INDEPENDENT AUDITORS' REPORT ON REQUIRED COMMUNICATIONS

To the Plan Administrator
WTS Paradigm Deferred Savings Plan

We have audited the financial statements of WTS Paradigm Deferred Savings Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) for the year ended December 31, 2022, and we have issued our report thereon dated October 10, 2023. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets for investment of the plan ("investment information") held by Fidelity Management Trust Company, the trustee of the plan, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplementary information, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of generally accepted accounting principles ("GAAP"). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under GAAP, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated May 10, 2023. We performed the audit according to the planned scope and timing previously communicated to you. Professional standards also require that we communicate to you the following information related to our audit.

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the plan, an employee benefit plan subject to ERISA as of and for the year ended December 31, 2022, in accordance with GAAP, we considered the plan's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any investment information held by the trustee that prepared and certified the investment information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses. In addition, because of the inherent limitations in internal control, including the possibility of management override of controls, misstatements due to error or fraud may occur and not be detected by such controls. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the plan are described in Note 1 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during the year. We noted no transactions entered into by the plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the plan's financial statements. After the third-party administrator posted any suggested edits we had to the draft Form 5500, we identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. We proposed one adjustment during our audit, which was a journal entry to record employee and employer contributions receivable as of December 31, 2022. Management has corrected this misstatement. There were no uncorrected misstatements identified during the audit.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 10, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplementary information accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplementary information, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplementary information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matters for Your Consideration

- The forfeiture account balance as of December 31, 2022, was \$81,000. The plan is authorized to utilize forfeitures to either pay plan administrative fees or reduce employer contributions. If not done so already, we suggest discussing with Fidelity a plan to utilize these forfeitures, as the DOL requires unapplied forfeitures to be utilized as soon as administratively practical.
- Your plan documents generally define eligible compensation for computing contributions under the plan as the taxable compensation for a plan year reportable on an employee's W-2. We noted the following instances of W-2 compensation with no employee elective deferrals and employer match:
 - During our audit work management indicated that participants must decide to "opt-in" to making elective deferral contributions on bonuses. This "opt-in" is only done for the first bonus received. Consideration should be given to obtaining confirmation from participants each time bonuses are received regarding their decision on whether or not to make elective deferral contributions.
 - During our participant testing, it was noted that an employee did not receive any employer match during 2022. This was due to the employee originally being a limited time employee, at which time their 401(k) deferrals were properly turned off in the payroll system. Once the employee became full-time, their 401(k) match option was never turned back on. We recommend working with Fidelity on how to correct this issue, as well as reviewing other participant accounts to make sure that this is an isolated incident.
- We were unable to obtain personnel files or any other applicable personnel information (such as birth date, hire date, historical deferral rate, etc.) for certain participants selected for participant testing that had previously terminated. Procedures should be established going forward to ensure personnel files for any terminated employees are compiled and maintained until their account balance has been fully paid out.

- We remind you that ultimate fiduciary responsibility for rollovers, distributions and loan payments rests with the company, as the plan sponsor. To mitigate against the risk of fraudulent distributions, we suggest that someone within the company be responsible for approving these transactions prior to allowing Fidelity to release any such amounts. Furthermore, we would recommend that someone from within the company be responsible for contacting the individual requesting the transaction (ideally, via a phone call) so that the company confirms that it is in fact the participant requesting the transaction. Evidence of the company's approval of the transactions should be maintained in the participant's personnel file.

This information is intended solely for the use of the plan administrator and management of the plan and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
WTS Paradigm Deferred Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of WTS Paradigm Deferred Savings Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WTS Paradigm Deferred Savings Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - WTS Paradigm Deferred Savings Plan ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2022, through October 10, 2023, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - WTS Paradigm, LLC is the plan administrator, sponsor and employer. Fidelity Management Trust Company is the trustee of the plan that holds custody of the plan's investment assets. Fidelity Workplace Services LLC is the record keeper that maintains plan and participant records and tax counsel that performs various compliance tests. The two related entities are collectively referred to as "Fidelity". NFP Retirement Inc. is the plan's investment advisor.

Investments - The plan sponsor/employer determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. The net appreciation (depreciation) in fair value of investments bought, sold and held during the years is reflected in the statements of changes in net assets available for benefits. Participants should refer to the investment account summaries and prospectuses for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds - Valued at the daily closing price as reported by the funds. The mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value ("NAV") and are deemed to be actively traded.

Common/collective trusts - These investments are valued at their NAV based on units of the common/collective trusts and are direct filing entities. The NAV, as provided by Fidelity, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common/collective trusts less liabilities. This practical expedient would not be used if it is determined to be probable that the common/collective trust will sell the investment for an amount different from the reported NAV.

WTS Paradigm Deferred Savings Plan

Notes to Financial Statements

December 31, 2022 and 2021

Participant-directed investments - The plan invests in participant-directed investments which consist of common stocks that are valued at the closing price reported in the active market in which the individual securities are traded. Participant-directed investments held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily NAV and are deemed to be actively traded.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as of December 31, 2022 and 2021 as summarized below.

Investments at fair value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$14,439,766	\$ -	\$ -	\$14,439,766
Participant-directed investments	16,879	-	-	16,879
Total investments in the fair value hierarchy	\$14,456,645	\$ -	\$ -	14,456,645
Investments measured at NAV (a)				6,142,414
Total investments at fair value				\$20,599,059

Investments at fair value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	\$15,945,996	\$ -	\$ -	\$15,945,996
Total investments in the fair value hierarchy	\$15,945,996	\$ -	\$ -	15,945,996
Investments measured at NAV (a)				5,242,254
Total investments at fair value				\$21,188,250

- (a) In accordance with GAAP, certain investments that are measured at NAV per share have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using NAV as a practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the plan.

December 31, 2022	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trusts	\$6,142,414	n/a	Daily	30 days
December 31, 2021	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trusts	\$5,242,254	n/a	Daily	30 days

Notes to Financial Statements

December 31, 2022 and 2021

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan documents for more complete information.

General - The plan was established on January 1, 1985, as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees that are at least 18 years of age are eligible to participate in the plan, with the exception of Limited Term Employees. An employee can enter the plan on the first day of the month immediately following the employee meeting the eligibility requirements.

Contributions - Contributions to the plan can be made as follows:

- a. Participants may contribute a percentage of their compensation subject to certain limitations (elective deferral contributions). The plan also permits Roth elective deferrals. The plan includes an auto-enrollment provision whereby new employees are automatically enrolled in the plan and have 3% of their compensation withheld as elective deferral contributions. In addition, participant deferral percentages automatically increase 1% each year until they reach a maximum of 6%. Such participants have the option to increase, decrease or stop the deferral by completing the necessary documentation.
- b. Rollover contributions are accepted by the plan from other qualified plans.
- c. The employer made discretionary matching contributions equal to 50% of the first 8% of eligible plan compensation in 2022 and 2021.
- d. Qualified nonelective contributions may be made at the employer's discretion. An employee must have worked at least 1,000 hours during the plan year and be employed as of the last day of the year to be eligible to receive qualified nonelective contributions. No such contributions were made in 2022 or 2021.

Participant accounts - Each participant's account is credited with the participant's elective deferral contributions, rollover contributions, and an allocation of the employer's contributions, if any. Earnings, including the fair value appreciation or depreciation, are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Participants are allowed to transfer funds between the various investment options and change their deferral percentage on a daily basis.

Vesting - Participants are fully vested at all times in their elective deferral and rollover contributions. For employer matching contributions, participants vest according to the following vesting schedule.

<u>Years of service</u>	<u>Percent</u>
Less than 1	0%
1	33
2	66
3	100

Payment of benefits - Benefit payments may commence upon termination of employment, death, disability or retirement. Distributions are made in the form of a single lump sum payment. In addition, hardship withdrawals are permitted under certain circumstances. In-service withdrawals can commence upon attaining the age of 59½. Participants may also elect to receive in-service withdrawals of up to 25% of their vested employer contributions after completion of five years of service.

WTS Paradigm Deferred Savings Plan

Notes to Financial Statements

December 31, 2022 and 2021

Administrative expenses - Certain administrative fees of the plan are paid by the employer. Certain other administrative fees are paid by the plan assets and recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for distribution fees and loan fees and nonparticipant directed charges for service, administrative and advisory fees. Nonparticipant directed charges are allocated to the participants on an account value basis.

Forfeitures - Forfeitures may be used to pay administrative fees of the plan or to reduce employer contributions. Forfeitures of \$0 and \$8,000 were used to reduce employer contributions in 2022 and 2021. Unapplied forfeitures were \$81,000 and \$48,000 as of December 31, 2022 and 2021.

Notes receivable from participants - Participants may obtain a loan from their accounts with approval of the plan administrator. Each participant may generally only have one loan outstanding at any time. The minimum loan amount is \$1,000 and the total outstanding loan cannot exceed the lesser of 50% of the participant's vested account balance or \$50,000. The repayment term generally cannot exceed five years unless used to purchase a primary residence. As of December 31, 2022, loans outstanding had various repayment schedules through March 2032 with interest rates ranging from 5.25% to 9.00%. The notes receivable from participants are valued at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value.

3. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Fidelity. Fidelity acts as trustee of the plan and, therefore, these transactions qualify as party-in-interest transactions. Direct fees paid by the plan to the trustee were \$58,000 and \$51,000 in 2022 and 2021. In addition, Fidelity receives indirect compensation from mutual fund service providers for services Fidelity provides to the funds. The compensation received by Fidelity is used to offset amounts that would otherwise be owed by the plan to Fidelity for administrative services provided.

Notes receivable from participants also qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the company has the right to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and related earnings.

5. INCOME TAX STATUS

The plan is operating under a Fidelity pre-approved profit sharing plan with CODA that received a favorable opinion letter on June 30, 2020, in which, the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan. However, the plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2022 and 2021. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY TRUSTEE

Management has obtained certifications from the plan's trustee (as defined in note 1), a qualified institution under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments held for the plan and the fair values of such as of December 31, 2022 and 2021;
- b. Dividends and interest income from investments and net appreciation (depreciation) of investments during 2022 and 2021;
- c. Purchases and sales of investments during 2022 and 2021; and
- d. Contributions to, investment income credited to, benefits paid from and transfers between investment accounts during 2022 and 2021.
