Independent Auditor's Report

Plan Administrator
Pronto 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Pronto 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Pronto 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Pronto 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Pronto Finance, Inc. and Pronto Auto, Inc. (collectively, the Company) who are 18 years of age or older and have worked for the Company for 90 days. Eligible employees are able to begin participating in the Plan the first day of the month on or after eligibility requirements are met. Eligible employees are automatically enrolled in the Plan at a deferral rate of 6% unless they choose a different percentage, or to opt out of participation in the plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: The Plan is designed as a qualified cash deferred arrangement pursuant to Section 401(k) of the Internal Revenue Code (IRC) and provides for the following contributions:

Participant contributions: Each year, participants may contribute a portion of total pretax or after-tax compensation, as defined in the Plan, not to exceed certain IRC limitations, which was \$20,500 for 2022. Participants who have attained age 50 before the plan year-end are eligible to make catch-up contributions of up to \$6,000. Participants may change their salary deferral election as of the beginning of each payroll period.

Rollover contributions: A participant may also contribute amounts disbursed or transferred from another qualified plan.

Company contributions: The Plan has elected to maintain "safe harbor" status, in which the Company is required to make a safe harbor matching contribution equal to 100% of employee salary deferrals that do not exceed 3% of employee compensation plus 50% of employee salary deferrals between 3% and 5% of employee compensation. This safe harbor matching contribution is immediately 100% vested. The safe harbor matching contribution is calculated on a payroll period basis.

The Company, at its sole discretion, may make an annual discretionary contribution. Participants must be an active participant in the Plan at year-end in order to receive the discretionary contribution. Such contributions, if any, are limited to the maximum amount permitted under the requirements of the IRC. During 2022, the Company made \$222,947 in safe harbor matching contributions and \$0 in discretionary contributions for the year ended December 31, 2022.

Participant accounts: Participants' accounts are credited with the participants' contributions and rollover contributions, Company safe harbor matching contributions and discretionary contributions, if any, Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Investment options: Upon enrollment in the Plan, a participant may direct employee and Company contributions, if any, into various investment options offered by the Plan. Participants may change their investment options daily, subject to certain limitations. The Company's safe harbor matching contributions and discretionary contributions, if any, are allocated in the same manner as the participant's elective contributions.

Pronto 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Vesting: Participants are immediately vested in their contributions, Company safe harbor matching contributions and rollover contributions plus actual earnings thereon. Participants are 33.33% vested in the Company's discretionary contributions plus actual earnings thereon after one year of credited service, 66.67% after two years of credited service and fully vested after three years of credited service. Participants are automatically fully vested upon normal retirement, death, permanent disability or termination of the Plan.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding loan balance during the prior 12-month period. Only one loan may be outstanding at any point in time. Note terms are limited to five years. Upon termination of employment, the entire outstanding principal and accrued interest shall be immediately due and payable. However, within 60 days of termination of employment, the participant may request that the Plan Administrator rollover a participant loan to a new employer's retirement plan, if allowed. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 10.00% and 5.25% to 7.25% at December 31, 2022 and 2021, respectively, which are commensurate with local prevailing rates at note origination, as determined by the Plan Administrator. Principal and interest are paid ratably through bimonthly payroll deductions.

Notwithstanding the foregoing, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), enacted March 27, 2020, permitted plan loan limits to be increased, and the loan repayments of affected participants to be suspended for up to a year, for participants affected by the coronavirus pandemic. Under the CARES Act, plan loan limits for loans made to affected participants during the period from March 27, 2020 to September 22, 2020, could be increased to the lesser of: (1) \$100,000 (up from \$50,000), minus outstanding plan loans of the participant, or (2) 100% (up from 50%) of the participant's vested account balance. In addition, an affected participant was permitted to suspend plan loan repayments due during the period from March 27, 2020 to December 31, 2020, for up to a year, with adjustment to any subsequent repayments to reflect the suspension and any interest accruing during the suspension period. These amendments were adopted to the plan during 2020.

Payment of benefits: A distribution can be made to a participant upon request due to disability, retirement, or termination of employment. A participant's beneficiary or beneficiaries may request a distribution of any vested account balance in the event of the participant's death. Distribution may be deferred until a later date. However, distribution cannot be postponed on any vested account balance that is \$5,000 or less in which case the Plan Administrator will direct the custodian that any amount exceeding \$1,000 be distributed to an individual retirement account (IRA) or annuity for the participant's benefit. Any vested account balance that is \$1,000 or less will be distributed as a lump-sum distribution. Prior to such distribution, a participant still has the right to request that the amount be distributed directly to the participant in the form of a lump-sum payment or to request that it be rolled over to a different IRA provider or another retirement plan eligible to receive rollover contributions. Additionally, the Plan provides in-service distributions related to hardships and obtaining age 59½.

Forfeited accounts: At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$0 and there were no forfeitures used during the year ended December 31, 2022. Forfeitures, if any, may at the Company's discretion, be applied to cover the Plan's administrative expenses or to reduce future Company contributions.

Pronto 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Accounting policies: The Plan follows accounting principles generally accepted in the United States of America (U.S. GAAP), as established by the Financial Accounting Standards Board (FASB), to ensure consistent reporting of financial condition.

Use of estimates: The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Those in the Plan's governance determine the Plan's valuation policies utilizing information provided by the Plan's custodian. See Note 4 for a detailed discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivables from participants are recorded as distributions based upon the terms of the plan document. No loans were deemed uncollectible as of December 31, 2022 and 2021.

Payment of benefits: Benefits are recorded when paid.

Plan administration: The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Investment-related expenses of the Plan are paid by the Plan as provided in the plan document and are included in net depreciation in fair value of investments in the statement of changes in net assets available for benefits. All other significant costs related to plan administration and professional services are paid by the Company and excluded from these financial statements.

Note 3. Information Certified or Provided by Principal Trust Company

The following is a summary of the Plan's asset and income information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information certified or provided by Principal Trust Company (the custodian and a party-in-interest) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets and income are complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2022	2021
Shares of registered investment companies	\$ 3,320,384	\$ 3,538,265
Units of common/collective trust	3,348	7,852
Units of pooled separate accounts	11,783	11,361
Notes receivable from participants	91,004	89,646

Principal Trust Company also certified the completeness and accuracy of \$711,194 of net depreciation in fair value of investments, \$42,304 of dividends as well as \$4,670 of interest income on notes receivable from participants for the year ended December 31, 2022.

Note 4. Fair Value of Financial Instruments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Pronto 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value of Financial Instruments (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured on a recurring basis at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Shares of registered investment companies: Valued at the daily closing price as reported by the Company. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Units of common/collective trust: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the custodian, is used as a practical expedient in estimating fair value. The NAV is based on the fair value of the underlying investments comprising the trust, less its liabilities. The practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

Insurance company units of pooled separate accounts: Pooled separate accounts invest primarily in shares of registered investment companies. The pooled separate accounts are valued at the NAV per share, as determined by the insurance company, based on quoted market prices of its underlying securities or similar instruments. The NAV is used as a practical expedient to estimating fair value. The practical expedient is not used when it is determined to be probable that the issuer will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured on a recurring basis at fair value as of December 31, 2022 and 2021:

December 31, 2022				
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 3,320,384	\$ -	\$ -	\$ 3,320,384

Pronto 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value of Financial Instruments (Continued)

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth the fair value of investments in certain funds that calculate NAV per share (or its equivalent) as of December 31, 2022 and 2021:

Investment	2022	2021	Unfunded Commitment	Plan's Redemption Frequency	Plan's Redemption Notice Period
Units of common/collective trust	\$ 3,348	\$ 7,852	\$ -	Immediate	12 Months
Units of pooled separate accounts	11,783	11,361	-	Immediate	12 Months
	<u>\$ 15,131</u>	<u>\$ 19,213</u>	<u>\$ -</u>		

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2022, there were no transfers in or out of Level 3.

Note 5. Related-Party/Party-in-Interest Transactions

Certain plan investments are shares of registered investment companies managed by Principal Funds, Inc. Principal Funds, Inc. is an affiliate of Principal Trust Company, which is the custodian of the Plan and third-party administrator and, therefore, these transactions qualify as party-in-interest transactions.

The Plan made a direct payment to an affiliate of the custodian of the Plan, the recordkeeper, of \$37,212 during the year ended December 31, 2022.

Certain employees of the Company provide custodian and administrative services for the Plan and are not reimbursed for their services from the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 7. Tax Status

Effective January 1, 2017, the Plan adopted a nonstandardized form of a prototype plan sponsored by Principal Life Insurance Company. The prototype plan provider has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Pronto 401(k) Plan

Notes to Financial Statements

Note 7. Tax Status (Continued)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that through December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021, to Form 5500:

	December 31,	
	2022	2021
Net assets available for benefits per the financial statements	\$ 3,429,442	\$ 3,647,124
Differences in:

Notes receivable from participants	(93,927)	(89,646)
Miscellaneous	18	17
Net assets available for benefits per Form 5500	<u>\$ 3,426,660</u>	<u>\$ 3,647,161</u>

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to Form 5500:

	December 31,
	2022
Net decrease per the statement of changes in net assets available for benefits per the financial statements	\$ (217,682)
Net change in deemed distributed participant loans	(2,819)
Net decrease per the Form 5500	<u>\$ (220,501)</u>

Note 10. Subsequent Events

The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 6, 2023, the date the financial statements were available to be issued.
