INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Thompson & Johnson Equipment Co., Inc.
Profit Sharing and Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Thompson & Johnson Equipment Co., Inc. Profit Sharing and Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Thompson & Johnson Equipment Co., Inc. Profit Sharing and Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Thompson & Johnson Equipment Co., Inc. Profit Sharing and Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Thompson & Johnson Equipment Co., Inc. Profit Sharing and Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements, Continued

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Thompson & Johnson Equipment Co., Inc. Profit Sharing and Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Thompson & Johnson Equipment Co., Inc. Profit Sharing and Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THOMPSON & JOHNSON EQUIPMENT CO., INC.
PROFIT SHARING AND RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

(1) Description of Plan

The following description of the Thompson & Johnson Equipment Co., Inc. (Company) Profit Sharing and Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering substantially all full-time employees of the Company. Employees become eligible to participate in the Plan upon completion of six months of service with the Company. After meeting the service requirement, employees can enter the Plan on the first day of the month coinciding with or next following the date on which the employee satisfies the eligibility requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Each year, participants may contribute a percentage of their pre-tax annual compensation, as defined by the Plan, up to the maximum allowable under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Newly hired employees are automatically enrolled in the Plan upon reaching eligibility at a contribution level of one percent of pre-tax compensation. Newly hired employees may make an affirmative election to not participate in the Plan.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may elect to make a discretionary matching contribution to the Plan on behalf of each participant equal to the percent declared for the contribution period as determined by the Board of Directors of the Company. During 2022 and 2021, the Company contributed 50% of the first 5% of compensation that the participant contributes to the Plan. The Company can also elect to make additional discretionary profit sharing contributions to the Plan as determined by the Board of Directors of the Company. These contributions are invested in a guaranteed income fund and are able to be allocated subsequently at the participants' discretion. Discretionary employer profit sharing contributions are allocated to the individual accounts of eligible participants in the ratio of each eligible participant's compensation, as defined, for the Plan year to the total compensation of all eligible participants for that Plan year. No discretionary employer profit sharing contributions were made in 2022 and 2021. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

THOMPSON & JOHNSON EQUIPMENT CO., INC.
PROFIT SHARING AND RETIREMENT PLAN

Notes to Financial Statements

(1) Description of Plan, Continued

(c) Participant Accounts

Each participant's account is credited with the participant's contributions and employer matching contributions, as well as allocations of the employer's profit sharing contribution and Plan earnings and losses. Participant's accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings and losses, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are vested immediately in their contributions plus actual earnings and losses thereon. Vesting in the Company's profit sharing and matching contributions vest at a rate of twenty percent per year beginning with the second year of service with the participant becoming fully vested after six years of service. Participants become immediately vested if the participant reaches age 65 while employed by the Company.

(e) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate at the time of the loan plus 1%, which is commensurate with local prevailing rates as determined by the Plan administrator. The loan interest rates range from 4.25% - 6.50%. Participant loans are payable over one to five years unless for the purchase of a primary residence, in which case, the maximum duration of the loan may be up to ten years. Principal and interest is paid ratably through payroll deductions.

(f) Payment of Benefits

On termination of service due to death, disability or retirement, a participant will receive a lump-sum distribution equal to the value of the participant's vested balance. A participant may, however, upon the attainment of age 59½, elect to receive a pre-retirement distribution while remaining in the service of the Company. Participants with balances that exceed \$5,000 may defer receiving lump-sum payments upon termination until a distribution is required to be made.

(g) Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totalled \$21 and \$14,662, respectively. The Plan's forfeited non-vested accounts are used to pay Plan expenses or reduce future employer contributions. In 2022, employer contributions were reduced by \$37,855 from forfeited nonvested accounts. In 2021, forfeitures were not used to reduce employer contributions or Plan expenses.

THOMPSON & JOHNSON EQUIPMENT CO., INC.
PROFIT SHARING AND RETIREMENT PLAN

Notes to Financial Statements

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully-benefit responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan sponsor's management determines the Plan's valuation policies utilizing information provided by the investment advisors, trustee and custodian. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

(e) Payment of Benefits

Benefits are recorded when paid.

(f) Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Participants who make withdrawals from the Plan incur a processing fee for each distribution taken. These fees are charged directly to the individual participant's accounts. Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments in 2022 and all investment related expenses are included in net appreciation (depreciation) in fair value of investments.

THOMPSON & JOHNSON EQUIPMENT CO., INC.

Notes to Financial Statements

(2) Summary of Significant Accounting Policies, Continued

(g) Subsequent Events

The Plan has evaluated subsequent events through October 11, 2023, the date the financial statements were available to be issued.

(3) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

THOMPSON & JOHNSON EQUIPMENT CO., INC.
PROFIT SHARING AND RETIREMENT PLAN

Notes to Financial Statements

(3) Fair Value Measurements, Continued

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate accounts: Units of pooled separate accounts are valued at the net asset value (NAV) of units of the fund. Fair value as determined by Prudential Retirement Insurance and Annuity Company is based on the fair market value of the underlying investments.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurement at December 31:

2022				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

(5) Guaranteed Interest Contract with Insurance Company

Through December 2021, the Plan maintained a fully benefit-responsive guaranteed interest contract with Prudential Retirement Insurance and Annuity Company (PRIAC). PRIAC maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

This contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value was the relevant measure for fully benefit-responsive investment contract because this was the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by PRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due was dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

THOMPSON & JOHNSON EQUIPMENT CO., INC.
PROFIT SHARING AND RETIREMENT PLAN

Notes to Financial Statements

(5) Guaranteed Interest Contract with Insurance Company, Continued

Certain events limited the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events were probable of occurring that might have limited the ability of the Plan to transact at contract value with the contract issuer and that also would have limited the ability of the Plan to transact at contract value with the participants.

The contract was terminated in January 1, 2022.

(6) Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplementary schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest on guaranteed income fund, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company (the trustee of the Plan) in 2022 and Prudential Bank and Trust, F.S.B., and Prudential Retirement Insurance and Annuity Company, the trustee and custodian of the Plan in 2021.

(7) Party-In-Interest Transactions

Fees paid by the Plan for investment advisory and record keeper services amounted to and \$36,076 for the year ended December 31, 2022 and are included in administrative expenses in the statements of changes in net assets available for benefits. In addition, the Plan issues notes receivable to participants, which are secured by the balances in the participants' accounts. These transactions qualify as exempt party-in-interest transactions.

(7) Party-In-Interest Transactions, Continued

During 2021, certain Plan assets are units of pooled separate accounts and guaranteed income fund managed by Prudential Retirement Insurance and Annuity Company, and notes receivable from participants managed by Prudential Bank and Trust, F.S.B. Prudential Bank and Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company are the trustee and custodian of the Plan, respectively, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments as they are paid through revenue sharing, rather than a direct payment. The Plan made direct payments to the third-party administrator of \$5,439 in 2021, which were not covered by revenue sharing. The Plan sponsor paid directly any other fees related to the Plan's operations.

(8) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

(9) Tax Status

The IRS has determined that the Plan and related trust are designed in accordance with the applicable section of the IRC. The Plan utilizes a non-standardized prototype document. The IRS has issued an opinion letter to the prototype sponsor on October 6, 2020. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations prior to 2019.

Notes to Financial Statements

(10) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
