Independent Auditor's Report

Plan Administrator
Bloom Insurance Agency, LLC Retirement Plan
Bloomington, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bloom Insurance Agency, LLC Retirement Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Bloom Insurance Agency, LLC Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 1: Description of the Plan

The following description of the Bloom Insurance Agency, LLC Retirement Plan (Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Bloom Insurance Agency (Company) for the benefit of substantially all employees who have one year of service and are age 18 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Sherman Rogers was the trustee of the Plan for the period of January 1, 2021, through May 31, 2022. Massachusetts Mutual Life Insurance Company (Massachusetts Mutual) served as Plan custodian for the period of January 1, 2021, through April 30, 2021. For the period of January 1, 2021, through April 30, 2021, Great-West Life & Annuity Insurance Company (Great-West) served as agent for Massachusetts Mutual. Reliance Trust Company served as Plan custodian for the period of May 1, 2021, through May 31, 2022. Fidelity Management Trust Company (FMTTC) serves as Plan custodian and trustee for the period of June 1, 2022, through December 31, 2022.

Contributions

The Plan permits eligible employees, through a salary deferral election, to have the Company make annual contributions of up to 90% of eligible compensation. Employee rollover and catch-up contributions are also permitted. The Company may make a discretionary matching contribution in an amount specified annually by the Company. The Company may also make a discretionary nonelective contribution that is allocated to participant accounts based on the percentage of the participants' compensation to total compensation of all eligible participants in distinct employment classification categories. Beginning April 1, 2021, the Company made discretionary matching contributions of 10% of employees' salary deferral amounts up to 1% of employees' compensation. The Company did not make any discretionary matching contributions for the period from January 1, 2021, through March 31, 2021. For the years ended December 31, 2022 and 2021, the Company did not make any nonelective contributions.

Participant Investment Account Options

Each participant has the option of directing his or her contributions into any of the various investment options offered by the Plan and may change the allocation daily.

The Plan Document also includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant made an affirmative election otherwise. The automatic deferral feature also provides for an annual increase in the percentage deferred and is ultimately capped at 8%.

Notes to Financial Statements

December 31, 2022 and 2021

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, Plan earnings and forfeitures of terminated participants' nonvested accounts and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at a reasonable rate of interest as determined by the Company based on prevailing interest rates charged by persons in the business of lending money for loans under similar circumstances at the inception of the loan. Principal and interest is paid ratably through monthly payroll deductions.

Vesting

Participants are immediately vested in their voluntary contributions, plus earnings thereon. Vesting in the Company's contribution portion of their accounts, plus earnings thereon, is based on years of continuous service. A participant is fully vested after five years of continuous service.

The nonvested balance is forfeited upon termination of service. Forfeitures are used to pay administrative expenses, reduce future employer contributions or are reallocated to participants in the same manner as employer contributions.

Payment of Benefits

Upon termination of service, an employee may elect to receive a lump-sum amount equal to the balance of his or her account.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$8,622 and \$14,662, respectively. These accounts may be used to pay administrative expenses, reduce future employer contributions or be reallocated to participants in the same manner as employer contributions. The Plan utilized \$186 and \$11,648 of forfeited nonvested accounts to pay Plan administrative expenses in 2022 and 2021, respectively, and to reduce employer contributions utilizing forfeited nonvested accounts of \$1,249 and \$0 in 2022 and 2021, respectively.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds and certain collective trust funds are valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end.

The Plan's interest in certain other collective trusts are valued at NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value of the collective trust.

The Plan's interests in the pooled separate accounts were valued at the NAV of the units of the pooled separate accounts. The NAV was used as a practical expedient to estimate fair value of the pooled separate accounts.

Fully benefit-responsive investment contract was valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administrative expenses.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Bloom Insurance Agency, LLC Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 and 2021 excess contributions to the applicable participants before March 15, 2023 and 2022, respectively.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Certification of Plan Custodian, Plan Trustee and Agent Behalf of Plan Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West, as agent for Massachusetts Mutual, Reliance Trust Company and FMTC, qualified institutions, have certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedules is complete and accurate for the periods of January 1, 2021, through April 30, 2021, May 1, 2021, through May 31, 2022, and June 1, 2022, through December 31, 2022, respectively:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2022 and 2021
- Investment income (loss) and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2022

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

Bloom Insurance Agency, LLC Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 4: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

The Plan invests in certain funds and an investment contract of the Plan trustee, custodian and record-keeper. Fees recorded by the Plan to Empower (formerly Massachusetts Mutual) totaled \$7,899 and \$36,910 for the years ended December 31, 2022 and 2021, respectively. Fees recorded by the Plan to FMTC totaled \$2,185 and \$0 during 2022 and 2021, respectively. The Plan paid \$0 and \$2,588 of advisory fees to a third party during 2022 and 2021, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 5: Plan Amendments and Restatement

Effective April 1, 2021, the Plan was amended and restated change the discretionary match allocation provisions to a pay-period basis and remove the limitation of matching contributions in excess of 6% of eligible compensation.

Effective June 1, 2022, the Plan was amended and restated to operate under an adoption agreement in connection with a pre-approved defined contribution plan document sponsored by FMR, LLC and a new trustee, administrator and custodian, FMTC, of the Plan was appointed. Plan assets transferred to FMTC were transferred into funds comparable to those offered by the previous custodian. The conversion initiated a “Black Out” period beginning May 26, 2022, and continued through July 6, 2022. During this period, funds could not be applied to the employee selected funds with FMTC or withdrawn from the Plan until FMTC had time to accurately complete the conversion. During this period, employee contributions continued to be made through payroll deductions and the contributions were deposited into the Plan. In addition, the Plan was amended to decrease the eligibility age requirement to participate in all contribution types to age 18 and service requirement for salary deferrals to three months of service, adjust the entry date to participate in the Plan immediately upon meeting the eligibility requirements, implement an automatic enrollment at 1% for all employees hired or rehired after June 30, 2022, with automatic 1% annual increases to a maximum of 8%, and allow participants to borrow from their fund accounts with a loan interest rate determined by the Plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances.

Effective September 5, 2022, the Plan was amended to increase the eligibility requirements for certain classes of employees to participate in all contribution types to age 21 and complete 1,000 hours of service.

Note 6: Disclosures About Fair Value of Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2022:

	Fair Value	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2022				
Mutual funds	\$ 5,209,375	\$ 5,209,375	\$ -	\$ -
Collective trust funds	93,435	93,435	-	-
Total assets in the fair value hierarchy	5,302,810	\$ 5,302,810	\$ -	\$ -
Investment measured at net asset value (A)	71,235			
Investments at fair value	<u>\$ 5,374,045</u>			

Bloom Insurance Agency, LLC Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

As of December 31, 2021, the Plan did not hold any investments classified as Level 1, Level 2 or Level 3 within the investment hierarchy. Following was a summary of the Plan's assets measured at fair value on a recurring basis at December 31, 2021:

	Fair Value Measurements Using		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Fair Value			
December 31, 2021			
Investment measured at net asset value (A)	\$ 4,322,528	\$ -	\$ -

- (A) In accordance with Subtopic 820-10, certain investments that were measured at the NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits. There have been no significant changes in the valuation techniques during the year ended December 31, 2022. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Collective trust funds	<u>\$ 71,235</u>	N/A	Daily	None

	Total	December 31, 2021		
		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	<u>\$ 4,322,528</u>	N/A	Daily	None

The pooled separate accounts were valued based upon the NAV of the funds multiplied by the units held by the Plan at year-end. The NAV was based on the fair value of the underlying investments held by the fund less its liabilities. The underlying investments of the pooled separate accounts consisted solely of mutual funds and the investment strategy of the respective pooled separate accounts aligned directly with the investment strategy of the underlying mutual fund investments.

Large cap pooled separate accounts sought growth of capital and invest primarily in common stocks and sought to invest in companies that appeared to offer superior opportunities for growth of capital. Mid cap pooled separate accounts sought capital appreciation primarily in stocks of leveraged companies. Small cap pooled separate accounts invested primarily in companies with lower market capitalization at the time of purchase and had potential for capital appreciation. International pooled separate accounts invested in non-U.S. companies offering opportunities for long-term growth of capital. Balanced pooled separate accounts sought to provide an aggregate total return of the market index composed of small, medium or large sized U.S. companies. Fixed income pooled separate accounts sought to provide consistent income through investments in debt securities offered by U.S. corporations and government agencies. Target date portfolio pooled separate accounts sought a high total return until the fund's target retirement date under normal market conditions.

Notes to Financial Statements

December 31, 2022 and 2021

Note 7: Investment Contract with Insurance Company

Through May 31, 2022, the Plan had a fully benefit-responsive investment contract with Massachusetts Mutual. Massachusetts Mutual maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The guaranteed investment contract was fully benefit responsive; therefore, contract value was the relevant measurement. Contract value, as reported to the Plan by Massachusetts Mutual, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There were no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limited the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the Plan Documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator did not believe the occurrence of any such value event, which would have limited the Plan's ability to transact at contract value with participants, was probable.

The guaranteed investment contract did not permit the insurance company to terminate the agreement prior to the scheduled maturity date. This contract was terminated and liquidated by the Plan as of May 31, 2022.

Note 8: Reconciliation of Financial Statements to Form 5500

Notes to Financial Statements

December 31, 2022 and 2021

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Form 5500 for the years ended December 31, 2022 and 2021:

	2022	2021
Net increase in net assets available for benefits per the financial statements	\$ 944,979	\$ 755,545
Change in excess contributions payable not reflected on Form 5500	(49,291)	20,839
Change in accrued administrative expenses not reflected on Form 5500	-	(3,430)
Net increase in net assets available for benefits per Form 5500	<u>\$ 895,688</u>	<u>\$ 772,954</u>

Note 9: Nonexempt Transactions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Company remitted all employee contributions to the Plan, contributions of \$1,208 and \$875 were not remitted within the required time period for the years ended December 31, 2022 and 2021, respectively.

Note 10: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11: Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Notes to Financial Statements

December 31, 2022 and 2021

Note 12: Tax Status

From January 1, 2021, through March 31, 2021, the Plan operated under an adoption agreement in connection with a defined contribution volume submitter plan document sponsored by Blue Benefits Consulting, Inc. From April 1, 2021, through May 31, 2022, the Plan operated under a nonstandardized adoption agreement in connection with a pre-approved defined contribution plan document sponsored by CCH Incorporated. Beginning June 1, 2022, the Plan operates under an adoption agreement in connection with a pre-approved defined contribution plan document sponsored by FMR, LLC. The volume submitter plan document and pre-approved plan documents have been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, we believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, we believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Note 13: Subsequent Events

Subsequent events have been evaluated through October 9, 2023, which is the date the financial statements were available to be issued.
