Independent Auditor's Report

Plan Administrator and Trustees Covestiv, Inc. 401(k) Profit Sharing Plan

Scope and Nature of ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Covestiv, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employment Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2022 and delinquent participant contributions for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

The following description of the Covestic, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Covestic, Inc. (the Employer) who are 21 years of age or older and who have completed 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Employer is the Plan's sponsor and administrator. The Plan's trustees are certain members of plan management. The Plan's third party administrator is FuturePlan. The Plan's custodians are Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively, the Custodian). The Plan's recordkeeper is Empower Retirement, an affiliated entity of Empower Annuity Insurance Company of America.

In January 2021, the Employer was acquired by Milestone Technologies, Inc. As a result, on May 31, 2022 the Plan merged into the Milestone Technologies, Inc. 401(k) Profit-Sharing Plan (Milestone Plan) at which point all assets were transferred into the Milestone Plan, except for the Empower Guaranteed Interest Fund (see Note 5).

Participant Contributions

Through May 31, 2022, participants could contribute up to 100% of pretax annual compensation, as defined in the Plan. The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants could elect to categorize a portion or all of their contribution under the Plan's Roth deferral feature. Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participant salary deferral contributions were funded to the Plan following each pay date. Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants could also contribute amounts representing distributions from other qualified defined contribution plans (rollovers).

Employer Contributions

The Employer may make discretionary matching and or profit sharing contributions as defined by the Plan. Effective April 1, 2022, the Employer elected to match 25% up to 5% of participant salary deferrals, not to exceed \$2,500. During 2022, the Employer elected not to make any profit sharing contributions to the Plan.

1. Description of Plan, continued

Participant Accounts

Each participant's account was credited with the participant's contributions, as well as an allocation of the Employer's contributions, if any, and plan earnings. Participants directed the investment of their account into various investment options offered by the Plan. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants could borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were secured by the balance in the participant's account. The loan interest rate, determined monthly, was set at 2% above the prime rate, as defined. Principal and interest was paid ratably through payroll deductions.

Vesting

Participants were vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts was based on years of continuous service. Vesting was on a graded schedule with the participant being fully vested after six years of service. In the event a participant reached normal retirement age (65), died or became disabled while employed by the Employer, the participant's account would become fully vested.

Payment of Benefits

On termination of service, a participant or their beneficiary could receive the value of the vested interest in his or her account as a lump-sum distribution. Participants with vested benefits of \$5,000 or less would receive a lump-sum distribution in cash or could elect to rollover the vested balance to an individual retirement account or to another qualified plan. Distributions could also be made in installments to comply with minimum distribution rules required by the Internal Revenue Code (the Code). The Plan permitted in-service withdrawals to participants meeting certain requirements. Furthermore, a participant could withdraw the portion of their vested account resulting from rollover contributions at any time.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Covestic, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

2. Summary of Accounting Policies, continued

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, and the Custodian. See Notes 4 and 5 for discussion of fair value and contract value measurements, respectively.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold during the year as well as those held at year end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as benefits paid to participants on the basis of the terms of the plan agreement.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. See Note 10 for information regarding 2021 excess participant contributions.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Administrative expenses consisted of the following and were charged directly to the participant's account; participant loan and withdrawal fees, recordkeeping and third party administrator fees. Investment related expenses are charged to participants and are included in net depreciation in fair value of investments. Certain other fees are paid by the Plan through revenue sharing that the Plan receives from certain of the Plan's investment options. During 2022, the Plan received revenue sharing amounts totaling \$18,468. Of these amounts, \$23,072 were used to reduce plan expenses during the year.

Notes to Financial Statements

2. Summary of Accounting Policies, continued

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through September 5, 2023, the date the financial statements were available to be issued.

3. Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year), including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, dividends, interest and interest from notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by the Custodian.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Covestic, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

4. Fair Value Measurements, continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Investments at fair value at December 31, 2021 consisted entirely of mutual funds. Mutual funds were valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end mutual funds that were registered with the U.S. Securities and Exchange Commission. These funds were required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded and considered Level 1 investments within the fair value hierarchy as of December 31, 2021.

5. Fully Benefit-Responsive Investment Contract

The Plan invests in a traditional fully benefit-responsive group annuity contract (GAC) with Empower Annuity Insurance Company of America (Empower) totaling \$187,084 and \$241,499 as of December 31, 2022 and 2021, respectively. Empower maintains the contributions in a general account. The account is credited with earnings of the underlying investments and charged for participant withdrawals and administrative expenses. Empower is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract (0%), and prevailing market conditions. The interest crediting rate is reset quarterly.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on Empower's ability to meet its financial obligations. Empower's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with Empower. Such events include the decision to terminate the GAC. As discussed in Note 1, in May 2022, the Plan provided written notice to Empower instructing them of termination of the contract due to the Plan merger with the Milestone Plan. Empower instituted a twelve-month put allowing for full withdrawal of the GAC at contract value on May 31, 2023.

Covestic, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements

6. Related-Party and Party-In-Interest Transactions

Certain plan investments are managed by the Custodian, accordingly, these transactions qualify as party-in-interest transactions under ERISA. Notes receivable from participants held by the Plan were party-in-interest transactions under ERISA. In addition, expenses paid by the Plan were to parties-in-interest as defined by ERISA. Furthermore, as described in Note 9, the Employer adopted a pre-approved defined contribution plan document, sponsored by an affiliate of Empower. See Note 9 regarding delinquent participant contributions.

7. Risks and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts as reported in the financial statements.

8. Tax Status

The Plan adopted a pre-approved defined contribution plan sponsored by an affiliate of Empower that received an opinion letter dated June 30, 2020, in which the IRS stated that the pre-approved defined contribution plan, as designed, complied with the applicable requirements of the Code. Plan management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Delinquent Participant Contributions

As reported on Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, during the year ended December 31, 2021, participant contributions in the amount of \$51,811 (including loan repayments) were not remitted to the Plan within the time frame specified by the DOL's Regulation 29 CFR 2510.3-102, thus constituting nonexempt party-in-interest transactions between the Plan and the Employer. Plan management intends to self-correct for associated lost earnings on these contributions during the year ended December 31, 2023.

Covestiv, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

10. 2021 Excess Participant Contributions

The Plan failed to pass the Average Deferral Percentage (ADP) test for the 2021 plan year. The accompanying statements of net assets available for benefits as of December 31, 2022 and 2021 include \$58,503 of excess participant contributions payable to participants related to this failure. The Plan has distributed the 2021 excess contributions to the applicable participants as of the date the financial statements were available to be issued.

In order to correct the failure of the ADP test for the 2021 plan year, federal law required that corrective distributions be made no later than December 31, 2022. The Employer did not settle the 2021 corrective distribution obligation during 2022. However, as permitted under applicable IRS guidance, the Employer opted to correct the nondiscrimination testing failure using the one-to-one correction method, which requires the excess contribution amount be refunded to highly compensated employees and a QNEC be made by the Employer to the Plan in the same amount and allocated to non-highly compensated employees. The Employer intends to use forfeitures to fund the QNEC during the year ending December 31, 2023 within the Milestone Plan.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the statements of net assets available for benefits per the financial statements to Form 5500 for the years ended December 31, 2022 and 2021:

Statements of net assets available for benefits:

	2022	2021
