Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Family Health/La Clinica 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Family Health/La Clinica 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Family Health/La Clinica 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Family Health/La Clinica 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Family Health/La Clinica 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Family Health/La Clinica 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Family Health/La Clinica 401(k) Retirement Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Family Health/La Clinica 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible full-time employees of Family Health/La Clinica (the "Company"), who are age 18 or older. Full-time employees are eligible to participate on the entrance date immediately following their employment commencement, provided they are 18 years old or older. Part-time employees must be age 18 or older and complete 1,000 hours of service during a computation period to be eligible to participate in the Plan. Employees enter the Plan on the first day of the month following meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Management of the Company is responsible for oversight of the Plan, including the appropriateness of the Plan's investment offerings and monitoring of investment performance.

Contributions

Each year, participants may elect to contribute up to 100% of annual compensation (as defined by the plan document) on a pretax or Roth basis, up to the maximum allowed by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). The Plan also includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect to not participate in the Plan or elect an alternate deferral rate. Automatically enrolled participants have their deferral rate set to 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant. At the beginning of each plan year, automatically enrolled participants have their deferral amount increased by 1% up to a maximum of 6% of compensation unless an alternative election is made by the participant. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a safe harbor matching contribution equal to 100% of the first 4% of compensation and 50% of the next 2% of compensation a participant contributes to the Plan. In order to receive Company safe harbor matching contributions, participants must have completed three months of service.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company safe harbor matching contributions, and allocations of plan earnings (losses). Participant accounts are charged with withdrawals and an allocation of investment advisory and administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Family Health/La Clinica 401(k) Retirement Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Vesting

Participants are vested immediately in their voluntary deferral and rollover contributions plus actual earnings thereon. Participants become 100% vested in Company safe harbor matching contributions and earnings thereon after two years of service. In addition, a participant becomes 100% vested upon death or disability.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms shall not exceed five years, except when the proceeds are used to purchase a primary residence. Participants may only have one note outstanding at a given time. The notes are secured by the balance in the participant's account and bear interest at a rate which is commensurate with local prevailing rates as determined by the plan administrator. Interest rates on existing notes as of December 31, 2022, range from 4.25% to 7.25%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Plan benefits are available at normal retirement (age 65), disability retirement, death, or termination of employment. Benefits are paid in the form of a lump sum distribution. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2. Participants may withdraw their rollover contributions at any time.

Forfeitures

Plan forfeitures arise as a result of participants who terminate service with the Company before becoming 100% vested in the Company's contributions. Forfeited nonvested accounts at December 31, 2022 and 2021, were \$3,293 and \$4,782, respectively. Forfeitures are used at the discretion of the Company and may be used to offset Company contributions, pay plan expenses, or be allocated to participants as additional Company contributions. In 2022, the Plan used \$30,724 of forfeitures to offset Company contributions and \$49 to pay plan expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Family Health/La Clinica 401(k) Retirement Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts ("FBRICs"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

FBRICs are reported at contract value, which is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to distributions and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain investment advisory expenses are allocated proportionately to plan participants based on their respective account balances and are included in net investment loss. Other investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net depreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment. All other expenses paid directly by the Plan are allocated proportionately to plan participants based on their respective balances and are included in administrative expenses.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2023, which is the date the financial statements were available to be issued.

Family Health/La Clinica 401(k) Retirement Plan

Notes to Financial Statements

Note 3: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level; Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1); and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would be used only if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2022 and 2021.

Mutual funds held in pooled separate accounts: Fair value of mutual funds held in pooled separate accounts is based on quoted net asset values of underlying investments held by the pooled separate accounts, adjusted by an asset charge. The underlying mutual funds held in pooled separate accounts are open-ended mutual funds registered with the U.S. Securities and Exchange Commission. These funds must publish their daily net asset value and transact at that price.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Investment assets in the fair value hierarchy -				
Mutual funds held in pooled separate accounts	\$ 5,085,198	\$ 0	\$ 0	\$ 5,085,198

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Investment assets in the fair value hierarchy -				
Mutual funds held in pooled separate accounts	\$ 5,807,415	\$ 0	\$ 0	\$ 5,807,415

Family Health/La Clinica 401(k) Retirement Plan

Notes to Financial Statements

Note 4: Fully Benefit-Responsive Investment Contracts ("FBRICs")

The Plan invests in a FBRIC with Lincoln National Life Insurance Company ("Lincoln") in the form of a guaranteed investment contract ("GIC") that invests in traditional investment contracts. Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Lincoln is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The GIC is carried at contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on the best interest rate that is consistent with the performance of Lincoln's general account assets and is reviewed quarterly.

Certain events limit the Plan's ability to transact at contract value with Lincoln, including plan termination and other events as specified in the GIC. The plan administrator does not believe any events that would limit the Plan's ability to transact at contract value with participants or the issuer are probable of occurring. The GIC does not permit Lincoln to terminate the agreement prior to the scheduled maturity date.

Note 5: Information Prepared and Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedules, including investments and the fully benefit responsive investment contract at contract value held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Lincoln, the custodian of the Plan.

Note 6: Party-in-Interest Transactions

Certain plan investments are managed by Lincoln. Lincoln is the custodian, as defined by the plan document and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Lincoln for administrative services amounted to \$10,519 for the year ended December 31, 2022. A certain plan investment is managed by Lincoln, the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Certain fees incurred by the Plan for investment-related expenses are included in net depreciation in fair value of investments as they are paid through revenue sharing, rather than direct payment.

KerberRose Wealth Management, LLC ("KerberRose") is an investment advisor for the Plan and, therefore, the fees paid to KerberRose qualify as party-in-interest transactions. Fees paid by the Plan to KerberRose for investment advisory services amounted to \$15,801 for the plan year ended December 31, 2022.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Family Health/La Clinica 401(k) Retirement Plan

Notes to Financial Statements

Note 7: Tax Status

The Company adopted a non-standardized pre-approved plan document with an IRS notification letter dated June 30, 2020, which stated the non-standardized pre-approved plan document is in compliance with the applicable sections of the Internal Revenue Code ("IRC"). Although the plan has been amended since receiving the notification letter, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income tax has been included in the Plan's financial statements.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company safe harbor matching contributions.

Note 9: Prohibited Transactions

Under DOL Reg. 2510.3-102(b), the Company is required to remit the participant contributions to the Plan at the earliest date such amounts can be reasonably segregated from the Company's general assets, but no later than the 15th business day of the month following the date that participant contributions are withheld by the Plan. Certain contributions for a payroll in March 2021 were remitted outside of this requirement. This transaction constitutes a prohibited transaction as defined by ERISA. As reported on Schedule H, Line 4a - Schedule of Delinquent Participant Contributions, \$781 of contributions were corrected in 2022.

Note 10: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
