INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Trustees of
Bupa Worldwide Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Bupa Worldwide Corporation 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Bupa Worldwide Corporation 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bupa Worldwide Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplement Schedule Required by ERISA

The supplemental Schedule H, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A handwritten signature in blue ink, appearing to read "Martinelli & Co.", is positioned to the right of the opinion text.

Note 1 – Description of Plan

The following description of the Bupa Worldwide Corporation 401(k) Plan (the “Plan”) (Formerly Bupa 401(k) Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering all eligible employees of a controlled group of corporations consisting of Bupa Worldwide Corporation and certain wholly-owned affiliates (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Automatic Data Processing, Inc. Retirement Services (“ADP”) is the record-keeper of the Plan. The Plan has contracted with Reliance Trust Company (“RTC”) to act as trustee under the Plan.

In 2020, the Plan had implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”), a law which allows immediate changes to the Plan to, among others, allow certain eligible individuals to receive Coronavirus-related relief through temporary suspension of loan repayment, temporary increases to certain loan limits to \$100,000, allows temporary tax relief for Coronavirus-related distributions up to \$100,000 for a qualified individual and suspends required minimum distributions. The Plan had also implemented certain provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 (the “SECURE Act”), a law which, among others, extends the age for required minimum distributions to 72. The optional features within these acts are currently being assessed but have not been implemented to date. The Plan is in the process of adopting written amendments to the Plan to reflect these operational changes in accordance with applicable law and IRS guidance.

Eligibility – An employee of the Company is eligible for participation in the Plan if he or she has attained the age of eighteen years old. A participant is immediately eligible for elective deferrals but must have six months of service to be eligible for matching contributions and non-elective profit-sharing contributions. Once eligible, the participant may enter the Plan at any time.

Contributions – Each year, participants may contribute up to 90% of their pre-tax annual compensation, as defined by the Plan. Participants may also make transfer contributions (rollovers) from one or more qualified retirement plans and catch up contributions subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may direct the investment of their contributions into various investment options offered by the Plan. Participants may change their contribution levels or terminate their election to participate any time during the Plan year.

The Company makes a 100% employer match per the plan document of up to 7% of a participant’s salary deferral. During the year ended December 31, 2022 matching contributions made by the Company amounted to \$823,239. The Company has the right to make a discretionary non-elective profit-sharing contribution allocated to the percentage of a participant’s salary compared to total compensation of all participants. The Company did not elect to make a discretionary contribution during the year ended December 31, 2022. All contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Participant Accounts – Each participant’s account is credited with the participant’s contributions and Company matching contributions, as well as allocations of the Company’s profit-sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid

Bupa Worldwide Corporation 401(k) Plan

Notes to Financial Statements

by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after three years of credited service or in the event of death, disability, or attainment of the Plan's normal retirement age, as defined by the Plan.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at the prevailing rate determined at the loan's origination. Principal and interest is paid ratably through bi-weekly payroll deductions. Participants may only maintain one active loan at any given moment in time.

Payment of Benefits – Upon termination of service due to death, disability, retirement, other reasons, or qualifying under certain "hardship" rules, as prescribed by the IRS, a participant is eligible to receive distributions from the Plan. All distributions are made in the form of a lump sum payment.

Forfeitures – Forfeited non-vested accounts are retained in the Plan and are used to reduce future Company contributions or to pay the Plan's administrative expenses. At December 31, 2022 and 2021, there were forfeited non-vested accounts totaling approximately \$6,000 and \$5,000, respectively. During the year ended December 31, 2022, Company contributions were not reduced by forfeited non-vested accounts.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to administration of notes receivable from participants, benefit payments, and contract administration fees are included in administrative expenses. Administrative expenses amounted to \$85,220 during the year ended December 31, 2022.

Note 2 – Summary of Accounting Policies

The following accounting policies, which conform to accounting principles generally accepted in the United States of America ("GAAP"), have been used consistently in the preparation of the Plan's financial statements.

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Employee Benefits Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, RTC and investments.

Bupa Worldwide Corporation 401(k) Plan

Notes to Financial Statements

See Note 4 for discussion of fair value measurements. See Note 5 for discussion of the fully benefit-responsive investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events – The Plan has evaluated subsequent events through October 11, 2023, the date the financial statements were available to be issued.

Note 3 – Information Certified by RTC

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2022 and 2021. Accordingly, RTC, the trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value under the hierarchy are described as follows:

Bupa Worldwide Corporation 401(k) Plan

Notes to Financial Statements

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Fair Value Measurements at December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 20,787,940	\$ -	\$ -	\$ 20,787,940
Total	\$ 20,787,940	\$ -	\$ -	\$ 20,787,940

Fair Value Measurements at December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 26,032,140	\$ -	\$ -	\$ 26,032,140
Total	\$ 26,032,140	\$ -	\$ -	\$ 26,032,140

Note 5 – Fully Benefit Responsive Contract

The Plan invests in the New York Life Insurance Anchor Account – Series I – Class 0 (the "Contract"), which is considered a fully benefit responsive contract. This investment is valued at contract value reported by

Bupa Worldwide Corporation 401(k) Plan

Notes to Financial Statements

the fund manager based on the underlying investments within each fund. There are no imposed redemption restrictions.

The average yield of the underlying assets earned by the Plan from the New York Life Insurance Anchor Account III was 2.87% and the average crediting interest rate was 2.52% at December 31, 2022.

The existence of certain conditions can limit the Contract's ability to transact at contract value with the issuers of its investment contracts. Specifically, any event outside the normal operation of the Contract that causes a withdrawal from an investment contract may result in a negative market value adjustment with respect to such withdrawal. Examples of such events include, but are not limited to, partial or complete legal termination of the Contract or a unitholder, tax disqualification of the Contract or a unitholder, and certain Contract amendments if issuers' consent is not obtained. As of December 31, 2022, the occurrence of an event outside the normal operation of the Contract that would cause a withdrawal from an investment contract is not considered to be probable. To the extent a unitholder suffers a tax disqualification or legal termination event, under normal circumstances it is anticipated that liquid assets would be available to satisfy the redemption of such unitholder's interest in the Contract without the need to access investment contracts.

Note 6 – Related Party and Party-in-Interest Transactions

RTC provided certain custodial and other services to the Plan and was the trustee of the Plan, therefore, these transactions qualify as party-in-interest.

ADP performs recordkeeping services and their affiliate performs payroll services for the Company. These transactions qualify as party-in-interest.

Certain participants of the Plan have outstanding notes with the Plan as of December 31, 2022 and 2021. These notes are considered party-in-interest transactions according to the U.S. DOL guidelines. Total outstanding loans as of December 31, 2022 and 2021 were \$433,037 and \$487,453, respectively.

Note 7 – Tax Status

The Plan adopted a prototype non-standardized profit-sharing plan document sponsored by ADP. ADP received an opinion letter from the IRS, dated October 6, 2020, which states that the form of the plan document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS. The plan administrator and believes that the Plan as designed is currently being operated in compliance with applicable requirements of the IRC and therefore believes that the Plan is qualified and tax-exempt.

GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.
