INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Strack & Van Til Retirement Plan
2244 45th Street
Highland, IN 46322

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed an audit of the financial statements of Strack & Van Til Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(c) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Strack & Van Til Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Strack & Van Til Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(c) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Strack & Van Til Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued. Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(c) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Strack & Van Til Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Strack & Van Til Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(c) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule of Assets (Held at Year-End) for the year ended December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agrees to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

STRACK & VAN TIL RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF PLAN AND BENEFITS

A. Description of Plan

The following description of Strack & Van Til Retirement Plan provides only general information. Participants should refer to the Plan agreement or the summary plan description for a more complete description of the Plan's provision.

B. General

The Plan is a defined contribution plan which was established effective November 28, 2017 by Indiana Grocery Group, LLC (The Company). The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA) and subsequent pension amendments and regulations.

C. Eligibility

Employees who have attained age twenty-one and completed one year of credited service of at least 1,000 hours are eligible to participate in the Plan. Participants may begin making elective deferrals on the first of the month following their meeting the eligibility requirement. Participants may elect to allocate their deferrals to Pre-Tax 401(k) or Roth 401(k) deferrals. Participants become eligible to receive matching and employer discretionary contributions on the first day of month following the date the eligibility requirements are met.

D. Contributions

Participant Deferrals

Participants are allowed to make contributions up to 100% of compensation not to exceed \$20,500 and \$19,500 for the years ended December 31, 2022 and 2021, respectively. Participant contributions may be designated as traditional deferrals or Roth deferrals. The Plan allows participants aged 50 and older to make "catch-up" contributions as allowed under the Internal Revenue Code.

Employer Matching

Participants employed on the last day of the plan year who have completed a year of service, and participants whose separation from service was due to death, disability, attainment of normal retirement age, or attainment of early retirement age, are eligible to receive employer contributions that are based on the amount of participant contributions made during the plan year. Employer matching contributions are made at the discretion of the Plan sponsor. The Plan sponsor declares their intention to make matching contributions prior to the commencement of any given plan year.

Employer Discretionary

Employer contributions are made at the discretion of the Plan sponsor. Participants employed on the last day of the plan year, who have completed a year of service, and participants whose separation from service was due to death, disability, attainment of normal retirement age, or attainment of early retirement age, are eligible to receive employer contributions. Employer discretionary contributions are allocated using a non-safe harbor method which allows the Plan sponsor to allocate contributions to participants on a disproportionate basis within parameters established under the Internal Revenue Code.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF PLAN AND BENEFITS CONTINUED

E. Allocations

Earnings are allocated based on the performance of each participant's self-directed account.

F. Payment of Benefits

Participants that have terminated employment with the Plan sponsor may elect to distribute their vested balance in the form of a lump sum cash payment or remain a participant in the Plan. The Plan sponsor may make distribution to the participant of vested balances of \$5,000, excluding participant rollover contributions, or less without the consent of the participant. Distributions greater than \$1,000 made without the consent of the participant are transferred to an individual retirement account.

The Plan allows participants to take hardship distributions from participant pre-tax elective deferrals and Roth elective deferrals if circumstances and conditions exist that meet the definition of hardship as outlined by statute.

Participants age 59 ½ and older may take in-service distributions from all their fully vested accounts.

G. Vesting

Participants are immediately vested in their voluntary contributions, including earning thereon. Participants that attain normal retirement age of 62 or retire at age 55 or become disabled or die while employed by the Plan sponsor become fully vested in all accounts. Vesting in employer matching and profit sharing contributions and related earnings is based on the following schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 1 year	0%
1 year but less than 2	50%
2 years but less than 3	75%
3 years or more	100%

H. Forfeitures

Forfeitures of non-vested benefits of terminated employees are used to reduce employer contributions and administrative expenses. At December 31, 2022 and 2021, \$5,403 and \$4,703 of non-vested forfeitures are unallocated and available to reduce future employer contributions and administrative expenses, respectively. For the years ended December 31, 2022 and 2021, \$0 and \$0, respectively, in non-vested forfeitures were used to fund the employer matching contribution and pay administrative expenses.

I. Participant Accounts

Plan participants direct the investments in their accounts in any of the following options selected by the Plan Trustees:

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

B. Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administration to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition

The employer contributions are invested into certificates of deposit, government securities, government asset backed securities, corporate bonds, foreign bonds, convertible preferred stocks, equities, mutual funds, exchange-traded products, and unit investment trusts. These investments are valued at quoted market prices.

STRACK & VAN TIL RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES CONTINUED

D. Payment of Benefits

Benefits are recorded when paid.

E. Income Tax Status

The Plan administrator and the Plan's tax counsel believe that the Plan as designed was being operated in compliance with the applicable requirements of the Internal Revenue Code of Section 401(a). Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The Plan is established under the provisions of a prototype plan developed by Transamerica Retirement Solutions Corporation and has obtained a favorable tax determination letter from the Internal Revenue Service dated April 8, 2014. The Plan sponsor believes that the Plan continues to qualify and to operate as designed.

Employer contributions and interest income are not taxable to the participant until distributed.

F. Administrative Expenses

Fees paid during the year for trustee, custodian, investment advisory, and investment managers were paid by the Plan. All other fees and costs incurred in connection with the administration of the Plan are paid by the Company. Fees were paid to the following parties-in-interest:

<u>Party</u>	<u>Type of Fee</u>	<u>2022</u>	<u>2021</u>
Transamerica Corporation	Service	\$ 124,859	\$ 151,068
Kestra Advisory Services, LLC	Service	\$ 16,799	\$ 31,717
Swartz, Retson & Co., P.C.	Audit	\$ 11,361	\$ 11,000
Gallagher Fiduciary Advisors, LLC	Service	\$ 18,000	\$ 00

G. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 3 - INVESTMENTS AT FAIR VALUE

During the years ended December 31, 2022 and 2021, the Plan's investments appreciated (depreciated) in value by \$(4,091,940) and \$2,113,012, respectively.

STRACK & VAN TIL RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan has implemented accounting standards related to fair value measurements which establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Basis of Fair Value Measurement

- Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
- Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instruments level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables present by level, within the fair value hierarchy, the Plan investment assets at fair value, as of December 31, 2022 and 2021. As required, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

NOTE 6 - UNCERTAIN TAX POSITIONS

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the plan and has concluded that there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements.

NOTE 10 - SUBSEQUENT EVENT - CORONAVIRUS (COVID-19)

In December 2019, an outbreak of a new strain of coronavirus, COVID-19, emerged in Wuhan, China. Within weeks, despite efforts to contain the virus in China that included widespread shutdowns of cities and businesses, the number of those infected grew significantly, and beyond China's borders. During the first quarter of 2020, the coronavirus spread worldwide. The virus continues to spread in the United States and effect, business operations, supply chains, business and leisure travel, commodity prices, consumer confidence and business sentiment, and as companies consider the impact on their businesses of employees working from home and consumers avoiding air travel, stores, restaurants, sports events and other venues, most businesses and industry sectors will be affected. In December 2020, the United States approved two COVID-19 vaccines. A third vaccine was approved in February 2021 and boosters became available in September 2021.
