INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of

Doosan Industrial Vehicles America Corp 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements (modified cash basis) of

DOOSAN INDUSTRIAL VEHICLES AMERICA CORP 401(K) PLAN

an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements (modified cash basis) comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements (modified cash basis).

Management, having determined it permissible in the circumstances, has elected to have the audits of Doosan Industrial Vehicles America Corp 401(k) Plan's financial statements (modified cash basis) performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note (4) to the financial statements (modified cash basis), is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements (modified cash basis) referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements (modified cash basis) referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Doosan Industrial Vehicles America Corp 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note (2) of the financial statements, which describes the basis of accounting. The financial statements and the supplemental information were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements (modified cash basis) in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements (modified cash basis) that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements (modified cash basis).

In preparing the financial statements (modified cash basis), management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Doosan Industrial Vehicles America Corp 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements (modified cash basis) are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements (modified cash basis) are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements (modified cash basis) as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements (modified cash basis).

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements (modified cash basis), whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements (modified cash basis).
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Doosan Industrial Vehicles America Corp 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements (modified cash basis).
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Doosan Industrial Vehicles America Corp 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements (modified cash basis), and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements (modified cash basis) as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purposes of forming an opinion on the financial statements (modified cash basis) as a whole. The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements (modified cash basis) but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements (modified cash basis). The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements (modified cash basis) and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements (modified cash basis) or to the financial statements (modified cash basis) themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of the Plan

The following description of the Doosan Industrial Vehicles America Corp. (the "Company" or "Plan Sponsor") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan which covered all eligible employees of Doosan Industrial Vehicles America Corp., Doosan Fuel Cell America, Inc., Doosan Energy Solutions America, Inc., and Doosan Equipment Southeast LLC (collectively, the "Company" or "Plan Sponsor"), who have completed three months of service, as defined in the Plan agreement, and attained the age of 21 or older. The Plan was established effective November 1, 1993, was amended and restated effective March 17, 2020, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective June 2, 2022, the Company chose to spin off Doosan Fuel Cell America, Inc., and Doosan Energy Solutions America, Inc. into a separate plan, HyAxiom Inc. 401(k) Plan, from the Doosan Industrial Vehicles America Corp 401(k) Plan. All plan assets of Doosan Fuel Cell America, Inc., and Doosan Energy Solutions America, Inc. were transferred from the plan effective July 28, 2022, totaling $15,785,964.

Contributions - Participants may elect to defer at least 1% and up to 60% of their annual compensation on a pre-tax basis as defined in the Plan document. Elective deferrals can be made in whole percentages of compensation or in specific dollar amounts, not to exceed $20,500 for 2022 and $19,500 for 2021, of pretax annual compensation, as defined in the Plan agreement. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions not to exceed $6,500 for 2022 and 2021. Effective June 1, 2013, the Plan was amended where participants were subjected to an auto enrollment at 5% of annual compensation, which increases annually by 1% with a cap at 10% of annual compensation, unless a participant elects out of the auto enrollment option in the Plan. The Plan allows participants to "roll over" assets from other qualified savings plans into the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations. Each year the Company may contribute a discretionary matching contribution. Matching contributions will be computed based on the participants' eligible compensation contributed to the Plan each month. Participants must have completed 1,000 hours of service during the Plan year to receive employer matching contribution. The Plan Sponsor recorded matching contributions totaling $740,388 for 2022 and $848,850 for 2021. The Company made no discretionary profit sharing contributions for the Plan years ended December 31, 2022 and 2021.

Participant accounts - Each participant's account is credited with the participant's pre-tax contributions and an allocation of (a) the Company's contributions, (b) Plan earnings (losses), including unrealized appreciation (depreciation), and (c) forfeited balances of terminated participants' non-vested amounts, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of the Plan (continued)

Vesting - Participants are immediately vested in their elective deferral contributions and rollover contributions plus actual earnings thereon. Participants are also immediately vested in employer contributions plus earnings thereon in accordance with the Plan provisions. For all employer discretionary matching contributions and earnings received, an employee is immediately vested.

Forfeited accounts - Forfeitures of terminated participants' non-vested accounts may be used to reduce future Company contributions payable under the Plan or to pay Plan expenses. Distributions to terminated participants whose accounts are not 100% vested are reduced by forfeiture of the non-vested portion of their accounts. Forfeitures totaled $104,803 and $9,918 at December 31, 2022 and 2021, respectively. Forfeited participant account balances used to reduce the Company's contributions totaled $4,763 in 2022 and $-0- in 2021. Forfeited participant account balances used to pay Plan expenses totaled $-0- in 2022 and $12,000 in 2021.

Investment options - The Plan offers several investment options and participants may instruct the trustee in how they want to invest their funds without regard to their vested interest. Participants may change their investment options and move money from one fund to another in accordance with rules established by the Plan administrator.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the sum of their vested account balance plus voluntary and rollover contributions. Loan transactions are treated as a transfer between the investment fund(s) and the participant loans fund. Loan terms range from 1 to 5 years with certain exceptions for the purchase of a principal residence, and are granted for hardship reasons or specified financial needs. A participant may have no more than one loan outstanding during the Plan year. Principal and interest are repaid through payroll deductions. The loans are secured by the balance in the participant's account and bear interest at the Prime Rate as published on the first business day of the month the loan is originated plus 1.00%, which ranged from 4.25% to 8.00% and 4.25% to 6.50% in 2022 and 2021, respectively.

Payment of benefits - Upon termination of service due to death, disability, retirement, or other reasons, a participant or beneficiary will receive an amount equal to the value of the vested interest in the participant's account. Participants with vested benefits may choose to receive their benefit in the form of a lump-sum payment or a direct rollover to an individual retirement account or another employer plan, subject to Plan provisions. The Plan dictates automatic distributions of vested benefits totaling $5,000 or less for terminated employees.

Plan expenses - Substantially all Plan administrative expenses are paid by the Company.

(2) Summary of significant accounting policies

Basis of accounting - The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America ("U.S. GAAP"). Contributions, interest, and dividend income are recognized at the same time such amounts are received. Distributions and other expenses are recognized at same the time such amounts are disbursed. However, for these financial statements, the cash method is modified to report investments at fair value as required by the U.S. Department of Labor ("DOL").

Investment valuation and income recognition - The Plan investments are stated at fair value in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures,* as more fully described in Note (3). The Plan follows FASB Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, and also follows ASU 2015-12*, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contract, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of mutual funds is determined by the quoted market prices. The fair value of the stable value fund is determined by the underlying value of the investments the stable value fund is contractually invested in. Net investment earnings are recorded on the cash basis, net of contributions, withdrawals and administrative expenses charged by the stable value fund.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date.

Investment (loss) income - Investment (loss) income consists of interest, dividends, gains (losses) on sales of securities and the unrealized (depreciation) appreciation in fair market value of investments. Net (depreciation) appreciation in the fair value of investments includes the Plan's gains (losses) on investments bought and sold, as well as held, during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Estimates - The preparation of the financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risk and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis).

(2) Summary of significant accounting policies (continued)

Payment of benefits - Benefits are recorded when paid.

Plan expenses - Certain expenses may be paid by the Company directly on behalf of the Plan while others may be paid from Plan assets. The expenses paid from Plan assets will either be shared by all participants or will be charged directly to the account of the participant on whose sole behalf the expense is incurred. Expenses shared by all participants will either be paid on a pro-rata basis or on an equal dollar basis.

(3) Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of inputs used to measure fair value under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Mutual funds are valued at quoted market prices. Mutual funds are classified as Level 1 investments.

(3) Fair value measurements (continued)

Stable value fund: The investment in the stable value fund consists of the Putnam Stable Value Fund ("PSVF"), a common collective trust, which invests directly or indirectly in fully benefit-responsive investment contracts. The PSVF is valued at the net asset value ("NAV") as provided by the Custodian, which is used as a practical expedient to estimate fair value. Participant transactions may occur daily. Were the Plan to initiate a full redemption of the PSVF, the issuer reserves the right to temporarily delay withdrawal from the PSVF for up to 12 months in order to ensure that securities liquidations will be carried out in an orderly business manner. The PSVF, included in the fair value hierarchy table below but not classified, files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity. Accordingly, certain disclosure requirements under part I of FASB ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* with respect to investment strategies for investments measured using the net asset value practical expedient are not required in this report.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	2022			
	Level 1	Level 2	Level 3	Total
Investments at fair value				
Mutual funds	$ 6,832,545	$ -	$ -	$ 6,832,545
Total investments in the fair value hierarchy	6,832,545	-	-	6,832,545
Investment in stable value fund (a)	-	-	-	907,032
Total investments at fair value	$ 6,832,545	$ -	$ -	$ 7,739,577

	2021			
	Level 1	Level 2	Level 3	Total
Investments at fair value				
Mutual funds	$ 24,813,724	$ -	$ -	$ 24,813,724
Total investments in the fair value hierarchy	24,813,724	-	-	24,813,724
Investment in stable value fund (a)	-	-	-	1,180,902
Total investments at fair value	$ 24,813,724	$ -	$ -	$ 25,994,626

(a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value of investments in the fair value hierarchy to the line items presented in the statements of net assets available for benefits (modified cash basis).

(3) Fair value measurements (continued)

The Plan's investments that are measured at fair value on a recurring basis, such as mutual funds, are generally classified within Level 1 of the fair value hierarchy. The fair values of these investments are based on quoted market prices in active markets. The Plan also invests in a stable value fund held within a common collective trust for which the valuation is based on the net asset values of the underlying investment values.

(4) Information prepared and certified by qualified institutions

The following information included in the accompanying financial statements (modified cash basis) and supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) (modified cash basis), was obtained from data that has been prepared and certified to us as complete and accurate by qualified institutions.

	2022	2021
Investments at fair value		
Mutual funds	$ 6,832,545	$ 24,813,724
Stable value fund	907,032	1,180,902
Total investments at fair value	7,739,577	25,994,626
Notes receivable from participants	183,383	469,065
Total investments	$ 7,922,960	$ 26,463,691

	2022	2021
Investment (loss) income		
Net (depreciation) appreciation in fair value of investments	$ (4,529,769)	$ 1,882,093
Interest and dividends	406,374	1,070,522
Total investment (loss) income	$ (4,123,395)	$ 2,952,615

(5) Plan termination

The Company intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to amend, modify, or terminate the Plan at any time or for any reason subject to the terms of ERISA. In the event the Plan terminates, the participants will be entitled to the full amounts in their account as of the date of termination, regardless of their percent vested at the time of the Plan's termination.

(6) Tax status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code ("IRC") and accordingly, the trust's net investment income is exempt from income taxes. The Company adopted a Prototype Non-standardized Plan which received a favorable tax determination letter from the Internal Revenue Service ("IRS") on June 30, 2020. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements (modified cash basis).

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements (modified cash basis). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Fidelity bond coverage

ERISA Code Section 412 requires the Plan to maintain fidelity bond coverage in an amount equal to the lesser of 10% of the total Plan assets as of the preceding Plan year, or $500,000. The Plan had sufficient bond coverage as of December 31, 2022 and 2021.

(8) Party-in-interest transactions

Certain Plan investments are shares of mutual funds and stable value funds managed by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC. Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC are the custodians of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management and other services totaled $31,026 and $-0- for the years ended December 31, 2022 and 2021, respectively.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(9) Subsequent events

Management has reviewed subsequent events through October 9, 2023, the date which the financial statements (modified cash basis) were available to be issued, and has determined that there were no subsequent event matters that require recognition or disclosure in the financial statements (modified cash basis).
