 15,310,362</u>	<u>\$ 17,653,733</u>

The following is a reconciliation of net (decrease) increase in net assets available for benefits per the financial statements to net (loss) income per Form 5500 for the year ended December 31:

	2022	2021
Net (decrease) increase in net assets available for benefits per financial statements	\$ (2,240,688)	\$ 3,264,128
Change in employee receivables	(88,464)	-
