INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
HydroGeoLogic, Inc. 401(k) Profit Sharing Plan and its Participants:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the HydroGeoLogic, Inc. 401(k) Profit Sharing Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the HydroGeoLogic, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the HydroGeoLogic, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the HydroGeoLogic, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- exercise professional judgment and maintain professional skepticism throughout the audits.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the HydroGeoLogic, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the HydroGeoLogic, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HYDROGEOLOGIC, INC. 401(k) PROFIT SHARING PLAN

Notes to the Financial Statements As of December 31, 2022 and 2021 and For the Year Ended December 31, 2022

1. DESCRIPTION OF THE PLAN

The following description of the HydroGeoLogic, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of HydroGeoLogic, Inc. and its affiliate (the Company). The Plan covers all employees of the Company that have reached 18 years of age, except for nonresident aliens and leased employees. The Plan also covers all employees covered under the McNamara-O'Hara Service Contract Act of 1965 (SCA). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was most recently amended effective July 1, 2023 to modify the vesting schedule so that all Company contributions fully vest over 3 years.

Eligibility

Participants may enter the Plan on the first day of the payroll period coinciding with or next following the date the eligibility requirement is met.

Participant Contributions

Participants may contribute up to 100% of their eligible annual compensation, as defined by the Plan, not to exceed the maximum allowable contributions under the Internal Revenue Code (the Code), which totaled \$20,500 for the year ended December 31, 2022. Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions subject to limitations imposed by the Code, which totaled \$6,500 for the year ended December 31, 2022. The Plan allows for pre-tax and Roth deferrals. Participants are also permitted to make rollover contributions from another qualified plan.

Automatic Enrollment

The Plan has an automatic enrollment feature whereby an eligible employee who does not elect to contribute a specific percentage of their compensation or elect to opt out of Plan participation will be automatically enrolled to contribute to the Plan at a rate of 3% of eligible compensation, as defined by the Plan.

Company Contributions

The Plan allows for Company discretionary matching, profit sharing, and qualified nonelective contributions. The Company matched 50% of the first 5% of participant elective deferrals, calculated on a per payroll basis, during the year ended December 31, 2022. Company discretionary matching contributions totaled \$936,553 for the year ended December 31, 2022.

Participants must be employed on the last day of the Plan year and complete 1,000 hours during the year to receive an allocation of any profit sharing contribution. The Company did not make any profit sharing contributions to the Plan during the year ended December 31, 2022.

HYDROGEOLOGIC, INC. 401(k) PROFIT SHARING PLAN

Notes to the Financial Statements As of December 31, 2022 and 2021 and For the Year Ended December 31, 2022

1. DESCRIPTION OF THE PLAN – cont'd.

Company Contributions – cont'd.

The Company is required to provide minimum health and welfare benefits at a set hourly rate based on hours worked or hours paid, as defined by individual contracts, for all employees subject to prevailing wage requirements and minimum fringe benefits on contracts covered under the SCA. The gross health and welfare benefits for each employee are paid into a trust and the funds are used to pay insurance premiums on the employees' behalf and trust fees. The remaining SCA prevailing wage contributions, as prescribed by the SCA, are contributed by the Company in the form of qualified nonelective contributions. The Company made qualified nonelective contributions totaling \$607,093 to the Plan during the year ended December 31, 2022.

Participant Accounts

Each participant's account is participant-directed and credited with the participant's contributions and Company contributions in accordance with the investment options selected by the participant. Plan earnings, losses, and administrative expenses are allocated to each participant's account based upon the balance in each account. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balances, not to exceed \$50,000, without regard to the intended use of the funds. The notes are collateralized by a participant's vested account balance. The minimum amount that may be borrowed is \$1,000. Participants may only have a maximum of two notes outstanding at any time during a Plan year, and a maximum of three notes are permitted within a twelve month period. Note repayments are to be made each pay period through payroll deductions. The notes bear interest at rates commensurate with those offered by financial institutions at the time of the notes' issuance. Notes for reasons other than the purchase of a primary residence are to be repaid within five years. Notes originated for the purchase of a primary residence are to be repaid within thirty years.

Vesting

Participants are immediately vested in their contributions and Company qualified nonelective contributions, plus earnings thereon. Participants vest in Company discretionary matching and profit sharing contributions, and earnings thereon, based upon years of service according to the following schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Upon retirement from the Company, death, or disability during employment at the Company, a participant becomes 100% vested in his or her Company discretionary matching and profit sharing contributions.

1. DESCRIPTION OF THE PLAN – cont’d.

Forfeitures

Forfeitures of Company discretionary matching and profit sharing contributions may be applied to reduce future Company contributions or pay plan expenses. Forfeitures become available to the Plan when a distribution of the participant’s entire vested account balance occurs or with a five year break in service. As of December 31, 2022 and 2021, forfeited non-vested accounts totaled \$75,602 and \$92,632, respectively. Forfeitures used to reduce the Company’s matching contributions during the year ended December 31, 2022 totaled \$6,732.

Payment of Benefits

Upon termination of service, retirement, death, disability, or attainment of age 59½, a participant, or his or her beneficiary in the event of death, is entitled to a distribution of his or her vested account balance. Distributions from the Plan prior to retirement are payable in the form of a lump sum payment, or in the case of required minimum distributions, installment payments equal to the value of the participant’s vested interest in his or her account. Upon termination, if a participant’s account balance is less than \$1,000, the Plan may elect to automatically distribute the participant’s vested balance. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, participant deferrals, rollover contributions, and any earnings thereon may be withdrawn for a hardship purpose. Distributions are subject to the applicable provisions of the Plan agreement. Certain income tax penalties may apply to withdrawals or distributions prior to age 59½. As of December 31, 2022 and 2021, there were no net assets of the Plan allocated to participants who had elected to withdraw from the Plan but had not received such distributions prior to year-end.

Plan Expenses

Expenses incurred in the administration of the Plan are required to be paid by the Custodian with assets of the Plan unless the Company, at its discretion, elects to pay them. During the year ended December 31, 2022, the Company paid a portion of direct expenses related to the Plan’s operations. The Plan paid \$163,115 in direct expenses during the year ended December 31, 2022. Loan and distribution fees are paid by the Plan and its participants. Investment related expenses are included in net depreciation in fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Principal Fixed Income Guaranteed Option is considered fully benefit-responsive. Principal Life Insurance Company has represented that fair value equals contract value for this investment contract.

Notes to the Financial Statements As of December 31, 2022 and 2021 and For the Year Ended December 31, 2022

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in assets that are exposed to risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of these investments may occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments, except for the fully benefit-responsive investment contract, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Interest income is recorded on the accrual basis. Delinquent notes are treated as distributions based on the terms of the Plan agreement.

Fair Value Measurement

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

HYDROGEOLOGIC, INC. 401(k) PROFIT SHARING PLAN

Notes to the Financial Statements As of December 31, 2022 and 2021 and For the Year Ended December 31, 2022

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurement – cont'd.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Interests in registered investment companies: Valued at the closing price reported in the active market in which the funds are traded.

Interests in common/collective trusts: Valued at the net asset value (NAV) of shares held by the Plan at year-end as a practical expedient.

Interests in pooled separate accounts: Valued at the net asset value (NAV) of shares held by the Plan at year-end as a practical expedient.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurement – cont'd.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Interests in registered investment companies	\$ 10,325,805	\$ -	\$ -	\$ 10,325,805
Total investments in the fair value hierarchy	10,325,805	-	-	10,325,805

Total investments, at fair value	\$ 12,149,774	\$ -	\$ -	\$ 65,691,787

- (a) In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefit.

In accordance with the fair value measurement and disclosure guidance, the following table presents the category, fair value, redemption frequency, redemption notice period and unfunded commitments for Plan investments, the fair value of which is estimated using the net asset value per share practical expedient as of December 31,:

	2022	2021	Redemption Frequency	Redemption Notice Period	Unfunded Commitments
Interests in common/collective trusts ^(a)	\$ 27,756,229	\$ 31,070,710	Daily	Daily	n/a

Subsequent Events

The Plan evaluated for disclosure any subsequent events through October 6, 2023, the date the financial statements were available to be issued, and determined there were no material events that warrant disclosure other than those discussed in Note 1 and 8.

3. INVESTMENTS

All investment data disclosed in the accompanying financial statements and supplemental schedule including assets held as of December 31, 2022 and 2021, and interest and dividend income and net depreciation in the fair value of investments for the year ended December 31, 2022, was obtained or derived from the information supplied to the Plan administrator and certified as complete and accurate by the Custodian and Trustee of the Plan, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company.

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has an investment in the Principal Fixed Income Guaranteed Option, which is a fully benefit-responsive investment contract with Principal. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fully benefit-responsive guaranteed investment contract. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. The crediting rate is reviewed semiannually for resetting. The contract cannot be terminated by the issuer before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Notes to the Financial Statements As of December 31, 2022 and 2021 and For the Year Ended December 31, 2022

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT – cont'd.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan sponsor or other Plan sponsor events that significantly affect the Plan's normal operations.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer or that would limit the ability of the Plan to transact at contract value with the participants.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by affiliates of Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal"). Principal is the custodian, recordkeeper, and trustee as defined by the Plan. The Plan loans funds to its participants according to the applicable provisions of the Plan document. The Company provides the Plan with certain accounting and administrative services for which no fees are charged. All such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all contributions to the Plan would cease and all affected participants would become 100% vested in their accounts.

HYDROGEOLOGIC, INC. 401(k) PROFIT SHARING PLAN

Notes to the Financial Statements As of December 31, 2022 and 2021 and For the Year Ended December 31, 2022

7. INCOME TAX STATUS

The prototype plan, on which the Plan was designed, received a favorable opinion letter from the IRS dated August 8, 2014, stating that the Plan is qualified under Section 401(a) of the Code and therefore, the related trust is exempt from taxation. Subsequent to the issuance of the opinion letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Effective March 15, 2022, the pre-approved Plan was restated in compliance with applicable Code requirements. This restatement received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020.

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties, and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. As the Plan is tax exempt and has no unrelated business income, the provisions of ASC 740 do not have an impact on the Plan's financial statements. The Plan recognizes interest and penalties on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2022 and 2021.

The Plan is subject to routine audits by the Internal Revenue Service (IRS) and Department of Labor; however, there are currently no audits in progress for any open periods.

8. COMPANY CORRECTIVE CONTRIBUTIONS

Subsequent to December 31, 2022, the Company determined that they did not implement the correct plan entry date for new hires to the Plan. The plan entry date used was the first of the month after the participant's date of hire instead of the date of hire in compliance with an amendment to the Plan effective January 1, 2017 changing the plan entry date to the date of hire. As a result, affected participants were not given the opportunity to defer in accordance with the terms of the Plan. In order to correct these operational errors, the Company is required to make qualified nonelective employer contributions (QNECs) to the affected employees for an aggregate contribution of \$34,312, related to participants that entered the Plan in 2017 through 2022. The corrections will be remitted to the participants during 2023. Participants are 100% vested in these QNEC contributions.

During the year ended December 31, 2022, the Company determined that they did not properly withhold deferrals for certain participants during a given payroll period. As a result, affected participants were not given the opportunity to defer in accordance with the terms of the Plan. In order to correct these operational errors, the Company is required to make qualified nonelective employer contributions (QNECs) to the affected employees for an aggregate contribution of \$2,228, including missed deferrals and related matching contributions totaling \$2,061 plus lost earnings totaling \$167. The corrections will be remitted to the participants during 2023. Participants are 100% vested in these QNEC contributions.
