INDEPENDENT AUDITORS' REPORT

To the Trustees
Nomad Global Communication Solutions 401(k) Plan
Columbia Falls, MT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Nomad Global Communication Solutions 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Nomad Global Communication Solutions 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Transamerica Retirement Solutions, a qualified institution as of December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by Transamerica Retirement Solutions, a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Nomad Global Communication Solutions 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Prior Period Statement of Net Assets Available for Benefits

Management is responsible for the statement of net assets available for benefits of Nomad Global Communication Solutions 401(k) Plan for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the statement of net assets available for benefits nor were we required to perform any procedures to verify the accuracy and completeness of the information provided by management. We do not express an opinion, a conclusion, nor provide any assurance on this statement of net assets available for benefits for the year ended December 31, 2021.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Nomad Global Communication Solutions 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Nomad Global Communication Solutions 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Nomad Global Communication Solutions 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and

certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by Transamerica Retirement Solutions an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Investment Options

All contributions under the Plan are currently invested and are participant directed. Upon enrollment in the Plan, a participant may direct employee and match contributions in a number of investment options offered by Transamerica Retirement Solutions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of:

- 1) the employer's contributions
- 2) investment earnings and losses
- 3) investment option fees

Allocations are based on salary or account balances as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

However, if the participant do not make an election, then the distribution (a) will be made in a lump sum if the Vested Interest is \$1,000 or less; or (b) if the Vested Interest is more than \$1,000, will be rolled over to an individual retirement account (IRA) that the Plan will establish for the participant at a qualified financial institution of the Plan's choosing. The IRA provider will charge the IRA for any expenses associated with the establishment and maintenance of the IRA and with the investments of the IRA. The participant will be given more information at the time of distribution regarding the IRA provider and any associated fees or expenses.

See independent auditors' report.

NOMAD GLOBAL COMMUNICATION SOLUTIONS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2022

1. DESCRIPTION OF PLAN (CONTINUED)

Participants are immediately 100% vested in their respective employee deferrals, the safe harbor matching contributions, qualified non-elective contributions, rollover contributions, transfer contributions and related earnings or losses.

For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Forfeitures are used to reduce administrative expenses and any remaining amount is used to reduce employer contributions.

Plan Termination

Although the Company has not expressed any intent to do so, Nomad Global Communication Solutions has the right under the Plan to amend or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts, all accounts will be available for distribution at the same time and in the same manner as would have been permissible had the Plan not been terminated.

See independent auditors' report.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2022

1. DESCRIPTION OF PLAN (CONTINUED)

Tax Status

The Plan is a Principal Prototype Plan. The Internal Revenue Service has determined and informed Principal by a letter dated June 30, 2020, that the Plan designed in accordance with the applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements presented have been prepared under the accrual method of accounting.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amount of assets, liabilities, and changes therein, and in disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

In compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure Under ERISA, the Plan values its investments at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Realized and unrealized gains and losses on investments are reflected in the statement of changes in net assets available for benefits. Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investments held are stated at fair market value and, as such, their reported value for financial statements purposes is subject to market fluctuations. Accordingly, the price which may be realized upon the sale of the respective investment may not be equal to its value as currently presented.

See independent auditors' report.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Payment of Benefits

Benefit distributions are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Consequently, a provision for allowance for doubtful accounts is not considered necessary.

Administrative Expenses

The Plan permits the payment of Plan expenses to be made from the Plan's assets. These expenses will generally be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. The method of allocating the expenses depends on the nature of the expense itself. Other material administrative expenses incurred by the Plan are paid by the Company. For the year ended December 31, 2022, the participant accounts were charged \$10,172.

Subsequent Events

Management evaluated subsequent events through September 22, 2023, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and the supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the Transamerica Retirement Solutions of the Plan:

Total investments at fair value as shown on the accompanying statements of net assets available for benefits were \$2,560,797 as of December 31, 2022.

Interest-bearing cash as shown on the accompanying statements of net assets available for benefits was \$87,844 as of December 31, 2022.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedules.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

See independent auditors' report.

NOMAD GLOBAL COMMUNICATION SOLUTIONS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2022

4. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022:

4. FAIR VALUE MEASUREMENTS (CONTINUED)

Pooled separate accounts and common/collective trusts: Each separate investment is similar to a related mutual fund but does not trade on the open market. Mutual funds which are similar in management and underlying investments are commonly valued at the net asset value (NAV) of shares at year-end. Because mutual funds held in pooled separate accounts do not trade on the open market and have different expense ratios and fee structures, valuation is similar but not identical to the similar mutual funds traded on the open market and it is determined daily by Transamerica Retirement Services.

- (a) The fund seeks a high total return with a secondary objective of principal preservation as the fund approaches its target date and beyond. The fund invests in a combination of underlying equity funds, international equity funds, bond funds and short-term funds using a moderate asset association strategy based on the expected retirement date of the investor.
- (b) The fund seeks to provide long-term capital appreciation with a secondary objective of current income. The fund invests primarily in common stocks of small and mid-capitalization companies including both growth and value stocks.
- (c) The fund seeks to provide long-term capital appreciation with a secondary objective of current income. The fund invests primarily in common stocks of small and mid-capitalization companies including both growth and value stocks.
- (d) The fund seeks to provide long-term growth of capital and income. The fund invests primarily in common stocks of issuers domiciled outside the U.S. that appear to have the potential for capital growth or above-average capital appreciation.

4. FAIR VALUE MEASUREMENTS (CONTINUED)

- (e) The fund seeks to provide a high level of current income and capital appreciation. The fund invests in debt securities issued by the U.S. Government, debt securities of corporate or other issuers and other short-term holdings. The fund's investments may include higher yielding, lower quality debt securities.
- (f) The fund concentrates its investments in a sector of the market, such as health, commodities, or other sectors. A portfolio of this type may be riskier or more volatile in price than one that invests in more market sectors.
