INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Orbital Engineering, Inc. 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Orbital Engineering, Inc. 401(k) Retirement Savings Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from Empower Trust Company (formerly known as Great-West Trust Company), a qualified institution, as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the financial statements referred to above, other than those agree to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

(continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

INDEPENDENT AUDITOR'S REPORT

(continued)

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held at End of Year as of December 31, 2022, is presented for purpose of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITOR'S REPORT

(continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION

The following description of the Orbital Engineering, Inc. 401(k) Retirement Savings Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing and 401(k) plan established to provide retirement benefits for substantially all eligible employees of Orbital Engineering, Inc. ("Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

Eligibility

Leased employees, commissioned employees, employees covered by a collective bargaining agreement, and non-resident aliens are not eligible to participate in the Plan. All other employees are eligible participate in the Plan immediately upon being hired, provided they are at least eighteen years of age. In addition, unless and until an eligible employee files a contrary election either to contribute at a rate other than 3% or to not participate in the Plan, the eligible employee is automatically enrolled into the Plan. Participants who are automatically enrolled into the Plan contribute 3% of their compensation into a T. Rowe Price Retirement Fund commensurate with their projected retirement date.

Contributions

Participants may direct the Company to contribute a deferral of up to 99% of their annual compensation to the Plan, subject to overall limitations imposed by the Internal Revenue Code ("IRC"). Participants who have attained age 50 by the end of the Plan year are eligible under the IRC to make additional catch-up contributions (limited to \$6,500 for both 2022 and 2021). Participants may elect to designate some or all of their deferred salary contributions as Roth deferral contributions subject to the same rules applicable to pre-tax deferral contributions. These deferred salary contributions are reported as participant contributions in the financial statements. In addition, participants who receive qualified distributions from another qualified plan may be able to rollover such distributions into the Plan. Rollover contributions during 2022 and 2021 were \$891,437 and \$744,069, respectively.

The Company may elect to make a discretionary matching contribution. Discretionary matching contributions are generally determined as a percentage of participant deferrals. The Company may also elect to make discretionary employer contributions. Discretionary matching contributions of \$938,203 and \$677,436 were made during 2022 and 2021, respectively. These contributions are reported as employer contributions in the financial statements. No discretionary employer contributions were made in 2022 or 2021.

Participants direct all contributions into various investment options offered by the Plan.

ORBITAL ENGINEERING, INC.
401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
(continued)

NOTE 1 - PLAN DESCRIPTION (continued)

Participant accounts

Each participant's account is credited with the participant's deferred salary contributions, Company discretionary matching contributions, Company discretionary employer contributions, and an allocation of Plan earnings based on the investment options selected by the participant. Each participant's account is reduced by participant withdrawals, forfeitures, an allocation of any administrative expenses and fees paid by the Plan, and an allocation of Plan losses based on investment options selected by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferred salary contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contributions and discretionary employer contributions plus actual earnings thereon is based on years of continuous service. For those contributions, participants are vested 20% after less than one year of continuous service plus 20% for each additional year of continuous service up to 100%. Terminated employees are entitled to their vested amounts.

Notes receivable from participants

Participants may borrow from their vested account balance in amounts ranging from a minimum of \$1,000 to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the participant's account balance. Loans entered into prior to May 1, 2020 bear fixed interest at prime at the time of the loan. Loans entered into on or after May 1, 2020 bear fixed interest at prime on the first business day of the month the loan is originated, plus one percent. Interest rates on outstanding loans ranged from 3.25% to 7.25% and 3.25% to 5.50% as of December 31, 2022 and 2021, respectively. Principal and interest is paid ratably through monthly payroll deductions according to terms of the promissory note and prepayments may be made at any time. A maximum repayment period of five years applies to all loans.

Under the Plan's policy, the balance of loans in default (as defined) is reported to the participant as taxable income and is subject to personal income taxes and penalties. Such loans remain outstanding and continue to accrue interest even though they have been reported to a participant on Form 1099 (a "deemed distribution"). Loans will not be charged against the participant's vested account balance until approval is received to offset the note due to the participant's termination of service, retirement, death, disability, attainment age of 59-1/2, or reaching the earliest date that distribution is permitted under the Plan.

ORBITAL ENGINEERING, INC.
401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
(continued)

NOTE 1 - PLAN DESCRIPTION (continued)

Payment of benefits

Participants are entitled to withdraw any portion of their vested account prior to retirement due to disability, death, hardship, or termination of employment. Upon reaching normal retirement age, participants may elect distributions from their accounts via lump-sum cash payments or various installment methods.

Forfeitures

Forfeitures may be applied as reductions of Company discretionary matching contributions, Company discretionary employer contributions, or Plan administrative expenses and fees. As of December 31, 2022 and 2021, forfeited non-vested accounts totaled \$133,603 and \$107,638, respectively. The Plan used \$0 and \$356 of forfeitures to reduce Company discretionary matching contributions during 2022 and 2021, respectively. The Plan did not use forfeitures to reduce Plan administrative expenses and fees during 2022 and 2021.

Plan termination

Although it has not expressed any intention to do so, the Company may terminate the Plan at any time. In the event of termination, the interests of participants affected by the termination and their beneficiaries under the Plan shall be vested and non-forfeitable.

Administrative expenses and fees

The Company may pay some Plan administration expenses with its own assets rather than using Plan assets. To the extent the Company does not pay Plan expenses with its own assets, the Plan generally will pay the expenses of Plan administration and will assess the expenses paid against the accounts of all participants in the Plan.

Transfer of assets into the Plan

On December 5, 2022, the Directors of the Company approved the merger of the H&K Engineering, LLC 401(k) Profit Sharing Plan (“H&K Plan”) into the Plan, effective November 30, 2022. As a result of the merger, participant balances in the H&K Plan were transferred into the Plan. All amounts transferred into the Plan related to investments held by participants in the H&K Plan. For purposes of vesting, all previous service with H&K Engineering, LLC has been credited and immediate eligibility was granted to all employees of H&K Engineering, LLC resulting from the merger.

ORBITAL ENGINEERING, INC.
401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
(continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's mutual fund investments are stated at fair value, determined by quoted market prices. The Plan's investment in the Empower Guaranteed Fixed Fund is a fully benefit-responsive investment contract and is included in the financial statements at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully-benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment transactions are accounted for on the trade date (date the order to buy or sell is executed). Dividend and interest income is recorded when earned. All gains and losses (realized and unrealized) on investments recorded at fair value, bought or sold as well as held during the year are included in net appreciation (depreciation) in fair value of investments reported on the statements of changes in net assets available for benefits. Gains, losses, and interest income incurred on the investment reported at contract value are included in dividends and interest income on the statements of changes in net assets available for benefits.

The Plan provides for various investment options that are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

ORBITAL ENGINEERING, INC.
401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
(continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged to the borrowing participant's account and are included in administrative expenses and fees in the statements of changes in net assets available for benefits when incurred. Delinquent notes receivable from participants are recorded as a distribution in accordance with the terms of the Plan document.

Payment of benefits

Benefit payments are recorded when paid.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through October 5, 2023, the date on which the financial statements were available to be issued.

NOTE 3 - FEDERAL INCOME TAX EXEMPTION

The Plan is operating under a prototype non-standardized profit sharing plan with CODA of Metro Benefits, Inc. The most recent determination letter for the Metro Benefits, Inc. Prototype Non-Standardized Profit Sharing Plan with CODA is dated June 30, 2020. In this letter, the Internal Revenue Service ("IRS") stated that the Plan, as then designed, is in compliance with the applicable requirements of the IRC. Although operational changes to the Plan have been made since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and is being operated in accordance with the terms of the Plan.

In accordance with U.S. GAAP, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and have concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes they are no longer subject to income tax examinations for periods prior to 2019.

NOTES TO FINANCIAL STATEMENTS
(continued)

NOTE 4 - CERTIFICATION

The investment and notes receivable from participants information contained in the financial statements and supplemental schedule has been certified as complete and accurate by Empower Trust Company (formerly known as Great-West Trust Company), the Plan's trustee, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 5 - INVESTMENTS

The Plan provides participants the opportunity to direct both participant and employer contributions into separate investment funds. However, investment managers have the authority to make investment decisions within each fund.

Market price observability is affected by a number of factors, including the type of investment and the characteristics specific to the investment. Investments with readily determinable available quoted prices or for which fair value can be measured from actively quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment in measuring fair value. Investments measured and reported at fair value are classified and disclosed in one of the following categories based on the extent of market price observability.

Level I – Inputs are quoted prices in active markets for identical assets as of the reporting date. The Plan's investments in mutual funds are classified as Level I.

Level II – Inputs are other than quoted market prices included within Level I, however, are observable, either directly or indirectly for the investment. The Plan holds no Level II investments.

Level III – Inputs are unobservable for the investment and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. The Plan holds no Level III investments.

The valuations of the Plan's investments by type of investment as of December 31 are as follows:

	<u>Level</u>	<u>2022</u>	<u>2021</u>
Mutual funds	I	\$ <u>23,708,855</u>	\$ <u>25,522,774</u>

ORBITAL ENGINEERING, INC.

NOTE 5 - INVESTMENTS (continued)

Empower Guaranteed Fixed Fund

The Plan holds a fully benefit-responsive investment, the Empower Guaranteed Fixed Fund, offered by Empower Trust Life & Annuity Insurance Company ("ETL&AIC"), an affiliated entity of Empower Retirement. The Empower Guaranteed Fixed Fund is included in the financial statements at contract value. The Empower Guaranteed Fixed Fund is an obligation of ETL&AIC's general account, which supports all of ETL&AIC's insurance and annuity commitments. All payment guarantees of contractual interest and redemption of invested funds are based on the financial strength and claims-paying ability of ETL&AIC, who is solely responsible for all obligations under its contracts.

The nature of the Empower Guaranteed Fixed Fund is such that Plan participants may withdraw assets without restriction; however, the custodian may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance. The occurrence of an event that limits the ability of the Plan to transact at contract value between the custodian and a participant holding the investment is not probable.

The Empower Guaranteed Fixed Fund guarantees principal and a guaranteed minimum interest rate ("GMIR") for the life of the contract, which features two declared interest rates: a crediting rate and a guaranteed minimum floor rate declared for a defined period – currently, one calendar year. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest-crediting rate is reset quarterly.

The guaranteed minimum floor rate may change after a defined period, but it will never be lower than 0% for the life of the contract. The current rate, the guaranteed minimum floor rate, and the GMIR are expressed as annual effective yields. The average yield earned by the Plan for the fully benefit-responsive investment can be derived by averaging the quarterly gross interest rates for the fund over the year. The average yield for the years ended December 31, 2022 and 2021 was 0.93% and 0.90%, respectively.

NOTE 6 - RELATED PARTY TRANSACTIONS

The Plan holds notes receivable from participants and is invested in the Empower Guaranteed Fixed Fund, which qualify as party-in-interest transactions. The Plan also paid administrative expenses and fees to Empower Retirement, which qualify as party-in-interest transactions. These party-in-interest transactions are not deemed prohibited because they are covered by statutory and administrative exemptions from the IRC and the rules of prohibited transactions of the Employee Retirement Income Security Act of 1974.
