Independent Auditors' Report

To the Plan Administrator and Plan Trustees
Muscogee International 401(k) Plan
Okmulgee, Oklahoma

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Muscogee International 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statement of Net Assets Available for Benefits as of December 31, 2022, the related Statement of Changes in Net Assets Available for Benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held at End of Year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matters

Auditor's Report on the 2021 Financial Statements

The 2021 financial statements of the Plan were audited by predecessor auditors. Plan management, having determined it is permissible in the circumstances, elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), their audit did not extend to any statements or information related to assets held for investment of the Plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the investment information is prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Their report, dated September 30, 2022, stated that in their opinion, (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America; and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agreed to, or is derived from, in all material respects, the information prepared and certified by the custodian that management determined met the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

MUSCOGEE INTERNATIONAL 401(K) PLAN

DECEMBER 31, 2022

NOTE A--DESCRIPTION OF THE PLAN

Muscogee International, LLC (the “Company”) established the Muscogee International 401(k) Plan (the “Plan”) effective January 1, 2016. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan established for the benefit of the Company’s employees, except for union and leased employees and nonresident aliens with no U.S. source income. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Company is the Plan Sponsor and the Plan Administrator. The Plan’s assets are held in a trust created under the terms of the Plan. BOKF, NA serves as the trustee of the Plan, maintains the records of the participant data, and holds the Plan assets.

Eligibility: Non-excluded employees are immediately eligible to participate in the Plan and are automatically enrolled on the first day of the month following the completion of one service hour. Once eligible, participants can make elective deferral contributions and receive employer matching contributions, safe harbor matching contributions, and non-elective contributions.

Contributions: Participants may contribute up to 100% of their compensation, as defined in the Plan document, as either pretax or Roth deferrals. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Eligible employees are automatically enrolled in the Plan with a 6% deferral rate. Eligible employees who do not wish to participate in the Plan may affirmatively elect to opt-out, or they may elect a different deferral percentage.

The Plan also provides for employer safe harbor matching contributions equal to 100% of deferrals up to 3%, plus 50% of deferrals that exceed 3% up to 6% of a participant’s compensation. Employer safe harbor matching contributions are based on deferrals made each payroll period.

At the discretion of the Company, the Company may also make additional employer matching contributions, non-elective contributions, or qualified non-elective contributions under the Plan’s profit-sharing provisions. Unless termination is due to death, disability, or retirement, participants must complete 1,000 hours of service during the Plan year and be employed on the last day of the Plan year to receive an allocation of the employer profit-sharing contributions. Allocations of employer profit-sharing contributions are based on the proportion of each participant’s compensation to the total of all eligible participants’ compensation. There were no additional employer matching or profit-sharing contributions for the year ended December 31, 2022.

MUSCOGEE INTERNATIONAL 401(K) PLAN

DECEMBER 31, 2022

NOTE A--DESCRIPTION OF THE PLAN--CONTINUED

Contributions--Continued: Each participant may elect to contribute a percentage of their eligible compensation up to the lesser of the participant's eligible compensation or the maximum amount allowed by the Internal Revenue Service (IRS). The IRS' limit was \$20,500 for 2022. Plan participants aged 50 and older were eligible to make catch-up contributions of an additional \$6,500 for 2022. The Plan also permits participants to make rollover contributions from other qualified plans.

Participant Accounts and Investment Options: Participants direct the investment of their contributions into various mutual funds offered by BOKF, NA, which are registered under the Investment Company Act of 1940, as well as a selection of common collective trust funds and a money market account.

Each participant's account is credited with participant contributions, employer safe harbor matching contributions, additional employer matching contributions, and allocations of employer profit-sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions, employer safe harbor matching, qualified non-elective contributions, and additional employer matching contributions, plus actual earnings thereon. Vesting in employer profit-sharing (non-elective) contributions is based upon years of continuous service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than two years	0%
Two, but less than three	20%
Three, but less than four	40%
Four, but less than five	60%
Five, but less than six	80%
Six years or more	100%

Participants automatically become 100% vested upon normal retirement (attainment of age 62), disability, or death. Participants who terminate for any other reason are entitled to the vested amount of their accounts.

NOTES TO FINANCIAL STATEMENTS--CONTINUED

MUSCOGEE INTERNATIONAL 401(K) PLAN

DECEMBER 31, 2022

NOTE A--DESCRIPTION OF THE PLAN--CONTINUED

Notes Receivable from Participants: Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the difference between the highest outstanding loan balance during the preceding 12-month period and the outstanding loan balance on the date of the loan, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 5.25% to 9.00%, which is based on the prime rate plus 2% on the date of origination. Participants may only have one loan outstanding at any given time. Terms range from one to five years. Principal and interest are paid ratably through payroll deductions. A loan is considered in default as of the last day of the calendar quarter following the calendar quarter in which an unpaid installment payment was due.

Payment of Benefits: Upon retirement, termination, disability, or death, a participant, or their beneficiary, in the event of death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account. A participant may withdraw all or a portion of their account balance resulting from rollover contributions at any time. Additionally, participants may take in-service distributions upon reaching age 59½. Upon termination, automatic distributions are required for balances of less than \$5,000. Automatic distributions above \$1,000 made without the participant's consent are rolled into an individual retirement account designated by the trustee. Generally, certain minimum distributions are required for participants who have separated from service and have reached age 72. The Plan allows hardship withdrawals, subject to account balance limits and applicable laws.

Participants who were automatically enrolled in the Plan have the option to withdraw their deferrals without penalty within 90 days of their automatic enrollment date.

At December 31, 2022, net assets available for benefits included approximately \$3,300,000 relating to former participants who have elected, for the present time, to leave their balances intact with the Plan.

Forfeitures: Forfeitures result from non-vested benefit payments remaining in the Plan for all terminated employees. Forfeitures may be used to restore participant balances previously forfeited, pay Plan administrative expenses, reduce employer contributions, or be allocated to participants as additional employer contributions. During 2022, participants incurred approximately \$400 in forfeitures, and approximately \$400 was used to offset administrative costs and fees of the Plan. At December 31, 2022, the Plan had no unused forfeitures.

Administrative Expenses: Certain administrative functions of the Plan are performed by employees of the Company. Neither the employees nor the Company receive any compensation from the Plan for these services. The majority of administrative expenses of the Plan are paid by the Company. Account transaction costs are deducted from participant accounts. Any administrative fees for services are paid from the assets of the funds and, therefore, reduce the overall return offered by the funds.

MUSCOGEE INTERNATIONAL 401(K) PLAN

NOTE A--DESCRIPTION OF THE PLAN--CONTINUED

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the employer contribution portion of their accounts.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates: The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits: Benefits are recorded as expenses when paid. There were no benefits requested before year-end that were not paid.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based on the terms of the Plan document.

Income Tax Status: Effective January 1, 2016, the Company established the Plan. The Plan has been amended since being established. Effective July 31, 2022, the Company restated the Plan and adopted a preapproved profit-sharing plan (the Preapproved Plan) sponsored by the trustee. The IRS has determined and informed the Plan sponsor by a favorable opinion letter dated June 30, 2020, that the Preapproved Plan is designed in accordance with the applicable sections of the Code. Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of December 31, 2022. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by a government authority. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations prior to 2019.

MUSCOGEE INTERNATIONAL 401(K) PLAN

DECEMBER 31, 2022

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--CONTINUED

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the valuation policies utilizing information provided by the trustee. See note C for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative Expenses: The majority of administrative expenses of the Plan are paid by the Company. Account transaction costs are deducted from participant accounts. Any administrative fees for services are paid from the assets of the funds and, therefore, reduce the overall return offered by the funds.

Subsequent Events: Subsequent events have been evaluated through October 6, 2023, which is the date the financial statements were available to be issued. Management has determined that no subsequent events have occurred that require adjustment to or disclosure in the financial statements.

NOTE C--FAIR VALUE MEASUREMENTS

FASB ASC 820-10-35-39 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10-35-39 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO FINANCIAL STATEMENTS--CONTINUED

MUSCOGEE INTERNATIONAL 401(K) PLAN

DECEMBER 31, 2022

NOTE C--FAIR VALUE MEASUREMENTS--CONTINUED

Level 3 - Inputs consist of unobservable inputs, which are used when observable inputs are unavailable and reflect an entity's own assumptions about the assumptions that market participants would use in pricing the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Collective trust funds have the characteristics of a structure similar to a mutual fund and are valued based on the readily determinable quoted market price that each fund publishes at the end of each day. While the underlying assets are actively traded on an exchange, the collective trust funds are not and, therefore, are classified as Level 2 assets in the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D--INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, BOKF, NA, the Plan's trustee, has certified that the following data included in the accompanying financial statements and supplementary Schedule of Assets Held at End of Year is complete and accurate:

- Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021.
- Net investment activity and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.
- Schedule H, Line 4i--Schedule of Assets Held at End of Year as of December 31, 2022.

The Plan's independent auditors did not perform audit procedures with respect to this information, except for comparing such information per BOKF, NA's certified statements to the related information included in the financial statements and supplementary schedule.

NOTE E--INVESTMENT CONCENTRATION, RISKS AND UNCERTAINTIES

At December 31, 2022, approximately 81% of the Plan's assets consisted of five collective trust fund investments, two mutual fund investments, and one money market investment. At December 31, 2022, no other investments represented more than 5% of the Plan's assets.

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and those changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE F--TRANSACTIONS WITH EXEMPT PARTIES-IN-INTEREST

Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. The Company provides certain administrative services at no cost to the Plan.

NOTE F--TRANSACTIONS WITH EXEMPT PARTIES-IN-INTEREST--CONTINUED

The Plan's collective trust funds are managed by the trustee. Cavanal Hill Investment Management, Inc. manages certain mutual funds in which the Plan invests and is a wholly owned subsidiary of the trustee.

Certain assets of the Plan consist of notes receivable due from participants, which are considered exempt party-in-interest transactions under ERISA.
