## Independent Auditors' Report

---

To the Plan Administrator  
Weber Automotive Management, LLC  
401(k) and Profit Sharing Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Weber Automotive Management, LLC 401(k) and Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matters — Supplemental Schedule Required by ERISA**

The supplemental Schedule of Assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. #### *Participant Withdrawals*

The Plan does permit participants to withdraw various portions, or in certain instances, their entire account balance in the Plan under limited circumstances. However, these rights of withdrawal are limited and carry, in certain cases, suspension of participation penalties. Participants may withdraw the employer profit sharing and matching portion of their account as well as the mandatory and deferred distribution portion of their account upon reaching age 59 ½, upon reaching age 50 with 6 years of service, or upon normal retirement (65). Participants may withdrawal the portion of their account representing employee deferrals (401(k) and catch up) as well as qualified non-elective contributions (QNEC) at age 59 ½ or at any time after reaching normal retirement and continuing to work. Participants can withdrawal the portion of their account representing after-tax contributions and rollovers at any time. Upon death or disability an employee's vested portion of their account is eligible for distribution.

#### *Participant Hardship Withdrawals*

Participants who are active employees may withdraw a portion of their vested account balance in the event of undue financial hardship in accordance with requirements as outlined in the Plan document.

#### *Notes Receivable from Participants (Participant Loans)*

Participants may borrow money from the Plan in amounts that aggregate at least \$1,000 and cannot exceed the lesser of \$50,000 or 50% of the participant's account balance as of the date of the loan. Loan terms range from 1-5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the local prevailing rates as determined by the plan administrator. Participants may only have one loan outstanding at any time.

#### *Distribution of Benefits*

Amounts credited to an individual participant's account are distributed at termination of employment as a lump-sum, or one of several other alternative methods at the election of the participant. Distributions may be deferred until the participant reaches the age of 70 ½. However, the Plan agreement stipulates that distributions must commence April 1 of the calendar year following the later of the calendar year in which the participant reaches age 70 ½ or the calendar year in which the employee retires. Owners with a 5% interest in the Company must begin receiving distributions by April following the end of the calendar year in which the individual reaches 70 ½.

#### *Forfeited Accounts*

Forfeitures may be used to pay for plan expenses or reduce Company contributions. #### **NOTE B | PLAN TERMINATION**

While the Company has not expressed any intent to terminate the Plan, it is free to do so at any time. Plan termination procedures are subject to the provisions of ERISA, the IRC governing termination of employee benefit plans and the Plan trustee/custodian assurance that the ERISA and IRC requirements have been satisfied.

In the event the Plan terminates, participants will be entitled to receive a complete distribution of their undistributed account balance as held in their respective Plan accounts. Participant accounts shall vest 100% and become non-forfeitable.

#### **NOTE C | SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

##### *Basis of Accounting*

The financial statements of the Plan are prepared on the accrual method of accounting.

##### *Use of Estimates*

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

##### *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and the most advantageous market for the asset or liability. See Note G for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

##### *Notes Receivable from Participants (Participant Loans)*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

##### *Payment of Benefits*

Benefits are recorded when paid.

#### **NOTE F | RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. The Newport Trust Company and Newport Group, the custodian and third-party administrator of the Plan, respectively (Newport) manage certain Plan investments. These transactions qualify as allowable party-in-interest transactions and are denoted as such on the supplemental Schedule of Assets (Held at End of Year). The Plan paid Newport \$76,420 in administrative fees for the year ended December 31, 2022. The Plan paid Newport \$38,950 in administrative fees and \$33,634 in investment fees for the year ended December 31, 2021. These administrative fees charged to the Plan include a per participant and specific fees for special calculation services. The Plan also paid for audit fees associated with the Plan that are included in administrative and other expenses in the Statements of Changes in Net Assets Available for Benefits.

#### **NOTE G | FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

*Mutual funds:* Valued at the daily closing price reported by the fund, which is the quoted net asset value (NAV) of shares.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value measured on a recurring basis:

**NOTE H | RISKS AND UNCERTAINTIES**

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the Statements of Net Assets Available for Benefits. As of the date of this report, the current economic environment has increased the degree of uncertainty.

Included in investments were the following funds representing approximately 67% and 62% of the total investments at December 31, 2022 and 2021, respectively. A significant decline in the market value of these investments would significantly affect the Plan's net assets available for benefits:
