INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of Class Valuation LLC 401(k) Plan

We have performed audits of the financial statements of Class Valuation, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities in accordance with the ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

CLASS VALUATION, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of Class Valuation, LLC 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan was adopted effective January 1, 2013, by Class Valuation, LLC (the “Company”) and is the sponsor of the Plan. The Plan is a contributory defined contribution plan covering all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Trustee and Administration of the Plan

The trustee and recordkeeper of the Plan is Ascensus Trust Company (Ascensus or trustee). Ascensus became the trustee and record keeper effective July 31, 2019. The administrator of the Plan is the Company. The trustee holds all assets of the Plan in accordance with the service provider contract with the Company. The Investment Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Eligibility

All employees are eligible to participate in the Plan, receive the Company matching contribution and qualified non-elective contribution if they have completed three months of service and are age 21 or older. Upon meeting eligibility requirements, participants are automatically enrolled in the Plan to contribute 2% of their compensation. The Plan was amended, effective January 1, 2020, to change the eligibility age to 19 years old and the automatic contribution to 5% of the participant's compensation.

Contributions

There are three types of contributions to the Plan:

- *Salary Reduction Contribution* - Participants may elect to have their salary reduced and have the amount of the reduction contributed to the Plan by the Company. Generally, the salary reduction contribution amount may be from 1% to 90% of eligible earnings but may not exceed the legal maximum contribution allowed under tax regulations. Participants may also contribute rollover contributions from other qualified plans. Catch-up contributions for those age 50 and over during the Plan year are also allowed by the Plan, subject to certain limitations.

The Plan also allows Roth contributions. This option allows individuals eligible for the Plan to make after-tax contributions to their retirement accounts.

- *Company Matching Contribution* - The Company may contribute a discretionary matching contribution to the Plan, although the Company is not required to make this contribution. The percentage of elected deferrals to be matched will be determined by the Company and allocated to the participants at the end of the Plan year. Beginning on July 31, 2019, a Company match is being offered at 100% on a participant’s first 3% contribution, 50% on their next 1% contribution, and 50% on their next 1% contribution.

NOTES TO FINANCIAL STATEMENTS – Continued
FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 1 – DESCRIPTION OF PLAN - Continued

Contributions – Continued

- *Qualified Non-elective Contribution* - The Company may decide to make a Nonelective Contribution to the Plan, although the Company is not required to do so. The Nonelective Contribution will be allocated to all employees eligible to participate in the Plan. The employee must be an eligible participant employed by the employer on December 31 and have completed at least three months of Service to receive this allocation. There was no profit sharing contribution during 2022 and 2021.

Participant Accounts

Each participant's account is credited with the participant's and the Company's contributions and an allocation of investment earnings and is charged with an allocation of Plan losses and administrative expenses. Participants may direct the investment of their account balances into various investment options offered by the Plan. Allocations to participants' accounts are based on compensation or account balances, as specified in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting of Benefits

Participants are immediately 100% vested in their deferral contributions, Roth contributions, rollover contributions, employer matching contribution, employer non-elective contribution and any earning thereon effective August 1, 2019.

Previously, vesting in the employer contributions is based on the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
More than 6 years	100%

Forfeitures

Forfeitures resulting from the non-vested portions of participants' accounts who terminate prior to being fully vested are generally used to reduce future Company contributions, pay for Plan expenses or to reduce the employer's contributions. For the year ended December 31, 2022 and 2021, no forfeitures were used to reduce the employer's contribution or pay for Plan expenses. At December 31, 2022 and 2021, there were no forfeitures in the Plan.

CLASS VALUATION, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS – Continued
FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 1 – DESCRIPTION OF PLAN - Continued

Payment of Benefits

Upon termination, retirement (age 65 or your 5th anniversary of joining the Plan, if later), death or disability, participants or their beneficiaries will receive the entire value of their individual accounts, subject to vesting provisions. All vested account balances less than \$5,000 may be distributed automatically to the participant. All distributions from the Plan will be made in a single lump-sum payment. The Plan allows for in-service withdrawals of participant contributions prior to retirement, if the participant meets certain hardship withdrawal or age requirements. Such withdrawals are subject to approval by the Plan Administrator.

Notes Receivable From Participants

Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum note amount is \$1,000. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate, which is the prevailing rate charged by other lenders for similar loans. Interest rates on notes receivable outstanding at December 31, 2022 and 2021 ranged from 4.25% to 6.25%. The notes, both principal and interest, are repaid ratably through payroll deductions over a period of five years or less, unless for the purchase of a principal residence, in which case the note terms should not exceed 15 years. Participants may have a maximum of one loan outstanding at one time.

Administrative Expenses

Certain administrative expenses of the Plan are paid directly by the Company. Certain administration expenses, such as expenses for Plan loans, benefit payment administration, and participant investor services, are allocated directly to the accounts of the participants requesting these services.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

CLASS VALUATION, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS – Continued
FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES - Continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment gain or loss includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Participant loans are classified as notes receivable from participants, and are measured at the unpaid principal balance plus unpaid accrued interest. Defaulted loans, if any, are reclassified as deemed distributions based upon the terms of the Plan Agreement.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan are paid by the Company, except for certain expenses that are charged to participant accounts, including loan, withdrawal fees, plan administrative fees, investment management and audit fees. Certain investment expenses which are charged within investments are presented net of the appreciation (depreciation) in fair value of investments. All other expenses of the Plan for the year ended December 31, 2022 and 2021 were paid by the Company and are excluded from these financial statements.

Subsequent Events

Subsequent events have been evaluated by management through October 3, 2023, the date these financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

In accordance with ASC 820, Fair Value Measurements and Disclosures, the Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, other inputs that are observable or can be corroborated by observable market data.

NOTES TO FINANCIAL STATEMENTS - Continued
FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 3 – FAIR VALUE MEASUREMENTS – continued

Level 3 - Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The following valuation methodologies were used to measure the fair value of the Plan's investments:

Money Market Fund: Valued at the daily closing price as reported by the fund. The money market fund seeks to maintain a \$1.00 net asset value ("NAV").

Mutual Funds: Valued at quoted market prices in an exchange and active market, which represent the NAV of shares held by the Plan at December 31, 2022 and 2021.

The Plan's valuation methods may result in a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although Plan management believes the valuation methods are appropriate and consistent with the market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below set forth the Plan's investments by level within the fair value hierarchy. There have been no significant transfers into or out of Levels 1, 2 or 3.

Assets at Fair Value as of December 31, 2022

	Level 1	Level 2	Level 3	Total

NOTE 4 – CERTIFIED INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment income, net and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial ERISA-required supplemental schedule.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

NOTE 6 - TAX STATUS

The Plan uses a volume submitter plan which received an opinion letter from the IRS on January 1, 2018, which states that the volume submitter plan, as then designed, satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the date of the opinion letter, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Ascensus Trust Company is the current trustee as defined by the Plan agreement and therefore, transactions with Ascensus qualifies as party-in-interest transactions. The Plan also holds certain investments in funds managed by The Vanguard Group, Inc., which provides custodial services to the Plan. Fees incurred by the Plan for investment management services are included in the net appreciation (depreciation) in fair value of the investment. The Plan permits payment of any other fees related to the Plan's operations to be paid directly from the Plan's assets. Notes receivable from participants also qualify as party-in-interest transactions.
