Report of Independent Auditors

To the Plan Administrator of the
Superior Electric Great Lakes 401(k) Plan
Troy, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Superior Electric Great Lakes 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Superior Electric Great Lakes 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Superior Electric Great Lakes 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Superior Electric Great Lakes 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Superior Electric Great Lakes 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Superior Electric Great Lakes 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The 2022 supplemental schedule of assets (held at end of year) presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2021 Financial Statement

Plan management is responsible for the accompanying financial statement of Superior Electric Great Lakes 401(k) Plan, which comprises the statement of net assets available for benefits as of December 31, 2021. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the financial statement of Superior Electric Great Lakes 401(k) Plan as of and for the year ended December 31, 2021.

The following description of the Superior Electric Great Lakes 401(k) Plan (Plan) is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General

The Plan was formed effective August 1, 1995, as a defined contribution savings plan pursuant to Section 401(k) of the Internal Revenue Code (IRC). The plan covers all Superior Electric Great Lakes Company (employer) employees 18 years or older with 2 months of service that are not members of a collective bargaining unit, leased employees, nonresident aliens, interns, or self-employed individuals.

Contributions

Each employee who participates in the Plan is entitled to enter into a compensation reduction agreement with the employer. The amount of reduction shall be contributed by the employer on behalf of the participant into the Plan for allocation to the participant's account. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Plan includes an auto-enrollment provision whereby all newly eligible employees hired after October 1, 2014 are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation until changed by the participant. If a participant does not select a different deferral percentage than the auto-enrolled percentage, the percentage will be automatically increased each January 1 by 1% up to a maximum percentage of 15%. Participant contributions are fully vested. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions.

The employer may make discretionary matching contributions and/or discretionary profit-sharing contributions, to be determined by the employer. For the year ended December 31, 2022, the employer made matching contributions of 100% of participant elective deferral contributions up to \$3,200 and 50% of participant elective deferral contributions above \$3,200. The employer also made a discretionary profit-sharing contribution totaling approximately \$561,000 for the year ended December 31, 2022, which covered all participants employed on the last day of the Plan year. The profit-sharing calculation considered the dollar limitation total contributions per participant to a qualified retirement plan under Section 415(c) of the IRC. The profit-sharing percentages selected for use each year are based on not exceeding the 415(c) limits for any participant of the Plan, while remaining in compliance with the nondiscrimination requirements of Section 401(a)(4) of the IRC.

1. Description of Plan (continued)

Participant Accounts

Participant accounts are credited with the participant's contributions, employer's contributions, and an allocation of plan earnings and expenses. Participants shall direct their contributions and the employer's contributions to one or more of the Plan's investment funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Notes Receivable from Participants

Participants shall be permitted to borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Such loans are secured by the balance of the participant's account and shall be charged an annual prevailing rate of interest to be fixed by the Plan Administrator, based on 2% over the prime interest rate through February 28, 2022 and 1% over the prime interest rate effective March 1, 2022. Such loans shall be fully repaid on or before five years from the date of disbursement, except for home loans which shall be fully repaid on or before ten years from the date of disbursement.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service, with 25% vesting after one year, 50% vesting after two years, and 100% after three years.

Payment of Benefits

Upon attainment of normal retirement age (65) or other separation of employment, because of death, disability, or for other reasons, participants receive their benefits as a lump-sum payment or partial withdrawal. Early retirement is allowed at age 55 with at least three years of service. Participants that separate employment because of death will have their benefits paid in one lump-sum to their named beneficiary or to their estate if no beneficiary has been named. Participants are eligible to make in-service withdrawals of their vested account balance upon reaching age 59 ½.

Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined by the Plan Document. The Company must approve any such hardship withdrawals.

2. Summary of Significant Accounting Policies

Forfeited Accounts

Forfeitures of employer contributions shall be used to restore forfeitures, reduce employer contributions, or pay reasonable Plan expenses. As of December 31, 2022 there was a balance of \$3,153 of forfeited nonvested accounts. As of 2021 (unaudited), there was no balance of forfeited nonvested accounts. No forfeitures were used to defray Plan expenses or reduce employer contributions during year ended December 31, 2022.

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition

Investments are reported at fair value. See Note 8 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Benefits Paid to Participants

Benefits paid to participants are recorded as deductions upon distribution.

Administrative Expenses

Plan administrative expenses are paid by either the Plan or the employer, as provided in the plan document.

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The process of preparing financial statements in accordance with U.S. GAAP requires management of the Plan to make estimates and judgments that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results may differ from estimated amounts.

Subsequent Events

The Plan has evaluated subsequent events through October 6, 2023, the date which the financial statements were available to be issued.

3. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Income Tax Status

The Plan obtained its latest opinion letter on November 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

Generally, tax years 2019 through the current year remain open to examination. The Plan does not believe that the results from any examination of these open years would have a material adverse effect on the Plan.

5. Plan Termination

Although they have not expressed any intent to do so, the employer reserves the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

6. Transactions with Parties-in-interest

The Plan Sponsor, participants, Charles Schwab Trust Bank, Sentinel, CAPTRUST Financial Services, and Plante Moran have all been identified as parties-in-interest.

Certain Plan investments are managed by Charles Schwab Trust Bank (Schwab), the custodian of the Plan, therefore, these transactions qualify as party-in-interest. Expenses and revenue sharing arrangements with Schwab are also considered to be party-in-interest transactions. Sentinel provides recordkeeping services for the Plan and expenses for these services are considered party-in-interest transactions. CAPTRUST Financial Services provides investment advisory services which are considered to be party-in-interest transactions. Plante Moran provides consulting services related to performance of the profit-sharing calculation which is considered to be a party-in-interest transaction.

Certain expenses, including salaries and services required for Internal Revenue Service reporting and related to the administration of the Plan were paid by the Plan Sponsor and therefore, these transactions qualify as party-in-interest.

In addition, notes receivable from participants are considered party-in-interest transactions.

7. Financial Information Certified by The Custodian (unaudited)

The Plan's 2022 financial information and data was certified by Charles Schwab Trust Bank in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the cash, investment balances, interest and dividends, and net appreciation (depreciation) in fair value of investments included in the financial statements and supplemental schedule of assets (held at end of year) were obtained by management and agreed to or derived from information certified as complete and accurate by the custodian. This certified information has not been audited by independent auditors.

8. Fair Value Measurements

As defined in the current authoritative guidance, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The guidance applies to all financial instruments that are measured and reported on a fair value basis. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

8. Fair Value Measurements (continued)

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.
- Level 2 – Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets and liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 – Significant unobservable inputs that reflect a company's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. For the years ended December 31, 2022 and 2021 (unaudited), the application of valuation techniques applied to similar assets and liabilities has been consistent.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds and Money Market Fund: Valued at quoted market prices based on shares held by the Plan at year-end.

Stable Value Fund: Stable value fund is comprised of shares or units in commingled funds that are not publicly traded. The underlying assets in these funds are primarily publicly traded equity securities, fixed income securities, and commodity-related securities and are valued at their NAV, as a practical expedient, that is calculated by the investment manager or sponsor of the fund and have varying liquidity, redemption period notices and other restrictions. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

8. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021 (unaudited):

	Level 1	Level 2	Level 3	Funds at NAV (1)	Total
2022					
Mutual funds	\$ 17,666,005	\$ -	\$ -	\$ -	\$ 17,666,005
Money market fund	3,153	-	-	-	3,153
Stable value fund	-	-	-	792,199	792,199
Total assets at fair value	\$ 17,669,158	\$ -	\$ -	\$ 792,199	\$ 18,461,357
	Level 1	Level 2	Level 3	Funds at NAV (1)	Total
2021 (unaudited)					
Mutual funds	\$ 18,393,548	\$ -	\$ -	\$ -	\$ 18,393,548
Stable value fund	-	-	-	1,262,325	1,262,325
Total assets at fair value	\$ 18,393,548	\$ -	\$ -	\$ 1,262,325	\$ 19,655,873

- (1) Investments are measured at fair value using NAV as a practical expedient and are not classified within the fair value hierarchy. The fair value amounts permit reconciliation of investments in the fair value hierarchy table to amounts presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021 (unaudited). Individual participants' redemptions of units of the Morley Stable Value Fund for benefit payments are generally permitted without restriction. Redemptions by participants to reinvest in options that do not compete with the fund are generally permitted without restriction. Participant-directed transfers to competing investment options (as defined in the Fund Disclosure document) must be held in a non-competing investment option for a minimum of 90 days before a transfer to a competing option may occur; the below redemption notice period is applicable only to plan sponsor-directed transactions.
